Routledge Handbook of Global Sport John Nauright, Sarah Zipp, 2020-01-03 The story of global sport is the story of expansion from local development to globalized industry, from recreational to marketized activity. Alongside that, each sport has its own distinctive history, sub-cultures, practices and structures. This ambitious new volume offers state-of-the-art overviews of the development of every major sport or classification of sport, examining their history, socio-cultural significance, political economy and international reach, and suggesting directions for future research. Expert authors from around the world provide varied perspectives on the globalization of sport, highlighting diverse and often underrepresented voices. By putting sport itself in the foreground, this book represents the perfect companion to any social scientific course in sport studies, and the perfect jumping-off point for further study or research. The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history, sport and society, the sociology of sport, sport development, sport and globalization, sports geography, international sports organizations, sports cultures, the governance of sport, sport studies, sport coaching or sport management.

The Trouble with Thin Ice Camilla T. Crespi, 2003-07 Simona and her detective boyfriend are spending Christmas in a cozy Connecticut inn to attend an interracial wedding. It's Simona's first vacation with Greenhouse and her nervousness isn't helped by the presence of Greenhouse's wary teenage son, Willy. Out for some needed cold air, Simona discovers a body under the thin ice of the nearby lake. The dead woman, whose husband had disappeared years earlier, turns out to have had mysterious ties to Kesho, the African American bride-to-be. Greenhouse is in Florida with his ailing mother, leaving Simona in charge of Willy, when Kesho is arrested for the murder. Convinced of her new friend's innocence and with Willy as her Watson, Simona delves into the town's secrets and lies to uncover the truth. Another murder gives Simona a much-needed clue, but her zeal for the truth puts Willy and her in danger. Thanks to Simona's gutsiness and Willy's fast thinking, the murderer gets his due, Kesho walks down the aisle and Greenhouse asks a question. A recipe for Comfort Pasta is included. Simona exercises her adorable ways with a vengeance but it is her keen intelligence, not her bubbly personality, that wins. -Marilyn Stasio, The New York Times Book Review Rich in atmosphere and buoyed by wry wit, Crespi's briskly paced narrative calls for an encore. -Publishers Weekly starred review Crespi turns out a nicely complicated story that includes both unexpected twists and credible interpersonal tensions Simona's voice is personable. She deals deftly with racism and, more generally, with stereotyping, whether it is used to pigeonhole blacks,

Italians, or New Yorkers. -Wilson Library Journal The Trouble With Thin Ice is the best Simona Griffio yet, a fast-paced puzzle with the trademark recipe included. -M.E. Burness, Reading For Pleasure

Introdução ao estudo do seguro Edmilson Gama, 2020-06-29 Diversas obras têm sido publicadas ao longo do tempo tratando do tema do seguro. Com finalidades diferentes, tais estudos são de fundamental importância para difundir os conceitos e a relevância maior do seguro no mundo contemporâneo. Entretanto, em sua grande maioria, tais publicações acabam quase sempre sendo escritas para os profissionais do setor, meio acadêmico ou ainda para um grupo seletivo de estudiosos do mundo jurídico ou empresarial. O escopo dessa nossa contribuição é diferente das anteriores e se

mostra como uma iniciativa de apresentar conceitos básicos, linhas gerais, premissas e fundamentos do estudo do tema do seguro e assim oferecer aos estudantes, professores, cidadãos e também para os profissionais do setor segurador uma ferramenta de apoio e consulta que poderá suprir uma lacuna na biblioteca das obras que versam sobre assunto tão apaixonante. O Brasil como uma economia que tem perspectivas concretas de crescimento mais vigoroso e adequado ao seu potencial e riquezas naturais poderá voltar a oferecer oportunidades diversas para que floresça um efetivo desenvolvimento sustentável e o seguro terá sempre um papel de protagonista no tabuleiro do jogo dos negócios em nosso país. Este livro reflete muito claramente essa proposta.

Korthals Griffon Barbara J. Young, 2019-09-29 The Korthals Griffon is one of the few breeds that has had a history carefully recorded from the very start. The breed first started with the breeder Eduard Karel Korthals who was born on November 16, 1851 in Amsterdam. Korthals' time as a young man was spent with a dog hunting in the many fields and marshes just off the dikes in Holland. His passion for hunting with dogs led him into what would be the focus of his life to develop the ultimate foot hunting companion. Barbara Young's passion for this breed has caused her to focus almost 40 years of her life protecting and promoting this amazing breed in the USA and around the world. This historical reference book details the interesting development of the Korthals Griffon as well as how to develop a successful breeding program as written by an American Korthals Griffon Master Breeder who has begun so many other breeders' breeding programs with her puppies worldwide. Over 400 pages detail the history of the breed by country from the very beginning to the current time. Learn how this remarkable breed developed despite many challenges and set backs. Included is the early development of the breed - country by country, comparison of breed standards starting with the first written by Korthals, starting a breeding program, evaluating a puppy, field

training, grooming - and lots of pictures where you can see the development of the breed over time. This book assembles in one place over one hundred years of history and summarizes information that would take a lifetime to research including nine appendices of reference data. If you have a griffon or are interested in the breed, this book is a must on your bookshelf.

Multidisciplinary Aspects of Design Francesca Zanella,Giampiero Bosoni,Elisabetta Di Stefano,Gioia Laura Iannilli,Giovanni Matteucci,Rita Messori,Raffaella Trocchianesi,2023-12-30 This open access book gathers the contributions from the Design! OPEN International Conference, held in Parma, Italy in May 2022. The conference explored the multidisciplinary aspects of design starting from its dimensions: objects (design as focused on the object, on its functional and symbolic

dimension, and at the same time on the object as a tool for representing cultures), processes (the designer's self-reflective moment which is focused on the analysis and on the definition of processes in various contexts, spanning innovation, social engagement, reflection on emergencies or forecasting), experiences (design as a theoretical and practical strategy aimed at facilitating experiential interactions among people, people and objects or environments), and narratives (making history, representing through different media, archiving, narrating, and exhibiting design). The contributions, which were selected by means of a rigorous international peer-review process, highlight numerous exciting ideas that will spur novel research directions and foster multidisciplinary collaboration among different specialists.

The Trouble With Going Home Camilla T. Crespi, 2003-08 Originally published: New York: HarperCollinsPublishers, 1995.

The Trouble with Moonlighting Camilla T. Crespi, 2003-07-01 Simona is using her vacation time from HH&H advertising to moonlight for old friends from Italy on a film called *Where Goes the Future?* The future of Johanna Gayle, the five million dollar star, seems shaky indeed when she's almost electrified in the Lincoln Center fountain during a night shoot. Everyone rules it an accident, but is it? Simona knows that anything can happen on a set where the star plays one man against the other, the director treats her actors like scum, and the aging protagonist obsesses about his vanishing sex. The worst does happen. Simona finds Johanna sprawled in the bedroom of her deluxe apartment, a copper wire around her neck. When Simona's detective boyfriend arrests Johanna's lover, the set photographer, Simona is ready to risk her job and boyfriend to exonerate her old Sicilian friend. A recipe for Sicilian Good Fish Salad is included. Crespi deserves special congratulations for her characterization of Simona... Her] writing makes Simona seem very very

human...the end result is a heroine who rings true. --Jennie G. Jacobson, The Droid Review of Mystery For me, the independence, the insecurity and the introspection set Simona apart from a lot of today's female sleuths. --Joyce Christmas, Mysterious Women The setup is good and Crespi is acutely perceptive. --Susan Oleksiw, Mystery Scene Simona is an interesting character. She's smart and inquisitive and still trying to adjust to American ways. Her divorce has left her dependent and emotionally needy--a situation her detective boyfriend is trying to deal with. --Oline H. Cogdill, Fort Lauderdale Sun-Sentinel

Murder on Memory Lake J.D. Griffo, 2018-07-31 For Alberta Scaglione, her golden years are turning out much more differently than she expected—and much more deadly . . . Alberta Scaglione's spinster aunt had some secrets—like the fortune she squirreled away and a secret lake house in Tranquility, New Jersey. More surprising: she's left it all to Alberta. Alberta, a widow, is no spring chicken and she's gotten used to disappointment. So having a beautiful view, surrounded by hydrangeas, honeysuckle, and her cat, Lola, sounds blissful after years of yelling and bickering and cooking countless lasagnas. But Tranquility isn't as peaceful as it sounds. There's a body in the water—and it belongs to Alberta's childhood nemesis. Alberta suspects foul play and when Alberta's estranged granddaughter, an aspiring crime reporter, shows up, it only makes sense for them to team up and investigate . . . Includes Italian recipes from Alberta's kitchen!

African Origin Found in Religion and Freemasonry: Kedar Griffo, Michael Berkley, 2018-09-29 In African Origin found in Religion and Freemasonry: Part II, Brother Griffo and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices. Brother Griffo and

Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition, and its use of modern arts and sciences.
