**Koshersoul** Michael W. Twitty, 2022-08-09 “Twitty makes the case that Blackness and Judaism coexist in beautiful harmony, and this is manifested in the foods and traditions from both cultures that Black Jews incorporate into their daily lives...Twitty wishes to start a conversation where people celebrate their differences and embrace commonalities. By drawing on personal narratives, his own and others’, and exploring different cultures, Twitty’s book offers important insight into the journeys of Black Jews.”—Library Journal “A fascinating, cross-cultural smorgasbord grounded in the deep emotional role food plays in two influential American communities.”—Booklist The James Beard award-winning author of the acclaimed *The Cooking Gene* explores the cultural crossroads of Jewish and African diaspora cuisine and issues of memory, identity, and food. In *Koshersoul*, Michael W. Twitty considers the marriage of two of the most distinctive culinary cultures in the world today: the foods and traditions of the African Atlantic and the global Jewish diaspora. To Twitty, the creation of African-Jewish cooking is a conversation of migrations and a dialogue of diasporas offering a rich background for inventive recipes and the people who create them. The question that most intrigues him is not just who makes the food, but how the food makes the people. Jews of Color are not outliers, Twitty contends, but significant and meaningful cultural creators in both Black and Jewish civilizations. *Koshersoul* also explores how food has shaped the journeys of numerous cooks, including Twitty’s own passage to and within Judaism. As intimate, thought-provoking, and profound as *The Cooking Gene*, this remarkable book teases the senses as it offers sustenance for the soul. *Koshersoul* includes 48-50 recipes.

**Crawford Codex of Revelation - Aramaic Interlinear with English Translation** Greg

Glaser,2016-08-11 This book contains the Aramaic 'Crawford' codex of the Book of Revelation, which is the oldest known copy on earth of the Book of Revelation in the language of the Messiah Yahshua (Jesus). Part One - Interlinear Transcription and English Translation This carefully finalized typographical reproduction utilizes high resolution images of the original codex, obtained directly from the University of Manchester (Special Collections). Scribal note: the interlinear transcript does not include vowel points (because vowel points were not utilized (or even invented yet) when the Book of Revelation was originally written in Aramaic in the 1st Century AD). Part Two - Actual Crawford Codex Images These images are all 29-pages from the actual Crawford Codex of the Book of Revelation that are on file at the University of Manchester (Special Collections). The University has made these available to the public via Creative Commons license (attribution, non-commercial, share alike).

*Five Dynasties and Ten Kingdoms* Peter Lorge,2011-07-18 The period of the Five Dynasties and Ten Kingdoms (907-960) has long been treated as an anomaly in the history of China, an age of great disunity between the empires of the Tang and the Song dynasties. Breaking with previous scholarship on China's middle period, this edited volume presents individual studies that focus on the art, culture, and politics of the interregnum, challenging underlying assumptions about the unitary nature of dynastic culture and its value as a category of historical analysis. It understands these decades as a time of important transition in which the incipient cultural shifts of the mature Tang dynasty turned into the foundations of Song society. Consequently it highlights the complex narrative processes that gave birth to Song culture.

The first volume, devoted to the earliest corpus, that of Unis, is based on a database that allows for detailed analysis of the orthography of the texts and every aspect of their grammar; it includes a complete hieroglyphic lexicon of the texts and a consecutive transcription and translation on facing pages. Renewable Energy Mansour Al Qubeissi,Ahmad El-Kharouf,Hakan Serhad Soyhan,2020-09-09  
The demand for secure, affordable and clean energy is a priority call to humanity. Challenges associated with conventional energy resources, such as depletion of fossil fuels, high costs and associated greenhouse gas emissions, have stimulated interests in renewable energy resources. For instance, there have been clear gaps and rushed thoughts about replacing fossil-fuel driven engines with electric vehicles without long-term plans for energy security and recycling approaches. This book aims to provide a clear vision to scientists, industrialists and policy makers on renewable energy resources, predicted challenges and emerging applications. It can be used to help produce new technologies for sustainable, connected and harvested energy. A clear response to economic growth and clean environment demands is also illustrated.

**JFK and the Unspeakable** James W. Douglass,2010-10-19 THE ACCLAIMED BOOK, NOW IN

PAPERBACK, with a reading group guide and a new afterword by the author. At the height of the Cold War, JFK risked committing the greatest crime in human history: starting a nuclear war. Horrified by the specter of nuclear annihilation, Kennedy gradually turned away from his long-held Cold Warrior beliefs and toward a policy of lasting peace. But to the military and intelligence agencies in the United States, who were committed to winning the Cold War at any cost, Kennedy's change of heart was a direct threat to their power and influence. Once these dark Unspeakable forces recognized that Kennedy's interests were in direct opposition to their own, they tagged him as a dangerous traitor, plotted his assassination, and orchestrated the subsequent cover-up. Douglass takes readers into the Oval Office during the tense days of the Cuban Missile Crisis, along on the strange journey of Lee Harvey Oswald and his shadowy handlers, and to the winding road in Dallas where an ambush awaited the President's motorcade. As Douglass convincingly documents, at every step along the way these forces of the Unspeakable were present, moving people like pawns on a chessboard to promote a dangerous and deadly agenda.
