History of the Gatling Gun Detachment, Fifth Army Corps, at Santiago John H. Parker,2019-12-06 History of the Gatling Gun Detachment, Fifth Army Corps, at Santiago: With a Few Unvarnished Truths Concerning that Expedition by John H. Parker Brigadier General John Henry Parker aka Gatling Gun Parker was a brigadier general in the United States Army. He is best known for his role as the commander of the Gatling Gun Detachment of the U.S. Army's Fifth Army Corps in Cuba during the Santiago campaign in the Spanish-American War. As such, he was the premier expert to write a book about his experiences during the campaign.

Klondike Playboy John Boden,2010-06-30 This is not a book by an experienced author nor will it be on a list of great literature, but you will laugh out loud while enjoying the tales of a great story teller. Live with John as he moves from boy to man, learning to accept responsibility for himself and others as he meets and exceeds his own expectations.

The Colored Boys John Hunter Parker,2017-03-08 The Colored Boys is Top Gun II with all the thrills, dangers, and aerial exploits of the first, only better. This is the story of aviators who fly F-14 Tomcats, amazing, complex, and phenomenal machines possessing technology that was light-years ahead of their time. Two black men from very different backgrounds believe that they can break into the demanding world of naval tactical aviation and learn to fly, operate, and master these machines and the technology they possess. While young and naive, these men are also amazingly confident, determined, and driven type-A personalities who take on the challenges that their chosen profession and dynamic careers demand. Told through their eyes, their personalities, and their experiences, we follow them as they evolve from terrified aviation officer candidates to commissioned officers into seasoned aviators. The Colored Boys follows them from their induction in Naval Officer Candidates School, through the myriad of challenges, terror, and joys of flight school, the demands of the replacement air group, and then to the demands of squadron life in the fleet. They train, develop, teach, and grow, and then they are thrust into the life-and-death struggles of war in the Persian Gulf. There, they enter combat and must fight for their survival in a war that tests their mettle as human beings, as aviators, and as men. The Colored Boys is also about the navythe real navy, a beloved but highly traditionalized institution that must grapple with the integration of these men into its culture, into its strict caste system of officers, persons commissioned and positioned to command sailors, and the men and women they command and serve who sometimes unconsciously, sometimes quite consciously, resist change and have deeply ingrained revulsion, prejudices, and aversion to black men that they sometimes don't even recognize or believe exists within themselves. This is the story of how these two men face, tackle, and overcome the invisible and mostly covert but highly prevalent racism and still excel in the already highly demanding world of naval aviation. This is the story of

these phenomenal flying machines, the amazing men who fly them, and the demanding missions that they perform daily as they serve this nation as members of the United States Navy. Two African American men who fight to prove to others, to the navy, and ultimately to themselves that they do indeed belong, that they can hack it, that they too have the right stuff. They are many things to many people but ultimately they prove that they are not merely black men, not just commissioned officers, and not just Americans. They are naval aviators.

The Secrets of Hawk'S Rise John Dorman,2018-08-25 In those last twenty years preceding the War Between the States, life in Southern Georgia was slow and gentle, seemingly caught up in an age of assumed innocence and preferred

isolation. With only a smattering of the gentility of the South to grace its society, it would be readily evident to any visitor that Carsons Cove was not on par with one of the more metropolitan areas like Savannah or Atlanta. It might well have been considered rather basic by some standards. But neither was it such a place where one would expect to discover dark, elaborate, and deadly secrets hidden, smoldering just beneath the surface, secrets interlaced into the network and the fiber of the community so that tragedy and titillation had almost equal impact. In such a close-knit setting, the casual visitor would hardly suspect the level of hurt and the depth of deception that were part and parcel of the very fabric of day-to-day living.
