Work at Home Now Christine Durst,Michael Haaren,2009-11-01 Many legitimate home-based jobs and projects can be found online, but trustworthy guidance is scarce. Worse, with a 56-to-1 “scam ratio” in work-at-home ads, the terrain is a minefield of fraud. Nevertheless, customer service agents, researchers, test scorers, tutors, writers, and concierges are just a few of the many people regularly hired to work from home. A growing number of Fortune 500 companies, including UnitedHealth Group, American Express, and Northrop Grumman, also hire home-based personnel. In *Work at Home Now*, you'll learn: The top insider tips on good and bad Google search terms. How to find the needles in the haystack on Craigslist, Indeed, Monster, CareerBuilder, and other big sites. Where the real jobs for mystery shoppers, transcriptionists and similar part-time specialties can be found. Scam-spotting tips that even law enforcement doesn't know. Including interviews with hiring managers and successful home-based workers, *Work at Home Now* is the ultimate guide to finding the work-at-home job or project you want most.

Legitimate Work from Home Jobs Richard Foreman,2015-06-02 Now mind you, some people do not view it as such. They simply get up every day, go to work, come home, have dinner, maybe read the paper, maybe watch some t.v., maybe work on a hobby, and eventually go to bed only to do it all over again the next day. Then one day, they wake up 40 years later and all of a sudden they realize that they are 65 years old and the best years of their life are now behind them. Well guess what....NO THANK YOU. As for me, and now you, I have found a better way. A way that will not make me as rich as Bill Gates or Donald Trump or Robert Kiyosaki or fill in the blank, but it certainly will allow me to quit the rat race and live life on my own terms. You also can get to a state of financial freedom that will allow you to live life on your own terms as opposed to the terms dictated to you by your J.O.B. Now maybe freedom for you is simply time freedom where you can spend more of your time doing the things you want to do with your family. Well if you follow my teachings, you can reach the level of time freedom that you seek. In this book, I will show you how you can start your very own home based business in your spare time. Remember from above where I said...maybe read the paper, maybe watch t.v., maybe work on a hobby...that's the spare time that I am referring to. Forget all that other stuff and pay attention here. Before you know it, you will have built a nice business for yourself that you can even sell for a tidy sum as you shall see. Eventually, what will happen is that you will start to see a small (maybe even minuscule) amount of money flow into your bank account from your online business. Once this happens, fireworks will start to go off in your head. You will start to say things like wow, this really works and wow, that book I bought by John C. Borg was the real deal and wow, who would have thought that you could really make money by working at home part time with an online venture and wow, if I work hard enough at this, I really will be able to quit the rat race.
