in the city will kill to find it His name is Mr. Church. He is a drug kingpin whose empire stretches across six cities in the Northeast. And he is about to die. A rival dealer hires a gang of corrupt cops to end Church's reign—not just to get him out of the way, but to get ahold of his list. This small notebook holds the names of the couriers, suppliers, and crooked politicians who make the international drug trade run smoothly. The hit comes off, but the list vanishes. Whoever finds it will become one of the richest criminals in the country—assuming he lives to collect his first payment. Refereeing the melee is John Bolt, a narcotics agent with a hair trigger and a moral compass that's pointing him right at the heart of this war. Finding the list could mean the biggest bust of his career, and he doesn't mind killing to get his hands on it. /div
