*The Ethics of Research Involving Animals* ,2005-01-01 A report of the Nuffield Council on Bioethics working party investigating the ethical issues of research involving animals.

**Pirates of Pensacola** Keith Thomson,2005-04 The Cooke and Hood families have been at each other's throats since the Spanish Main days. The latest chapter in their piratic rivalry takes place in 2004, when an old treasure map turns up. None of this seems to matter to Morgan Cooke, a cowardly, landlubbing accountant entirely ignorant of his heritage until his estranged father, Isaac, in need of crewmen, kidnaps him and thrusts him into the fray. When Morgan wakes up on a boat in the middle of the Caribbean, he learns that piracy still flourishes, albeit with far more discretion than in the old days--pirates disguise their fast boats as shrimpers or tugs--but with no less bloodshed. Judging even a shot at riches vastly preferable to a return to his lonely, fluorescent-lit work station existence, Morgan pierces his ear, dons the eye patch and peg leg, and set sail for glorious adventure.

*Wasted Morning* Gabriela Adamesteanu,2011-05-04 Upon its original publication in 1983, *Wasted Morning* catapulted Gabriela Adamesteanu to the first rank of Romanian novelists. She has since been translated into many languages, and now her most famous novel is available in English for the first time. At the center of *Wasted Morning* is Vica Delca, a simple, poor woman in her seventies who has endured the endless series of trials and tribulations that was Romanian history from WWI to the end of the twentieth century. She's a born storyteller, chatting and gossiping tirelessly. But she also listens, so it is through her that Adamesteanu is able to show us a panoramic portrait of Romanian society as the fortunes of its various strata shift violently. Rich or poor, honest (more or less) or deceitful, all of the characters in this polyphonic novel are brought vividly to life. From Bucharest's aspirations to be the Paris of Eastern Europe to the darkest days of dictatorship, the novel presents a sweeping vision of the personal and collective costs of a turbulent century.

**Blue Vaudeville** Andrew L. Erdman, 2007-01-30 This work reveals the often racy, ribald, and sexually charged nature of the vaudeville stage, looking at a broad array of provocative performers from disrobing dancers to nude posers to skimpily dressed athletes. Examining the ways in which big-time vaudeville nonetheless managed to market itself as pure, safe, and morally acceptable, this work compares the industry's marketing and promotional practices to those of other emergent mass-marketers of the vaudeville era in the late nineteenth and early twentieth century. Included are in-depth examinations of important figures from the vaudeville stage such as Annette Kellerman and Eva Tanguay. The work attempts to address historical context as one means of understanding these performers with an appreciation for their rebelliousness. It discusses censorship and content control in the vaudeville era, and concludes with an analysis of film's part in the fall of vaudeville. Many photographs, cartoons, and other illustrations are included.

**Last Romanov** Dora Levy Mossanen, 2012-04 She was an orphan, ushered into the royal palace on the prayers of her majesty. Yet, decades later, her time spent in the embrace of the Romanovs haunts her still. Is she responsible for those murderous events that changed everything? If only she can find the heir, maybe she can put together the broken pieces of her own past-maybe she can hold on to the love she found.

*Nationalism and Identity* Stefano Harney, 1996 The nation-state of Trinidad and Tobago offers a unique case for the study of the forces and ideologies of nationalism. This book reveals how this ethnically diverse nation (40% African origin, 40-45% East Indian origin, plus those of Syrian, Chinese, Portuguese, French and English descent), independent for less than forty years, has provided fertile ground for the creative tension between the imagination of the writer in his or her search for a habitable text of identity and the official discourse on nationalism in Trinidad and Tobago. This discourse has in turn been embedded in a struggle that propels the nation's story. Following on from this background, the study examines the changes and influences on the sense of nationalism and peoplehood caused by migration and the ethnicization of migrant communities in the metropolises.

**Handbook of Photomedicine** Michael R. Hamblin, Yingying Huang, 2013-10-22 Providing the most comprehensive, up-to-date coverage of this exciting biomedical field, Handbook of Photomedicine gathers together a large team of international experts to give you a complete account of the application of light in healthcare and medical science. The book progresses logically from the history and fundamentals of photomedicine to diverse therapeutic applications of light, known collectively as phototherapies. It facilitates your understanding of human diseases caused by light, the rationale for photoprotection, and major applications of phototherapy in clinical practice. The handbook begins with a series of historical vignettes of pioneers from the last two centuries. It also presents the fundamentals of physics and biology as applied to photomedicine. It next examines conditions and diseases caused by light, including skin cancer, dermatoses, and immunosuppression. The remainder of the book focuses on the most important clinical therapeutic applications of different kinds of light that vary in both wavelength and intensity. The book discusses ultraviolet phototherapy for skin diseases and infections and presents the basic science of photodynamic therapy and its use in cancer therapy and other medical specialties. It then covers mechanistic studies and clinical applications of low-level laser (light) therapy as well as the use of high power or surgical laser therapy in specialties, such as dentistry and dermatology. The book concludes with a collection of miscellaneous types of phototherapy.

The Tragic Empress Sophie Buxhoeveden, 2017-02 Empress Alexandra Romanov - the last empress of Russia, wife of Tsar Nicholas II, and now a saint of the Russian Orthodox Church - chose Countess Sophie Buxhoeveden, one of her ladies-in-waiting, to be her authorized biographer, opening up to her about her closest relationships and giving her access to copies of her private correspondence. Additionally, as a lady-in-waiting, Countess Buxhoeveden attended on the Empress for much of the reign of Tsar Nicholas II, only leaving her side when the Imperial Family was removed to Tobolsk after the Tsar's abdication in 1917. Thereafter, she followed the Empress to Tobolsk, and then to Ekaterinburg, where the entire Imperial Family, some of the Court suite and some of their servants met their deaths on July 17, 1918. The portrait the Countess paints of the Empress is of a warm, shy, kind and generous woman, devoted to Russia, her husband and her children, deeply charitable in word and deed, and a committed friend and mistress, but ill-starred, physically sick, maligned, misunderstood and much plotted against. The character descriptions in this book also include those for Tsar Nicholas, each of the children - OTMA and the Tsarevitch - Grand Duchess Ella (the Empress' sister), Ania Vyrubova (the Empress' most intimate friend), Rasputin and Kerensky (the Head of the Provisional Government that took power after the abdication of the Tsar and before the ascendancy of the Bolsheviks). The narrative also describes in detail the daily domestic life of the Imperial Family, and each of their trips to other parts of Russia and abroad in peace and war. It is rare for the author of any authorized biography to know her subject so familiarly and for so long, and to have been a first-hand witness to almost everything that happened for much of her life, and it is this that makes 'The Tragic Empress' such an intriguing and compelling book.

The Life and Death of Ella Grand Duchess of Russia Christopher Warwick, 2014-10-11 Following the death of her mother, Ella spent some years at Windsor with her grandmother, Queen Victoria. During this time she met & became engaged to Grand Duke Sergei Alexandrovitch. It was at their wedding that her sister, Alix, formed a love match with the future Tsar Nicholas II, an event which sealed the fate of both sisters.

**Little Fingers** Filip Florian, 2009 In a small mountain town in Romania, a mass grave is discovered in the vicinity of a Roman fort. Are the dead the victims of a medieval plague or, perhaps, of a communist firing squad? Petrus, a young archaeologist, decides to investigate on his own.

The Mirror Thief Martin Seay, 2016-05-10 A globetrotting, time-bending, wildly entertaining masterpiece hailed by the New York Times Book Review

as Audaciously well written...the book I was raving about to my friends before I'd even finished it. Publishers Weekly raved that with near-universal appeal . . . Seay's debut novel is a true delight, a big, beautiful cabinet of wonders that is by turns an ominous modern thriller, a supernatural mystery, and an enchanting historical adventure story. Set in three cities in three eras, The Mirror Thief calls to mind David Mitchell and Umberto Eco in its mix of entertainment and literary bravado. The core story is set in Venice in the sixteenth century, when the famed makers of Venetian glass were perfecting one of the old world's most wondrous inventions: the mirror. An object of glittering yet fearful fascination—was it reflecting simple reality, or something more spiritually revealing?—the Venetian mirrors were state of the art technology, and subject to industrial espionage by desirous sultans and royals world-wide. But for any of the development team to leave the island was a crime punishable by death. One man, however—a world-weary war hero with nothing to lose—has a scheme he thinks will allow him to outwit the city's terrifying enforcers of the edict, the ominous Council of Ten . . . Meanwhile, in two other Venices—Venice Beach, California, circa 1958, and the Venice casino in Las Vegas, circa today—two other schemers launch similarly dangerous plans to get away with a secret . . . All three stories will weave together into a spell-binding tour-de-force that is impossible to put down—an old-fashioned, stay-up-all-night novel that, in the end, returns the reader to a stunning conclusion in the original Venice . . . and the bedazzled sense of having read a truly original and thrilling work of art.
