Amazon Goldmine Esther B., 2016-06-26 Have you ever heard the name Amazon or bought any item on this popular marketplace which can either be a book, toys or other items and you really want to learn about how to use Amazon to make money online from the comfort of your home, then you have come to the right place. This eBook will teach you about how to start selling on Amazon, in addition to promoting the products on

Amazon with what is popularly known on Amazon as either Affiliates or Associates, in addition to writing and publishing your eBooks on Amazon. It is possible to make passive income by using Amazon as your source. The book will explain how you can get started in easy steps using Amazon to buy and resell your items, learn about how to promote products as an affiliate where you will be able to earn affiliate commissions, in addition to learning how to write and publish your books on Amazon both in Kindle and even Paperback. It is no longer news that as of today, Amazon is arguably one of the best online platforms in the field of buying and selling merchandise, which is popularly called e-Commerce. Unquestionably, the biggest e-commerce platform in the world is Amazon, which is an internet giant with a global presence and reaches. The company began as an online seller of books, but quickly adopted emerging trends and branched out into other areas such as sales of entertainment media (like DVDs, VHSs, CDs, online video and mp3 streaming and downloads, software and video games). Amazon also expanded to other categories (electronics, clothing items, food, toys, children's items, jewellery, household items and more). Some years ago, Amazon diversified into the production of consumer electronics including the Kindle E-book reader, Kindle Fire Tablets, Fire TV and the Fire Phone. By selling on Amazon, you get the advantage of tapping into its more than 85 million unique monthly customers, that is a heck of a lot of eyeballs and those eyeballs can translate into higher sales volume. Not only that, once you get a customer to your store, though the buyer might not be looking for your store specifically, just stumble upon your store as a result of the keyword that the buyer typed into the Amazon search bar, you can turn that buyer into a repeat customer provided your item is good and is as described in addition to offering great customer service and fulfilment. How cool can that be you might not get that buyer if not for the fact that you have put up your items for sale on Amazon. Amazon also has a great marketplace infrastructure as it has a single stream of check-out and fulfilment support in order to create a seamless experience for buyers. Moreover, Amazon is a well-recognised brand, and this means it is trusted by people, if not buyers will not be trooping into Amazon daily looking for items to buy. There are so many other services that Amazon is involved in, such as Selling your Apps, your Business and much more. If you can take time out to read about the many potential ways of making money with Amazon, you can substitute Amazon in place of your 9 - 5 payday job. This book is thus written to show you how to make money on Amazon using the 3 different methods which are: Buying and Selling, Affiliate Programs and writing and publishing your books into the Kindle platform. If you care to read this book carefully, take the required steps and work hard at it, you will soon discover that you can use Amazon to make tons of money and all from the comfort of your home. Do not delay any longer, jump into the bandwagon of earning income with Amazon.
