Edith Stein and Regina Jonas Emily Leah Silverman, 2014-09-03 This groundbreaking book examines the lives of two extraordinary, religious women. Both Edith Stein and Regina Jonas were German Jewish women who demonstrated 'deviant' religious desires as they pursued their spiritual paths to serve their communities during the Holocaust. Both were religious visionaries viewed as iconoclasts in their own times. Stein, the first woman to receive a doctorate in philosophy from Husserl, the founder of phenomenology, claimed her Jewish identity while she was still a cloistered Carmelite nun. Jonas, the first woman rabbi in Jewish history, served as a rabbi in Berlin and Theresienstadt concentration camp. A study of a contemplative and a rabbi, the book ranges across many spiritual and theological questions, not least it offers a remarkable exploration of the theology of spiritual resistance. For Stein, this meant redemption and the transmutation of suffering on the cross; for Jonas, acts of compassion bring the face of God into our presence.

Jonah Through the Centuries Lena-Sofia Tiemeyer, 2021-08-27 *Jonah Through the Centuries* is a systematic examination of the reception history of the book of Jonah, long-recognized for its numerous theological implications and diverse interpretations. The first book of its kind written in English, this singular volume provides a lucid and coherent commentary on the most influential re-readings of Jonah in Jewish, Christian, Muslim, and secular traditions. Author Lena-Sofia Tiemeyer progresses slowly through the book of Jonah verse-by-verse—even word-by-word through key verses such as Jonah 1:1 and 2:1—to offer readers deep insight into the many and multifaceted interpretations of Jonah from early Jewish readings to modern literary retellings. Structured thematically rather than strictly chronologically, the text begins with the earliest interpretation and follows its trendline all the way through to modern times before turning to the next-oldest interpretation. The commentary covers a broad range of retellings in many languages and in various media including commentaries, sermons, prose, poetry, theatrical drama, art, and music, and analyses interpretations of both often-cited and lesser-known verses from the book of Jonah, interacting with an international range of literary retellings of the book of Jonah, offered in English translation. Throughout the text, the author demonstrates how all these retellings ultimately originate within the biblical text itself and highlights how many of the interpretations are fuelled and influenced by the interpreter's religious background, cultural assumptions, and their preconceived notions of what the text should say. *Jonah through the Centuries* is an invaluable resource for educated clergy, undergraduate and graduate students in both seminaries and universities, scholars and academics, and general readers with interest in the reception of biblical texts in literature, art, and music.

**Impact** Matthew John Doeden, 2015-08-01 Four airplanes crashed; thousands of people died; and millions more wept. The impact of the terrorist attacks of September 11, 2001, sent shock waves around the world. Perfect for Common Core studies of narrative nonfiction and exploring multiple accounts of an event.

World Myth or History? J.G. Cheock, 2017-10-02 World myth deciphered and organized into a coherent story of our past. It is almost impossible to read world mythology without noticing common threads and patterns that seem to paint a bigger picture. A story told by our ancient ancestors for future generations to remember and learn. What if the eyewitnesses to past events were taken seriously? What if we listen to their stories with unbiased ears, free of assumptions? What if their stories were backed up by scientific discoveries? What if the myths can explain the mysteries?

**America Is Under Attack** Don Brown, 2011-08-16 One of School Library Journal's Best Nonfiction Books of 2011 One of Horn Book's Best Nonfiction Books of 2011 On the ten year anniversary of the September 11 tragedy, a straightforward and sensitive book for a generation of readers too young to remember that terrible day. The events of September 11, 2001 changed the world forever. In the fourth installment of the Actual Times series, Don Brown narrates the events of the day in a way that is both accessible and understandable for young readers. Straightforward and honest, this account moves chronologically through the morning, from the terrorist plane hijackings to the crashes at the World Trade Center, the Pentagon, and Pennsylvania; from the rescue operations at the WTC site in New York City to the collapse of the buildings. Vivid watercolor illustrations capture the emotion and pathos of the tragedy making this an important book about an unforgettable day in American history.

**Boundaries of Freedom** Lee Thai, 2019-01-10 Are our pains and sufferings preordained and fixed by God, or are they the consequences of man's actions? Can the immutable Lord ever change his mind in response to our prayers? This dilemma of God's sovereignty and man's free will has been a quandary for the church for nearly two thousand years. Previous solutions (Calvinism, Arminianism, Molinism, and Open Theism) have not been successful in deciphering the enigma. The problem is now resolved by exposing the fallacies in man's claim that he is given no other choice but to do whatever the Lord foreknew and foreordained. Using the analogy of the dual nature of light, the "quantum proposal" affirms that man has alternative options that were created and foreknown by God within his predetermined boundaries. From Adam's fall in Genesis to Paul's ministry in the New Testament, alternative possibilities have always been offered. Men are free to choose among the given options and must live with the consequences, whether good or evil. This groundbreaking work is a must-read for all Christians who struggle with the dilemma of divine sovereignty and human's responsibility.

**In the Face of Adversity** Thomas Nolden, 2023-02-20 In the Face of Adversity explores the dynamics of translating texts that articulate particular notions of adverse circumstances. The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator; how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result; and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding. The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored, misperceived or ignored. They look at translation and adaptation as a project of curating textual models of personal, communal or collective perseverance, and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks, as well as through a set of concrete case studies drawn from different cultural and historical contexts. The collection

also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings, media and arts.
