Mary Ann Shadd Cary Jane Rhodes, 2023 Mary Ann Shadd Cary was a courageous and outspoken nineteenth-century African American who used the press and public speaking to fight slavery and oppression in the United States and Canada. Part of the small free black elite who used their education and limited freedoms to fight for the end of slavery and racial oppression, Shadd Cary is best known as the first African American woman to publish and edit a newspaper in North America. But her importance does not stop there. She was an active participant in many of the social and political movements that influenced nineteenth century abolition, black emigration and nationalism, women's rights, and temperance. *Mary Ann Shadd Cary: The Black Press and Protest in the Nineteenth Century* explores her remarkable life and offers a window on the free black experience, emergent black nationalisms, African American gender ideologies, and the formation of a black public sphere. This new edition contains a new epilogue and new photographs--

Do Babies Matter? Mary Ann Mason, Nicholas H. Wolfinger, Marc Goulden, 2013-06-13

The new generation of scholars differs in many ways from its predecessor of just a few decades ago. Academia once consisted largely of men in traditional single-earner families. Today, men and women fill the doctoral student ranks in nearly equal numbers and most will experience both the benefits and challenges of living in dual-income households. This generation also has new expectations and values, notably the desire for flexibility and balance between careers and other life goals. However, changes to the structure and culture of academia have not kept pace with young scholars' desires for work-family balance. *Do Babies Matter?* is the first comprehensive examination of the relationship between family formation and the academic careers of men and women. The book begins with graduate students and postdoctoral fellows, moves on to early and mid-career years, and ends with retirement. Individual chapters examine graduate school, how recent PhD recipients get into the academic game, the tenure process, and life after tenure. The authors explore the family sacrifices women often have to make to get ahead in academia and consider how gender and family interact to affect promotion to full professor, salaries, and retirement. Concrete strategies are suggested for transforming the university into a family-friendly environment at every career stage. The book draws on over a decade of research using unprecedented data resources, including the Survey of Doctorate Recipients, a nationally representative panel survey of PhDs in America, and multiple surveys of faculty and graduate students at the ten-campus University of California system..

Ted Allen Studebaker Gary W. Studebaker, Douglas E. Studebaker, 2017-04-12 Ted

Studebaker, a true peace hero, worked for peace through nonviolence. By doing so, he left

a peacemaking legacy that continues to impact mankind through the ages. He was a volunteer agriculturalist in the highlands of Vietnam during the war. As he began his third year of work, he married the love of his life, Pakdy, a Chinese coworker. One week after their marriage, Vietnamese forces, opposing the Americans, entered their house where they killed him. Ted was fully prepared and armed with confidence for the work that God had set before him. He was totally committed to give of himself without reservation. Ted gratefully acknowledged his government's position of accepting alternative service to serve mankind as opposed to military service. He wrote to his draft board, I don't feel unpatriotic or disloyal to my country. However, I do think there are certain rights, beliefs, and values to which one should be more devoted to than his country if he has arrived at them through conscientious thought, learning and experience. Ted was aware of the opposition he would face for his peacemaking stand, yet he was true to his beliefs. In doing so, he remains an enduring force for peace.

Mary Marie Eleanor Hodgman Porter,1920 Though it was originally published almost a century ago, Eleanor H. Porter's novel *Mary Marie* tackles an issue that is as relevant as ever: divorce and its impact on the children in the family that has been torn asunder. Mary Edwards Bryan Canter Brown Jr.,Larry Eugene Rivers,2015-10-28 The publication of *Manch* in 1880 marked the beginning of Mary Edwards Bryan's rise to prominence as one of nineteenth-century America's best-known writers of mass-market fiction. At a time when women were discouraged from having jobs of their own, she made a name for herself as a thoughtful--and well-paid--editor. Despite her cultivated image as editor of *Fashion Bazar* and *Sunny South*, Bryan's early life was fraught with obstacles. In this finely crafted literary biography, Canter Brown Jr. and Larry Eugene Rivers examine Bryan's formative years in Florida, Georgia, and Louisiana, pairing historical insights with selections of her best writing to illustrate how the obstacles she overcame shaped what she wrote. She grew up on a frontier plantation and later lived through the upheavals of secession and war, disruptive affairs with authors and politicians, the tensions of

emancipation, and pervading post-war economic disorder. Despite the oppressive men in her life--her abusive father and husband--as well as unabashed limitations regarding the role of women, Bryan ultimately achieved extraordinary literary accomplishments in New York and Atlanta. A story of celebrity amid scandal, success amid disaster, ambition amid despair, this book reintroduces to the world a courageous and creative talent who yearned to express herself while navigating the restrictive morals and conventions of Victorian society.
