

Joeleen.htm

Shelby Hearon

Owning Jolene Shelby Hearon, 2011-11-09 From the time she was seven, Jolene Temple has been a pawn between her feuding parents, each of whom has become practiced in kidnapping her from the other. She has been left emotionally suspended between two philosophies of life: that of her stolid, conventional father, always saving for a rainy day, and of her recklessly adventurous mother, always saying she enjoyed a little shower. Having adopted a different disguise each time her mother stole her away, at 19 Jolene is still unsure of her real identity; she is at ease only in acting a role. When she meets bland L. W. Dawson, she thinks he holds the answers to her quest to be normal. Meanwhile, however, she has been posing for, and has become the mistress of, middle-aged, twice-divorced artist Henry Wozencrantz, who has much to teach her about facing life without running away. Set in present-day Texas of oil-bust hard times (the whole state is claiming Chapter Eleven), the novel delivers wickedly funny, incisive social commentary as well as vivid, quirky characters as outsized as the Lone Star State.

The Adventures of Jolene Jolene Sickelmore, 2014-09-07

Police Intelligence Wayne L. Davis, Paul J. Leslie, Ashley B. Davis, 2023-03-30 Police Intelligence: Totality of Circumstances is an essential resource and is designed for any individual who may encounter the field of criminal justice, whether the person is a police chief who oversees the department's standard operating procedures, a police officer who enforces the law, a civilian who is expected to follow the law, a lawyer who may challenge an action in court, or a judge who will interpret the law. This book, in part, applies math and logic to laws and policies to objectively assess them. Laws and policies are written as English logical statements. English logical statements can be converted into mathematical logical statements, which can be objectively assessed via Boolean algebra. Specifically, truth tables, Venn diagrams, flowcharts, logic gates, and logic circuits can all be used to assess laws, policies, and proper police actions. For example, mathematically it is not a glass, blue, marble means almost the exact opposite of it is not glass, not blue, and not marble. In addition, one must consider existential and universal quantifiers, conditional statements, and subsets to correctly interpret laws and policies. Thus, it is important for individuals to understand how to mathematically assess English logical statements (e.g., the law) because if they do not, opponents in court may do it for them. This book is important because collecting and understanding information and effectively communicating are vital skills in law enforcement. It discusses different reference points for assessing good behavior, different lenses of truth, limitations of information, and assumptions. Furthermore, it examines a variety of ways to collect and assess information, which include interrogation techniques, interviewing techniques, an interrogatory and a deposition, ciphering and deciphering messages, body language, handwriting analysis, job interview questions, and crime scene search patterns. The chapters present a methodological reasoning process that is sorely lacking among police agencies— and one that is essential for developing critical thinking skills and carrying out orders within legal confines. Police Intelligence: Totality of Circumstances is an indispensable resource for helping students and officers to collect and assess information. Whether it is verbal or nonverbal information, ciphered messages, or using different bases for numeric communication, individuals in criminal justice should learn to think outside the box to collect and understand available information.

Qualitative Research: Wayne L. Davis, 2016-03-25 This book is written for college students and focuses on qualitative research. Reading about a problem may be good (a literature review), but learning how to investigate the problem yourself is better. Research is a systematic process of collecting, analyzing, and interpreting information in order to better understand the subject of study. All research involves theory, data collection, and attempts to solve a problem by answering a question. A quantitative research study indicates how variables are numerically related and may be used to determine the method of operandi and to make predictions based on confidence levels; however, a qualitative study indicates why variables are related and may be used to determine motives. In either case, by manipulating the independent variables, the dependent variables may be effectively

managed. This book presents information on qualitative research and provides a comprehensive qualitative research study.

INTERVIEWING, INTERROGATION & COMMUNICATION for LAW ENFORCEMENT Davis, Leslie, Davis, 2014-09-19 This book provides an overview of effectively collecting, understanding, and presenting information. First, this book examines various situations via math, grammar, and logic. It is important for officers to apply math and English to the law so that they may be able to effectively articulate their actions in court. For example, laws and police actions can be evaluated via truth tables and Venn Diagrams. Second, this book discusses interrogation techniques and body language. Manipulating a suspect and collecting the right information in a legal and effective manner is a part of police work. Third, this book presents a deposition. The defense lawyer may ask certain questions in order to discredit the officer or to undermine the officer's report. Police officers should ask themselves the purpose of each question that is being asked during a deposition. Fourth, this book presents some resume information and typical job interview questions for potential police officers. Knowing what kinds of questions will be asked during an interview and effectively communicating to potential employers is essential. Fifth, this book discusses code information and handwriting comparisons. Code information may be important in a prison environment and handwriting comparisons allows for a totality of circumstance exercise. Sixth, this book discusses assumptions and limitation associated with information. Magic is a useful tool to demonstrate how flawed assumptions may lead to inaccurate conclusions. Seventh, this book provides a table that can be used to generate impromptu speeches. Various words can be randomly selected and the reader can use the words to create a short story. Eighth, this book discusses how to handle situations that deal with special situations and individuals who have disabilities. Finally, this book discusses various search techniques for evidence collection.

Jolene's Last Gasp Roberto Haro, 2007-09-07

Starring Jolene... Helena Pielichaty, 2007 Jolene is turn runaway who's trying to do a good turn (just make sure she doesn't turn on you).

Jolene B. Perry Drafts and Notes Jolene Betty Perry, 2010 Contains drafts and notes from books written by Perry, including Left to Love, and My Forever. Materials date from between 2010 and 2012.

1993 The Year of "The Flea" Jolene Dennis Martin, 2014-09-09 We had a nice family, a nice new home, we were not wealthy. We did have good jobs, worked hard for what we did have. We were just a normal quiet family. We were not rich or famous, or anything noticeable that would warrant our nine year old to be kidnapped from our home, on a hot summer night back in 1993. So why did something so terrifying happen to us? What did we ever do to deserve it? This is part of my journals, that tell my story in my words. This story is how we coped, or not coped with something so horrifying that it changed our lives forever. This is my story good or bad, of what happened, the stress, the agony, the guilt of not being able to protect our children, of determination to set things right. We were a strong family that people said the odds were against us that we would survive. We did survive, and we came through it stronger than anyone expected. This story needed to be told to help other families know that there is help out there, where one never expected. That courage and all the positive things, someone never thought they had overcome all that was so very bad.

Homecoming Jolene Prewit-Parker, 1990

Jolene Mercedes Lackey, 2021-10-19 Learning elemental magic from her witch aunt after her Tennessee coal miner father's black-lung death, Anna May falls in love with a stonemason who abandons his work as a gravestone cutter to pursue true art.

Foxmask Juliet Marillier, 2007-04-01 Foxmask is the second book of a fantasy duet from Juliet Marillier, weaving history and folklore into a saga of adventure, romance, and magic. The Norseman Eyvind, a fierce and loyal Wolfskin, came to a new land on top of the world to find his destiny. With his priestess bride Nessa he saved the land and weathered the treachery that was caused by Eyvind's blood-sworn friend Somerled. After much pain and sorrow the two lovers have managed to create a society where the Norse warriors and the gentle folks of the Orkney Isles live and thrive in

contentment at last. A decade and more has passed since the devastating events of the creation of the settlement and Eyvind and Nessa have watched their children grow and thrive in peace. But not all on the islands are content or at peace. Thorvald, the young son of Margaret, widow of the slain king and Eyvind's war leader, has always felt apart and at odds with all he knows. He learns upon his coming to manhood that he is not his father's son but that of the love that Margaret bore for the hated Somerled and that Somerled was not killed for his treachery but sent on a boat, adrift with little more than a knife and skein of water, doomed to the god's will. Thorvald is determined to find a boat and cast off to the West in a desperate bid to find a father he never knew...and to find out if he is made of the same stuff as the heinous traitor. The tragedy of this scheme would be horrific enough...if it were not for the fact that Creidhe, the winsome daughter of Eyvind and Nessa has loved Thorvald since birth and unbeknownst to him conspires to go along on this most perilous of quests. What happens to them on their journey of discovery will ultimately change the lives of all they know and love...and will doom (or redeem) an entire people. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Twice a Prince Sherwood Smith, 2009 Sasha's prince is wicked, Sun's is missing-they take up the sword, L.A. style! Sasharia En Garde Book 2 In the magical world of Khanerenth, there's a long way to go before Sasha and her dream prince, Jehan, can get to perfect. Jehan's deception has left her unable to trust him, and grimly determined to search for her missing father. Jehan only wants to protect Sasha from the dangerous undercover mission he's undertaken to heal the broken kingdom, but he knows she can't afford to listen to him-not when he's the one living a lie. Enemies, allies-and temptation-make the ballroom floor as dangerous as pirate raids. In a world where love is danger and honor is difficult to define, the crown is not the only thing on the line for a wicked prince and a princess with a core of steel. There's a royal price for love.

The Hospital for Sick Children Handbook of Pediatrics Anne I. Dipchand, Anne Dipchand, Jeremy Friedman, Zia Bismilla, Sumit Gupta, Catherine Lam, 2009 information. --Book Jacket.

Skin Decontamination Hanjiang Zhu, Howard I. Maibach, 2019-09-26 The skin is the first line of defense against chemical warfare agents including nerve agents and toxic industrial chemicals, providing a possible barrier or delay to systemic distribution. However, some chemicals act directly on the skin including vesicants sulfur mustard and corrosive compounds such as strong acids or bases, and do not have to gain access to systemic circulation to cause extensive skin damage. Early and rapid skin decontamination is extremely important following exposure to chemical warfare agents and toxic industrial chemicals because it decreases serious skin damage to the patient and, potentially, their doctor. This multi-authored international text pulls together a century of decontamination research and helps the reader expedite solutions that will decrease morbidity and mortality. Complete with dozens of high quality photographs and illustrations, Skin Decontamination aids industrial hygiene, dermatology, occupational physicians and those involved in the public health arena.

Empires of Trust Thomas F. Madden, 2008 MADDEN/EMPIRES OF TRUST

Godwired Rachel Wagner, 2012-03-12 Godwired offers an engaging exploration of religious practice in the digital age. It considers how virtual experiences, like stories, games and rituals, are forms of world-building or cosmos construction that serve as a means of making sense of our own world. Such creative and interactive activity is, arguably, patently religious. This book examines: the nature of sacred space in virtual contexts technology as a vehicle for sacred texts who we are when we go online what rituals have in common with games and how they work online what happens to community when people worship online how religious worlds and virtual worlds nurture similar desires. Rachel Wagner suggests that whilst our engagement with virtual reality can be viewed as a form of religious activity, today's virtual religion marks a radical departure from traditional religious practice - it is ephemeral, transient, rapid, disposable, hyper-individualized, hybrid, and in an ongoing state of flux.

Penric's Labors Lois McMaster Bujold, 2022-11-01 THREE PENRIC AND DESDEMONA NOVELLAS IN THE WORLD OF THE FIVE GODS BY GRANDMASTER LOIS McMASTER BUJOLD. INCLUDES "MASQUERADE IN LODI," "THE ORPHANS OF RASPAY," AND "THE PHYSICIANS OF VILNOC." Penric and Desdemona are back in three novellas from Grand Master Lois McMaster Bujold. Masquerade in Lodi: Bastard's Eve is a night of celebration for most residents in the canal city of Lodi—but not for sorcerer Learned Penric and his Temple demon Desdemona, who find themselves caught up in the affairs of a shiplost madman, a dangerous ascendant demon, and a very unexpected saint of the fifth god. The Orphans of Raspay: When the ship in which they are traveling is captured by Carpagamon island raiders, Temple sorcerer Penric and his resident demon Desdemona find their life complicated by two young orphans, Lencia and Seuka Corva, who are far from home and searching for their missing father. Pen and Des will need all their combined talents of mind and magic to unravel the mysteries of the sisters and escape from the pirate stronghold. The Physicians of Vilnoc: When a mysterious plague breaks out in the army fort guarding Vilnoc, the port capital of the duchy of Orbas, Temple sorcerer Penric and his demon Desdemona are called upon by General Arisaydia to resurrect Penric's medical skills and solve its lethal riddle. In the grueling days that follow, Pen will find that even his magic is not enough to meet the challenges without help from dedicated new colleagues—and the god of mischance. Includes a new introduction, outroduction, and suggested reading order by Lois McMaster Bujold. About Penric's Demon: "A novella filled with a satisfying blend of strong characters and wry humor."—Publishers Weekly About Lois McMaster Bujold: "The pace is breathless, the characterization thoughtful and emotionally powerful, and the author's narrative technique and command of language compelling. Highly recommended."—Booklist "If you love solid space opera rooted in strong character, you can't go wrong . . . The Warrior's Apprentice already displays the craft and the heart which would soon make Lois McMaster Bujold one of the most feted talents in SF."—SF Reviews "Bujold is adept at worldbuilding and provides a witty, character-centered plot, full of exquisite grace notes . . . fans will be thoroughly gripped and likely to finish the book in a single sitting."—Publishers Weekly on Diplomatic Immunity

Swords of Dragonfire Ed Greenwood, 2008 The second title in an exciting new trilogy by bestselling author Greenwood is a fast-paced sword-and-sorcery adventure in which Florin and his friends find themselves the pawns of both dark and noble forces in a battle for power. Original.

Hell to Pay Barbara Olson, 2013-02-05 In *Accomplice*, Olson separates fact from fiction and shows us Hillary's often disturbing complicity in her husband's affairs.
