Come Fly the World Julia Cooke,2021 A lively, unexpected portrait of the jet-age stewardesses serving on iconic Pan Am airways between 1966 and 1975--

The Jet Sex Victoria Vantoch,2013-03-05 In the years after World War II, the airline stewardess became one of the most celebrated symbols of American womanhood. Stewardesses appeared on magazine covers, on lecture circuits, and in ad campaigns for everything from milk to cigarettes. Airlines enlisted them to pose for publicity shots, mingle with international dignitaries, and even serve (in sequined minidresses) as the official hostesses at Richard Nixon's inaugural ball. Embodying mainstream America's perfect woman, the stewardess was an ambassador of femininity and the American way both at home and abroad. Young, beautiful, unmarried, intelligent, charming, and nurturing, she inspired young girls everywhere to set their sights on the sky. In *The Jet Sex*, Victoria Vantoch explores in rich detail how multiple forces—business strategy, advertising, race, sexuality, and Cold War politics—cultivated an image of the stewardess that reflected America's vision of itself, from the wholesome girl-next-door of the 1940s to the cosmopolitan glamour girl of the Jet Age to the sexy playmate of the 1960s. Though airlines marketed her as the consummate hostess—an expert at pampering her mostly male passengers, while mixing martinis and allaying their fears of flying—she bridged the gap between the idealized 1950s housewife and the emerging working woman. On the international stage, this select cadre of women served as ambassadors of their nation in the propaganda clashes of the Cold War. The stylish Pucci-clad American stewardess represented the United States as middle class and consumer oriented—hallmarks of capitalism's success and a stark contrast to her counterpart at Aeroflot, the Soviet national airline. As the apotheosis of feminine charm and American careerism, the stewardess subtly bucked traditional gender roles and paved the way for the women's movement. Drawing on industry archives and hundreds of interviews, this vibrant cultural history offers a fresh perspective on the sweeping changes in twentieth-century American life.

Woman and Flying Lady Sophie Mary Pierce Evans Heath,Stella Wolfe Murray,1929

Second Lady and Other Ladies M. Kilburg Reedy,2003 *Second Lady*: Originally seen Off Broadway starring Judith Ivey, this remarkable play has been applauded in theatres nationally and internationally, including in an award winning Los Angeles production and at the Edinburgh Fringe Festival. Ideal for an actress in her forties or fifties, *Second Lady* is a powerful 70 minute performance piece about a fictional political wife. She has mislaid her prepared remarks and must draw on her experiences and recollections to fulfill a speaking engagement on behalf of her husband. Her stories become more and more personal as she peels away rationalizations and justifications she has accumulated over the years and confronts the truths of her life and marriage.

****Astronaut**: Perfect for an actress in her late thirties to early fifties, *Astronaut* is about a courageous female NASA pilot and space explorer who has admired and emulated male role models all her life. She has just returned to earth after leading the first NASA mission to colonize the moon and is appearing at a press conference. As she recounts the adventures and challenges of her mission, she comes to understand and treasure her femininity as well as the legacy she received from a female role model her mother. Approximately 45 minutes long. **** Fairytale Romance**: A woman in her late thirties who yearns for marriage and children of her own tells a well known fairytale to her young (unseen) niece. Whimsical humor punctuates this poignant story of a woman whose eye is on her biological clock while she tries to overcome her boyfriend's fear of commitment. (About 15 minutes long.)

Real Pink Collar Workers Jane Davis,2018-04-11 This story is about a small group of women who work together in a vast airplane factory, based on actual on-the-job events. In sisterhood, they experience love, romance, sexual abuse, alcoholism and control while working together in a man's world; one that will send these ladies down a rabbit hole of espionage, intrigue and the attempted murder of two fellow workers. On the job, they share great laugh-out-loud humor along with some tear-jerking, heart-wrenching times while trying to find who's sabotaging the airplanes they build. Could it be the inspector, a supervisor... or the person they work with every day? And just who is the

preacher, the lesbian or of royal blood? During all these great concerns our gals still need to earn a paycheck and do anything to get that damned plane built...well, almost anything. (Lady) Jane drew off not just her personal experience at Boeing, but her mom, one of the 'Rosie the Riveters' who forged the way to be accepted into a man's workplace. C. Kelliher, editor; Aero Mechanic District 751 newspaper, read by aerospace workers worldwide. This story comes from actual events that occurred during many years as a factory worker plus happenings while my mother worked at the same Boeing Airplane Company during World War II. And yep--she was a riveter! Lady Jane Davis Sharp, funny, tragic and fun. A great read; romance and scandal, espionage and sabotage-- everything a good historical fiction novel should have. The writer has a sharp wit and a keen sense of sarcasm. Christopher Bailey, author of the Starjumper Legacy. Women's fiction? It's more like real life! From my own experience, this is exactly what goes on behind the scenes in the real world of factory workers. From hilarious one-line humor to intense heartbreaks, this was a great emotional ride. J. Carol Johnson, author of The Lonely Life of a Pornographer's Wife. What a funny, exciting and heart-wrenching story! I never really knew what went on with the women who did this kind of work. The author really helped me understand how hard-working those women were, how their lives were turned upside down and yet they fought their way through the back-breaking labor, the bigotry, and the sexist attitudes to succeed in an industry that, until then, had been dominated by men. F. Hornsby, literary editor

Jet Boss Laura Savino, 2021-11-18 Captain Laura Savino takes you directly into the cockpit for an exclusive look into the boy's club of airline pilots--told through the eyes of the first female pilot many of them ever flew with. No math, Laura's counselor told her in high school. That would ruin your GPA. Laura had other plans. One teenage act of rebellion changed everything for her at a time when STEM opportunities for women were rare. If passengers on a commercial jet had trouble imagining a woman flight engineer - which Laura became - imagine their disbelief to see her as the pilot flying their widebody jet around the world. She exposes both the harsh truths and the exciting adventure of her years in the airline industry as a commercial pilot, reveals the emotional impact of 9/11 on pilots, and writes honestly about what it means to be a working mother while keeping her dreams alive. Laura's powerful story is a blueprint for how to defy expectations and follow your inner compass to do things you never thought possible.

Jet, 1951

Jet's Adventures Bula Hahn, 2013-10 This is a new release of the original 1955 edition.

Jet Set William Stadiem, 2014 It was the age of Camelot and Come Fly with Me, Grace Kelly at the Prince's Palace in Monaco, and Mary Quant miniskirts on the streets of Swinging London. Men still wore hats, stewardesses showed plenty of leg, and the beach at Saint-Tropez was just a seven-hour flight away. Jet Set reads like a who's who of the fabulous and well connected, from the swashbuckling skycoons who launched the jet fleet to the playboys, moguls, and financiers who kept it flying.

Trailblazer in Flight Yvonne Pope Sintes, 2013-10-27 "Will appeal to aviation enthusiasts and anyone curious to know how this modest, likeable woman smashed her way through an enormous glass ceiling." —Surrey Life magazine Yvonne Pope Sintes only ever wanted to fly. But in the 1950s, very few women were allowed into the male dominated world of aviation. Her dream was to join the ranks of the Royal Air Force and, despite an awareness of the pitfalls that might await her, she embarked upon her mission. Her story, told here for the first time and in her own words, is one characterized by gritty determination against the odds. A career trajectory marked by such landmark achievements as becoming the first female Air Traffic Controller with the Ministry of Aviation, the first female civil airline pilot in the UK, and the first female jet airline captain in Britain are relayed in this inspiring autobiography. Bomb scares, engine failures and other perilous episodes punctuated Yvonne's experience and she received a raft of prestigious awards over the course of her career. All her challenges and triumphs are revealed in this lively narrative for a truly rousing and engrossing read.

Flight from a Lady A. G. MacDonell, 2014-11-10 A wealthy young man escapes female clutches

a woman so determined that he goes to great lengths to cover his tracks and avoid being trapped by the she-wolf. He charts a plane, and goes to France, Italy, Greece, the Middle East and India. War was looming and with prescience Macdonell foretells the future, predicting what was to come.

Beloved Lady Barbara Jefferis,1956

The Lost History of the Lady Aeronauts Sharon Wright,2021-08-31 “A simply brilliant history that rescues from undeserved obscurity a roster of pioneering women in the very beginning of the age of aviation.” —Midwest Book Review From have-a-go Georgians to emancipated Edwardians, the lady aeronauts were actresses, writers, heiresses, scientists, engineers, explorers, showgirls and suffragettes. These unsung trailblazers for female freedom enjoyed lives shot through with sheer courage and joie de vivre. Yet they were all but forgotten. Hold on tight for a white-knuckle balloon ride through their remarkable real-life stories . . . “You couldn’t want for a better antidote to pinkness than these tales of girls and women unleashing their pluck and inventiveness in the unregulated age of balloomania . . . This is history at its most satisfying.” —Damesnet “Sharon Wright tells a fabulous tale, and has uncovered some terrific stories of long forgotten heroines of the air. Some stories are comic, many are tragic, many are a bit of both, and she tells it brilliantly.” —Bristol Post “History has never been so much fun!” —What’sHerName Podcast
