Refuge and Resilience Laura Simich, Lisa Andermann, 2014-06-05 Taking an interdisciplinary approach and focusing on the social and psychological resources that promote resilience among forced migrants, this book presents theory and evidence about what keeps refugees healthy during resettlement. The book draws on contributions from cultural psychiatry, anthropology, ethics, nursing, psychiatric epidemiology, sociology and social work. Concern about immigrant mental health and social integration in resettlement countries has given rise to public debates that challenge scientists and policy makers to assemble facts and solutions to perceived problems. Since the 1980s, refugee mental health research has been productive but arguably overly-focused on mental disorders and problems rather than solutions. Social science perspectives are not well integrated with medical science and treatment, which is at odds with social reality and underlies inadequacy and fragmentation in policy and service delivery. Research and practice that contribute to positive refugee mental health from Canada and the U.S. show that refugee mental health promotion must take into account social and policy contexts of immigration and health care in addition to medical issues. Despite traumatic experiences, most refugees are not mentally ill in a clinical sense and those who do need medical attention often do not receive appropriate care. As recent studies show, social and cultural determinants of health may play a larger role in refugee health and adaptation outcomes than do biological factors or pre-migration experiences. This book's goal therefore is to broaden the refugee mental health field with social and cultural perspectives on resilience and mental health.

The Gospel of Matthew Craig S. Keener, 2009-07-24 This commentary on Matthew offers a unique interpretive approach that focuses on the socio-historical context of the Gospel and the nature of Matthew's exhortation to his first-century Christian audience. / By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first-century Jewish-Christian relations, Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary. / In addition, Keener's commentary is a useful discipleship manual for the church. His approach recaptures the full shock effect of Jesus' teachings in their original context and allows Matthew to make his point with greater narrative artistry. Keener also brings home the total impact of Matthew's message, including its clear portrait of Jesus and its call for discipleship, both to the Gospel's ancient readers and to believers today. / Thoroughly researched, the book includes a 150-page bibliography of secondary sources, and more than 150 pages of indexes.

Five Views on Law and Gospel Greg L. Bahnsen, Walter C. Kaiser, Jr., Douglas J. Moo, Wayne G. Strickland, Willem A. VanGemeren, 2010-09-21 An introduction to a complex theological issue that impacts our daily lives as believers in Christ: What is the relevance of the Old Testament Law to our understanding of the Gospel and how it should be lived? This book explores five major approaches to this important biblical topic as they've developed in Protestant circles: Non-Theonomic Reformed View – the law is the perfection of righteousness in Jesus Christ. Theonomic Reformed View – the goodness of the law is dependent on how it's used and does not offer a way to salvation. Heavily focused on Paul's discussion of the Law. Law as Gracious Guidance View – emphasizes the contrasts between the Mosaic law and the Gospel of grace, while still asserting the Law's value. Dispensational View – approaches the Law from a historical perspective to help us understand its presentation, treatment, and recipients. Modified Lutheran View – the Law of Christ as the fulfillment of the Law of Moses. This book allows each contributor to not only present the case for his view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

Plowshares & Pruning Hooks Brent Sandy, 2014-01-06 What are we to make of Isaiah's image of Mount Zion as the highest of the mountains, or Zechariah's picture of the Mount of Olives split in two, or Daniel's beast rising out of the sea or Revelation's great red dragon, with seven heads and ten horns? How can Peter claim that on the day of Pentecost the prophecy of Joel was being fulfilled, with signs in heaven and wonders on earth, the sun turned to darkness and the moon to blood? The language and imagery of biblical prophecy has been the source of puzzlement for many Christians and a point of dispute for some. How ironic that is! For the prophets and seers were the wordsmiths of their time. They took pains to speak God's word clearly and effectively to their contemporaries. How should we, as citizens of the twenty-first century, understand the imagery of this ancient biblical literature? Are there any clues in the texts themselves, any principles we can apply as we read these important but puzzling biblical texts? D. Brent Sandy carefully considers the language and imagery of prophecy and apocalyptic, how it is used, how it is fulfilled within Scripture, and how we should read it against the horizon of our future. Clearly and engagingly written, *Plowshares and Pruning Hooks* is the kind of book that gives its readers a new vantage point from which to view the landscape of prophetic and apocalyptic language and imagery.

The Weakness of the Law Jonathan F. Bayes, 2007-09-01 *The Weakness of the Law* aims to demonstrate that the five New Testament references to the weakness of the Law, read in their respective contexts, support those who advocate the third use of the Law in the debate with doctrinal antinomianism. The study falls into two parts: Part One sets the scene by means of a series of illustrations of the debate, in approximate chronological order, in which representatives of each of the two broad positions are set side by side. In Part Two the four books in which the five key texts appear are studied in their entirety as they relate to the subject of the Law.

From the Finger of God Philip S. Ross, 2010 This book investigates the biblical and theological basis for the classical division of biblical law into moral, civil, and ceremonial. It highlights some of the implications of this division for the doctrines of sin and atonement, concluding that theologians were right to see it as rooted in Scripture and the Ten Commandments as ever-binding.

Law and History in Matthew's Gospel John P. Meier, 1976 Originally presented as the author's thesis, Biblical Institute, 1975 (S.S.L.). Includes indexes. Includes bibliographical references (pages 172-192).

Hillel Joseph Telushkin, 2010-09-14 Part of the Jewish Encounter series "What is hateful unto you, do not do unto your neighbor. That is the whole Torah, all the rest is commentary. Now, go and study." This is the most famous teaching of Hillel, one of the greatest rabbis of the Talmudic era. What makes it so extraordinary is that it was offered to a gentile seeking conversion. Joseph Telushkin feels that this Talmudic story has great relevance for

us today. At a time when religiosity is equated with ritual observance alone, when few Jews seem concerned with bringing Jewish teachings into the world, and when more than 40 percent of Jews intermarry, Judaism is in need of more of the openness that Hillel possessed two thousand years ago. Hillel’s teachings, stories, and legal rulings can be found throughout the Talmud; many of them share his emphasis on ethical and moral living as an essential element in Jewish religious practice, including his citing the concept of tikkun olam (repairing the world) as a basis for modifying Jewish law. Perhaps the most prominent rabbi and teacher in the Land of Israel during the reign of Herod, Hillel may well have influenced Jesus, his junior by several decades. In a provocative analysis of both Judaism and Christianity, Telushkin reveals why Hillel’s teachings about ethics as God’s central demand and his willingness to encourage the process of conversion began to be ignored in favor of the stricter and less inclusive teachings of his rabbinic adversary, Shammai. Here is a bold new look at an iconic religious leader.

The Homilies of Saint John Chrysostom: On the Gospel of Saint Matthew Saint John Chrysostom,Aeterna Press, THE Homilies of St. Chrysostom on St. Matthew were undoubtedly delivered at Antioch, (see Hom. vii. p. 105.) and probably in the latter part of the time during which he preached as a Presbyter. Montfaucon considers his little mention of the sin of swearing a sign of his having accomplished some reformation on that point by his previous exertions. In the Homilies delivered from 386 to 388, it is a constant topic; and the Homilies known to belong to that date are so numerous, as scarcely to leave room for such a series as the present. These, however, contain very little to mark the period to which they belong. The argument from his reference to dissensions some time gone by, possibly those between St. Meletius and Paulinus and Evagrius, in commenting on St. Matt. 23:6. is not very conclusive. Aeterna Press

The Law, the Gospel, and the Modern Christian ,1993 The Protestant Reformation sparked an ongoing debate among Christians on the relationship between the Law and the Gospel as part of the discussion of the relationship of the Old and New Testaments. Questions such as these are being asked: Do the Law and the Gospel belong to two separate dispensations? Has the Gospel replaced the Law? What is the relevance of the Old Testament Law to our lives as Christians? Is there continuity between it and what Christ expects of us in the Gospel? It is no secret that Christians have differed widely on these questions. This book, using the familiar format of a Views book, explores five major approaches to this important biblical topic that have developed in Protestant circles. Each of the five authors presents his particular perspective on the issue and responds to the other four.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Matthew 1-7 W. D. Davies,Dale C. Allison, Jr.,2004-06-15 For over one hundred years, the International Critical Commentary series has held a special place among works on the Bible. It has sought to bring together all the relevant aids to exegesis – linguistic and textual no less than archaeological, historical, literary and theological—with a level of comprehension and quality of scholarship unmatched by any other series. No attempt has been made to secure a uniform theological or critical approach to the biblical text: contributors have been invited for their scholarly distinction, not for their adherence to any one school of thought. The first paperback editions to be published cover the heart of the New Testament, providing a wealth of information and research in accessible and attractive format.

Paratext and Megatext as Channels of Jewish and Christian Traditions August den Hollander,Ulrich Schmid,Willem Smelik,2020-01-29 Religious traditions are channeled to new audiences by textual markers, which inform their understanding and influence. Such markers are signs of contextualisation which belong to the paratext of a tradition: textual elements that do not belong to the core text itself but belong to their embedding and as such affect their reception. Alternatively, some texts function purposely in tandem with another text, and cannot be understood without that text. While the second text informs the way the first one is being understood, it can hardly function independently. The discussions include the arrangement of textual blocks in the Hebrew Bible; how the oral transmission of Jewish Aramaic Bible translations had to be recited as a counterpoint to the Hebrew chant; how synagogue poetry presupposes the channels of liturgical instruction; how the Talmud can be perceived as a translation of Mishnah; how the presence of paratextual elements such as annotations and prefaces influenced the Index Librorum Prohibitorum concerning 16th century Bibles; the function of paratext and scope for modern Bible translations. This volume will tentatively explore the wide range of paratext and megatext as devices of channeling religious traditions.

The Sermon on the Mount Hans Dieter Betz,1995 To study these sermons with Betz is to be vastly informed about all forms of gospel criticism, and ultimately, about Jesus himself.
