Creativity for 21st Century Skills Jane Piirto, 2011-10-23 VERY practical, on target for schools today—good balance of theory with anecdotal connections.” “At first I was worried about the time involved. I discovered when given 5 minutes . . . the time is a continuation to their work in progress. Realizing that creativity does not have to consume large chunks of time is more meaningful than tokens.” “I like the tone of the writing. It feels like there is a conversation going on.” “I like the stories of famous people and how their creativity influenced and changed their lives.” CREATIVITY FOR 21ST CENTURY SKILLS describes what many creative people really do when they create. It focuses on the practical applications of a theoretical approach to creativity training the author has developed. Many suggestions for enhancing creativity focus on ideas that are over 60 years old. This new approach may be helpful for those seeking to develop 21st Century Skills of creativity. Five core attitudes (Naiveté, Risk-taking, Self-Discipline, Tolerance for Ambiguity, and Group Trust), Seven I’s (Inspiration, Intuition, Improvisation, Imagination, Imagery, Incubation, and Insight), and several General Practices—the use of ritual, meditation, solitude, exercise, silence, and a creative attitude to the process of life, with corresponding activities, are described, discussed, and illustrated. A discussion of how to be creative within an educational institution is also included. JANE PIIRTO is Trustees’ Distinguished Professor at Ashland University. Her doctorate is in educational leadership. She has worked with students pre-K to doctoral level as a teacher, administrator, and professor. The Beauty of the Houri Nerina Rustomji, 2021-07-06 A captivating look at the history of the pure females of Islamic paradise known as the houri The fascination with the houri, the pure female of Islamic paradise, began long before September 11, 2001. Beauty of the Houri: Heavenly Virgins, Feminine Ideals demonstrates how the ambiguous reward of the houri, mentioned in the Qur’an and developed in Islamic theological writings, has gained a distinctive place in the cultural eye from the seventeenth to the twenty-first century. The houri had multiple functions in Islamic texts that ranged from caretaker, to pure companion, to personal entertainment. French, English, and American writers used the houri to critique Islam and Muslim societies, while also adopting the houri as a model of feminine beauty. Unlike earlier texts that presented different forms of the houri or universalized the houri for all women, writings about the houri after September 11th offer contradictory messages about Islam. In the twenty-first century, the image of the houri has come to symbolize a reward for violence and the possibility of gender parity. As a cosmic figure that inspires enduring questions about the promise of paradise and the idealized feminine form, the houri has a singular past and broad potential for future interpretation. The Beauty of the Houri narrates an intellectual history of the houri and offers a contemporary account of how theological ambiguity has led to different interpretations of this powerfully enduring Islamic concept.

Third Party Policing Lorraine Mazerolle, Janet Ransley, 2006-02-16 Third party policing represents a major shift in contemporary crime control practices. As the lines blur between criminal and civil law, responsibility for crime control no longer rests with state agencies but is shared between a wide range of organisations, institutions or individuals. The first comprehensive book of its kind, Third

Party Policing examines this growing phenomenon, arguing that it is the legal basis of third party policing that defines it as a unique strategy. Opening up the debate surrounding this controversial topic, the authors examine civil and regulatory controls necessary to this strategy and explore the historical, legal, political and organizational environment that shape its adoption. This innovative book combines original research with a theoretical framework that reaches far beyond criminology into politics and economics. It offers an important addition to the world-wide debate about the nature and future of policing and will prove invaluable to scholars and policy makers.

Preaching Christ from the Old Testament Sidney Greidanus, 1999-07-13 Arguing for the need both to preach Christ in every sermon and to preach regularly from the Old Testament, Sidney Greidanus develops a christocentric method that will help preachers do both simultaneously. Greidanus challenges Old Testament scholars to broaden their focus and to understand the Old Testament not only in its own historical context but also in the context of the New Testament. Suggesting specific steps and providing concrete examples, this volume provides a practical guide for preaching Christ from the Old Testament.

Engaging Exposition Dr. Daniel L. Akin, Bill Curtis, Stephen Rummage, 2011-05-12 In the homiletics field, a text has been needed that blends hermeneutics, sermon development, and sermon delivery. Engaging Exposition fills that gap with what its experienced authors call a 3-D approach to preaching. Bill Curtis writes about the Discovery process—how to equip the student to discover the meaning of a biblical text by using sound principles of interpretation, and to move from biblical analysis to biblical interpretation. Danny Akin addresses the Development process—how to equip the student to develop expository sermons based upon results of the interpretive process, and to move from the Main Idea of the Text (MIT) to the completed sermon. Stephen Rummage explains the Delivery process—how to equip students to deliver expository messages using the completed sermon, and to move from an understanding of speech communication principles to persuasive delivery.

The War of Desire and Technology at the Close of the Mechanical Age Allucquère Rosanne Stone, 1996 Human communication has traditionally revealed important aspects of identity such as gender, age and race. However, such information is now often masked by computer-mediated communications. This text examines the various ways modern technology is challenging conventional notions of

gender identity.

Faithful Preaching Tony Merida,2009-10-01 What is a preacher? What is preaching? Pastor Tony Merida asks these foundational questions to arrive at this overview of his widely anticipated book, *Faithful Preaching*: “Faithful preaching is the responsible, passionate, and authentic declaration of the Christ-exalting Scriptures, by the power of the Spirit, for the glory of the Triune God. Expository preaching is the best approach for accurately explaining and applying God’s Word, and for maintaining a God-centered focus in preaching. It also offers wonderful spiritual benefits to both the preacher and congregation. To be faithful expositors today, we must avoid the common problems associated with expository preaching such as boredom, irrelevancy, and Christless messages. Faithful preachers will usher the people through the text passionately and authentically, pointing them to Christ.”

40 Questions About Creation and Evolution Kenneth Keathley,Mark F. Rooker,2014-10-10 Biblically and scientifically informed answers to pressing questions about the creation-evolution debate. This accessible volume evenly addresses the issues of modern science and the scriptural texts. The conservative evangelical authors are well-informed on contemporary scientific views of the universe and also carefully exegete the biblical texts that pertain to creation. They irenically consider the various angles of the debate and make constructive suggestions to reconcile science and the Bible. Those who are curious about the origins of life and the universe will want to read this book. Seminary students and serious college students will find this information critical, as an understanding of creation is vital to an effective apologetic in sharing the faith.

Preaching from the Old Testament Walter Brueggemann,2019-05-07 In this new volume, prolific scholar Walter Brueggemann seeks to show Christian preachers how to consider the faith witnessed in several Old Testament traditions and to help them discover rich and suggestive connections to our contemporary faith challenges. The author also assumes that a wholesale sustained engagement with the Old Testament is worth the effort for the preacher. He recognizes what he calls the sorry state of Old Testament texts in the Revised Common Lectionary, which he claims often constitute a major disservice for the church and its preachers. The lectionary gerrymanders the Old Testament to make it serve other claims, most of the time not allowing it to have its own evangelical say. Brueggemann hopes that his exposition in this volume will evoke and energize fresh homiletical attention to the Old Testament, precisely because he believes the urgent work of the gospel in our society requires attentive listening to these ancient voices of bold insistent faith.

Sanctions and Dominion Gary North,2021-03-17 The book of Numbers is the book of sanctions. The Book of Numbers is the fourth book of the Pentateuch. The Pentateuch is structured in terms of the biblical covenant model: transcendence, hierarchy, ethics, oath, and succession. Numbers deals with the oath-bound sanctions of God's covenant law. Israel's wilderness experience demonstrates the predictability of God's corporate sanctions in history. The Book of Numbers is a book about winners and losers in the wilderness. Members of the generation of the exodus were losers. The first nineteen chapters of Numbers are a chronicle of Israel's first two years in the wilderness - a period of continual rebellion - and God's sanctions against the nation. Chapter 20 is the transitional chapter: the

deaths of Aaron and Miriam, and the sin of Moses in striking the rock twice with the rod. Beginning immediately after the negative sanction of the fiery serpents (Num. 21:5-10), the signs of victory appear. The generation of the conquest begins to exercise dominion through military conquest outside the boundaries of Canaan. God's four oath-bound covenants - personal, ecclesiastical, familial, civil - are package deals. Each is an integrated system. God's historical sanctions, both positive and negative, must not be considered judicially optional. They are part of the covenantal framework. Similarly, lawful inheritance in history is not to be considered apart from the other four points. A society's responses to God's revealed law brings predictable corporate sanctions in history. These sanctions in turn produce corporate inheritance and disinheritance in history. The Israelites should have learned this lesson the time of the exodus, when they borrowed the inheritance of the recently deceased firstborn sons of those families that resided close to the Pharaoh's capital city. But they did not learn it, any more than Pharaoh did. Pharaoh died in the Red Sea alongside his charioteers. The generation of the exodus died in the wilderness. Four centuries before the exodus, God had told Abraham of the inheritance to come (Gen 15:16). The succession of the fourth generation began in Numbers 20. The preliminary conquests began in Chapter 21. The operation of the system of covenantal sanctions became visible to the fourth generation and to those who dwelled inside Canaan's borders, who soon heard of the judgment that had come on Israel's enemies (Josh. 2:10). The Book of Numbers stands as a warning to men: those societies that disobey God's Bible-revealed law will not inherit in history. Either they will be destroyed (covenant-breakers) or their inheritance will be delayed, to be collected by a later generation. This covenantal theme is rejected by all covenant-breakers and most covenant-breakers in our era. This is why the visible transfer of the inheritance to the lawful heirs has been delayed. ----- This series, *An Economic Commentary on the Bible*, is published by Reconstructionist Radio, a producer and provider of Reformed (Postmillennial, Presuppositional, Covenantal, Calvinist, and Theonomic) Christian Reconstructionist podcasts, audiobooks, lectures, sermons, music, and other media.
