*Claiming the American Wilderness* Hunt Janin, 2006-04-12 In the early sixteenth century, as voyages across the Atlantic became more feasible and consequently more frequent, international competition for possession of the New World intensified. Occupied by numerous Indian tribes, western North America was home to vast natural resources, alleged riches and a fabled waterway that would connect the Mississippi with the Pacific Ocean. Over the next two centuries, Spanish, French, British, Russian and American explorers flocked to the Trans-Mississippi West, competing with each other as well as the native Indian groups for possession of the western half of the continent. Beginning with the 1528 shipwreck of Spanish conquistador Cabeza de Vaca and ending with the negotiation of the Louisiana Purchase in 1803, this volume presents a broadly based general survey of the events which took place in the Trans-Mississippi West during the sixteenth, seventeenth and eighteenth centuries. The book focuses on the international rivalries west of the Mississippi and the resulting intense military and commercial competition. Using a unique prismatic rather than chronological approach, the work examines six distinct groups--Native American Indians, Spanish, French, British, Russians and Americans--and the objectives of each with regard to the Trans-Mississippi West. Sources include contemporary journals of explorers such as Lewis and Clark. An epilogue evaluates the success of the respective quests while a brief chronology at the end of the text serves to orient the reader. Appendices address eight related topics including the Lewis and Clark expedition, firearms on the early frontier, and the coming of the horse.

**The Road to Omaha** Robert Ludlum, 2012-08-14 Robert Ludlum's wayward hero, the outrageous General MacKenzie Hawkins, returns with a diabolical scheme to right a very old wrong—and wreak

vengeance on the [redacted] who drummed him out of the military. Discovering a long-buried 1878 treaty with an obscure Indian tribe, the Hawk, a.k.a. Chief Thunder Head, hatches a brilliant plot that will ultimately bring him and his reluctant legal eagle, Sam Devereaux, before the Supreme Court. Their goal is to reclaim a choice piece of American real estate: the state of Nebraska, which just so happens to be the headquarters of the U.S. Strategic Air Command. Their outraged opposition will be no less than the CIA, the Pentagon, and the White House. And only one thing is certain: Ludlum will keep us in nonstop suspense—and side-splitting laughter—through the very last page. Praise for Robert Ludlum and *The Road to Omaha* “A very funny book . . . No character is minor: They’re all hilarious.”—Houston Chronicle “Don’t ever begin a Ludlum novel if you have to go to work the next day.”—Chicago Sun-Times **BONUS:** This edition includes an excerpt from Robert Ludlum’s *The Bourne Identity*.

**The Hammered Dulcimer** Paul M. Gifford, 2001-06-13 The last quarter of the twentieth-century saw a renewed interest in the hammered dulcimer in the United States at the grassroots level as well as from elements of the Folk Revival. This book offers the reader a discussion of the medieval origins of the dulcimer and its subsequent spread under many different names to other parts of the world. Drawing on articles the author has written in English as well as articles by specialists in their own languages, Gifford explains the history and evolution of the instrument. Special attention is paid to the North American tradition from the early 18th-century to the 1970s revival. Drawing from local histories, news clippings, photographs, and interviews, the book examines the playing of the dulcimer and its associated social meanings.

**Northern Plains Native Americans** Shane Balkowitsch, 2023-10-17 North Dakotan Shane Balkowitsch's quest to take 1000 Native American wet-plates portraits in the present day is one step closer with this second volume. In this series of wet-plate collodion book of portraits of Northern Plains Native Americans, the photographer/author continues with his distinctive and unique presentation that is the only one to have ever been instigated or created for this particular group of Native Americans. The technique he uses, wet-plate collodion and the eye of the author align to present a masterful, unique, and respectful array that is sumptuous and compelling. Here the subjects are presented in their native garb, giving the subjects the opportunity to explore their self-image, in a safe space where who they are how they see themselves are certain to be respected and admired. Wet-plate collodion is one of the earliest forms of photography. A wet-plate photographer makes a film based on a piece of glass or metal using collodion, submerges it in a silver nitrate solution to make it light sensitive, and then exposes the photograph usually in an old style wood bellows camera box and antique brass lens from the 1800's. The end result is a one-of-a-kind, archival object of art that will last many lifetimes. Shane and his Native American sitters have collaborated in the creation of a piece of contemporary history using classical methodology. The legacy he has created is indeed, who they were, what they were like, and what they did. There is nothing like it in the library of Native American portraiture in the modern era. The photographer's effort is to show that his subjects are still here--with their culture, dignity, and traditions.

Encounters at the Heart of the World Elizabeth A. Fenn, 2014-03-11 Winner of the 2015 Pulitzer Prize for History Encounters at the Heart of the World concerns the Mandan Indians, iconic Plains people whose teeming, busy towns on the upper Missouri River were for centuries at the center of the North American universe. We know of them mostly because Lewis and Clark spent the winter of 1804-1805 with them, but why don't we know more? Who were they really? In this extraordinary book, Elizabeth A. Fenn retrieves their history by piecing together important new discoveries in archaeology, anthropology, geology, climatology, epidemiology, and nutritional science. Her boldly original interpretation of these diverse research findings offers us a new perspective on early American history, a new interpretation of the American past. By 1500, more than twelve thousand Mandans were established on the northern Plains, and their commercial prowess, agricultural skills, and reputation for hospitality became famous. Recent archaeological discoveries show how these Native American people thrived, and then how they collapsed. The damage wrought by imported diseases like smallpox and the havoc caused by the arrival of horses and steamboats were tragic for the Mandans, yet, as Fenn makes clear, their sense of themselves as a people with distinctive traditions endured. A riveting account of Mandan history, landscapes, and people, Fenn's narrative is enriched and enlivened not only by science and research but by her own encounters at the heart of the world.

**What Works (and Doesn't) in Reducing Recidivism** Edward J. Latessa, Shelley J. Listwan, Deborah Koetzle, 2014-09-19 This book offers criminologists and students an evidence-based discussion of the latest trends in corrections. Over the last several decades, research has clearly shown that rehabilitation efforts can be effective at reducing recidivism among criminal offenders. However, researchers also recognize that treatment is not a one size fits all approach. Offenders vary by gender, age, crime type, and/or addictions, to name but a few, and these individual needs must be addressed by providers. Finally, issues such as leadership, quality of staff, and evaluation efforts affect the quality and delivery of treatment services. This book synthesizes the vast research for the student interested in correctional rehabilitation as well as for the

practitioner working with offenders. While other texts have addressed issues regarding treatment in corrections, this text is unique in that it not only discusses the research on what works but also addresses implementation issues as practitioners move from theory to practice, as well as the importance of staff, leadership and evaluation efforts.

Arapaho Stories, Songs, and Prayers Andrew Cowell, Alonzo Moss, William J. C'Hair, 2014-08-25 Many of these narratives, gathered in the late nineteenth and early twentieth centuries, were obtained or published only in English translation. Although this is the case with many Arapaho stories, extensive Arapaho-language texts exist that have never before been published—until now. Arapaho Stories, Songs, and Prayers gives new life to these manuscripts, celebrating Arapaho oral narrative traditions in all the richness of their original language.
