**Northern Plains Native Americans** Shane Balkowitsch,2023-10-17 North Dakotan Shane Balkowitsch's quest to take 1000 Native American wet-plates portraits in the present day is one step closer with this second volume. In this series of wet-plate collodion book of portraits of Northern Plains Native Americans, the photographer/author continues with his distinctive and unique presentation that is the only one to have ever been instigated or created for this particular group of Native Americans. The technique he uses, wet-plate collodion and the eye of the author align to present a masterful, unique, and respectful array that is sumptuous and compelling. Here the subjects are presented in their native garb, giving he subjects the opportunity explore their self-image, in a safe space where who they are how they see themselves are certain to be respected and admired. Wet-plate collodion is one of the earliest forms of photography. A wet-plate photographer makes a film based on a piece of glass or metal using collodion, submerges it in a silver nitrate solution to make it light sensitive, and then exposes the photograph usually in an old style wood bellows camera box and antique brass lens from the 1800's. The end result is a one-of-a-kind, archival object of art that will last many lifetimes. Shane and his Native American sitters have collaborated in the creation of a piece of contemporary history using classical methodology. The legacy he has created is indeed, who they were, what they were like, and what they did. There is nothing like it in the library of Native American portraiture in the modern era. The photographer's effort is to show that his subjects are still here--with their culture, dignity, and traditions.

**Midnight in the Pacific** Joseph Wheelan,2017-08-01 A sweeping narrative history--the first in over twenty years--of America's first major offensive of World War II, the brutal, no-quarter-given campaign to take Japanese-occupied Guadalcanal From early August until mid-November of 1942, US Marines, sailors, and pilots struggled for dominance against an implacable enemy: Japanese soldiers, inculcated with the bushido tradition of death before dishonor, avatars of bayonet combat--close-up, personal, and gruesome. The glittering prize was Henderson Airfield. Japanese planners knew that if they neutralized the airfield, the battle was won. So did the Marines who stubbornly defended it. The outcome of the long slugfest remained in doubt under the pressure of repeated Japanese air, land, and sea operations. And losses were heavy. At sea, in a half-dozen fiery combats, the US Navy fought the Imperial Japanese Navy to a draw, but at a cost of more than 4,500 sailors. More American sailors died in these battles off Guadalcanal than in all previous US wars, and each side lost 24 warships. On land, more than 1,500 soldiers and Marines died, and the air war claimed more than 500 US planes. Japan's losses on the island were equally devastating--starving Japanese soldiers called it the island of death. But when the attritional struggle ended, American Marines, sailors, and airmen had halted the Japanese juggernaut that for five years had whirled through Asia and the Pacific. Guadalcanal was America's first major ground victory against Japan and, most importantly, the Pacific War's turning point. Published on the 75th anniversary of the battle and utilizing vivid accounts written by the combatants at Guadalcanal, along with Marine Corps and Army archives and oral histories, *Midnight in the Pacific* is both a sweeping narrative and a compelling drama of individual Marines, soldiers, and sailors caught in the crosshairs of history.

**Object Stories** Steve Brown,Anne Clarke,Ursula Frederick,2016-06-16 Archaeologists are synonymous with artifacts. With artifacts we construct stories concerning past lives and livelihoods, yet we rarely write of deeply personal encounters or of the way the lives of objects and our lives become enmeshed. In this volume, 23 archaeologists each tell an intimate story of their experience and entanglement with an evocative artifact. Artifacts range from a New Britain obsidian tool to an abandoned Viking toy boat, the marble finger of a classical Greek statue and ordinary pottery fragments from Roman England and Polynesia. Other tales cover contemporary objects, including a toothpick, bell, door, and the blueprint for a 1970s motorcar. These creative stories are self-consciously personal; they derive from real world encounter viewed through the peculiarities and material intimacy of archaeological practice. This text can be used in undergraduate and graduate courses focused on archaeological interpretation and theory, as well as on material culture and story-telling.

Atlanta Compromise Booker T. Washington,2014-03 The Atlanta Compromise was an address by African-American leader Booker T. Washington on September 18, 1895. Given to a predominantly White audience at the Cotton States and International Exposition in Atlanta, Georgia, the speech has been recognized as one of the most important and influential speeches in American history. The compromise was announced at the Atlanta Exposition Speech. The primary architect of the compromise, on behalf of the African-Americans, was Booker T. Washington, president of the Tuskegee Institute. Supporters of Washington and the Atlanta compromise were termed the Tuskegee Machine. The agreement was never written down. Essential elements of the agreement were that blacks would not ask for the right to vote, they would not retaliate against racist behavior, they would tolerate segregation and discrimination, that they would receive free basic education, education would be limited to vocational or industrial training (for instance as teachers or nurses), liberal arts education would be prohibited (for instance, college education in the classics, humanities, art, or literature). After the turn of the 20th century, other black leaders, most notably W. E. B. Du Bois and William Monroe Trotter - (a group Du Bois would call The Talented Tenth), took issue with the compromise, instead believing that African-Americans should engage in a struggle for civil rights. W. E. B. Du Bois coined the term Atlanta Compromise to denote the agreement. The term accommodationism is also used to denote the essence of the Atlanta compromise. After Washington's death in 1915, supporters of the Atlanta compromise gradually shifted their support to civil rights activism, until the modern Civil rights movement commenced in the 1950s. Booker Taliaferro Washington (April 5, 1856 - November 14, 1915) was an African-American educator, author, orator, and advisor to presidents of the United States. Between 1890 and 1915, Washington was the dominant leader in the African-American community. Washington was of the last generation of black American leaders born into slavery and became the leading voice of the former slaves and their descendants, who were newly oppressed by disfranchisement and the Jim Crow discriminatory laws enacted in the post-Reconstruction Southern states in the late 19th and early 20th centuries. In 1895 his Atlanta compromise called for avoiding confrontation over segregation and instead putting more reliance on long-term educational and economic advancement in the black community.

**The Very Thought of You** Rosie Alison,2011-07-05 “One of those books you’re likely to remember all your life.” —Alexandra Shulman, Vogue (UK) For readers of The Orphan Train and The Guernsey Literary and Potato Peel Pie Society comes “not just a story of love but a story of loss, one whose voice will touch even the coldest of hearts.” —BookPage England, 31st August 1939: The world is on the brink of war. As Hitler prepares to invade Poland, thousands of children are evacuated from London to escape the impending Blitz. Torn from her mother, eight-year-old Anna Sands is relocated with other children to a large Yorkshire estate which has been opened up to evacuees by Thomas and Elizabeth Ashton, an enigmatic, childless couple. Soon Anna gets drawn into their unraveling relationship, seeing things that are not meant for her eyes and finding herself part-witness and part-accomplice to a love affair with unforeseen consequences. A story of longing, loss, and complicated loyalties, combining a sweeping narrative with subtle psychological observation, The Very Thought of You is not just a love story but a story about love.

**An Assembly Such as This** Pamela Aidan,2006-06-06 The first installment in Pamela Aidan’s irresistible trilogy, An Assembly Such As This takes us into the world of Jane Austen’s Fitzwilliam Darcy. “She is tolerable; but not handsome enough to tempt me.” So begins the timeless romance of Fitzwilliam Darcy and Elizabeth Bennet in Pride and Prejudice. Jane Austen's classic novel is beloved by millions, but little is revealed in the book about the mysterious and handsome hero, Mr. Darcy. And so the question has long remained: Who is Fitzwilliam Darcy? In An Assembly Such as This, Pamela Aidan finally answers that long-standing question. In this first book of her Fitzwilliam Darcy, Gentleman trilogy, she reintroduces us to Darcy during his visit to Hertfordshire with his friend Charles Bingley and reveals Darcy's hidden perspective on the events of Pride and Prejudice. As Darcy spends more time at Netherfield supervising Bingley and fending off Miss Bingley's persistent advances, his unwilling attraction to Elizabeth grows—as does his concern about her relationship with his nemesis, George Wickham. Setting the story vividly against the colorful historical and political background of the Regency, Aidan writes in a style comfortably at home with Austen but with a wit and humor very much her own. Aidan adds her own cast of fascinating characters to those in Austen's original, weaving a rich tapestry from Darcy's past and present. Austen fans and newcomers alike will love this new chapter of the most famous romance of all time.
