South Sea Tales Robert Louis Stevenson, 2008-05-08 Roslyn Jolly is Lecturer in English at the University of New South Wales, Australia. She is the author of *Henry James: History, Narrative, Fiction* (OUP, 1993).

The Transforming Draught Thomas L. Reed, Jr., 2006-08-04 Robert Louis Stevenson's *Strange Case of Dr. Jekyll and Mr. Hyde* is viewed as the classic allegory of man's duality--the good and evil embodied in every person. But could Jekyll's transforming draught have been alcohol? In the

Victorian era, alcohol was the topic of national debate for decades and people endlessly deliberated its proper place in society. Shadowed all his life by the cloud of alcoholism, Stevenson well knew the good and evil of strong drink. This book investigates Stevenson's Strange Case of Dr. Jekyll and Mr. Hyde as an allegory of alcoholism--an interpretation that cultural change and the story's renown have perhaps obscured. The author examines patterns of language, plot, characterization and imagery to reveal how mind-altering drink figures as the story's subtext. Early chapters establish the story's literal references to strong drink and its metaphors regarding alcohol. The focus then shifts to drinking in Stevenson's life, the sociology of drink in Victorian Britain, and the portrayal of alcohol in literature, including Stevenson's other works. Possible real-life models for the Jekyll-Hyde character are explored. Subsequent chapters examine the history of Britain's temperance movement, scenes that arose from Stevenson's dreams, how the temperance movement and industrial development may have influenced the story, and the story's interpretation in Stevenson's time. An appendix further investigates the elements of Stevenson's language.

Apprehending the Criminal Marie-Christine Leps, 1992 In this wide-ranging analysis, Marie-Christine Leps traces the production and circulation of knowledge about the criminal in nineteenth-century discourse, and shows how the delineation of deviance served to construct cultural norms. She demonstrates how the

apprehension of crime and criminals was an important factor in the establishment of such key institutions as national systems of education, a cheap daily press, and various welfare measures designed to fight the spread of criminality. Leps focuses on three discursive practices: the emergence of criminology, the development of a mass-produced press, and the proliferation of crime fiction, in both England and France. Beginning where Foucault's work *Discipline and Punish* ends, Leps analyzes intertextual modes of knowledge production and shows how the elaboration of hegemonic truths about the criminal is related to the exercise of power. The scope of her investigation includes scientific treatises such as *Criminal Man* by Cesare Lombroso and *The English Convict* by Charles Goring, reports on the Jack the Ripper murders in *The Times* and *Le Petit Parisien*, the Sherlock Holmes stories, Stevenson's *Strange Case of Dr. Jekyll and Mr. Hyde*, and novels by Zola and Bourget.

Robert Louis Stevenson and the Romantic Tradition Edwin M. Eigner, 2015-12-08 Stevenson's fiction is evaluated in the light of the significant Romantic traditions that have influenced the novel and the romance. Stevenson is also considered as a serious writer and compared with Joseph Conrad, Mark Twain, and other major writers of the period. Originally published in 1966. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts

of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Robert Louis Stevenson and the Appearance of Modernism A. Sandison, 1996-05-21 Despite attracting the admiration of Modernists like Nabokov and Borges, Stevenson remains for many an apologist for the lost world of the romance. This is not only to misread and simplify his fiction, it is greatly to undervalue his lively, forward-looking literary essays. Strenuously resisting the authority of the literary 'fathers' (though haunted by the complexities of paternity), Stevenson reveals strong affinities with emergent Modernism. It is from this perspective that Alan Sandison's latest book (the first to appear for nearly thirty years) conducts a lively and readable re-examination of this often underrated writer.

Robert Louis Stevenson Richard Ambrosini, Richard Dury, 2006-04-04 Robert Louis Stevenson: Writer of Boundaries reinstates Stevenson at the center of critical debate and demonstrates the sophistication of his writings and the present relevance of his kaleidoscopic achievements. While most young readers know Robert Louis Stevenson (1850–1894) as the author of *Treasure Island*, few people outside of academia are aware of the breadth of his literary output. The contributors to *Robert Louis Stevenson: Writer of Boundaries*

look, with varied critical approaches, at the whole range of his literary production and unite to confer scholarly legitimacy on this enormously influential writer who has been neglected by critics. As the editors point out in their Introduction, Stevenson reinvented the "personal essay" and the "walking tour essay," in texts of ironic stylistic brilliance that broke completely with Victorian moralism. His first full-length work of fiction, *Treasure Island*, provocatively combined a popular genre (subverting its imperialist ideology) with a self-conscious literary approach. Stevenson, one of Scotland's most prolific writers, was very effectively excluded from the canon by his twentieth-century successors and rejected by Anglo-American Modernist writers and critics for his play with popular genres and for his non-serious metaliterary brilliance. While Stevenson's critical recognition has been slowly increasing, there have been far fewer published single-volume studies of his works than those of his contemporaries, Henry James and Joseph Conrad.

Doubles Co-Editor of the London Review of Books and Lord Northcliffe Professor of Modern English Literature Karl Miller, Karl Miller, 2009 This is a book about the imagining of two or more selves in one. It examines the belief in what was known to the nineteenth century as the duality of man, and deals with the double and with the variety of guises in which the double has appeared - the doppelganger, the alter ego or second self, and

the modern multiple self. Doubles vigorously and wittily tracks down the later stages of a preoccupation which has haunted the solitary self from antiquity to the novels of Martin Amis, and which can be recognised in many features of the mental life and literary culture of the present time. The book's subjects include Poe, Dickens, Dostoevsky, Stevenson, Conrad, Henry James, Edith Wharton, Robert Frost, Robert Lowell, Sylvia Plath, Norman Mailer and Saul Bellow. 'Karl Miller has brought off a notable double: he has written an academic book which deserves popular success.'

Robert Louis Stevenson Frank McLynn, 2020-07-20

'In short, McLynn's is a much more conventional literary biography, and those devoted to that genre will find it exemplary.' Booklist Review

Robert Louis Stevenson is most famously remembered as the author of 'Dr. Jekyll and Mr. Hyde.' But the life of the writer was as extraordinary as some of his creations. Having grown up in Scotland, Stevenson was shaped by the experiences of his childhood: Calvinism, strained family relations and persistent ill health. These themes would carry on throughout his short life, and be reflected in his novels. In efforts to escape his deteriorating health, combined with a genuine love of adventure, Stevenson took up residence all over the globe, most notably in Samoa where he spent his final years. Much of Stevenson's literary ideas were sparked from his travels, seeing him embark on adventurous missions in order to produce work. The acclaimed biographer Frank McLynn offers a thoroughly detailed insight into the life and

times of Stevenson, drawing attention to his genius and the era he wrote in. The curtain is drawn back, so we are able to glimpse the private life of Stevenson, as husband and father. The book also addresses the writer's public life and the impact of his novel's on a Victorian mindset, which his works helped to challenge and shape. This comprehensive biography of Robert Louis Stevenson will appeal to fans of both history and literature alike. Frank McLynn is a British author, biographer, historian and journalist. He is noted for critically acclaimed biographies of Napoleon Bonaparte, Robert Louis Stevenson, Carl Jung, Richard Francis Burton and Henry Morton Stanley. He is also the author of *Fitzroy Maclean and Bipolar*, a novel about Roald Amundsen, published by Sharpe Books. Praise for Frank McLynn: 'Excellent ... entertaining.' *The Spectator* 'The definitive biography.' *TLS* 'Does much to explain the contradictory accounts left to us of the man.' *London Review of Books* 'Frank McLynn's achievement ... is to give Charles Edward a solidarity and three-dimensional reality that he usually lacks ... His account of the risings themselves is exemplary and he offers the best case yet for the nearness to success of the '45. What is usually seen as the last shiver of an anachronistic and romantic throwback emerges as a genuine alternative to Whiggery and the Act of Settlement.' Brian Morton, *TES* 'A broad canvas, dealing not only with sober historical truth but with the magic spell that either seduced or repelled Fielding, Sterne, Smollett, Burns, Scott, Borrow, Buchan, Stevenson and a hundred Irish

poets...' Diarmaid O'Muirithe, Irish Independent
'McLynn is to be congratulated on a great success,
a work ... of mature reflection, acute judgement
and great humanity.' Jeremy Black, History 'A
readable and fresh study ... thoroughly
researched.' Esmond Wright, Contemporary Review
'Packed with fascinating detail.' Denis Hills,
choosing his book of the year in the Spectator
'Fitzroy Maclean has found his Boswell in Frank
McLynn.' Trevor Royle, Scotland on Sunday 'Most
entertaining.' Richard West 'Important, timely and
balanced.' Soldier

Three Masters: Balzac, Dickens, Dostoevsky
Stefan Zweig, 2019-08-16 In these early 20th
century literary essays, Stefan Zweig offers a
Central European view of the writers he believed
to be the "three greatest novelists" of the 19th
century: Balzac, Dickens, and Dostoevsky. In
Zweig's view, Balzac set out to emulate his
childhood hero Napoleon. Writing 20 hours a day,
Balzac's literary ambition was "tantamount to
monomania in its persistence, its intensity, and
its concentration." His characters, each similarly
driven by one desperate urge, were more vital to
Balzac than people in his daily life. In Zweig's
reading, Dickens embodied Victorian England and
its "bourgeois smugness". His characters aspire to
"A few hundred pounds a year, an amiable wife, a
dozen children, a well-appointed table and
succulent meats to entertain their friends with, a
cottage not too far from London, the windows
giving a view over the green countryside, a pretty

little garden, and a modicum of happiness." The ideal of middle-class respectability suffuses Dickens' fiction. Dostoevsky drew on the struggles of his own life to illuminate the contradictions of the human soul. In Zweig's view, his heroes had no desire to be citizens or ordinary human beings. While Balzac's heroes "would gladly have subjugated the world, Dostoevsky's heroes wished to transcend it."

Strange Case of Dr. Jekyll and Mr. Hyde Robert Louis Stevenson, 1903 In Robert Louis Stevenson's influential novel of mad science and criminal inquiry, attorney Gabriel John Utterson comes to the aid of Dr. Henry Jekyll, an old friend, only to find himself dragged from a world of genial hospitality into London's foreboding night, which is shrouded in shadows and fog—and stalked by the deranged Edward Hyde. Utterson's quest for truth is not only a detective story laden with twists, but an intense meditation on man's inherently dualistic nature, written in a style that often combines disturbing violence with restrained language typical of the Victorian era.

The History of Moses (Classic Reprint) Robert Louis Stevenson, 2018-01-31 Excerpt from The History of Moses There was a woman that had a child when all the babies were to be drowned and she was a good woman and she asked God how she could save her baby and God told her to make a basket of rushes and put it in the water hiding it in the rushes. Then Pharaoh's daughter was going to bathe in a certain place and as she went past she saw the cradle and asked her servants to go and bring it out and they did it. When they

brought it out they lifted the thing up that was on the top and. They saw a baby crying. Then they saw the child's sister that was standing far away and Pharaoh's daughter cried to her to come and when she came she told her to call a nurse for the baby and then she ran and brought the mother of it and she told the mother to take charge of it and to come to the palace and so she came. Then Moses when he was grown up was sent away to show some wonders to the Israelites and God told him the things he was to do. He first told him to lay down his rod and when he laid it down it became a serpent. Then he told him to go and do it when he was with the Israelites and he said he would do it. Then God told him to put his hand into his breast and he did so and his hand became a leper, then he pulled it out and he put it in again and when he pulled it out it was just the way it was before. Then God told him to do that and he went away home to the house that he lived in and God told him that he would have to go to the Israelites. Then he went away to the Israelites. One day Moses saw a Egyptian whipping a Israelite and he came and killed the Egyptian. It was not wrong of Moses to kill the Egyptian because he was doing harm to the Israelite for he was an Israelite too. After that God told Aaron and Moses to go up and try to make Pharaoh let the Israelites go away and then Aaron and Moses went up to speak to him and asked him if he would allow them to go and Pharaoh said no that he wouldn't. Then Aaron laid down the rod and behold it became a serpent. He took it by the tail and pulled it up and it turned into a rod. He put his hand into his

breast and it became a leper and he put it in again and it was just as it was before. Then the Egyptians took all their rods and laid them down and they became ser pents. Pharaoh said he would let them go but he hard ened his heart and would not. When Pharaoh was going to bathe at a certain place Aaron stretched his rod over the water and it became blood. Then Pharaoh went home in despair and he said he would let them go but he hardened his heart again. Then Aaron stretched out his rod and frogs came forth and crept over all the beds and eat up all the food and everything and he said he would let them go but he hardened his heart again.
