Humour and the Performance of Power in South Asia Sasanka Perera,Dev Nath Pathak,2022-01-25 This book critically examines the role and politics of humour and the performance of power in South Asia. What does humour do and how does it manifest when lived political circumstances experience ruptures or instability? Can humour that emerges in such circumstances be viewed as a specific narrative on the nature of democracy in the region? Drawing upon essays from India, Sri Lanka and Bangladesh, this volume discusses many crucial historical and contemporary themes, including dance-drama performances in northern India; caste and stand-up comedy in India; cartoon narratives of citizens' anxieties; civic participation through social media memes in Sri Lanka; media, politics and humorous public in Bangladesh; the politics of performance in India; and the influence of humour and satire as political commentaries. The volume explores the impact of humour in South Asian folklore, ritual performances, media and journalism, and online technologies. This topical and interdisciplinary book will be essential for scholars and researchers of cultural studies, political science, sociology and social anthropology, media and communication studies, theatre and performance studies, and South Asian studies.

Acting Together I: Performance and the Creative Transformation of Conflict Cynthia Cohen,Roberto Gutiérrez Varea,Polly O. Walker,2011-07-22 Courageous artists working in conflict regions describe exemplary peacebuilding performances and groundbreaking theory on performance for transformation of violence. Acting Together: Performance and the Creative Transformation of Conflict is a two-volume work describing peacebuilding performances in regions beset by violence and internal conflicts. Volume I: Resistance and Reconciliation in Regions of Violence, emphasizes the role theatre and ritual play both in the midst and in the aftermath of direct violence, while Volume II: Building Just and Inclusive Communities, focuses on the transformative power of performance in regions fractured by subtler forms of structural violence and social exclusion. Volume I: Resistance and Reconciliation in Regions of Violence focuses on the role theatre and ritual play both in the midst and in the aftermath of violence. The performances highlighted in this volume nourish and restore capacities for expression, communication, and transformative action, and creatively support communities in grappling with conflicting moral imperatives surrounding questions of justice, memory, resistance, and identity. The individual chapters, written by scholars, conflict resolution practitioners, and artists who work directly with the communities involved, offer vivid firsthand accounts and analyses of traditional and nontraditional performances in Serbia, Uganda, Sri Lanka, Palestine, Israel, Argentina, Peru, India, Cambodia, Australia, and the United States. Complemented by a website of related materials, a documentary film, Acting Together on the World Stage, that features clips and interviews with the curators and artists, and a toolkit, or Tools for Continuing the Conversation, that is included with the documentary as a second disc, this book will inform and inspire socially engaged artists, cultural workers, peacebuilding scholars and practitioners, human rights activists, students of peace and justice studies, and whoever wishes to better understand conflict and the power of art to bring about social change. The Acting Together project is born of a collaboration between Theatre Without Borders and the Program in Peacebuilding and the Arts at the International Center for Ethics, Justice, and Public Life at Brandeis University. The two volumes are edited by Cynthia E. Cohen, director of the aforementioned program and a leading figure in creative approaches to coexistence and reconciliation; Roberto Gutierrez Varea, an award-winning director and associate professor at the University of San Francisco; and Polly O. Walker, director of Partners in Peace, an NGO based in Brisbane, Australia..

Art Therapy and Cancer Care Diane Waller, Caryl Sibbett, 2005-07-16 Inspired by the experience of art therapists who have pioneered work with people with cancer and including those who have experienced this devastating illness at first hand, this book acknowledges the outstanding work of the Corinne Burton Trust which has supported the development of art therapy services in hospices and clinics throughout the United Kingdom. Narratives, case studies, new theoretical insights, and the inclusion of writing from Italy, France and the United States of America contribute to the strength and originality of the book. Therapeutic work is placed in its institutional context, demonstrating the importance for the art therapy service of being understood, supported and valued at managerial level – and how the lack of this can impact adversely on patient care. Moreover, many of the contributions have a sociological and anthropological nature, which gives the book a unique and challenging dimension. Art Therapy and Cancer Care is key reading for art therapists, artists in health care and other health or social care professionals who are looking for approaches that will improve the quality of living for cancer patients, yet not shy away from the process of dying. The contributors Jacqui Balloqui, Maureen Bocking, Timothy Duesbury, Ken Evans, Cinzia Favara-Scacco, Barry Falk, Elizabeth Goll Lerner, David Hardy, Kathryn Horn Coneway, Paola Luzzatto, Caryl Sibbett, Elizabeth Stone Matho, Michele Wood, Diane Waller.

Feeding a Thousand Souls Vijaya Nagarajan, 2018-10-12 Every day millions of Tamil women in southeast India wake up before dawn to create a kolam, an ephemeral ritual design made with rice flour, on the thresholds of homes, businesses and temples. This thousand-year-old ritual welcomes and honors Lakshmi, the goddess of wealth and alertness, and Bhudevi, the goddess of the earth. Created by hand with great skill, artistry, and mathematical precision, the kolam disappears in a few hours, borne away by passing footsteps and hungry insects. This is the first comprehensive study of the kolam in the English language. It examines its significance in historical, mathematical, ecological, anthropological, and literary contexts. The culmination of Vijaya Nagarajan's many years of research and writing on this exacting ritual practice, *Feeding a Thousand Souls* celebrates the experiences, thoughts, and voices of the Tamil women who keep this tradition alive.

Dance and the Nation Susan Anita Reed, 2010 Around the globe, dances that originate in village, temple, and court rituals have been adapted and transformed to carry secular meanings and serve new national purposes. In stage performances, dance competitions, and festivals worldwide, dance has become an emblem of ethnicity and an index of national identity. But what are the backstage stories of those dances, and what have been the consequences for their communities of origin? In *Dance and the Nation*, Susan A. Reed brings to light the complexities of aesthetic politics in a multi-faceted exploration and analysis of the Kandyan dance of Sri Lanka. The dance, which is identified with the island's majority Sinhala ethnic group, is heavily supported by the state. Derived from the Kohomba kankariya, an elaborate village ritual performed by men of the hereditary drummer caste, the dance was adopted by the state as a symbol of traditional Sinhala culture in the postindependence period and opened to individuals of all castes. Reed's evocative account traces the history and consequences of this transition from ritual to stage, situating the dance in relation to postcolonial nationalism and ethnic politics and emphasizing the voices and perspectives of the hereditary dancers and women performers. Kandyan dance is characterized by an elegant and energetic style and lively displays of agility. The companion DVD includes unparalleled footage of this vibrant dance in ritual, stage, and training contexts, and features the most esteemed performers of the Kandyan

region.

Albania and the European Union Mirela Bogdani, John Loughlin, 2007-02-23 When will Albania join the EU? Will accession help Albania to achieve prosperity, stability and prosperity? And, what factors are helping it towards this end and what factors are holding it back? An original study of Albania and its relations with the EU, this is the first book to identify and analyse the problems of the country as it moves towards membership of the Union. It explores the political, economic and social transformations needed to make Albanian membership possible. The authors highlight the enormous democratic changes that have occurred in post-communist Albania, as well as the many obstacles that still remain. This balanced and objective assessment will be an essential resource for everyone interested in the history and future of the Balkans and the EU.

Contemporary American Judaism Dana Evan Kaplan, 2009-08-22 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries, American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living in all corners of the United States. A pulpit rabbi and himself an American Jew, Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today. From Hebrew tattooing to Jewish Buddhist meditation, Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities. While pessimists worry about the vanishing American Jew, Kaplan focuses on the creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible. He believes that the reorientation of American Judaism has been a bottom up process, resisted by elites who have only reluctantly responded to the demands of the spiritual marketplace. The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising, leading to innovative approaches that are supplanting existing institutions. The result, as Kaplan makes clear, is an exciting transformation of what it means to be a religious Jew in twenty-first century America.

Painted Prayers Stephen P. Huyler, 1994 For hundreds of years, Indian women have passed to their daughters the knowledge of the ritual wall and ground paintings and decorations of the home that function as messages to the deities for the health and well-being of Indian families. Some ground paintings are daily rituals, made every morning at dawn, while wall paintings and mud bas-reliefs are often made for special festivals to honor the deities and attract their benevolent attentions. It is the women of India who are responsible for communication with the gods on behalf of their families, governing the activities of family members, and maintaining the sanctity and order of the home. *Painted Prayers* is a fascinating account of the centuries-old artistic traditions of women in village India, set forth in 170 full-color photographs that evoke the women's rich artistic heritage, and the pride and pleasure with which they regard their creative responsibilities. The knowledgeable text details the traditions, rituals, and beliefs behind this little-known art form and places this art in the context of contemporary Indian women's lives and the social realities of India today. This book is a splendid gallery of this diverse aspect of Indian art and a pictorial tour of the India travelers rarely see. Designs vary between the representational and the purely graphic: painted and sculpted images such as mounds of rice are drawn from local iconography, while elephants, peacocks and lotus blooms are symbols of the deities. Colors ranging from earth tones to reds, blues, yellow, green, and white make the designs stand out from the mud-covered walls and dusty streets, a vibrant testament to centuries of Indian women's artistic voices.--BOOK JACKET. Sacred Plants of India Nanditha Krishna, 2014-05-15 Plants personify the divine— The Rig Veda (X.97) Trees and plants have long been held sacred to communities the world over. In India, we have a whole variety of flora that feature in our myths, our epics, our rituals, our worship and our daily life. There is the pipal, under which the Buddha meditated on the path to enlightenment; the banyan, in whose branches hide spirits; the ashoka, in a grove of which Sita sheltered when she was Ravana's prisoner; the tulsi, without which no Hindu house is considered complete; the bilva, with whose leaves it is possible to inadvertently worship Shiva. Before temples were constructed, trees were open-air shrines sheltering the deity, and many were symbolic of the Buddha himself. Sacred Plants of India systematically lays out the sociocultural roots of the various plants found in the Indian subcontinent, while also asserting their ecological importance to our survival. Informative, thought-provoking and meticulously researched, this book draws on mythology and botany and the ancient religious traditions of India to assemble a detailed and fascinating account of India's flora.
