The entire book is an emotional roller coaster filled with love, pain, humor, fear, thanksgiving, anguish, joy, and a healthy dose of faith and family that will cause the reader to laugh, cry, and surely relate with each turn of the page. Day of Perdition Kaelyn Hart, 2008-11 If we knew then, what we know now... Barack Obama would never have won the Presidency of the United States of America. *Day of Perdition* (336 Pages) reveals the shape of a world that permitted a candidate so far out in the liberal stratosphere to rise to the highest office in a nation that was originally founded on Christian principles. It takes a look at what's on the horizon from a Christian perspective: the New World Order; the Rapture and the rise of the Antichrist. The novel ends with questions as to why we as Christians allowed this to happen and finishes with a call to live a revolutionary Christian life and the hope of our future.

A Contemporary History of the U.S. Army Nurse Corps , This book focuses on an organization, the U.S. Army Nurse Corps, which the author has been privileged to be affiliated with – in one way or another – for the greatest part of her adult life. As an active duty officer, the author had first-hand knowledge about the Army Nurse Corps inner workings and spent the last years of her Army career (from 1992) researching and writing the Corps history. One of her goals in researching and writing this history was to intrigue and provide a sense of gratification for the reader. After the conclusion of the Vietnam War, several wide-ranging and significant changes exerted myriad effects on the Army Nurse Corps. The most influential of these phenomena included the dismantling of the Selective Service System, the reorganization of the Army, the launch of the Health Services Command (HSC), the opening of the Academy of Health Sciences, the transformation of the Office of the Army Surgeon General, the inauguration of improvements in the Army Reserve and National Guard, and the evolution in the roles and status of women.

Making Contact Kathleen Marden, Denise Stoner, 2014-12-15 Although often dismissed as the stuff of tabloids, there are those who maintain that alien abduction is a real danger that many on Earth have already faced. In this volume, two dedicated UFO researchers partner up to present the mysterious alien encounters experienced by their families and others like them, pointing to gaps in government reporting and highlighting as yet unexplained phenomena related to their experiences. The authors encourage readers to keep an open mind as they seek to dispel the skepticism and

stigma surrounding the reporting of such incidences while encouraging others to share their stories.

Monique Madelyn Cunningham,1979

A Home for Madelyn Maria Miller,2015-03-27 What would you do if you just found out you have a four-year-old daughter? Jude is happily married, has a successful career, and his wife is expecting their first child. Then the paternity test comes back positive. It can't be. Jude hires his friend Sam, an attorney, but he can do little more than lend an ear to a friend. Jude decides to meet his daughter -- to prove to himself that the test was wrong. But she looks too much like him. When Madelyn's grandparents are no longer able to care for her and she's put into a foster home, Jude's paternal instincts dictate his moves. He brings Madelyn home to live with him. Then Noelle, Jude's wife, sees the little girl. . .and his hope for a happy family is shattered.

Family Law Leslie Joan Harris,June R. Carbone,Rachel Rebouché,2023-02-15 The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase a new print book to get access to the full experience, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Family Law, now in its seventh edition, is a modern and teachable casebook, offering comprehensive coverage and a mix of interdisciplinary materials. It compares innovative developments in some states with the reaffirmation of traditional principles in others and does so in the context of a wider focus on family and the state, the role of mediating institutions, and the efficacy of law and particular methods of enforcing the law. The casebook deals with the complexity of family law both in the organization of the chapters—separate units on family contracts, jurisdiction, and practice, for example, can be shortened, skipped, or taught in almost any

order—and the diversity of material within each chapter. Each unit combines primary cases with comprehensive notes, supplemented with academic and policy analyses that provide a foundation for evaluation. Detailed problems extend the coverage or apply the commentary to real-world examples. New to the 7th Edition: The reversal of *Roe v. Wade* and constitutional protection for abortion rights Discussion of the growing class divide in family formation, and of tensions between relatively conservative versus relatively liberal states about the foundations for family law, including how varying forms of families are recognized and defined The effects of the COVID-19 pandemic on family law practice The changing law of parentage with an emphasis on diverging developments across different states on issues such as the recognition of functional parenthood Benefits for instructors and students: Comprehensive notes Current cases Detailed problems Flexible, modular organization Balanced presentation of materials Coverage of relevant doctrines, such as property, contracts, torts, criminal law, conflict of laws, and constitutional law Materials on cross-disciplinary topics, including financial principles, genetics/statistics, clinical psychology, social history, policy discussions, counseling, negotiation, ADR, and ethics

Teaching Introduction to Women's Studies Carolyn DiPalma, Barbara S. Winkler, 1999-10-30 This edited collection addresses the institutional context and social issues in which teaching the women's studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised. The collection serves as a resource and preparatory text for all teachers of the course including experienced teachers, less experienced teachers, new faculty, and graduate student teaching assistants. The collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices. The contributors discuss the larger political context in which the course has become a central

representative of women's studies to a growing, although less feminist-identified, population. Increased enrollments and changes in student population are noted as a result, in part, of the popularity of Introduction to Women's Studies courses in fulfilling GED and diversity requirements. New forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed. Evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism, heterosexism, and classism in women's studies voiced by women of color and others in the 1980s and 1990s. Sensationalist charges that women's studies teachers, including those who teach the Introduction to Women's Studies course, are the academic shock troops of a monolithic feminism are challenged and refuted by the collection's contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued.

The Childless Revolution Madelyn Cain, 2013-11-22 Whether childless by choice, by chance, or by happenstance, women without children today are alternately pitied and scorned, and are rarely asked directly about the reasons for, and their comfort with, childlessness. Asking the right questions, Madelyn Cain thoughtfully uncovers the reasons for childlessness – from biological, to economic, and even political – and explores the ramifications for both the individual and society. Simultaneously compassionate and journalistically curious, *The Childless Revolution* is informed by the stories of over 100 childless or self-proclaimed childfree women, at long last giving voice to their experience and validating the jumble of emotions most feel about being part of this misunderstood population. The first book to put a face on these women who cannot conceive – or, for reasons as varied as womanhood itself, have chosen not to – *The Childless Revolution* dispels fears, removes ignorance, and corrects misconceptions about the ever-growing group of women without children in

our midst.

Madeline Amelia Alderson Opie, 1822

The Kentucky Derby, Preakness and Belmont Stakes Richard Sowers, 2014-02-18 This is the definitive history of thoroughbred racing's three premier events, which have never before been explored in such detail. This book gives the history of America's classic races from the inaugural Belmont Stakes in 1867 through 2013, identifying which equine participants were truly worthy of lasting acclaim and which were one-hit wonders. Perhaps even more compelling are the stories of the men and women who rode, trained, owned, or bred classic winners, including their exploits on the turf and their triumphs and failures in arenas far removed from horse racing.

Ocean City Michael Morgan, 2011-08-04 *Going Down the Ocean*, A Brief History of Ocean City, Maryland will chronicle the long and colorful history of Maryland's premier ocean resort. Beginning with the visit of the explorer Giovanni da Verrazano, this book will examine the arrival of Assateague's famous ponies, visits by Blackbeard and other pirates, the birth of Steven Decatur, and brave soldiers who fought in the Civil War. After Ocean City was founded in the late 19th century, the resort became a mecca for vacationers, who enjoyed the surf and sand along side the pound fishermen who worked their nets a short distance off shore. During the 20th century, Ocean City witnessed the arrival of the automobile, bootleggers, and German submarines. Following the Second World War, Bobby Baker, confidant to Lyndon Johnson, built a motel on the barren dunes to the north and helped ignite the condominium boom that saw Ocean City grow all the way to the Delaware line.
