**Jack's Notebook** Gregg Fraley,2008-09-28 Problems! Jack Huber has his share. But when he is introduced to the creative problem solving process from an unexpected source, life soon changes . . . drastically. Jack Huber dreams of being a professional photographer and starting his own business. He has a few ideas but doesn't know how to process them to make his dream a reality. That is until an unlikely mentor stumbles upon Jack's path and shares a whole new way of thinking through problems. In Jack's Notebook, Gregg Fraley, an innovation consultant to Fortune 500 companies, illustrates a well-kept secret of corporate America: the Creative Problem Solving process. If you are struggling to move ahead in your career, if you're an executive with a thorny corporate challenge, someone trying to solve a messy community issue, a family trying to sort through an emotional conflict, or an entrepreneur looking for ways to make the most of limited resources-this book is for you. If you have a 'mess' on your hands, you have found a useful tool. -from the Introduction

**Blindsight** Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Weird Sports and Wacky Games around the World** Victoria R. Williams,2015-04-28 With hundreds of books dedicated to conventional sports and activities, this encyclopedia on the weirdest and wackiest games offers a fresh and entertaining read for any audience. Weird Sports and Wacky Games around the World: From Buzkashi to Zorbing focuses on what many would consider abnormal activities from across the globe. Spanning subjects that include individual games, team sports, games for men and women, and contests involving animal competitors, there is something for every reader. Whether researching a particular country or region's traditions or wanting an interesting read for pleasure, this book offers an array of uses and benefits. Though the book focuses on games and sporting activities, the examination of these topics gives readers insight into unfamiliar places and peoples through their recreation—an essential part of the human experience that occurs in all cultures. Such activities are not only embedded in everyday life but also indelibly interconnected with social customs, war, politics, commerce, education, and national identity, making the whimsical topic of the book an appealing gateway to insightful, highly relevant information.

**Po' Monkey's** Will Jacks,2019-09-25 Outside of Merigold, Mississippi, off an unmarked dirt road, stands Po' Monkey's, perhaps the most famous house in Mississippi and the last rural juke joint in the state, now closed to the public. Before the death of the lounge's owner, Willie Seaberry, in 2016, it was a mandatory stop on the constant blues pilgrimage that flows through the Delta. Seaberry ran Po' Monkey's Lounge for more than fifty years, opening his juke joint in the 1960s. A hand-built tenant home located on the plantation where Seaberry worked, Po' Monkey's was a place to listen to music and drink beer—a place to relax where everyone was welcomed by Seaberry's infectious charm. In Po' Monkey's: Portrait of a Juke Joint, photographer Will Jacks captures the juke joint he spent a decade patronizing. The more than seventy black-and-white photographs featured in this volume reflect ten years of weekly visits to the lounge as a regular—a journal of Jacks's encounters with other customers, tourists, and Willie Seaberry himself. An essay by award-winning writer Boyce Upholt on the cultural significance of the lounge accompanies the images. This volume explores the difficulties of preservation, historical context, community relations, and cultural tourism. Now that Seaberry is gone, the uncertainty of the future of his juke joint highlights the need for a historical record.

**Playing to Win** Jeff Apter,2023-02-01 In this deeply personal and insightful biography, author and music industry insider Jeff Apter provides a rare glimpse inside Farnsies world. Thanks to the support of those close to John its unlike any other book about the man. A family man at heart and the most loyal of friends, John was sometimes uncomfortable with the spotlight and for many years struggled to make his music career as successful as those close to him - including Glenn Wheatley and Molly Meldrum - could see it could be. He finally hit his stride with 1986s Whispering Jack and the breakaway success of Youre the Voice, which became the anthem of a generation. Jeff reveals the drama behind John being named Australian of the Year, how the cassette demo of Youre the Voice was nearly overlooked, and how John once accidentally sparked the attention of ASIO. And he explores Farnhams relationships with the figures who have been instrumental in making him The Voice: his first manager, Daryl Sambell; his wife of 40-plus years, Jill; and longtime friend and manager Glenn Wheatley.

**Lumpers, Longnecks, and One-Eyed Jacks** Joe Formichella,2019-01-12 ...although we know these marginal folks might be a train wreck waiting to happen, we would dearly miss them if they weren't there--refusing to fit neatly, safely beneath the bell curve.-- R.P. Saffire, author of Shoe Burnin' Season: A Womanifesto Lumpers is a family story, or rather, it's a story about what constitutes a family, a lot like what constitutes a rock-and-roll band: if it works, it's worth it, all other expectations be damned. The principal lumpers, Steph Abrams and Tony Zimbarco, chance to meet in Tripoli, Pennsylvania, in 1979, and commence assembling their ad hoc family piece by piece. Before long they are a full fledged unit, with a matriarch, of sorts, a patriarch, certainly, a designated pet, habits, rituals, even their own holiday. But it is in no way a textbook family, would never be sanctioned. As such, it is open to questioning, criticism, ridicule, and judgment. They ignore it all. The lumpers are just one portion of the legions of folks who work behind the scenes, the folks we rely on to keep the shelves stocked, the streets clean, the ports operating, and the systems we depend on so thoroughly functioning. They make no headlines, unless something goes wrong. They receive no accolades or attention, unless they deviate. When that happens, then they're noticed. For our Lumpers, though, deviation is the only option. In a life so otherwise proscribed, a life dictated by an indifferent and unforgiving time clock, deviation is survival. So they do, regularly, from the poolroom to the basketball court, the baseball stadium and the laundry mat. They ignore traffic rules and social mores equally. For that they are deemed unacceptable, irresponsible. But those judgments reveal more about the adjudicators than the condemned. Because just as we are certainly glad that they do what they do, that is, that they perform their jobs, even if that appreciation is only expressed by the assumption that they will - or pathetic whining when they don't - in the case of the Lumpers, life is clearly more fun when they're around, and we're definitely going to miss them when they're gone. Because all lives start with a crash, don't they?-- Joe Taylor, author of Pineapple, Ghostly Demarcations

**Jacks, Knaves and Vagabonds** Gregory J Durston,2020-09-02 In this welcome addition to his Crime History Series, Gregory Durston points to the lack of design and short-term expediency that typified Tudor law and order. But he also detects an emergent

criminal justice system amidst royal patronage, protection, and the influence of wealthy magnates. Students of English history will have heard how benefit of clergy and the ‘neck verse’ might avoid a hanging, but what of other stratagems such as down-valuing stolen goods, cruentation, chance medley, pious perjury or John at Death (a non-existent culprit blamed by the accused and treated by juries as real); all devices used to mitigate the all-pervading death-for-felony rule. Together with other artifices deployed by courts to circumvent black-letter law the author also describes how poor, marginalised and illiterate citizens were those most likely to suffer unfairness, injustice and draconian punishment. He also describes the political intrigue and widescale corruption that were symptomatic of the era, alongside such diverse aspects as forfeiture of property, evidential ploys, the rise of the highwayman, religious persecution, witchcraft and infanticide crazes. At a time of shifting allegiances?—?and as Crown, church, judges, magistrates and officials wrestled over jurisdiction, central or local control, ‘ungodly customs’, laws of convenience or malleable definitions?—?never perhaps were facts or law so expertly engineered to justify or defend often curious outcomes. Part of Durston’s Crime History Series. Covers the entire Tudor era. Based on first-hand historical research. Fully referenced to hundreds of sources.

**Navigating the TMDL Process** Paul L. Freedman,2003-12-01 Narrative water quality criteria are an integral component of States water quality standards but they pose special problems when incorporated into the TMDL process. The TMDL process is typically a quantitative activity, defining numeric allowable loads necessary to meet a numeric water quality objective. Narrative criteria confound development of quantitative TMDLs, due to the absence of these numeric criteria. The objective of this research was to improve the methods for addressing narrative water quality criteria in the TMDL process. The problems associated with narrative criteria in the TMDL process are known in general terms but, prior to this research, there has not been a thorough review of the use of narrative criteria in TMDLs nor broad guidance on how to address narrative criteria in the TMDL process. The approach taken for this research was to define the range of problems associated with all types of narrative criteria by means of a comprehensive review of 120 narrative TMDLs, and provide guiding principles to help address these problems.

*Markets and Exchanges in Pre-Modern and Traditional Societies* Juan Carlos Moreno Garcia,2021-06-30 Markets emerge in recent historical research as important spheres of economic interaction in ancient societies. In the case of ancient Egypt, traditional models imagined an all-encompassing centralized, bureaucratic economy that left practically no place for market transactions, as many surviving documents only described the activities of the royal palace and of huge institutions, mainly temples. Yet scattered references in the sources reveal that markets and traders were crucial actors in the economic life of ancient Egypt. In this perspective, this volume aims to discuss the role of markets, traders and economic interaction (not necessarily organized through markets) and the use of “money” (metals, valuable commodities) in pre-modern societies, based on archaeological, anthropological, and historical evidence. Furthermore, it intends to integrate different perspectives about the social organization of transactions and exchanges and the different forms taken by markets, from meeting places where exchanges operated under ritualized procedures and conventions, to markets in which profit-seeking activities were marginal in respect with other practices that stressed, on the contrary, community collaboration. The book also deals with social forms of pre-modern exchanges in which trust and ethnic solidarity guaranteed the validity of commercial operations in the absence of formal codes of laws or accepted authorities over long distances (trade diasporas, guilds, etc.). Finally, the volume analyzes a critical aspect of small-scale trade and markets, such as the commercialization of agricultural household production and its impact on the peasant economic strategies. In all, the book covers a diversity of topics in which recent research in the fields of economic sociology, archaeology, anthropology, economics, and history proves invaluable in order to analyze the role of Egyptian trade in a broader perspective, as well as to suggest new venues of comparative research, theoretical reflection, and dialogue between Egyptology and social sciences.

*Conflict Management of Water Resources* Manas Chatterji,Saul Arlosoroff,Gauri Guha,2017-11-01 This title was first published in 2002: Now that the Cold War is over, ethnic and regional conflicts are emerging over resources and the environment. The management of water, the lifeblood of any country, is becoming a vital issue. This volume offers a study of conflict management of water resources. It includes some selected papers presented at an international meeting, held at the Mahatma Gandhi Center of Conflict Prevention and Management in Ahmedabad, India. Other invited papers have also been included in the collection. Obviously it was not possible to address here all aspects of the vast field of water management. The main focus of this work is the management of water conflict and its implications for peace.
