**Revolutionary Women** Ann Shen,2022-11-01 Revolutionary Women celebrates the amazing stories of 50 women of color who pushed boundaries, rewrote the rules, and inspired women everywhere to follow in their footsteps. Discover the remarkable true stories of a diverse group of women who were trailblazers and leaders in their field, becoming visible icons of excellence in their communities and beyond. From making their mark on the big screen and in the halls of NASA to ruling on the courts of the US Open and the Supreme Court, their incredible stories will inspire you to embrace your authentic self and live your life in full color. For fans of Ann Shen's beloved Bad Girls Throughout History, this spiritual successor celebrates the accomplishments of these incredible women alongside Ann Shen's signature artwork. From dancers, actors, and singers to scientists, astronauts, politicians, and activists, these women used their voices and their passions to change the world. They include: Gloria Estefan, one of the best-selling female music artists of all time. Anna Sui, an iconic fashion designer for over four decades. Bessie Stringfield, the motorcycle queen of Miami. Alexandria Ocasio-Cortez, the youngest woman ever sworn into Congress. Misty Copeland, the first Black woman principal dancer at American Ballet Theater. Joyce Chen, the first Chinese celebrity chef. Revolutionary Women captures their extraordinary stories in a beautiful and inspiring format that elevates their achievements. Readers will love the new take on Ann Shen's beloved first book, as well as the uplifting stories, beautiful and rich art, and the inspiration for readers to forge their own paths. BEAUTIFUL gift: This book combines fun and colorful illustrations with important history through the lens of intersectional feminism, celebrating women of color for the amazing things they accomplished, appealing to people of all ages and genders. Perfect for: Customers who also bought BAD GIRLS THROUGHOUT HISTORY or LEGENDARY LADIES Fans of Fashion, Art, and History Self-Proclaimed Feminists

The Empathy Edge Maria Ross,2019-10-22 Furious customers? Missed deadlines? Failed products? The problems your business faces may stem from a single issue: lack of empathy. Being empathetic at work means seeing the situation from another's perspective, and using that vantage point to shape your leadership style, workplace culture, and branding strategy. Pairing her knowledge as a branding expert with proven research and fascinating stories from executives, change-makers and community leaders, Maria Ross reveals exactly how empathy makes brands and organizations stronger and more successful. Ross shows why your business needs to cultivate more empathy now, and shares the habits and traits of empathetic leaders who foster more productivity and loyalty. She gives practical tips, big and small, for how to align your mission and values and hire the right people, cultivating a more empathetic--and innovative--workplace culture. Finally, she gives you the goods on building your empathetic brand in an authentic and proactive way, and shows how doing so results in happier customers, innovative work cultures and increased profits. In this practical playbook for businesses of all types, Maria Ross proves that empathy is not just good for society--it's great for business, and may transform you at a personal level, too.

Global Russian Cultures Kevin M. F. Platt,2019-01-15 Is there an essential Russian identity? What happens when Russian literature is written in English, by such authors as Gary Shteyngart or Lara Vapnyar? What is the geographic home of Russian culture created and shared via the internet? Global Russian Cultures innovatively considers these and many related questions about the literary and cultural life of Russians who in successive waves of migration have dispersed to the United States, Europe, and Israel, or who remained after the collapse of the USSR in Ukraine, the Baltic states, and the Central Asian states. The volume's internationally renowned contributors treat the many different global Russian cultures not as displaced elements of Russian cultural life but rather as independent entities in their own right. They describe diverse forms of literature, music, film, and everyday life that transcend and defy political, geographic, and even linguistic borders. Arguing that Russian cultures today are many, this volume contends that no state or society can lay claim to be the single or authentic representative of Russianness. In so doing, it contests the conceptions of culture and identity at the root of nation-building projects in and around Russia.

*David Griffiths and the Missionary "History of Madagascar"* Gwyn Campbell,2012-04-03 This book reveals the hitherto hidden history of inter-missionary dispute that split the first LMS mission to Madagascar. Focussing on David Griffiths, whose pivotal role was concealed by the LMS, it suggests that Welsh-English rivalry moulded the mission's destiny.

**Australia's Nuclear Policy** Michael Clarke,Stephan Frühling,2016-03-03 Australia's Nuclear Policy: Reconciling Strategic, Economic and Normative Interests critically re-evaluates Australia's engagement with nuclear weapons, nuclear power and the nuclear fuel cycle since the dawn of the nuclear age. The authors develop a holistic conception of 'nuclear policy' that extends across the three distinct but related spheres - strategic, economic and normative - that have arisen from the basic 'dual-use' dilemma of nuclear technology. Existing scholarship on Australia's nuclear policy has generally grappled with each of these spheres in isolation. In a fresh evaluation of the field, the authors investigate the broader aims of Australian nuclear policy and detail how successive Australian governments have engaged with nuclear issues since 1945. Through its holistic approach, the book demonstrates the logic of seemingly conflicting policy positions at the heart of Australian nuclear policy, including simultaneous reliance on US extended deterrence and the pursuit of nuclear disarmament. Such apparent contradictions highlight the complex relationships between different ends and means of nuclear policy. How successive Australian governments of different political shades have attempted to reconcile these in their nuclear policy over time is a central part of the history and future of Australia's engagement with the nuclear fuel cycle.

**Purposeful Empathy** Anita Nowak,2023-04-11 Empathy has never been more important, yet we're living in an era of a massive empathy deficit. At the same time, workplace culture has changed dramatically. Leaders, who have already been stretched to the limit, are now being called on to create and nurture genuine connection, psychological safety, and well-being across their organizations--all while adapting to the values of a new generation that won't compromise on diversity, equity, and inclusion. As this book shows, human beings are wired to care, and we can become more empathic with practice. Empathy increases dopamine, reduces stress, boosts self-esteem, heightens the immune system, and enriches our relationships. Empathy also improves business key performance indicators. This means that leveraging empathy on purpose can lead to better health, happier and more productive workplaces, and a more meaningful life. That's why empathy is our superpower. Through inspiring stories; interviews with experts, including business leaders, neuroscientists, activists, social entrepreneurs, and spiritual leaders; a new model rooted in positive psychology and coaching; and self-development exercises at the end of each chapter, Purposeful Empathy offers wisdom and practical advice to foster personal, organizational, and social transformation.

**Young Leonardo** Jean-Pierre Isbouts,Christopher Heath Brown,2017-05-23 Jean-Pierre Isbouts and Christopher Heath Brown depict Leonardo's seminal years in Milan from an entirely new perspective: that of the Sforza court. They show that much of the Sforza patronage was directed on vast projects, such as the Milan Cathedral, favoring a close circle of local artists to which Leonardo never gained entry. As a result, his exceptional talent remained largely unrecognized right up to The Last Supper and the fresco of the Crucifixion on the opposite wall, a work that up to now has fully escaped public attention. Finally, they present a sensational theory: that two long-ignored, life-size copies of The Last Supper, now in Belgium and the UK, were actually

commissioned by the French king Louis XII and painted under Leonardo's direct supervision.--Publisher's description.

Armed groups: Studies in National Security, Counterterrorism, and Counterinsurgency , Product Description: Discussion of armed groups which are considered to include classic insurgents, terrorists, guerrillas, militias, police agencies, criminal organizations, war-lords, privatized military organizations, mercenaries, pirates, drug cartels, apocalyptic religious extremists, orchestrated rioters and mobs, and tribal factions. The book also delves into matters of ethics, technology, intelligence, education, the law, diplomacy, military science, and even mythology. The book is divided into five sections: History and armed groups, Present context and environment, Religion and inspiration, thinking differently about armed groups, the shpae of things to come.

NICOMACHEAN ETHICS Aristotle,2017-04-20 ♦EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for this reason the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making and the other arts concerned with the equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.♦

What Was Mine Helen Klein Ross,2016-01-05 Simply told but deeply affecting, in the bestselling tradition of Alice McDermott and Tom Perrotta, this urgent novel unravels the heartrending yet unsentimental tale of a woman who kidnaps a baby in a superstore—and gets away with it for twenty-one years. Lucy Wakefield is a seemingly ordinary woman who does something extraordinary in a desperate moment: she takes a baby girl from a shopping cart and raises her as her own. It’s a secret she manages to keep for over two decades—from her daughter, the babysitter who helped raise her, family, coworkers, and friends. When Lucy’s now-grown daughter Mia discovers the devastating truth of her origins, she is overwhelmed by confusion and anger and determines not to speak again to the mother who raised her. She reaches out to her birth mother for a tearful reunion, and Lucy is forced to flee to China to avoid prosecution. What follows is a ripple effect that alters the lives of many and challenges our understanding of the very meaning of motherhood. Author Helen Klein Ross, whose work has appeared in The New Yorker, weaves a powerful story of upheaval and resilience told from the alternating perspectives of Lucy, Mia, Mia’s birth mother, and others intimately involved in the kidnapping. What Was Mine is a compelling tale of motherhood and loss, of grief and hope, and the life-shattering effects of a single, irrevocable moment.

**Patriotic Correctness** John K. Wilson,2015-12-03 After 9/11, liberal professors and students faced an onslaught of attacks on their patriotism and academic freedom. In a lively narrative this book tells the story of attacks on academic freedom in the past five years. It highlights nationally prominent and lesser known cases, drawing upon media reports, university documents, and reports and studies seldom seen by the public. It shows how conservative attacks on higher education distort the facts in order to pursue an assault on liberal ideas. A wave of Web sites and think-tanks urge students to spy on their professors for any sign of deviation from the new PC: Patriotic Correctness. Free speech on campus is facing its greatest threat in a half century, and Patriotic Correctness: Academic Freedom and Its Enemies documents the danger to rights and looks to solutions for ensuring and promoting the free exchange of ideas requisite in any thriving democracy.

*A Gift of Angels* Bernard L. Fontana,2010-09-20 It rises suddenly out of the Sonoran Desert landscape, towering over the tallest tree or cactus, a commanding building with a sensuous dome, elliptical vaults, and sturdy bell towers. There is nothing else like it around, nor does it seem there should be. This incongruity of setting is what strikes first-time visitors to Mission San Xavier del Bac. This great church is of another place and another time, while its beauty is universal and timeless. Mission San Xavier del Bac is a two-century-old Spanish church in southern Arizona located just a few miles from downtown Tucson, a metropolis of more than half a million people in the American Southwest. A National Historic Landmark since 1963, the mission’s graceful baroque art and architecture have drawn visitors from all over the world. Now Bernard Fontana—the leading expert on San Xavier—and award-winning photographer Edward McCain team up to bring us a comprehensive view of the mission as we’ve never seen it before. With 200 stunning full-color photographs and incisive text illuminating the religious, historical, and motivational context of these images, A Gift of Angels is a must-have for tourists, scholars, and other visitors to San Xavier. From its glorious architecture all the way down to the finest details of its art, Mission San Xavier del Bac is indeed a gift of angels.
