The Art of Convening Patricia Neal, Craig Neal, 2011-08-19 'Meetings are a waste of time' is a sentiment many of us share, which is tragic because meetings bring us together as human beings. To achieve the kind of meaning or breakthrough results most of us really yearn for when we gather, the key quality needed is authentic engagement: a genuine expression of what is true for us, and an attentive listening to what is true for others. Why it so often eludes us can be a matter of habit, distrust, lack of attention, or fear. As cofounders of Heartland Inc., Craig and Patricia Neal have led over 170 of their acclaimed Thought Leader Gatherings with leaders from over 800 diverse organizations. Their new book shares for the first time the unique and powerful Art of Convening model - developed in these gatherings and refined over six years of intensive trainings - which brings authentic engagement and meaning to any group that comes together for any purpose. Convening goes beyond facilitating. Convening creates an environment in which all voices are heard, profound exchanges take place, and transformative action results. The heart of this book is the Convening Wheel - a series of nine steps, or aspects, that bring the practices and principles needed for authentic engagement together as a whole. The book provides exercises, stories, and questions to help you master both the inner and outer dimensions of this work - because in convening, the state of the convener is equally as important as the physical preparations. Convening works in any setting and can be adapted to virtually any group process. With this book you have all the tools you need to develop this essential life and leadership skill, one that will lead to improved outcomes in your organization, community, family, and relationships.

Ecological Living John Gusdorf, 2019-03-21 This book emphasizes how we already have the technologies available, including renewable energy and the ability to recycle most materials, to make ecological living possible and that perceived barriers to energy transitions can be overcome. Human life relies upon two systems: the biosphere and the system that produces our goods and services. Today, these two systems are in conflict, and we all face the question of whether we can stop damaging our environment while still supplying the essential goods and services we have come to depend on. Ecological Living presents an optimistic vision of our future by showing how decoupling the productive system from resource extraction is possible, and how this is a key means of achieving an equitable world within environmental limits. For long-term sustainability, the book argues that we must become more efficient in the use of our resources so that resource extraction, and the accompanying environmental costs, can be reduced. Demonstrating the essential steps towards a just and sustainable world, Ecological Living will be of great interest to all students, academics, and policymakers working in the field of environment and sustainability.

Minx Marvel Susan Buffum,2020-09-21 Twenty-three year old Minx Marvel, the daughter of controversial artist Mitchell Marvel, returns to her quiet New England hometown after five years abroad studying art in England. Soon after her return a man she remembers from her childhood arrives, demanding that she help him find paintings that her father made of her when she was little. An accident while searching for the artworks leads to the terrible truth about her childhood being exposed. Her father was part of a child pornography ring with far reaching tentacles in town and beyond. With the help of her book shop owner boyfriend, who was himself the victim of childhood sexual molestation, Minx confronts her past while coping with angry community members, violence, vandalism, and accusations that she's a liar. Her assistance with the investigation helps expose the perpetrators of sexual abuse against young girls. In the process, she discovers her soulmate, finds a new family, makes new friends, and decides to remain in town where she'll create a safe place for young victims of abuse to come and express themselves through art.

The Minx Gardner Francis Fox,2021-05 Originally printed in 1980. This is a New Edition rePrint by the Gardner Francis Fox Library LLC. This story is about A Sensational New Motion Picture! A Framework For Some Imaginative Sexation! - VARIETY Power was the only thing Baxter had ever wanted...and sex was a cheap price to pay for the money and power that Louise had delivered. She had helped him gain control of Lawson Industries. Now he was tired of her, bored with her insatiable demands...but she had taught him one lesson he would never forget-sex was an incredibly powerful persuader! That is where The Minx came in. Her name was Terry, and when Baxter found it necessary to win the support of two reluctant board members, he promised them a weekend of wild pleasure-a weekend only Terry could deliver. For a price, Terry could ferret out a man's most perverse desires...and cater to them. And if a man wasn't fond of redheads, well, then, Terry could offer him Nicole, the long-legged exotic dancer who specialized in private performances...or Susan, the high-fashion model for whom posing was a pastime and playing an unquenchable passion...
