Birder's Conservation Handbook Jeffrey V. Wells,2010-04-18 Until now there has been no single, comprehensive resource on the status of North America's most threatened birds and what people can do to help protect them. Birder's Conservation Handbook is the only book of its kind, written specifically to help birders and researchers understand the threats while providing actions to protect birds and their habitats. Jeffrey Wells has distilled vast amounts of essential information into a single easy-to-use volume-required reading for anyone who loves birds and wants to ensure they are protected. At-a-glance species accounts cover in detail North America's one hundred most at-risk birds; each account is beautifully illustrated by today's top bird artists. The text includes status, distribution, ecology, threats, conservation actions and needs, and references. A distribution map accompanies each entry. Chapters discuss birds as indicators of environmental health, the state of North American bird populations, major conservation issues, and initiatives now underway to improve the health of North America's birds. Birder's Conservation Handbook is an indispensable resource for birdwatchers, researchers, naturalists, and conservationists. Reading it will inspire you to become an active steward of our birds and the habitats we share. A comprehensive guide to North America's one hundred most at-risk birds and how to protect them Compact and easy to use, with beautiful illustrations and data organized for convenient, at-a-glance reference Detailed species accounts, including distribution maps Practical advice on conservation Information on leading conservation agencies and resources

The American History Highway: A Guide to Internet Resources on U.S., Canadian, and Latin American History Dennis A. Trinkle,2020-10-28 This brand new addition to the acclaimed History Highway series is essential for anyone conducting historical research on North, Central, or South America. Complete with a CD with live links to sites, it directs users to the best and broadest, most current information on U.S., Canadian, and Latin American history available on the Internet. The American History Highway: provides detailed, easy-to-use information on more than 1,700 websites; covers all periods of U.S., Canadian, and Latin American History; features new coverage of Hispanic American and Asian American History; includes chapters on environmental history, immigration history, and document collections; all site information is current and up-to-date; includes a CD of the entire contents with live links to sites - just install the disc, go online, and link directly to the sites; and, also provides a practical introduction to web-based research for students and history buffs of all ages.

Ethics and Intersex Sharon E. Sytsma,2006-06-07 This collection of 21 articles is designed to serve as a state-of-the art reference book for intersexuals, their parents, health care professionals, ethics committee members, and anyone interested in problems associated with intersexuality. It fills an important need because of its uniqueness as an interdisciplinary effort, bringing together not just urologists and endocrinologists, but gynecologists, psychiatrists, psychologists, lawyers, theologians, gender theorists, medical historians, and philosophers. Most contributors are well-known experts on intersexuality in their respective fields. The book is also unique in that it is also an international effort, including authors from England, the Netherlands, Germany, Australia, India, Canada and the United States. The book begins with introductory chapters on the etiology of intersex conditions, conceptual clarification, legal issues, and reflections about the inherent characteristics of medical care that have led up to the issues we face today and explain the resistance to change in traditional practices. Researchers provide recent data on gender identity, surgical outcomes, and appropriate clinical care. Issues never having been addressed are introduced. The significance of intersexuality for Christianity and for philosophical concerns with authenticity add further depth to the collection. The final chapters deal with future possibilities in the treatment of intersex and for intersex advocacy.

The Rough Guide to Guatemala Iain Stewart,Mark Whatmore,2002 Detailed wilderness treks, volcano climbs, and tours of the Mayan ruins are profiled in this lively guide of Guatemala. 38 maps. 24-page full-color section.

The History Highway 3.0 Dennis A. Trinkle,Scott A. Merriman,2002 Now including a CD-ROM, this redesigned and thoroughly updated edition of The History Highway guides users to the astonishing amount of historical information available on the Internet. It features more entries on non-U.S. history than ever before, and the CD-ROM contains the entire contents as PDF files with live links, so that users can put the disk into their computers, go on line, and click directly to the sites. A special feature, Editor's Choice, indicates superior destinations for researchers. In addition to the complete new edition, three specialized versions are also available offering specific coverage of just those sites that apply to world history, U.S. history, or European history, along with basic information about Internet research that is included with all four versions. Covering hundreds of sites and designed for ease of use and maximum flexibility, The History Highway 3.0 is an indispensable tool for historical research in the twenty first-century, no matter what the area or level of interest.

Allegiance to Liberty Barry J. Balleck,2014-11-25 This provocative volume explores how and why the word patriot has been appropriated by those who fight against the U.S. government—sometimes advocating violence in support of their goals. Today, as in the past, some patriot groups in America long for a return to traditional values and believe it is their duty to stop an intrusive government from whittling away at the freedoms that define the United States. This book looks at the origins and current activities of such groups through an exploration of the dual nature of the patriot in American mythos—the unquestioning lover of the country and its policies versus the man or woman who places the founding principle of limited government above all else. Focusing on contemporary patriot groups and their impact on U.S. society, the work offers insights into factors that have contributed to the rise of such groups in the past that are again manifesting themselves. It explores the groups' motivations and justifications and shows how these groups use the emotionally powerful sentiment of patriotism to agitate for change and promote political violence. Perhaps most significant for readers is a discussion of the beliefs that divide the American public today as reflected in the ideologies of patriot groups—and what this means for the future.

The Oxford Dictionary of American Art & Artists Ann Lee Morgan,2018-10-04 This new edition of The Oxford Dictionary of American Art and Artists has been fully revised and updated as well as including dozens of new entries offering an insightful and informative view of America's artistic heritage. An indispensable biographical and critical guide to American art from colonial times to contemporary postmodernism, this valuable resource provides readers with a wealth of factual detail and perceptive analysis of America's leading artists. This new edition has been updated to include a number of entries on prevailing topics such as body art, light and space, Indian-American art, scatter art, and transactional art, and features many new or greatly expanded biographical entries on artists such as Ida Applebroog, Guerilla Girls, Peter Hujar and Shirin Neshat. Morgan offers readers a wealth of authoritative information as well as well-informed analysis and criticism of artists and their work. Filled with fascinating historical background and penetrating insight, The Oxford Dictionary of American Art and Artists is an essential resource for art lovers everywhere.

Organised Crime and Vulnerability of Economic Sectors Tom Beken,2005 The influence of organised crime on business activities, enterprises and economic sectors is a matter of concern for many policy makers across the world. As a profit driven criminal activity, organised crime operates in an environment which is not limited to the underworld economy alone. Assessments of the threat posed by organised crime and strategic (preventive) actions to tackle this phenomenon require an understanding of the vulnerable spots in the legal economy that are or might be exploited by crime. This book proposes a new methodology to scan economic sectors on their vulnerability to organised crime and provides vulnerability profiles of the transport and the music sector in Europe to which the method has been tested in a case-study. The developed methodological tool and the vulnerability profiles of both sectors are intended as a guide for actions and initiatives to be taken by governments, law enforcement bodies or economic sectors.

A LoveDriven Life Rick Hathaway,2009-05 Rick Hathaway's second book, The Love-Driven Life: Cody, Me, and God, explores the forgotten aspects of the Christian life and the possibilities of love through the loving and devoted relationship of his dog, Cody. In four different sections-heart, soul, mind, and strength-Hathaway, through vibrant stories and relevant advice, delves into the pangs and wrinkles of life that trouble Christians most-rage, distress, anxiety, et al.-and how to overcome through the power of love. Rick believes that love is missional, and the missing link to 'church' and 'religion.' Buried under the emotion of pain and loss, many find it hard to love again, and rattled by the uneasy questions of life's tragic moments, some stray from love's source. So if too many sad goodbyes have bruised your heart, or if too many loveless acts have come your way, take a fresh look at love. Take a look at 'A Love Driven Life.' The Love-Driven Life: Cody, Me, and God sorts through the sorrows and fears of life and provides applicable advice, discussion, and review questions-perfect for group

studies and small groups.

The History Highway Dennis A. Trinkle, Dorothy Auchter, Scott A. Merriman, Todd E. Larson, 2016-12-05 Save yourself and your students hours of research time. Now extensively revised and expanded, The History Highway is widely recognized as the one essential tool for students, teachers and researchers seeking a reliable guide to history sites on the web. The History Highway offers the broadest, most current coverage of the astonishing amount of historical information available on the Internet: provides detailed, easy-to-use, and up-to-date information on more than 3000 web sites; covers U.S. and World history and all sub-fields; features ten new chapters, with coverage of futurism, environmental history, immigration history, and Mediterranean and Middle Eastern history; all sites have been thoroughly checked by specialists in the relevant field of history; the best sites in each field are clearly identified; hard cover and paperback editions include a CD of the entire contents with live links to sites; and e-book version with live links to sites is in preparation.

The Lives Around Us Dan Papworth, 2016-06-24 The Lives Around Us is a series of short meditations for individuals or groups. It can serve as a Lent book or at any time of the year. Its purpose is to tap into the present public interest in nature connection and encourage this to be formed in concert with Bible reading and regular (daily or weekly) prayer. Each chapter begins with descriptive reflection on a specific creature (animal, plant, fungus, mineral) followed by one or two thoughts about what we can do for them practically. There is a Bible reading and then a section that encourages prayer and sometimes a prayerful activity.

Samuel Adams Ira Stoll, 2008-11-04 A biography of one of the most influential patriots during the Revolutionary War.

Fur, Fortune, and Empire: The Epic History of the Fur Trade in America Eric Jay Dolin, 2011-07-05 A Seattle Times selection for one of Best Non-Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P. Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award, Book Division, First Place A compelling and well-annotated tale of greed, slaughter and geopolitics. —Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name, he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient. What became immediately apparent, however, from the Indians clad in deer skins and good furs was that Hudson had discovered something just as tantalizing. The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent, teeming with untapped natural resources. The result was the creation of an American fur trade, which fostered economic rivalries and fueled wars among the European powers, and later between the United States and Great Britain, as North America became a battleground for colonization and imperial aspirations. In *Fur, Fortune, and Empire*, best-selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old, when the rallying cry was get the furs while they last. Beavers, sea otters, and buffalos were slaughtered, used for their precious pelts that were tailored into extravagant hats, coats, and sleigh blankets. To read *Fur, Fortune, and Empire* then is to understand how North America was explored, exploited, and settled, while its native Indians were alternately enriched and exploited by the trade. As Dolin demonstrates, fur, both an economic elixir and an agent of destruction, became inextricably linked to many key events in American history, including the French and Indian War, the American Revolution, and the War of 1812, as well as to the relentless pull of Manifest Destiny and the opening of the West. This work provides an international cast beyond the scope of any Hollywood epic, including Thomas Morton, the rabble-rouser who infuriated the Pilgrims by trading guns with the Indians; British explorer Captain James Cook, whose discovery in the Pacific Northwest helped launch America's China trade; Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi; America's first multimillionaire John Jacob Astor, who built a fortune on a foundation of fur; and intrepid mountain men such as Kit Carson and Jedediah Smith, who sliced their way through an awe inspiring and unforgiving landscape, leaving behind a mythic legacy still resonates today. Concluding with the virtual extinction of the buffalo in the late 1800s, *Fur, Fortune, and Empire* is an epic history that brings to vivid life three hundred years of the American experience, conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today.

Gulf 917 Jay Gillotti, 2018-10-19

Perspectives on the Canadian Way of War Bernd Horn, 2006-04-01 Contrary to popular opinion, this nation has always consciously and consistently utilized military force to further its security, as well as its economic and political well-being. Despite the best of intentions to aid others, the reality is that military force has most often been used to serve the national interest in ways that were not always altruistic but rather to serve practical political purpose. In the final analysis, the Canadian military experience has been integral to creating the advanced, affluent, and vibrant nation that exists today. This collection of essays, written by such noted historians and authors as Douglas Delaney, Stephen J. Harris, Ronald Haycock, Michael Hennessy, Bernd Horn, and Sean Maloney, spans the entirety of the Canadian military experience and underlines the reality that the government has consistently used its armed forces to achieve political purpose. More often than not, the Canadian way of war has been a direct reflection of circumstance and political will.

The World History Highway: A Guide to Internet Resources Dennis A. Trinkle, Scott A. Merriman, 2017-07-28 Complete with a CD-ROM, this specialized edition of The History Highway 3.0 guides users to the incredible amount of information on world history available on the Internet like no other resource. It covers thousands of sites, and the CD-ROM features the entire contents as PDF files with live links, so that users can put the disk into their computers, go online, and click directly to the sites. In addition, the best sites for researchers of all types are highlighted as Editor's Choice, and there is also helpful information about using the Internet and evaluating information in an online environment.

The U.S. History Highway Dennis A. Trinkle, Scott A. Merriman, 2002 Complete with a CD-ROM, this specialized edition of The History Highway 3.0 guides users to the incredible amount of information on U.S. history available on the Internet like no other resource. It covers hundreds of sites, and the CD-ROM features the entire contents as PDF files with live links, so that users can put the disk into their computers, go online, and click directly to the sites. In addition, the best sites for researchers of all types are highlighted as Editor's Choice, and there is also helpful information on using the Internet and evaluating information in an online environment.

Decolonizing International Relations Branwen Gruffydd Jones, 2006 The discipline of International Relations (IR) is concerned with the powerful states and actors in the global political economy and dominated by North American and European scholars. This book exposes the ways in which IR has consistently ignored questions of colonialism, imperialism, race, slavery, and dispossession in the non-European world.

China and the Founding of the United States Dave Xueliang Wang, 2021-10-25 This book examines the influence of China on the founding of the United States. The author analyzes how the Founding Fathers recognized China's distinct approaches to agriculture, architecture, and philosophy and drew from them as they sought to establish a political identity and heritage for the United States.

John Jay Stuart A. Kallen, 2001 Describes the life and political career of the first Chief Justice of the Supreme Court.
