Matthew Beaumont

Myth of the Modern Homosexual Rictor Norton,2016-10-06 With careful reasoning supported by wide-ranging scholarship, this study exposes the fallacies of 'social constructionist' theories within lesbian and gay studies and makes a forceful case for the autonomy of queer identity and culture. It presents evidence that queers are part of a centuries-old history, possessing a unified historical and cultural identity. The volume reviews the fundamental historiographical issues about the nature of queer history, arguing that a new generation of queer historians will need to abandon authoritarian dogma founded upon politically-correct ideology rather than historical experience. Norton offers a clear exposition of the evidence for ancient, indigenous and pre-modern queer cultural continuity, revealing how knowledge of that history has been suppressed and censored and sets out the 'queer cultural essentialist' position on the key topics of queer history – role, identity, bisexuality, orientation, linguistics, social control, homophobia, subcultures, and kinship patterns.

Origin of Placenames in Peckham and Nunhead John D. Beasley,2010-05-15 This book offers an engaging catalogue of local place names and their history and covers the origin of pub names and local shops.

Nightwalking Matthew Beaumont,2015-03-24 “Cities, like cats, will reveal themselves at night,” wrote the poet Rupert Brooke. Before the age of electricity, the nighttime city was a very different place to the one we know today—home to the lost, the vagrant and the noctambulant. Matthew Beaumont recounts an alternative history of London by focusing on those of its denizens who surface on the streets when the sun’s down. If nightwalking is a matter of “going astray” in the streets of the metropolis after dark, then nightwalkers represent some of the most suggestive and revealing guides to the neglected and forgotten aspects of the city. In this brilliant work of literary investigation, Beaumont shines a light on the shadowy perambulations of poets, novelists and thinkers: Chaucer and Shakespeare; William Blake and his ecstatic peregrinations and the feverish ramblings of opium addict Thomas De Quincey; and, among the lamp-lit literary throng, the supreme nightwalker Charles Dickens. We discover how the nocturnal city has inspired some and served as a balm or narcotic to others. In each case, the city is revealed as a place divided between work and pleasure, the affluent and the indigent, where the entitled and the desperate jostle in the streets. With a foreword and afterword by Will Self, Nightwalking is a captivating literary portrait of the writers who explore the city at night and the people they meet.

The London Burial Grounds Mrs. Basil Holmes,Isabella M. Holmes,1896

The Art of Wandering Merlin Coverley,2022-09-28 The Art of Wandering is a history of that curious hybrid, the writer as walker. From the Ancient world to the modern day, the role of the walker continues to evolve, from philosopher and pilgrim, vagrant and visionary, to experimentalist and radical. From Rousseau and De Quincey to Virginia Woolf and Werner Herzog, this seemingly innocuous activity has inspired a literary tradition encompassing philosophy and poetry, the novel and the manifesto. Today, this figure has returned to the forefront of the public imagination, as writers and walkers follow in the footsteps of earlier generations. For the walker is once again on the march, seeking out new territory and recording new impressions of the landscape. Newly revised and updated, The Art of Wandering explores these adventures on foot. Every walk can be expressed as a story narrated by the walker; it is these stories and the lives of those who walked them which are examined here.

Walking After Midnight ,1989

Queer Domesticities M. Cook,2014-04-29 Sissy home boys or domestic outlaws? Through a series of vivid case studies taken from across the late nineteenth and twentieth centuries, Matt Cook explores the emergence of these trenchant stereotypes and looks at how they play out in the home and family lives of queer men.

The Flâneur (RLE Social Theory) Keith Tester,2014-08-21 Timely and original, this collection of essays from the leading figures in their fields throws new and valuable light on the significance and future of flânerie. The flâneur is usually identified as the ‘man of the crowd’ of Edgar Allen Poe and Charles Baudelaire, and as one of the heroes of Walter Benjamin’s Arcades Project. The flâneur’s activities of strolling and loitering are mentioned increasingly frequently in sociology, cultural studies and art history, but rarely is the debate developed further. The Flâneur is the first book to develop the debate beyond Baudelaire and Benjamin, and to push it in unexpected and exciting directions.

The Open-air Nursery School E. Stevinson,1923 Explores the origins of the modern nursery school and day-care environments in England, with attention given to the founding work of Rachel and Margaret Mcmillan.

Conservation in Progress Frank Barrie Goldsmith,1993-03-16 Presents a comprehensive picture of nature conservation in Western Europe in the 1990s. Specifically addresses the relationship between ecology and conservation; the mass media and conservation; science, values and conservation; various conservational regulatory agencies; and woodlands, wetlands and primate conservation.
