Icons of Latino America [2 volumes] Roger Bruns,2008-08-30 Latinos have contributed a tremendous amount to American cultural heritage, injecting energy, a unique style, and piquant flavor. This set profiles the big names from this century and the last who represent the highest achievement in their field and who have inspired, led, educated, informed, and entertained us. A diverse representation from the world of sports, entertainment, education, music, journalism, literature, and labor is offered. Biographical essays engagingly tell the story behind the icon, with background including family and education, career trajectory and highlights, and contributions and circumstances that have led to icon status. Along with these famous figures, several essays on other types of Latino pop culture icons—iconic characters from cartoons and comics and film and even iconic Latino foods—are included. Entertaining side bars and classic photos complement the essays. Perfect for student reports and browsing, with more in-depth coverage than an encyclopedia entry but less than a full biography, there is something fascinating and informative here for everyone. Readers will find that that a number of the icons profiled were influenced by other icons profiled or have an important connection to one another. For example, Tito Puente and Celia Cruz performed together for many years. Actress Jennifer Lopez portrayed the singer Selena in a biopic. Cesar Chavez and Dolores Huerta made the United Farm Workers union a reality. Furthermore, in telling the story of these icons, each essay relates so much of the historical and social issues of the times. Thus, together, these essays offer a good sense of recent Latino and Latin American history and progress. Icons include Desi Arnaz; Ruben Blades; Fabiola Cabeza de Baca; Cesar Chavez; Chiles, Tortillas, and the Mexican Food Explosion; Sandra Cisneros; Roberto Clemente; Celia Cruz; Placido Domingo; Jaime Escalante; Gordo, Speedy Gonzales, Dora the Explorer, Bondo, and La Cucaracha; Dolores Huerta; Jennifer Lopez; Rita Moreno; Edward James Olmos; Tito Puente; Ruben Salazar; Carlos Santana; Cristina Saralegui; Selena; Lee Trevino; Luis Valdez; Ritchie Valens; and Zorro.

Women and Capital Punishment in the United States David V. Baker,2015-11-26 The history of the execution of women in the United States has largely been ignored and scholars have given scant attention to gender issues in capital punishment. This historical analysis examines the social, political and economic contexts in which the justice system has put women to death, revealing a pattern of patriarchal domination and female subordination. The book includes a discussion of condemned women granted executive clemency and judicial commutations, an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death row population.

Make A REAL LIVING as a Freelance Writer Jenna Glatzer,2004-05-01 Step-by-step instructions on how writers can earn top dollar writing for magazines are provided in this book. Secrets are revealed about what the high-paying magazines really want, how to build relationships with editors, how to ascertain which sections of a magazine are open to freelancers, what kinds of stories are in demand, what to do if a deadbeat publisher doesn't pay up, how to market reprints, and how to become an expert in one's chosen writing field. Basic terms like query, clips, and source sheet are defined for beginning writers, and tips on everything from coming up with an idea to pitching a

syndicated column are also included. Writers learn about the little-known sources top freelancers use to find new stories and experts. In addition, they learn how to get their first paying assignments even if they have no prior clips, how to negotiate for better pay, how to find high-paying magazines that aren't swamped with queries, and how to worm their way into editors' inboxes even if their e-mail addresses aren't publicized.

Case ABBA Forever! From Waterloo to Voyage, passing through Mamma Mia! Gómez Quijano, Arturo, ABBA: the soundtrack of my whole life Why is ABBA suddenly appearing in our lives now? My sister-in-law asked me in a family reunion when I told her that I was writing a case of ABBA. Many people will think that the main reason is because I am an ABBA freak. Nothing could be further from the truth. The main reason is because it seems to me that we do have a lot to learn from Björn and Benny's career. One of the longest-lived and most productive creative couples in the history of music. They met on 5th June 1966 and, and they are still active and successful today. However, my sister-in-law's question remained in my teacher's mind. In class I jokingly say that this is the question of José Mourinho, a famous football coach: Why? It is also the question of the researcher, the journalist, the academic, the businessperson. It is the question that drives us forward as human beings. Man seeks explanations. There are many businesses from which many things can be learned, but why ABBA? It was then that I realized ABBA was the soundtrack that had been with me all my life. I was born in Galicia, in the Northwest of Spain, in the early sixties of the last century. From there, when I was just a child, I watched them, live and in black and white, win the Eurovision Song Contest. It was 1974. At that moment, ABBA was born. The group, designed by Stig Anderson, was formed after that triumph, to manage the success. For the next eight years they swept the world. They went as far as Australia where, when a special TV program about their visit to the country was broadcast, it had a 54% audience share, beating the record set by the broadcast of the man landing on the moon a few years earlier. I saw them born. [...]

I Know How You Feel F. Diane Barth,2018-02-06 "A compelling look at the ways in which women bond…essential reading for anyone trying to build—or maintain—a strong social circle."—BookPage Do I have enough friends? Why did my friendship end? What makes a good friendship work? These are questions that F. Diane Barth, a psychotherapist widely recognized for her expertise in women's relationships, fields all the time. In I Know How You Feel, she shares engaging stories from interviews with a lively and diverse cast of women, many of whom speak about feelings they haven't shared before. She explores how life changes affect women's friendships in subtle and not-so-subtle ways. Interweaving examples from a range of sources—from classic women's literature to chick flicks—she provides grounded advice on how to manage betrayal and rejection, how to deal with a narcissistic or bossy friend, what to do when your best friend and your family don't get along, how to let go of a friendship that has stopped working, and much more. This is a timely, empathetic guide for women in their twenties to their sixties and beyond. "A

  Romantic Elements in Washington Irving's Rip Van Winkle Christina Gieseler,2010-04-14 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Wuppertal (Anglistik/Amerikanistik), language: English, abstract: Washington Irving was one of the "first notable fiction writers of the American romantic movement" (Keenan 970). His sketch book with tales such as "Rip Van Winkle" "made Irving the first American author to attain an international reputation" (Fender 165). Whereas Irving's prior work, the History of New York (1809) is written in a neoclassical1 tone right in the sense the Age of Reason and Enlightenment, "The Sketch Book [...], showed that Irving had gradually become a romanticist" (cf. Callow and Reilly 76). According to the "Oxford Companion to American Literature", Romanticism is a "term that is associated with imagination and boundlessness" (Hart 724). Furthermore, it was a movement that "elevated the individual, the passions, and the inner life. Romanticism, a reaction against neoclassicism, stressed strong emotion, imagination, freedom from classical correctness in art forms, and rebellion against social conventions"2. The goal of this paper is to examine and explain the major romantic elements in Washington Irving's "Rip Van Winkle". Therefore, at first the developments and ways of thinking during the Romantic period will be described, and briefly contrasted with those of the Age of Reason and Enlightenment. Then some information will be given on Irving as a romantic writer and the background of the tale of "Rip Van Winkle". After that several romantic features will be highlighted within short analyses of parts of the tale. Due to the briefness of the paper, the discussed features are restricted to themes such as "Truth", "Individualism" and the depiction of Rip Van Winkle as a common man, as well as the function of nature within the story.

  Caso ABBA Forever! De Waterloo a Voyage, pasando por Mamma Mia! Gómez Quijano, Arturo, ¿Por qué aparece ahora, de pronto, ABBA en nuestras vidas? Me preguntó mi cuñada en una reunión familiar cuando le contaba que estaba escribiendo un caso de ABBA. Mucha gente pensará que la principal razón es porque soy un friki de ABBA. Nada más lejos de la realidad. Me parece que tenemos mucho que aprender de la trayectoria de Björn y Benny. Una de las parejas creativas más longevas y productivas de toda la historia de la música. Se conocieron el 5 de junio de 1966, y hoy siguen dando guerra. No obstante, la pregunta de mi cuñada permaneció en mi cabeza de profesor. En clase digo, en broma, que esa es la pregunta de José Mourinho, un famoso entrenador de fútbol: ¿Por qué? Es la pregunta del investigador, del periodista, del académico, de la persona de negocios. Es la pregunta que nos hace avanzar como seres humanos. El hombre busca explicaciones. Hay muchos negocios de los que se pueden aprender

muchas cosas, pero ¿por qué ABBA? Entonces me di cuenta de que ABBA era la banda sonora que me había acompañado toda mi vida. Nací en Galicia, en el noroeste de España, a principios de la década de los sesenta del siglo pasado. Desde allí, siendo tan solo un niño, los vi, en directo y en blanco y negro, ganar el Festival de Eurovisión. Era 1974. En aquel instante, nació ABBA. El grupo, diseñado por Stig Anderson, se formó después de aquel triunfo, para gestionar el éxito. Durante los siguientes ocho años arrasaron en el mundo. Llegaron hasta Australia donde, cuando se emitió un programa de TV especial sobre su visita al país, tuvo el 54% de audiencia, superando el récord que había establecido la retransmisión del hombre llegando a la Luna unos años antes. Los vi nacer. [...]

Immagine in tempo reale Emanuele Ponzio,2022-11-04T00:00:00+01:00 L'autore intraprende un percorso di ricerca alla scoperta delle radici storiche della pratica di "suonare" le immagini dal vivo tipica del VJing e del live cinema. In questo viaggio indietro nel tempo ritrova parenti lontani dei contemporanei performer visuali in coloro che sin dall'inizio del XX secolo si sono interrogati sulle implicazioni che sussistono tra arti visive e musica. Le storie, le tecniche e le teorie circa le interconnessioni tra immagine in tempo reale e suono divengono le fondamenta per un'introduzione alle caratteristiche peculiari della performance audiovisiva.

Luce Attiva Fabrizio Crisafulli,2017-06-28 Il libro rilegge, dal punto di vista delle poetiche della luce, alcune importanti vicende della messinscena teatrale occidentale del Novecento, dai grandi riformatori di inizio secolo fino ad artisti contemporanei quali Josef Svoboda, Alwin Nikolais, Robert Wilson. Non per delineare una storia in qualche misura organica della luce teatrale, ma per tentare di individuare, riguardo al suo uso, delle questioni di base. Le problematiche della luce vengono liberate dai contesti circoscritti della tecnica e dell'immagine nei quali restrittivamente finiscono spesso per venir relegate, ed indagate in ambiti come quelli della struttura spazio-temporale dello spettacolo, della costruzione drammatica, della creazione poetica, dell'azione, del rapporto con il performer. Una parte dedicata al lavoro teatrale dell'autore documenta il punto di vista peculiare che sta alla base del volume, interno ai processi creativi e al rapporto operativo con la tecnica. Il titolo "luce attiva" è un riferimento diretto ad Adolphe Appia, che alla fine dell'Ottocento fu tra i primi ad affrontare in maniera precisa — con i propri scritti e con le proprie creazioni — la questione della luce

quale questione artistica del teatro. Per Appia lumière active era la luce scenica "propriamente detta": luce espressiva e creatrice di forme; luce come materia poetica e sostanza drammatica.
