**A Flight Attendant's Essential Guide** Colin C. Law,2019-08-15 A Flight Attendant's Essential Guide is written for airline executives, university lecturers who specialize in the airline industry, and for undergraduate students preparing for a career as a flight attendant. Those working in passenger, aircraft, airport as well as general communications at an airport or aircraft can benefit from this book though a thorough understanding the responsibilities of flight attendants. This textbook primarily focuses on the passenger aspect of in-flight service, including operations and communication skills, and how flight attendants interact with passengers at each phase of a flight.

*The future of Inflight Entertainment in Europe, according to passenger expectations: Why Airlines should embrace Consumer Technology* Jasmin Schawalder,2014-04-01 Consumerization - passengers toting their tablets, laptops, smartphones and e-readers on planes - has forced airlines to re-think. Should they continue to invest heavily into Inflight Entertainment (IFE) systems, or just concentrate on offering Wi-Fi and power in the cabin? The goal of this research was to define the IFE offer of the future. Four barriers that split the world into the three regions Europe, Asia and USA in terms of IFE development were identified: the cultural, the commercial, the technological and the legal barrier. This book focuses on Europe, which lags mostly behind with IFE out of these three regions. For example, as opposed to the US, no major European airline offers inflight Wi-Fi widely on its network, and in contrast to leading Middle Eastern airlines none offers inflight live TV or the usage of mobile phones without restriction, like on the ground. The target was to define IFE from a consumer perspective. To capture the latter the author evaluated consumer satisfaction methodologies and decided to go with the Kano approach, which categorizes alternatives of a product or service, in this case IFE, in must-be, attractive and indifferent elements. A representative online survey revealed movies and power to be must-be, TV and Wi-Fi to be attractive and the rest, e-books, music, games and duty free onboard, to be indifferent elements of IFE. The majority of people indicated that they would pay for movies and Wi-Fi but not for power supply, TV or other content. Differently said, content-wise passengers only insisted in the supply of movies, for the rest they expected the airline to provide Internet and power so they themselves could get the content. Further, sub-groups were analysed - people within the sample with mutual characteristics like gender, travel frequency or ownership of smart devices. So was music on a plane a must for women and owners of iPhones were more willing to pay for apps than others. Overall, country of residence, travel purpose (leisure or business) and flight duration (long vs. short haul) were the greatest dividers re IFE requirements.

**Nabokov's Canon** Marijeta Bozovic,2016-05-31 Nabokov's translation of Pushkin's Eugene Onegin (1964) and its accompanying Commentary, along with Ada, or Ardor (1969), his densely allusive late English language novel, have appeared nearly inscrutable to many interpreters of his work. If not outright failures, they are often

considered relatively unsuccessful curiosities. In Bozovic's insightful study, these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth- and twentieth-century Western masterpieces with Russian literature as a central, rather than marginal, strain. Nabokov's scholarly work, translations, and lectures on literature bear resemblance to New Critical canon reformations; however, Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice. The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers, as well as richly productive material for visual, cinematic, musical, and other artistic adaptations.
