Parts Unknown Kevin Brennan,2011-10-18 *Parts Unknown* is Kevin Brennan's masterfully rendered debut novel of a man's decision to leave behind the life intended for him and the turbulent emotions unleashed in his family when he attempts to make amends. As a young man, Bill Argus abandoned his wife, their young son, and his family's dairy farm in the Sonoma County hamlet of Pianto. Now sixty-three, the once-famous photographer is overcome with the need to find forgiveness and redemption from those he left behind. Journeying back to the small, dreary California town, he is disoriented to find a ragged skeleton of the boyhood farm he remembered and his family unmoved and indifferent to his return. Bill's awkward homecoming is reported through the eyes of his second wife, Nora -- twenty years his junior -- who has her own troubled family history. Her father, much like Bill, deserted his family when Nora was just a toddler, never to return; and she has been estranged from her mother for more than half of her life. Bearing witness to Bill's reception by his brother, aunt, and his long-abandoned wife sparks in Nora a revisiting of her complicated history, and soon she, too, sets off on a spiritual journey to explore her own parts unknown. Set against the wild beauty of the California desert, this deftly imagined first novel lovingly maps the diverse terrain of the human heart as it probes the intricate bonds of family and the complex nature of forgiveness and love. Soulful and poignant, Kevin Brennan's *Parts Unknown* is a striking meditation on the elusive nature of redemption and marks the debut of a gifted new voice in fiction.

Tribal Bonds Kevin Walsh,2019-01-07 In the fifth century, St. Patrick used the three-leaf shamrock to demonstrate the concept of the Holy Trinity to illiterate Irish peasants. At the start of the twentieth century, in the face of persistent discrimination and bigotry, Irish immigrants in America were forming an unofficial but invaluable trinity of their own. This shamrock of politics, labor unions and the Catholic Church created the public bond that the Irish used, along with their fierce loyalty to each other, to elevate themselves from the bottom rungs of society. *TRIBAL BONDS* illuminates this struggle by following three generations of the O'Toole family in St Louis, MO between 1922 and 1994. Siblings Michael and Margaret Mary O'Toole were Irish twins as the saying goes, born less than a year apart in the early 1950's. They were well aware of the sacrifices their parents and grandparents endured to provide them with a life of freedom and opportunity, but no longer saw the need for their forebears' rigid, clannish behavior. Their older relatives were devout, prayerful Catholics who had no qualms about using expletive laced outbursts or seeking revenge when they felt threatened. Michael and Margaret Mary studied this dichotomy with some amusement, until their own lives were turned upside down by debilitating trauma and pain inflicted upon them from a most unlikely source. They could never have predicted how this fierce Irish loyalty and tribal bond would come full circle to help them salvage their own broken spirits and dreams.

Deception and Lies David Burke,2020-09-18 In May of 1970, two government ministers were dismissed from Cabinet for allegedly purchasing guns for the IRA. The Taoiseach Jack Lynch disavowed any knowledge of the plot. Few believed him. Charles Haughey, Minister for Finance, a captain in Irish military intelligence along with two others were put on trial. All were acquitted. Haughey refused to talk about the crisis for the rest of his life. Fianna Fail endured decades of splits, turmoil and leadership heaves. Until now, no one has revealed the pivotal role of an IRA informer in the affair. The part he played became the best-kept State secret of the last half-century. The book also reveals a dirty tricks campaign by Britain's Foreign Office to conceal the ancillary role of a British agent called Capt. Markham-Randall in the murder of Garda Richard Fallon on the eve of the eruption of the Arms Crisis.

Patrick John Dunleavy: Patriot, Philosopher, Family Man Mary Rita Donleavy,2013-01-23 Cover: The only flag that counted in the life of my father Patrick John Dunleavy was the American flag with its

forty eight stars. The flag with the harp is not the British one under which my father may have grown up. Rather it is a flag design used at different times to express Irish nationalism. It was created in the United States by a group of Irish volunteers who joined the Mexican side in the U.S.-Mexican war from 1846 to 1848 as the Los San Patricios or Saint Patricks Battalion. The motto Erin Go Bragh underneath the harp means Ireland Forever. The current Irish tricolor flag was flown in the Easter Rising in 1916 and officially adopted in 1919 by the Republic during its War of Independence. Photographed by Niall Mackey, the flags are a framed gift from Nora Geraghty, purchased during a Harris Auction sale in Delgany, County Wicklow, Ireland, in the 1960s. Nora thought it belonged in my home nearby, Carriglea, in Greystones, County Wicklow, Ireland.

Justice James Iredell Willis P. Whichard, 2000 A CHOICE Magazine Outstanding Academic Title for 2001 James Iredell sailed from England to the English colony of North Carolina in 1768 to be a customs officer at the port of Edenton. While serving King George III at the port of Edenton, Iredell studied law under Samuel Johnston, who would become his brother-in-law, mentor, and friend. Iredell became a superior lawyer and the leading essayist in his region in support of American independence. Following the American Revolution, he was the foremost advocate in North Carolina for adoption of the proposed federal Constitution and later served on the Supreme Court after ratification. In *Justice James Iredell*, Whichard traces the life of this public servant from customs officer to lawyer to eminent statesman and concludes with a description of the man himself: his family, friends, finances, slaves, and religion. This fascinating book includes a picture of Justice Iredell as well as pictures of his wife, associates, home town, and publications. It is the only biography chronicling the achievements of this important figure in North Carolina and American history. In this first definitive biography of Iredell, Whichard...superbly captures the essence of circuit riding at that time, juxtaposing the almost unbearable hardships of primitive travel to the social amenities and associations with the prominent figures of the day. A model of biographical research and a fitting tribute to an unsung hero. -- CHOICE Magazine Carefully documented, well-written, and entertaining to read, this single modern biography of the sixth Justice is a notable addition to the bibliography of the early court. -- Journal of Supreme Court History, 2002

The Arab Awakening Kenneth M. Pollack, Daniel L. Byman, Akram Al-Turk, Pavel Baev, Michael S. Doran, Khaled Elgindy, Stephen R. Grand, Shadi Hamid, Bruce D. Jones, Suzanne Maloney, Jonathan D. Pollack, Bruce Riedel, Ruth Hanau Santini, Salman Shaikh, Ibrahim Sharqieh, Ömer Taşpınar, Shibley Telham, Sarah E. Yerkes, 2011-10-01 Even the most seasoned Middle East observers were taken aback by the events of early 2011. Protests born of oppression and socioeconomic frustration erupted throughout the streets; public unrest provoked violent police backlash; long-established dictatorships fell. How did this all happen? What might the future look like, and what are the likely ramifications for the United States and the rest of the world? In *The Arab Awakening*, experts from the Brookings Institution tackle such questions to make sense of this tumultuous region that remains at the heart of U.S. national interests. The first portion of *The Arab Awakening* offers broad lessons by analyzing key aspects of the Mideast turmoil, such as public opinion trends within the Arab Street; the role of social media and technology; socioeconomic and demographic conditions; the influence of Islamists; and the impact of the new political order on the Arab-Israeli peace process. The next section looks at the countries themselves, finding commonalities and grouping them according to the political evolutions that have (or have not) occurred in each country. The section offers insight into the current situation, and possible trajectory of each group of countries, followed by individual nation studies. *The Arab Awakening* brings the full resources of Brookings to bear on making sense of what may turn out to be the most significant geopolitical movement of this generation. It is essential reading for anyone looking to understand these developments and their consequences.

Neopatriarchy Hisham Sharabi,1992-10-29 Focusing on the region of the Arab world--comprising some two hundred million people and twenty-one sovereign states extending from the Atlantic to the Persian Gulf--this book develops a theory of social change that demystifies the setbacks this region has experienced on the road to transformation. Professor Sharabi pinpoints economic, political, social, and cultural changes in the last century that led the Arab world, as well as other developing countries, not to modernity but to neopatriarchy--a modernized form of patriarchy. He shows how authentic change was blocked and distorted forms and practices subsequently came to dominate all aspects of social existence and activity--among them militant religious fundamentalism, an ideology symptomatic of neopatriarchal culture. Presenting itself as the only valid option, Muslim fundamentalism now confronts the elements calling for secularism and democracy in a bitter battle whose outcome is likely to determine the future of the Arab world as well as that of other Muslim societies in Africa and Asia.
