Gerald R. Gems

Jack Harris Unwrapped Jack Harris, 2005-11 Jack Harris Unwrapped! is a collection of humorous essays expressing his unique point of view on a variety of topics and life's musings. He shares personal photos of himself taken with many of the celebrities he's interviewed over the years. It also features a special section with his favorite, time-tested Florida Cracker recipes gathered from family and friends. Originally hailing from Logan, West Virginia University with a B.A. in history and served in the U.S. Army as a lieutenant for two years, including a year in Viet Nam. His television credits include: Channel 44/WTOH, Channel 13/WTVT, Channel 8/WFLA (twice, including 10 years hosting Harris and Company), and Bay News 9. He has hosted or co-hosted number one-rated morning radio shows on 97 FLA, The Q Morning Zoo and the Power Pig.

Boxing Gerald R. Gems, 2014-03-13 Sports fans have long been fascinated with boxing and the brutal demonstration of physical and psychological conflict. Accounts of the sport appear as far back as the third millennium BC, and Greek and Roman sculptors depicted the athletic ideals of the ancient era in the form of boxers. In the present day, boxers such as Muhammad Ali, Joe Frazier, Sugar Ray Robinson, Oscar De La Hoya, Manny Pacquiao, and Floyd Mayweather, Jr. are recognized throughout the world. Boxing films continue to resonate with audiences, from the many Rocky movies to Raging Bull, The Fighter, Million Dollar Baby, and Ali. In *Boxing: A Concise History of the Sweet Science*, Gerald R. Gems provides a succinct yet wide ranging treatment of the sport, covering boxing's ancient roots and its evolution, modernization, and global diffusion. The book not only includes a historical account of boxing, but also explores such issues as social class, race, ethnic rivalries, religious influences, gender issues, and the growth of female boxing. The current debates over the moral and ethical issues relative to the sport are also discussed. While the primary coverage of the political, social, and cultural impacts of boxing focuses on the United States, Gems' examination encompasses the sport on a global level, as well. Covering important issues and events in the history of boxing and featuring numerous photographs, *Boxing: A Concise History of the Sweet Science* will be of interest to boxing fans, historians, scholars, and those wanting to learn more about the sport.

Fierce History Colin Murphy, 2018-10-29 Bestselling author, Colin Murphy, explores the historical figures and events that have existed for centuries in the fringes and brings them out into the open for the reader. Full of historical stories which will intrigue you, captivate you, revolt you and even make you laugh! Colin Murphy welcomes you into the fringes of history where shocking stories and compelling facts await you... *Fierce History* is a collection of bizarre, grotesque and unexpected episodes from history from all over the world, and from ancient to more modern including: Siblings of famous people - Al Capone's brother who hunted down illegal distillers - Irishman Frank Shackleton, brother of legendary Antarctic explorer Ernest, who was pretty much rubbish at everything, and may have stolen the Irish Crown Jewels - Napoleon's sex-maniac sister - Weird historical incidents - Flaming camels of war, - Living turkey parachutes; - Crazy assassination attempts Bizarre medical practices: - Dr Evan O'Neill Kane, who in 1921 performed an appendectomy on himself. - 'Radioactive water' to cure arthritis, gout, neuralgias, poor circulation and a variety of other illnesses - eh, no, it just kills you. Remarkable children: - William Rowan Hamilton by the age of twelve could speak fourteen languages, and went on to discover the quaternion, essential to the development of modern theories of electromagnetism and quantum mechanics, scratching his new mathematical formula on to the side of Broom Bridge in north Dublin

Spirit Fruits Sandra Moore, 2008-09 King Jesus came to earth, died, and ascended into heaven so that Father God could send His Holy Spirit to teach, counsel, and empower Christians to establish the Kingdom of Heaven on earth. Spirit Fruits are a cast of nine characters who each represent a trait of Father God. They begin their journey at boot camp while preparing for their mission to earth. While training, they enter the enemy's camp to gain insight into the kingdom of darkness. They also catch a glimpse of Heaven to see the contrast. They learn to work as a team to bring about unity. Then they descend with the Holy Spirit to earth to train and equip believers to grow in character. They teach Christians how to be empowered to defeat

their supernatural enemy. This is a book that you can read as a family. Sandra Moore has given Biblical scriptures and examples of how our spiritual enemy works. She explains it through the eyes of a little girl, Jennie, who through a dream is introduced to the fruits of the Spirit. The book uses fruit characters to explain the battle we fight as believers, and how we have the power and authority to overcome and walk in victory. Bob & Sharon Parkes

Isaiah 62:4 Ministries Sandra Moore is an entrepreneur and serves as Director of Small Biz Incubation Services. She has served in many volunteer positions at various churches and ministries, including a year at the Indiana Office of Faith-Based and Community Initiatives. Sandra has experienced firsthand the battle that comes with serving the Lord in the marketplace. Sandra received apostolic and prophetic training from Christian International Family Worship Center in Versailles, Indiana, under the oversight of Apostles Leon and Donna Walters. Sandra received deliverance ministry training from Bob and Sharon Parkes.

Greater Gotham Mike Wallace, 2017-09-04 In this utterly immersive volume, Mike Wallace captures the swings of prosperity and downturn, from the 1898 skyscraper-driven boom to the Bankers' Panic of 1907, the labor upheaval, and violent repression during and after the First World War. Here is New York on a whole new scale, moving from national to global prominence -- an urban dynamo driven by restless ambition, boundless energy, immigrant dreams, and Wall Street greed. Within the first two decades of the twentieth century, a newly consolidated New York grew exponentially. The city exploded into the air, with skyscrapers jostling for prominence, and dove deep into the bedrock where massive underground networks of subways, water pipes, and electrical conduits sprawled beneath the city to serve a surging population of New Yorkers from all walks of life. New York was transformed in these two decades as the world's second-largest city and now its financial capital, thriving and sustained by the city's seemingly unlimited potential. Wallace's new book matches its predecessor in pure page-turning appeal and takes America's greatest city to new heights.

Seven-Point Star Around Elbert Jack Harris, 1993-05-01 Autobiographical account of one boy's journey to manhood in the hard scrabble farm country of Texas in the early years of this century.

Stanley Kubrick Nathan Abrams, 2018-04-19 Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes—including masculinity, ethical responsibility, and the nature of evil—it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove*, *2001, A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.

Hating America Barry M. Rubin, Judith Colp Rubin, 2004 Reviled as an imperialist power, an exporter of destructive capitalism, an arrogant crusader against Islam, and a rapacious over-consumer casually destroying the planet, it seems that the United States of America has rarely been less esteemed in the eyes of the world. In such an environment, one can easily overlook the fact that people from other countries have, in fact, been hating America for centuries. Barry Rubin and Judith Colp Rubin here draw on sources from a wide range of countries to track the entire trajectory of anti-Americanism. With this powerful work, the Rubins trace the paradox that is America, a country that is both the most reviled and most envied land on earth. In the end, they demonstrate, anti-Americanism has often been a visceral response to the very idea--as well as both the ideals and policies--of America itself,

its aggressive innovation, its self-confidence, and the challenge it poses to alternative ideologies.

Breakout Jamie Lendino, 2023-08-17 Atari 8-bit computers are the first machines that truly bridged the divide between video game players and home computer enthusiasts. The Atari 400 and 800 signaled the start of a new era in computing. *Breakout: How Atari 8-Bit Computers Defined a Generation* is the first book to cover what made Atari's groundbreaking computer line great: its excellent graphics and sound, flexible programming environment, and wide support from the burgeoning home computer community. For those of us coming of gaming age in the 80s, Atari games were simply amazing—and you'll find out what made these titles so much fun to play. *Breakout* also explores the Atari 8-bit platform as it stands today, with a robust enthusiast and modding community, the increasing value of Atari computers and peripherals, and how to get started with one now or get your old one running again. With fully revised and updated sections on emulation, mods, and add-ons, plus new community sites, podcasts, and detailed write-ups of 170 Atari 8-bit games (60 more than before), this second edition of *Breakout* is a must-buy for every vintage computer or gaming enthusiast.

The Gig Economy Diane Mulcahy, 2016-11-15 Today, most Americans are working in the gig economy--mixing together short-term jobs, contract work, and freelance assignments. Learn how to embrace the independent and self-sufficient world of freelance! *The Gig Economy* is your guide to this uncertain but ultimately rewarding world. Packed with research, exercises, and anecdotes, this eye-opening book supplies strategies--ranging from the professional to the personal--to help you leverage your skills, knowledge, and network to create your own career trajectory. In this book, you will learn how to: Construct a life based on your priorities and vision of success Cultivate connections without networking Create your own security Build flexibility into your financial life Face your fears by reducing risk Corporate jobs are not only unstable--they're increasingly scarce. It's time to take charge of your own career and lead the life you want, one immune to the impulsive whims of an employer looking only at today's bottom line. Start mapping out your place in the gig economy today!

Transportation and Sustainable Campus Communities Will Toor, Spenser Havlick, 2004-04 Colleges and universities across North America are facing difficult questions about automobile use and transportation. Lack of land for new parking lots and the desire to preserve air quality are but a few of the factors leading institutions toward a new vision based upon expanded transit access, better bicycle and pedestrian facilities, and incentives that encourage less driving. *Transportation and Sustainable Campus Communities* presents a comprehensive examination of techniques available to manage transportation in campus communities. Authors Will Toor and Spenser W. Havlick give readers the understanding they need to develop alternatives to single-occupancy vehicles, and sets forth a series of case studies that show how transportation demand management programs have worked in a variety of campus communities, ranging from small towns to large cities. The case studies in *Transportation and Sustainable Campus Communities* highlight what works and what doesn't, as well as describing the programmatic and financial aspects involved. No other book has surveyed the topic and produced viable options for reducing the parking, pollution, land use, and traffic problems that are created by an over-reliance on automobiles by students, faculty, and staff. *Transportation and Sustainable Campus Communities* is a unique source of information and ideas for anyone concerned with transportation planning and related issues.

The Unofficial Guide to Buying a Home Online Kathleen Sindell, 2000-04-03 The inside scoop... for when you want more than the official line! From real estate supersites to online financing sources, the Internet has made buying a home dramatically easier—or dramatically more complicated. The Unofficial Guide™ to Buying a Home Online is intensively inspected by The Unofficial Panel of Experts: Tamara and Robert Gordon, who are currently searching for a home online; Al Napier, a successful Realtor who pioneered the use of the Internet for buying a home online; Howard Savage, a U.S. Department of Commerce economist whose current work involves analysis of residential mortgage markets; and Timothy W. Thompson, a real estate developer and builder who has launched several online real estate sites. These specialists ensure that you are armed with the most up-to-date insider information on the subject of buying a home online and are told exactly what the Official establishment doesn't want you to know. Vital Information on tapping into the vast array of online home-buying resources available Insider Secrets on the pros and cons of FSBs, securing the lowest down payment, negotiating a great deal, and finding the most reasonable home inspection and insurance options Money-Saving Techniques on using the Internet to track down financing options and making the most of the tax benefits of home ownership Time-Saving Tips on improving your credit rating, calculating your maximum mortgage amount, and selecting a Realtor The Latest Trends in building your own home, finding financing online, and marketing and selling your home online Handy Checklists and Charts to help you determine your net worth, choose between renting and buying, prequalify for a mortgage, and more visit us on-line at www.idgbooks.com

Escaping the Nazis on the Kindertransport Emma Carlson Bernay, 2017-01-01 Tells the stories--in their own words--of several of the thousands of Jewish children rescued from Nazi Germany between 1938 and 1940 and brought to new homes in the United Kingdom. Memoir pieces, poems, photographs, and other primary sources bring their stories to life in digital format.

Sut Lovingood George Washington Harris, 2015-08-08 Excerpt from Sut Lovingood: Yarns Spun by a Nat'ral Born Durn'd Fool, Warped and Wove for Public Wear Then thar's sum hu haint much faith in thar repertashun standin much ove a strain they'll be powerful keerful how an' whar they reads my words. New, tu them I haint wun word tu say they hes been preached to, an' prayed fur, now ui ontu two thousand years an' I won't dart weeds whar thuty-two poun shot bounces back. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Bend Beer Jon Abernathy, 2014-10-21 With more breweries per capita than any other Oregon city, Bend is a beer mecca. Prior to Prohibition, the state had a burgeoning brewing industry and plenty of saloons to cater to the needs of the hardy frontiersmen who settled Central Oregon. The teetotaling '20s brought all that to a screeching halt. Fifty years later, the arrival of pioneers like Deschutes Brewery and Bend Brewing Company breathed new life into Bend's beer and brought about the booming industry for which the area is known today. Author and The Brew Site creator Jon Abernathy traces Bend and Central Oregon's hoppy history from early settlement to the present day, sharing the stories behind its most famous breweries and the communities that have fostered the industry.

Dreams Derrick Jensen, 2011-01-04 Jensen's furthest-reaching book yet, *Dreams* challenges the destructive nihilism of writers like Richard Dawkins and Sam Harris who believe that there is no reality outside what can be measured using the tools of science. He introduces the mythologies of ancient cultures and modern indigenous peoples as evidence of alternative ways of understanding reality, informed by thinkers such as American Indian writer Jack Forbes, theologian and American Indian rights activist Vine Deloria, Shaman Martin Prechtel, Dakota activist and scholar Waziyatawin, and Okanagan Indian writer Jeannette Armstrong. He draws on the wisdom of Dr. Paul Stamets, author of *Mycelium Running: How Mushrooms Can Help*

Save the World, sociologist Stanley Aronowitz, who discusses science's lack of accountability to the earth, and many more. As in his other books, Jensen draws heavily from his own life experience living alongside the frogs, redwoods, snails, birds and bears of the upper northwest, about which he writes with exquisite tenderness. Having taken on the daunting task of understanding one's dreams as a source of knowledge, Jensen achieves the near-impossible in this breathtakingly brave and ambitious new work.

The Silver Age of Comic Book Art Arlen Schumer, 2003 Details the achievements of an array of comics creators and the characters they created during the 1960s.

Icons of Latino America [2 volumes] Roger Bruns, 2008-08-30 Latinos have contributed a tremendous amount to American cultural heritage, injecting energy, a unique style, and piquant flavor. This set profiles the big names from this century and the last who represent the highest achievement in their field and who have inspired, led, educated, informed, and entertained us. A diverse representation from the world of sports, entertainment, education, music, journalism, literature, and labor is offered. Biographical essays engagingly tell the story behind the icon, with background including family and education, career trajectory and highlights, and contributions and circumstances that have led to icon status. Along with these famous figures, several essays on other types of Latino pop culture icons—iconic characters from cartoons and comics and film and even iconic Latino foods—are included. Entertaining side bars and classic photos complement the essays. Perfect for student reports and browsing, with more in-depth coverage than an encyclopedia entry but less than a full biography, there is something fascinating and informative here for everyone. Readers will find that a number of the icons profiled were influenced by other icons profiled or have an important connection to one another. For example, Tito Puente and Celia Cruz performed together for many years. Actress Jennifer Lopez portrayed the singer Selena in a biopic. Cesar Chavez and Dolores Huerta made the United Farm Workers union a reality. Furthermore, in telling the story of these icons, each essay relates so much of the historical and social issues of the times. Thus, together, these essays offer a good sense of recent Latino and Latin American history and progress. Icons include Desi Arnaz; Ruben Blades; Fabiola Cabeza de Baca; Cesar Chavez; Chiles, Tortillas, and the Mexican Food Explosion; Sandra Cisneros; Roberto Clemente; Celia Cruz; Placido Domingo; Jaime Escalante; Gordo, Speedy Gonzales, Dora the Explorer, Bongo, and La Cucaracha; Dolores Huerta; Jennifer Lopez; Rita Moreno; Edward James Olmos; Tito Puente; Ruben Salazar; Carlos Santana; Cristina Saralegui; Selena; Lee Trevino; Luis Valdez; Ritchie Valens; and Zorro.
