*The Friulian Language* Rose Mucignat,2014-06-02 Are minor languages the lifeblood of cherished local identities or just passports with restricted validity, serving no purpose in today's transnational, global world? Italy's north-eastern region of Friuli is a case in point: in this area, around half a million people speak Friulian, a Romance language of the Rhaeto-Romance family, which is attested to in written texts since 1150 and acquired official minority language status in 1999. Geographically and politically off-centre, Friuli remained isolated for a long part of its history and developed a unique language that sustained a distinctive identity and culture. Starting from the nineteenth century, large-scale migration towards Northern Europe and the Americas brought Friulian into contact with other languages and contexts of use. *The Friulian Language: Identity, Migration, Culture* is the first comprehensive study in English of this little-known language to consider its history and the variety of its cultural manifestations from antiquity to the present day. The volume gathers together the work of ten contributors who are specialists in the fields of history (Fulvio Salimbeni), law (William Cisilino), linguistics (Paola Benincà, Franco Finco, Fabiana Fusco and Carla Marcato), literary studies (Rosa Mucignat and Rienzo Pellegrini), and migration (Javier P. Grossutti and Olga Zorzi Pugliese). The focus of the book is on Friulian, its varieties, its linguistic characteristics and its use in literature from fourteenth-century ballads to Pier Paolo Pasolini, and more recent poetry by Novella Cantarutti and others. Equal attention is given to the Friulians themselves, the social and political transformations of the region, and the experience of migration, in particular the case of high-skilled mosaic craftsmen from the Alpine foothills. Thanks to its multidisciplinary approach, the book sheds light on the questions of why Friulian has developed the way it has, what its significance as a minor language is, and how it can negotiate its relationship to other languages on a global scale.

Accessibility of Vulnerability Groups: from Icts to Emotions. Mariano Reyes Tejedor,2021-10 The Educational Intervention in highly diverse social contexts shows the need for improvisation of professionals with high training levels and in many cases a remarkable professional background. This book, entitled: Accessibility of vulnerability groups: from ICTs to emotions aims to respond to the situations experienced by professionals and vulnerable groups from a socio-scientific perspective. The publication is made up of nine chapters, of which 8 of them present studies of teaching experiences and one of them a systematic review of the integration of ICTs in education. Therefore, we want to highlight the great professional challenge in these post-pandemic times that consists of ensuring that students are trained in safe contexts to grow safely and creatively.

*Theory, Development, and Strategy in Transmedia Storytelling* Renira Rampazzo Gambarato,Geane Carvalho Alzamora,Lorena Tárchia,2020-05-17 This book explores transmedia dynamics in various facets of fiction and nonfiction transmedia studies. Moving beyond the presentation/definition of transmediality as a field of study, the authors examine novel advancements in the theory, methodological development, and strategic planning of transmedia storytelling. Drawing upon a theoretical foundation grounded in Peircean semiotics and reflected in the methodological approaches to fiction and nonfiction transmedia projects, the chapters delve into diverse case studies, such as *The Handmaid's Tale* and mega sporting events like the Olympics and FIFA World Cup, that illustrate the applications of our own methods and the implications of the logic behind transmedia dynamics. Expanding upon their own scholarship, the authors tackle the relevant topic of transmedia journalism, and present new approaches to transmedia strategic planning around educational initiatives in developing countries. The book is an important reference for scholars and students of media studies, education, journalism and transmedia, and those interested in comprehending theory, methodological development, and strategic planning of transmediality.

**Green vs. Green** Ryan M. Yonk,Randy T. Simmons,Brian C. Steed,2013-05-07 Renewable and carbon-neutral energy have been promoted as the future of energy production in the United States. Non-traditional energy sources show promise as alternatives to fossil fuels and may provide a

sustainable source of energy in increasingly uncertain energy markets. However, these new sources of energy face their own set of political, administrative, and legal challenges. *Green vs. Green* explores how mixed land ownership and existing law and regulation present serious challenges to the development of alternative energy sources in the United States. Analytically examining and comparing five green energy sectors; wind, solar, geothermal, biofuel and hydro power, Ryan M. Yonk, Randy T. Simmons, and Brian C. Steed argue that discussing alternative energy without understanding these pitfalls creates unrealistic expectations regarding the ability to substitute green energy for traditional sources. The micro-goals of protecting individual areas, species, small-scale ecosystems, and other local environmental aims often limits ability to achieve macro-goals like preventing global climate change or transitioning to large-scale green energy production. Statutes and regulations designed to protect environmental and cultural integrity from degradation directly conflict with other stated environmental ends. Although there is substantial interest in adding clean energy to the grid, it appears that localized environmental interests interfere with broader environmental policy goals and the application of existing environmental laws and regulations may push us closer to gridlock. *Green vs. Green* provides a fascinating look into how existing environmental law created or will create substantial regulatory hurdles for future energy generations.

International Relations in Latin America Andrea Oelsner, 2013-10-11 This work studies the development of bilateral relations in two pairs of states (dyads): Argentina-Brazil and Argentina-Chile. It takes on a moderate constructivist approach that incorporates into the analysis of international relations the role of identities, ideas and perceptions as well as of material forces, and understands that the former are affected and changed during interaction. It also uses to securitization theory to explain how issues come or cease to be considered security matters through social constructions.

**The Dominguez Family** Donna S. Morales, John P. Schmal, 2004-01-01 Aniceto Dominguez was born 22 April 1862 Sain Alto, Zacatecas, Mexico. His parents were Marcelino Dominguez and Petra Salas. He married Martina Segovia, daughter of Regino Segovia and Rafaela Alamos, 28 May 1882. They emigrated in 1909 and settled in Kansas City, Kansas.

Christina Aguilera Mary Anne Donovan, 2010-09-16 Meet Christina Aguilera through a thorough and honest portrayal of her life and career and the things that have influenced both. Christina Aguilera appeared on Star Search when she was eight years old and hasn't stopped performing since. *Christina Aguilera: A Biography* traces the life and career of this exceptional performer, looking also at the historical, political, and philosophical influences that have affected and motivated her. Readers will learn about the little girl who used music to drown the horrors of domestic abuse, about the young television star who wowed audiences with a voice that spanned four octaves, and, of course, about the wildly successful artist of today. Offering a complete and balanced portrayal, the book begins with Aguilera's childhood and ends with her current activities. It discusses early influences on her music, her father's role in fostering her interests, her evolution from squeaky-clean singer to sexy siren, and her maturation as a performer. In addition, readers will learn about her many awards and accomplishments, her generosity, and the importance of Latin culture to her work.

Between Compliance and Conflict Jorge Dominguez, Byung Kook Kim, 2013-01-11 This book examines the responses to U.S. power in the two areas of the world where U.S. primacy was first successfully consolidated: East Asia and Latin America. The U.S. has faced no comparably powerful challengers to the exercise of its power in Latin America for much of the past century. It established its primacy over much of East Asia in the aftermath of WW II and extended its influence in the late 1970's and after the end of the Vietnam War through its entente with China to balance the Soviet Union. By contrast, the U.S. has always encountered rivals and challengers in Europe, has attempted unsuccessfully thus far to impose its primacy in the Middle East, and has paid only intermittent attention to South Asia and Africa. The essays in this volume will explore three important themes 1.) How do region-wide economic trends and arrangements sustain or modify U.S. influence in the region? 2.) How do rising powers in these regions (Japan, China, Brazil) reshape their policies to cope with the U.S. and 3.) How do new (South Korea) and old (Cuba) challengers to U.S. power

shape their policies to account for the unrivaled exercise of U.S. power. This collection will place the United States at the hub of relations with countries in East Asia and Latin America and examine the new policies and new styles of engagement that are employed to address the prolonged U.S. interest in these areas-approaches from which the rest of the world might learn.

Rethinking the Politics of Globalization Iain Watson, 2017-11-22 This title was first published in 2002. Placed within the broad fields of International Relations and International Political Economy's this book specifically focuses upon the conceptual and strategic debates concerning the relationship between social movements and the politics of globalization. Outlining current theories concerning the activity and interaction of social movements and globalization's Watson reconsiders this debate by mapping an alternative conceptual and strategic account of the politics of resistance to globalization. Considering the responses of neoliberal institutions's the book also assesses the implications of struggles for understanding the site and nature of political power and authority in the present and future global political economy. This text is an important addition to the collections of those involved in issues that impact on international politics's international political economy's the politics of development and democracy's third world politics and sociology.

European Mobility in Times of Crisis Birgit Glorius, Josefina Domínguez-Mujica, 2017-02-28 The global economic and financial crisis had severe impact on southern European economies and stimulated growing numbers of mainly young migrants heading north, nurturing the fear of brain drain back home. This volume compiles recent research results on European south-north migration, addressing migration processes and practices, the management of migratory moves by institutional frameworks and relevant public discourse. It thereby delivers an important contribution to the understanding of the durability and contextuality of recent European south-north migration and their consequences for European economies, politics and societies.

*Breach of Faith, Breach of Trust* Jim Gilbert, 2010-03 As a young child of twelve, Lou Ann Soontiens saw school as a place of refuge. When the school's resident priest, Father Charles Sylvestre, took an interest in her, she felt honoured and privileged. She put her complete faith and trust in this charismatic man of God and it resulted in years of sexual abuse, humiliation, and an unwanted pregnancy. This misplaced devotion would lead her to forty years of confusion, guilt, and pain and, ultimately, to her being awarded, by the Diocese of London, Ontario, the largest settlement ( 1.75 million Canadian dollars) ever given to an individual by the Catholic Church in Canadian history. It was not until Lou Ann reached middle-age that she found out that she was not alone in her pain and guilt; at least forty-six other women had experienced the same degradation at the hands of Father Charles Sylvestre. Much to her shock, she discovered that the Catholic Church had known about Father Sylvestre's abusive nature, and, as with hundreds of other priests with the same problem, chose to ignore the dangerous situation and quietly move the offending priest to a new parish where the abuse of young children would once again commence.

**Cuestiones Métricas. La Rima y el Estribillo** Clara Isabel Martínez Cantón, 2015-11-20 El ritmo domina nuestras vidas. Respiramos con una cadencia, caminamos a un compás, nos dormimos por la noche y trabajamos a unas determinadas horas. Y disfrutamos, gozamos, a un ritmo. La poesía recoge esto: la vida en su medida, y esa medida es el verso. Se recopilan aquí una serie de trabajos especializados en métrica, abordada desde distintos enfoques: desde uno más teórico, al más lingüístico, o incluso desde su relación con la retórica. Este volumen constituye un acercamiento ameno y riguroso a un pedazo de la historia y la evolución del verso castellano y los elementos que lo forman.

**Defense Management Reform** Peter Levine, 2020-03-10 Pentagon spending has been the target of decades of criticism and reform efforts. Billions of dollars are spent on weapons programs that are later abandoned. State-of-the-art data centers are underutilized and overstaffed. New business systems are built at great expense but fail to meet the needs of their users. Every Secretary of Defense for the last five Administrations has made it a priority to address perceived bloat and inefficiency by making management reform a major priority. The congressional defense committees have been just as active, enacting hundreds of legislative provisions. Yet few of these initiatives produce significant results, and the Pentagon appears to go on, as wasteful as ever. In this book, Peter Levine addresses why, despite a long history of attempted reform, the Pentagon continues to struggle to reduce waste and inefficiency. The heart of Defense Management Reform is three case studies covering civilian personnel, acquisitions, and financial management. Narrated with the insight of an insider, the result is a clear understanding of what went wrong in the past and a set of concrete guidelines to plot a better future.

«The good comic novel»: la narrativa comica di Henry Fielding e l'importanza dell'esempio cervantino Annalisa Martelli, 2021-12-14 «The good comic novel». La narrativa comica di Henry Fielding e l'importanza dell'esempio cervantino analizza l'influenza del Don Chisciotte sulla narrativa di Henry Fielding, a partire da un excursus della ricezione del romanzo spagnolo in Inghilterra. Da una analisi del Joseph Andrews e del Tom Jones di Fielding in relazione al Don Chisciotte, affiorano evidenti paralleli nell'uso della parodia letteraria, di specifiche innovazioni diegetiche e nel ricorso ad alcuni episodi e personaggi. Rilevando come nella narrativa dei due autori l'innovazione letteraria proceda dalla decostruzione e attualizzazione della letteratura precedente, e dal precetto classico dell'«istruire divertendo», il volume si sofferma sul ruolo di Fielding e Cervantes nella nascita del romanzo di finzione e del self-conscious novel.

Sprachkontrast und Mehrsprachigkeit Patrick Wolf-Farré, Katja Cantone-Altintas, Anastasia Moraitis, Daniel Reimann, 2021-06-28 In den letzten Jahren ist die sprachkontrastive Arbeit stärker in den Fokus der (Zweit-)Spracherwerbsforschung und der Fremdsprachenforschung gerückt, während die Berücksichtigung entsprechender Forschungsergebnisse im Unterricht erst allmählich einsetzt. Diese Publikation soll dazu beitragen, die Verbindung zwischen sprachkontrastiver Arbeit und Mehrsprachigkeitsdidaktik zu stärken. Hierzu sind Beiträge internationaler Forscher:innen versammelt, die anhand verschiedener Sprachen theoretische Grundlagen und praktische Anwendungsbeispiele erarbeiten. Von den hier zusammengeführten Ansätzen, Prinzipien und Methoden können besonders Lehrkräfte profitieren, um sie im Sinne einer aufgeklärten Mehrsprachigkeitsdidaktik im schulischen Kontext zu integrieren. Weiterhin eignet sich der Band dazu, Studierenden des Lehramts den Zugang zu sprachvergleichender Arbeit zu erleichtern und sie für einen bewussten Umgang mit Sprache zu sensibilisieren. Nicht zuletzt finden sich auch Anregungen für weitere Forschung im Bereich der Linguistik und Fremdsprachenforschung.

*The Foreign Policy of the European Union* Federiga Bindi, 2010-03-01 In a relatively short time, the European Union has become one of the world's most powerful and important bodies. Its critical role in international affairs extends to several different areas: economics; culture; the environment; and, of course, international security and foreign affairs. This important volume explains and evaluates EU foreign policy in all its confusing dimensions. Is there really any such thing as European Union Foreign Policy? If so, what is it? What are its goals and priorities, and how effective is it? How do outsiders perceive EU foreign policy, and what are the ramifications of those views? Those are just some of the questions this book tries to answer. In order to draw the most comprehensive picture possible of EU foreign policy, Federiga Bindi and her contributors dissect both horizontal and vertical issues. Vertical concerns focus on particular geographic regions, such as the EU's foreign policy toward Africa and Asia and its relations with the United

States. Horizontal issues explore wider crosscutting themes that help explain the EU's foreign policy choices and operations, such as decisionmaking processes and procedures; European self-identity; and core priorities such as peace, democracy, and human rights. Contents Foreword by Giuliano Amato, former foreign minister and prime minister of Italy Part I. The New Tools of EU Foreign Policy II. US-EU Relations after the Elections III. EU Relations with the Rest of the Americas IV. Africa and Asia V. The EU and Its Neighbors VI. The EU, the Mediterranean, and the Middle East VII. Promoting Values and Models Abroad VIII. Conclusions: Assessing EU Foreign Policy

## ladomiguezn.htm Introduction

In the digital age, access to information has become easier than ever before. The ability to download ladomiguezn.htm has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download ladomiguezn.htm has opened up a world of possibilities. Downloading ladomiguezn.htm provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading ladomiguezn.htm has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access

information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download ladomiguezn.htm. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading ladomiguezn.htm. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading ladomiguezn.htm, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download ladomiguezn.htm has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
