*We the People* James F. Gauss,James F. Gauss Ph. D.,2005-03 The drills in this book are intended to help your basketball program. Preparing your team to perform at game time is what practice is all about. I have learned that training the team to respond to different situations and adversity during practice will make the team more adaptable and comfortable with the demands placed on them at game time. I have used all the drills in this book during my own practices and they helped not only keep my team motivated during practice but also instilled confidence in their own skills so they were not afraid to push themselves at game time. Confident players are more versatile at game time and can perform the plays that help win the game. As a coach, hearing the words, I get it, Coach! is music to my ears. When my players understand how to execute my plays, my drills or the methods I am working during practice it is the greatest feeling. One of the most effective ways to build confident players is to keep your players sharp in the area of fundamentals. Providing a good base of technical skills will pay off at game time. There is a right way and a wrong way to everything and as a coach it is our job to instruct our players how to do things the right way. As a coach, having five fundamentally sound, confident players on the floor is a dream come true. There is no better feeling then coaching a skilled and motivated team to a win. The drills in this book will help you build your team's confidence by practicing and building on their fundamental skills and most of all adding some variety will keep them motivated.

What Would Madison Do? Benjamin Wittes,Pietro S Nivola,2015-09-14 What would the father of the Constitution think of contemporary developments in American politics and public policy? Constitutional scholars have long debated whether the American political system, which was so influenced by the thinking of James Madison, has in fact grown outmoded. But if Madison himself could peer at the present, what would he think of the state of key political institutions that he helped originate and the government policies that they produce? In *What Would Madison Do?*, ten prominent scholars explore the contemporary performance of Madison's constitutional legacy and how much would have surprised him. Contents: 1. Introduction: Perspectives on Madison's Legacy for Contemporary American Politics, Pietro S. Nivola and Benjamin Wittes 2. Mr. Madison's Communion Suit: Implementation-Group Liberalism and the Case for Constitutional Reform, John J. DiIulio Jr. 3. Constitutional Surprises: What James Madison Got Wrong, William A. Galston 4. Overcoming the Great Recession: How Madison's Horse and Buggy Managed, Pietro S. Nivola 5. Gridlock and the Madisonian Constitution, R. Shep Melnick

*The American Presidents, Washington to Tyler* Robert A. Nowlan,2014-01-10 As of 2012, only 43 men have held the office of the President of the United States. Some have been sanctified and some reviled. This historical work addresses the careers of the first ten presidents, men who made vital contributions not only to the office of the presidency, but to the course of the fledgling nation. From Washington through Tyler, every term is recounted in detail and each presidential profile provides as many as a hundred quotations (with full source notes) by the president, his friends, family, historians, and others. Each profile ends with an extensive bibliography of books about the president, his principles and policies, and also provides suggestion for further reading. Rigorously nonpartisan in approach, this detail-rich text describes the early years of what may well be one of the most demanding jobs in the world.

Virginia Politics & Government in a New Century Jeff Thomas,2016-10-24 The modern political landscape of Virginia bears little resemblance to the past. The commonwealth is a nationally influential swing state alongside stalwarts like Florida or Ohio. But with increased power comes greater scrutiny--and corruption. Governor Bob McDonnell received a jail sentence on federal corruption charges, later vacated by the U.S. Supreme Court. Corporate influence on the state legislature and other leaders resulted in numerous ethics violations. Scandal erupted at the prestigious University of Virginia when the school ousted its president amid political drama and intrigue. Author Jeff Thomas reveals the intersection of money, power and politics and the corrosive effect on government in a new era.

**The American Congress** Julian E. Zelizer,2004-09-21 Congress is the heart and soul of our democracy, the place where interests are brokered, laws are established, and innovation is turned into concrete action. It is also where some of democracy's greatest virtues clash with its worst vices: idealism and compromise meet corruption and bitter partisanship. The American Congress unveils the rich and varied history of this singular institution. Julian E. Zelizer has gathered together forty essays by renowned historians to capture the full drama, landmark legislation, and most memorable personalities of Congress. Organized around four major periods of congressional history, from the signing of the Constitution to the creation of the Department of Homeland Security, this volume brings a fresh perspective to familiar watershed events: the Civil War, Watergate, the Vietnam War. It also gives a behind-the-scenes look at lesser-known legislation debated on the House and Senate floors, such as westward expansion and war powers control. Here are the stories behind the 1868 vote to impeach President Andrew Johnson; the rise of Jeannette Rankin, the first woman elected to Congress and a leading advocate for pacifism; and the controversy surrounding James Eastland of Mississippi, who carried civil rights bills in his pockets so they could not come up for a vote. Sidebars further spotlight notables including Huey Long, Sam Rayburn, and Tip O'Neill, bringing the sweeping history of our lawmaking bodies into sharp focus. If you've ever wondered how Congress worked in the past or what our elected officials do today, this book gives the engaging, often surprising, answers.

*Milestone Documents in American History- Vol.1* Paul Finkelman,2008 A new series combining full-text primary source documents with expert analysis and commentary.

**Off the Beaten Path Virginia** Judy Colbert,2008

**The Ancestry Family Historian's Address Book** Juliana Szucs Smith,2003 A directory of contact information for organizations in genealogical research and how to find them.

County Courthouse Book Elizabeth Petty Bentley,2009 The County Courthouse Book is a concise guide to county courthouses and courthouse records. It is an important book because the genealogical researcher needs a reliable guide to American county courthouses, the main repositories of county records. To proceed in his investigations, the researcher needs current addresses and phone numbers, information about the coverage and availability of key courthouse records such as probate, land, naturalization, and vital records, and timely advice on the whole range of services available at the courthouse. Where available he will also need listings of current websites and e-mail addresses. -- Publisher website.

*Monthly Catalog of United States Government Publications*,2005

Career Opportunities in Politics, Government, and Activism Joan Axelrod-Contrada,2008 The book tells you everything you need to know to start an career or change the direction of your current career in politics, government, or activism.

*Race and Masculinity in Southern Memory* Matthew Mace Barbee,2013-12-05 In *Race and Masculinity in Southern Memory*, Matthew Mace Barbee offers an in-depth analysis of Richmond's Monument Avenue from its origins through 1996 and pays special attention to the impact of Civil Rights struggles on Monument Avenue.

**Moments in History II** Mark R. Brewer,2022-03-16 Moments in History II is similar in format to Moments in History, but each book stands alone in that one does not have to read one in order to enjoy the other. They each contain chapters that examine a historical event and then look at the life of the individual at the center of that event. These people are sometimes famous, sometimes obscure, sometimes heroic, and sometimes scoundrels--but they are always interesting.

*Our Rights* David J. Bodenhamer,2007 This boxed set contains classroom resources to help America's educators teach about the most important documents in U.S. history--Box

**The Kiss of Judice: The Constitution Betrayed** Judge Douglass H. Bartley,2011-12-01 This work is the second of a multi-volume treatise. It covers Federal Judicial Powers, the Bill of Rights, Individual Rights: the 9th Amendment, State Powers, Powers Denied to States, and Separation of Powers. The volume is styled, *The Kiss of Judice: The Constitution Betrayed—A Coroner's Inquest and Report*. “Judice”, Latin, a pun, means “pertaining to judges”; thus denoting the judicial, Judas-like betrayal of the Constitution. “Coroner's Inquest” denotes that the work is a study into the death of the Constitution. Your author is the Coroner. He proceeds in the Inquest with the aid of his Coroner's Jury: Jefferson, Madison, Hamilton, Story, Locke, and Blackstone. The work in this volume is a dialogue between the Coroner and his jury on the various parts of the Constitution covered. The jury members answer the Coroner's questions, for the most part in their own words, drawn from a variety of their written works. Occasionally the Coroner puts words in their mouths; those “inventions” are shown in brackets in the jurors' answers. The work is novel, because, to the author's knowledge, it is the only “Constitutional Law” textbook that collects the wisdom of the framers as the Constitution's only authoritative sources; it does not, as most Constitutional Law texts do, emphasize court cases as constitutional authority, for more often than not, the courts have only warped the Constitution. In a broader sense, though, the work is not novel, for it's only an arrangement of the work already done by the jurors. The author is pleased to say that the work, by and large, is not original thought. Its beauty is that it only revives long-forgotten constitutional “discoveries” as set in the words of the main jurors and some others within “interviewed”. Note to purchasers: For updates to the manuscript, check Pastoral Republican @ <http://douglassbartley.wordpress.com/>

**Virginia's Blue Ridge** Mary Alice Blackwell,Anne Patterson Causey,2003 The Shenandoah Valley conjures up a beautiful landscape and a resonant Civil War history. This guide delivers the best experiences in the area, peak to peak, from wonderful mountain flowers and streams, to rolling farmlands and white clapboard chapels to tales of invention, scholarship, and military encounters. Maps. Photos.

*Allegany to Appomattox* Valgene Dunham,2013-04-04 On September 7, 1864, William Whitlock, aged thirty-five, left his wife and four children in Allegany, New York, to join the Union army in battle. More than 100 years later, his unpublished letters to his wife were found in the attic of a family home. These letters serve as the foundation for *Allegany to Appomattox*, giving readers a vivid glimpse into the environment and political atmosphere that surrounded the Civil War from the perspective of a northern farmer and lumberman. Whitlock’s observations tell of exhausting marches, limited rations, and grueling combat. In plainspoken language, the letters also reveal a desperate homesickness, consistently expressing concern for the family’s health and financial situation and requesting news from home. Dunham’s detailed descriptions of the war’s progress and specific battles provide a rich context for Whitlock’s letters, orienting readers to both the broad narrative of the Civil War and the intimate chronicle of one soldier’s impressions.

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Madison Virginia.htm**

In some sort of inundated with displays and the cacophony of quick communication, the profound energy and mental resonance of verbal artistry often diminish in to obscurity, eclipsed by the regular assault of noise and distractions. However, located within the lyrical pages of **Madison Virginia.htm**, a charming perform of literary elegance that impulses with natural feelings, lies an memorable journey waiting to be embarked upon. Penned by way of a virtuoso wordsmith, this mesmerizing opus guides visitors on a mental odyssey, softly revealing the latent possible and profound impact embedded within the complicated internet of language. Within the heart-wrenching expanse with this evocative analysis, we can embark upon an introspective exploration of the book is main styles, dissect its fascinating publishing fashion, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
