**Mary and Early Christian Women** Ally Kateusz, 2019-02-18 This book is open access under a CC BY-NC-ND license. This book reveals exciting early Christian evidence that Mary was remembered as a powerful role model for women leaders—women apostles, baptizers, and presiders at the ritual meal. Early Christian art portrays Mary and other women clergy serving as deacon, presbyter/priest, and bishop. In addition, the two oldest surviving artifacts to depict people at an altar table inside a real church depict women and men in a gender-parallel liturgy inside two of the most important churches in Christendom—Old Saint Peter's Basilica in Rome and the second Hagia Sophia in Constantinople. Dr. Kateusz's research brings to light centuries of censorship, both ancient and modern, and debunks the modern imagination that from the beginning only men were apostles and clergy.

**Rediscovering the Marys** Mary Ann Beavis, Ally Kateusz, 2020-01-23 This interdisciplinary volume of text and art offers new insights into various unsolved mysteries associated with Mary Magdalene, Mary of Bethany, Mary the Mother of Jesus, and Miriam the sister of Moses. Mariamic traditions are often interconnected, as seen in the portrayal of these women as community leaders, prophets, apostles and priests. These traditions also are often inter-religious, echoing themes back to Miriam in the Hebrew Bible as well as forward to Maryam in the Qur'an. The chapters explore questions such as: which biblical Mary did the author of the Gospel of Mary intend to portray—Magdalene, Mother, or neither? Why did some writers depict Mary of Nazareth as a priest? Were extracanonical scriptures featuring Mary more influential than the canonical gospels on the depiction of Maryam in the Qur'an? Contributors dig deep into literature, iconography, and archaeology to offer cutting edge research under three overarching topics. The first section examines the question of which Mary? and illustrates how some ancient authors (and contemporary scholars) may have conflated the biblical Marys. The second section focuses on Mary of Nazareth, and includes research related to the portrayal of Mary the Mother of Jesus as a Eucharistic priest. The final section, "Recovering Reception of Mary in Art, Archeology, and Literature," explores how artists and authors have engaged with one or more of the Marys, from the early Christian era through to medieval and modern times.

The Virgin Mary, Monotheism and Sacrifice Cleo McNelly Kearns, 2008 This 2008 book explores the Virgin Mary's role in monotheism, as shaped by gender and sacrifice.

*The Life of the Virgin*, 2012-05-29 Long overlooked by scholars, this seventh-century Life of the Virgin, attributed to Maximus the Confessor, is the earliest complete Marian biography. Originally written in Greek and now surviving only in Old Georgian, it is now translated for the first time into English. It is a work that holds profound significance for understanding the history of late ancient and medieval Christianity, providing a rich source for understanding the history of Christian piety. This Life is especially remarkable for its representation of Mary's prominent involvement in her son's ministry and her leadership of the early Christian community. In particular, it reveals highly developed devotion to Mary's compassionate suffering at the Crucifixion, anticipating by several centuries an influential medieval style of devotion known as affective piety whose origins generally have been confined to the Western High Middle Ages.

*Discipleship of Equals* Elisabeth Schüssler Fiorenza, 1993 Elisabeth Schuessler Fiorenza, well-known for her pioneering New Testament study *In Memory of Her*, was not only present at the creation of the feminist movement in theology and church, but was one of those women who gave it birth. 'Discipleship of equals', the title of this book, was her coinage, as was 'women-church' and ekklesia of women. However, this book is not a memoir or a biography; rather, it charts her feminist theological struggles. Collected within it are studies representing key issues in feminist theology and the feminist religious movement—milestones in the attempts of Christian feminists to reclaim their

spiritual authority, to define biblical religion and the Christian church, and to articulate a feminist religious vision of justice and liberation. As the author herself writes: 'More than ever before, the women's movements in society and religion need a critical feminist analysis of patriarchal religious structures and a critical feminist theological articulation of liberation. By tracing my own unfolding journey of vision and struggle and by relating it to the collective struggle of women in theology, I seek to intervene in the contest over who has the right and authority to claim biblical religion.'

*The Apocryphal Acts of the Apostles* François Bovon, Ann Graham Brock, Christopher R. Matthews, 1999 The scope of this collection, as it examines the transformation of the ancient world into Byzantine Christianity, demonstrates that the early Christian apocryphal literature is a vital source for historians of Christianity, for scholars of patristics and of the New Testament, and for those inquiring into such timeless issues as the structure of political authority, the role of women, religious experience, and the organization of social responsibility.--BOOK JACKET.

**Apocrypha Syriaca** Agnes Smith Lewis, 2012-02-23 A transcription of a Syriac manuscript including Christian and Islamic texts, translated by Agnes Lewis, first published in 1902.

**The Acts of Philip** François Bovon, Christopher R. Matthews, 2012 François Bovon and Christopher Matthews utilize manuscript evidence gathered within the last half-century to provide a new translation of the apocryphal Acts of Philip. Discovered by Bovon in 1974 at the Xenophontos monastery in Greece, the manuscript is widely known as one of the most unabridged copies of the Acts yet discovered. Bovon and Matthews' new translation incorporates this witness to the Greek text, which sheds new light on the history of earliest Christianity.

**A History of the Monks of Syria** Theodoret (Bishop of Cyrrhus.), 1985

Paperback edition is available from the Society of Biblical Literature ([www.sbl-site.org](http://www.sbl-site.org)).
