*Beyond Glory* David Margolick,2005 The gripping story of the Joe Louis-Max Schmeling heavyweight fights galvanized and symbolized the hopes, hatreds, and fears of a world facing the threat of war.

Nazi UFOs S.D. Tucker,2022-10-24 Nazi UFOs tells the strange tale of how, following the first alleged flying saucer sightings made in the USA in 1947, a series of fantasists and neo-fascists came forward to create a media myth that the Nazis may have invented these incredible craft as a means for winning the Second World War, a plan which was tantalisingly close to completion before the Allies conquered Berlin in 1945. Today, the fantasy of Nazi UFOs has grown into an entire mythology in books, on TV and online. Did Germany back-engineer anti-gravity craft, and even a full-blown time-machine, by stripping technology from a crashed alien saucer? Did the SS secretly invent 'Green' technology for use in their star ship engines, and was this planet-saving discovery later suppressed at the behest of a sinister Big Oil conspiracy? Did Himmler try to develop 'lightning weapons' for use in aerial combat? By contrasting the fake military-industrial pseudo-histories of Nazi UFO theorists with details of real-life Nazi aerospace achievements, the author demonstrates both how this modern-day mythology came about and how it cannot possibly be more than fractionally true. For the first time, this fake 'alternative military history' is laid out in full. This book features an appealing cast of con-men and spies, complete madmen, real-life Nazis and completely made-up ones, operating right across the globe from South America to wartime Europe and Japan. A good example may be the 'mad professor', Viktor Schauberger, who actually genuinely did manage to gain a personal audience with Adolf Hitler in order to try and convince him that he had discovered and then exploited some amazing new source of natural 'free energy' which could make objects (such as saucers, in the opinion of some) float. Hitler dismissed his plan, but it does nonetheless show how close some bizarre schemes came to being implemented in Nazi Germany.

**Cat Cross Their Graves** Shirley Rousseau Murphy,2009-10-13 The beautiful, serene village of Molena Point, California is the type of place where people go to get away from the harsher realities of life--which is what attracted classic film star Patty Rose to buy the village inn, and settle down to enjoy her golden years. But as the town gathers to celebrate and honor the beautiful, aging actress with a festival of her old films, Patty is brutally murdered--to the horror and shock of this peaceful burg. A gentle tortoiseshell cat, Kit, has been enjoying a retreat to the animal-loving actress's inn, where she's spending time with her feline friends Dulcie, and the slick tomcat sleuth, Joe Grey. But her relaxation is cut short when she hears the gunshots that end Patty's life, and sees her dead body sprawled on the inn's front steps. She glimpses the killer racing into the parking garage, and soon follows his trail. Joe and Dulcie must now follow the naïve Kit's trail, and keep her from getting into serious trouble. To complicate matters, Joe discovers that Dulcie has been hiding a runaway child--one of the lucky humans that these special cats choose to talk to--who has now been kidnapped, likely by the same man who killed their famous friend. In the end, the little girl's abduction leads them to Patty's killer, and the feline friends are all united--but they all must mourn a departed friend as they stand beside the newly laid grave of Patty Rose.

Cat Spitting Mad Shirley Rousseau Murphy,2001 Two of local lawman Harper's horseback--riding companions have been murdered on the trail, and the only one who knows Harper is innocent is Joe Grey the cat.

*Organizational Ethnography* Sierk Ybema, Dvora Yanow, Harry Wels, Frans H Kamsteeg, 2009-08-20  
Electronic Inspection Copy available for instructors here Just as newspapers do not, typically, engage with the ordinary experiences of people's daily lives, so organizational studies has also tended largely to ignore the humdrum, everyday experiences of people working in organizations. However, ethnographic approaches provide in-depth and up-close understandings of how the 'everyday-ness' of work is organized and how, in turn, work itself organizes people and the societies they inhabit. Organizational Ethnography brings contributions from leading scholars in organizational studies that serve to unpack an ethnographic perspective on organizations and organizational research. The authors explore the particular problems faced by organizational ethnographers, including: - questions of gaining access to research sites within organizations; - the many styles of writing organizational ethnography; - the role of friendship relations in the field; - problems of distance and closeness; - the doing of at-home ethnography; - ethical issues; - standards for evaluating ethnographic work. This book is a vital resource for organizational scholars and students doing or writing ethnography in the fields of business and management, public administration, education, health care, social work, or any related field in which organizations play a role.

*Rhymes with Fighter* Joseph Weber, 2021-12 From a hardscrabble childhood in the Great Depression on the dusty plains of rural Nebraska, Clayton Yeutter (1930–2017) rose to work for four U.S. presidents, serving in the cabinets of two of them. His challenge, posed by one of President Ronald Reagan's aides, was this: go and change the world. As U.S. trade representative he did just that, opening the global trading arena with bold efforts that led to NAFTA, the creation of the World Trade Organization, and extraordinary growth in cross-border business. Today's global trading regime began with Yeutter. A distinguished lawyer with a doctorate in economics, Yeutter also had deep business experience leading the giant futures trading organization the Chicago Mercantile Exchange, now called the CME Group. But he never forgot his family's farm roots, and those roots led him to another top job as President George H. W. Bush's secretary of agriculture. Yeutter's intellectual firepower, paired with an engaging personality and a midwesterner's beaming smile, made friends and found common ground with leaders and trade officials worldwide. Although a loyal GOP leader who served as counselor to a president and head of the Republican National Committee, Yeutter was a moderate who had admirers on both sides of the aisle. This is his life story.

*Beautiful Joe* Marshall Saunders, 1907 A dog describes being mistreated by a cruel master but then later being taken in by a kind family.

*A World on Fire* Joe Jackson, 2007-02-27 Like Charles Seife's *Zero* and Dava Sobel's *Longitude*, this passionate intellectual history is the story of the intersection of science and the human, in this case the rivals who discovered oxygen in the late 1700s. That breakthrough changed the world as radically as those of Newton and Darwin but was at first eclipsed by revolution and reaction. In chronicling the triumph and ruin of the English freethinker Joseph Priestley and the French nobleman Antoine Lavoisier—the former exiled, the latter executed on the guillotine—*A World on Fire* illustrates the perilous place of science in an age of unreason.

**The Mythical West** Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures, events, and places have been portrayed in folk legends, art, literature, and popular culture. Ever since the days of the 49ers and George Armstrong Custer, the Old West has been America's most potent source of legend. But it is sometimes hard to separate fact from fiction. Did you know, for example, that Annie Oakley was a talented marksman who shot an estimated 40,000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s? Or that many interpreters believe that *The Wonderful Wizard of Oz* is not just a fairy tale, but also a Populist allegory? These are just two of the folk legends dissected and examined in this veritable cultural geography. The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan (the legendary first city of the Aztecs) and Area 51, the top-secret U.S. Air Force base at Groom Lake, Nevada, that has fascinated UFO and conspiracy

buffs.

**Max Eastman** Christoph Irmscher, 2017-06-27 The definitive biography of a radical activist and intellectual Max Eastman (1883–1969) was a prolific writer, radical, and public intellectual who helped shape the twentieth century. While researching this masterful work, acclaimed biographer Christoph Irmscher was granted unprecedented access to the Eastman family archive, allowing him to document little-known aspects of the famously handsome and charismatic radical. Considered one of the “hottest radicals” of his time, Eastman edited two of the most important modernist magazines, *The Masses* and *The Liberator*, and campaigned for women’s suffrage and world peace. A fierce critic of Joseph Stalin, Eastman befriended and translated Leon Trotsky and remained unafraid to express unpopular views, drawing criticism from both conservatives and the Left. Set against the backdrop of several decades of political and ideological turmoil, and interweaving Eastman’s singular life with stories of the fascinating people he knew and loved, this book will have broad interdisciplinary appeal in twentieth-century history and politics, intellectual history, and literary studies.

**Out of the Shadows** David K. Wiggins, 2008-02-01 The original essays in this comprehensive collection examine the lives and sports of famous and not-so-famous African American male and female athletes from the nineteenth century to today. Some of the athletes discussed include Marshall Taylor (bicycling), William Henry Lewis (football), Jack Johnson, Satchel Paige, Jesse Owens, Joe Lewis, Alice Coachman (track and field), Althea Gibson (tennis), Wilma Rudolph, Bill Russell, Jim Brown, Arthur Ashe, Michael Jordan, Tiger Woods, and Venus and Serena Williams.

**The Heavens May Fall** Allen Eskens, 2016-10-04 FEATURING THREE CHARACTERS FROM THE BESTSELLING BOOK-CLUB FAVORITE *THE LIFE WE BURY*, THIS NOVEL EXPLORES A RIVETING MURDER CASE TOLD FROM TWO OPPOSING PERSPECTIVES. Detective Max Rupert and attorney Boady Sanden’s friendship is being pushed to the breaking point. Max is convinced that Jennavieve Pruitt was killed by her husband, Ben. Boady is equally convinced that Ben, his client, is innocent. As the case unfolds, the two are forced to confront their own personal demons. Max is still struggling with the death of his wife four years earlier, and the Pruitt case stirs up old memories. Boady hasn’t taken on a defense case since the death of an innocent client, a man Boady believes he could have saved but didn’t. Now he is back in court, with student Lila Nash at his side, and he’s determined to redeem himself for having failed in the past. Vividly told from two opposing perspectives, the truth about the stunning death of Jennavieve Pruitt remains a mystery until the very end. From the Trade Paperback edition.

**New York and the International Sound of Latin Music, 1940-1990** Benjamin Lapidus, 2020-12-28 New York City has long been a generative nexus for the transnational Latin music scene. Currently, there is no other place in the Americas where such large numbers of people from throughout the Caribbean come together to make music. In this book, Benjamin Lapidus seeks to recognize all of those musicians under one mighty musical sound, especially those who have historically gone unnoticed. Based on archival research, oral histories, interviews, and musicological analysis, Lapidus examines how interethnic collaboration among musicians, composers, dancers, instrument builders, and music teachers in New York City set a standard for the study, creation, performance, and innovation of Latin music. Musicians specializing in Spanish Caribbean music in New York cultivated a sound that was grounded in tradition, including classical, jazz, and Spanish Caribbean folkloric music. For the first time, Lapidus studies this sound in detail and in its context. He offers a fresh understanding of how musicians made and formally transmitted Spanish Caribbean popular music in New York City from 1940 to 1990. Without diminishing the historical facts of segregation and racism the musicians experienced, Lapidus treats music as a unifying force. By giving recognition to those musicians who helped bridge the gap between cultural and musical backgrounds, he recognizes the impact of entire ethnic groups who helped change music in New York. The study of these individual musicians through interviews and musical transcriptions helps to characterize the specific and identifiable New York City Latin music aesthetic that has come to be emulated internationally.

**Season of Life** Jeffrey Marx, 2007-11-01 The bestselling inspirational book in which the author reunites with a childhood football hero, now a minister and coach, and witnesses a revelatory demonstration of the true meaning of manhood—Season of Life is a book that “should be required reading for every high school student in America and every parent as well” (Carl Lewis, Olympic champion). Joe Ehrmann, a former NFL football star and volunteer coach for the Gilman high school football team, teaches his players the keys to successful defense: penetrate, pursue, punish, love. Love? A former captain of the Baltimore Colts and now an ordained minister, Ehrmann is serious about the game of football but even more serious about the purpose of life. Season of Life is his inspirational story as told by Pulitzer Prize-winning journalist Jeffrey Marx, who was a ballboy for the Colts when he first met Ehrmann. Ehrmann now devotes his life to teaching young men a whole new meaning of masculinity. He teaches the boys at Gilman the precepts of his Building Men for Others program: Being a man means emphasizing relationships and having a cause bigger than yourself. It means accepting responsibility and leading courageously. It means that empathy, integrity, and living a life of service to others are more important than points on a scoreboard. Decades after he first met Ehrmann, Jeffrey Marx renewed their friendship and watched his childhood hero putting his principles into action. While chronicling a season with the Gilman Greyhounds, Marx witnessed the most extraordinary sports program he’d ever seen, where players say “I love you” to each other and coaches profess their love for their players. Off the field Marx sat with Ehrmann and absorbed life lessons that led him to reexamine his own unresolved relationship with his father. Season of Life is a book about what it means to be a man of substance and impact. It is a moving story that will resonate with athletes, coaches, parents—anyone struggling to make the right choices in life.

*Here I Am* Keith Scott, 2021-12-09 What if God is hiding in plain sight? This is the question that author Keith Scott asks in his book about finding God's presence in our lives. Here I Am flips the response that Abraham and Moses gave to God's call, imagining it as God's response to our question, Where are you? The book shows that God reveals himself in human nature, history, science, classical and popular culture, and in our common customs and habits. Along the way the reader also discovers answers to some of the most vexing issues facing believers, like the problem of evil, Darwin's theory of evolution, and the meaning of salvation. Here I Am looks for the answers and finds them--and him--all around us.

**Fame to Infamy** David C. Ogden, Joel Nathan Rosen, 2010-10-14 Fame to Infamy: Race, Sport, and the Fall from Grace follows the paths of sports figures who were embraced by the general populace but who, through a variety of circumstances, real or imagined, found themselves falling out of favor. The contributors focus on the roles played by athletes, the media, and fans in describing how once-esteemed popular figures find themselves scorned by the same public that at one time viewed them as heroic, laudable, or otherwise respectable. The book examines a wide range of sports and eras, and includes essays on Barry Bonds, Kirby Puckett, Mike Tyson, Mark McGwire and Sammy Sosa, Branch Rickey, Joe Louis and Max Schmeling, Michael Jordan, Wilt Chamberlain, and Jim Brown, as well as an afterword by noted scholar Jack Lule and an introduction by the editors. Fame to Infamy is an interdisciplinary volume encompassing numerous approaches in tracing the evolution of each subject's reputation and shifting public image.
