James F. Iaccino

Essays on Contemporary Events C. G. Jung,2014-07-14 A discussion of the psychological and philosophical implications of events in Germany during and immediately following the Nazi period. The essays--The Fight with the Shadow, Wotan, Psychotherapy Today, Psychotherapy and a Philosophy of Life, After the Catastrophe, and an Epilogue--are extracted from Volumes 10 and 16. Originally published in 1989. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Psychological Reflections on Cinematic Terror James F. Iaccino,1994-06-30 In this examination of the psychology of terror, Iaccino uses Jungian archetypes to analyze significant works in the horror film genre. In the past, Jungian archetypes have been used to interpret mythologies, to examine great works of literature, and to explain why sexual stereotypes persist in our society. Here, for the first time, Iaccino applies such models as the Cursed Wanderers, the Warrior Amazons, the Random Destroyers, and the Techno-Myths to highlight recurrent themes in a wide range of films, from early classics such as Nosferatu to the contemporary Nightmare on Elm Street and Alien series. With this innovative approach, Iaccino gains a new perspective on the psychology of the often powerful compulsion to be scared.
