The Waterloo Roll Call Charles Dalton,1890

**Demetrius the Besieger** Pat Wheatley,Charlotte Dunn,2020-04-23 Demetrius the Besieger offers the first historical and historiographical biography of Demetrius Poliorcetes (336-282 BC) to be published in English. Also known as 'The Besieger of Cities', Demetrius is the most fascinating and high profile of the Successors to Alexander the Great, an outstanding, yet enigmatic figure famous for his siege warfare and his legendary womanising: this volume charts the many triumphs and disasters during his career and his pivotal role in the formation of the so-called 'Hellenistic' age.

**Dancing in My Nuddy-Pants** Louise Rennison,2009-10-06 Georgia thought she had put her red-bottomosity to rest when she finally chose Robbie the Sex God over Dave the Laugh. Anyway, Dave the Laugh is now dating her friend Ellen (which didn't stop Georgia from snogging him at a party...) But when Dave breaks up with Ellen and the Sex God is never around, Georgia doesn't know what to do! As always, in Georgia's life, nothing ever turns out as planned!

**Lexicon of Argead Makedonia** Waldemar Heckel,Johannes Heinrichs,Sabine Müller,Frances Pownall,2020-05-28 This is the first lexicon focusing exclusively on Argead Makedonia. Spanning from the mythical foundation of the realm to the death of the last Argead ruler, Alexander IV, 247 entries written by 44 international scholars provide information on central aspects of the politics, culture, society, and economy of Argead Makedonia, on the ancient evidence, and on scholarly issues. Argead Makedonia emerged in the 7th century BC. From the late 6th century to its rise to hegemony under Philip II in the 4th century BC, it formed part of Mediterranean history and crossed the paths of the Greek poleis, the Persian Empire, and neighbouring regions such as Thessaly, Illyria, and Thrace.

Eurydice and the Birth of Macedonian Power Elizabeth Donnelly Carney,2019 Eurydice (the wife of Amyntas III, the mother of Philip II, and grandmother of Alexander the Great) was the first royal Macedonian woman who played a role in the public life of ancient Macedonia. This study examines the nature of her role and the factors that contributed to its expansion.

**Alexander the Great** John Boardman,2021-06-15 Alexander's defeat of the Persian Empire in 331 BC captured the popular imagination, inspiring an endless series of stories and representations that emerged shortly after his death and continues today. An art historian and archaeologist, Boardman draws on his deep knowledge of Alexander and the ancient world to reflect on the most interesting and emblematic depictions of this towering historical figure.0Some of the stories in this book relate to historical events associated with Alexander's military career and some to the fantasy that has been woven around him, and Boardman relates each with his customary verve and erudition. From Alexander's biographers in ancient Greece to the illustrated Alexander Romances of the Middle Ages to operas, films, and even modern cartoons, this generously illustrated volume takes readers on a fascinating cultural journey as it delivers a perfect pairing of subject and author.

**Mrs. Fitzherbert and George IV** William Henry Wilkins,1906

**Obit Book of the English Benedictines from 1600 to 1912** Terence Benedict Snow,1913

**Panhellenes at Methone** Jenny Strauss Clay,Irad Malkin,Yannis Z. Tzifopoulos,2017-04-10 This volume discusses the multidimensional aspects of the unique, and so far unprecedented for Macedonia, 191 sherds from Methone in Pieria, dated to ca 700 BCE, which bear inscriptions, graffiti, and (trade)marks inscribed, incised, scratched and rarely painted. The 191 vessels were unearthed during excavations in ancient Methone in Pieria, the oldest colony of Greeks from Eretria in the north according to tradition. The Methone find is unique for two reasons. First, most of the pottery dates between 730 and 700 BCE, a period from which very few examples of Greek writing survives. And second, inscribed ceramics, scratched or painted, are extremely rare in Macedonia. This new evidence of inscribed pottery from Methone is invaluable for classical studies, and the papers of this volume contribute notably to current discussions about: the Greeks and the Greek language in Macedonia; the Greek colonization; the pottery trade and the early Greek transport amphoras; trade, the symposium, and other contexts for the development of writing; the ‘alphabets’ of Methone and the introduction of the alphabet in Greece; the dialect(s) of Methone in relation to the Greek dialects; early Greek writing, literacy, and literary beginnings.

**Then He Ate My Boy Entrancers** Louise Rennison,2009-10-06 Let the overseas snogfest begin! Georgia and Jas are off to Hamburger-a-gogo land! Georgia plans to track down Masimo, the Italian-American dreamboat, but after a long week in America, she only succeeds in learning importantish things -- like how to ride a bucking bronco. Will Georgia reel in the Italian dreamboat? Or is she destined to live forever all aloney on her owney?

*A Companion to Ancient Thrace* Julia Valeva,Emil Nankov,Denver Graninger,2020-01-29 A Companion to Ancient Thrace presents a series of essays that reveal the newly recognized complexity of the social and cultural phenomena of the peoples inhabiting the Balkan periphery of the Classical world. • Features a rich and detailed overview of Thracian history from the Early Iron Age to Late Antiquity • Includes contributions from leading scholars in the archaeology, art history, and general history of Thrace • Balances consideration of material evidence relating to Ancient Thrace with more traditional literary sources • Integrates a study of Thrace within a broad context that includes the cultures of the eastern Mediterranean, southwest Asia, and southeast Europe/Eurasia • Reflects the impact of new theoretical approaches to economy, ethnicity, and cross-cultural interaction and hybridity in Ancient Thrace

**A Literary and Biographical History, Or Bibliographical Dictionary of the English Catholics** Joseph Gillow,1885

**The Marshals of Alexander's Empire** Waldemar Heckel,2005-10-26 This book presents for the first time in English a detailed study of the closest friends and most trusted commanders of Alexander the Great - their career-progress, their rivalry with one another, and their influence on Alexander. The Marshals of Alexander's Empire is a blend of biography and prosopography that sheds light on some of the most dynamic individuals of the age of Alexander.

**Alexander the Great in the Early Christian Tradition** Christian Thruue Djurslev,2019-12-12 What has Alexander the Great to do with Jesus Christ? Or the legendary king's conquest of the Persian Empire (335–23 BCE) to do with the prophecies of the Old Testament? In many ways, the early Christian writings on Alexander and his legacy provide a lens through which it is possible to view the shaping of the literature and thought of the early church in the Greek East and the Latin West. This book articulates that fascinating discourse for the first time by focusing on the early Christian use of Alexander. Delving into an impressively deep pool of patristic literature written between

130–313 CE, Christian Thruë Djurslev offers original interpretations of various important authors, from the learned lawyer Tertullian to the 'Christian Cicero' Lactantius, and from the apologist Tatian to the first church historian Eusebius. He demonstrates that the early Christian adaptations of the Alexandrian myths created a new tradition that has continued to develop and expand ever since. This innovative work of reception studies is important reading for all scholars of Alexander the Great and early church history.

*Straight from the Heart* Jamgon Mipham,2014-04-22 Straight from the Heart brings together an inspiring collection of Buddhist teachings, songs of realization, meditation instructions, and enlightened poetry—all chosen for their power to speak directly to the student. Drawn from Indian Mahayana and Vajrayana Buddhism as well as from all four schools of Tibetan Buddhism, some will impress with their beautiful poetry and powerful imagery, others with their profound power of instruction. Still others share personal advice for life that seems to come directly from the mouth of the author, and some serve as immediate and profound practice instructions. Several are just delightfully unconventional, even outrageous, letting in fresh air on petrified views or musty traditions. Most of them are simply unknown precious gems, which deserve a wider audience. Each of the works is preceded by a brief introduction and a short biography of its author. Many of these are legendary accounts of supernatural feats, edifying examples for students on the same spiritual path meant to expand their limited outlook with “mind-blowing” stories. Miraculous deeds, magnificent songs, and pithy instructions distinguish this collection assembled by the Buddhist scholar and translator Karl Brunnhölzl, whose years of work among dharma texts and his skill as a translator yield a rich mine of teachings all chosen for their ability to speak directly to the heart.
