Reparti corazzati rumeni Carlo Cucut,2022-09-30 Le prime unità blindate rumene furono costituite nel 1916, utilizzando autoblindo catturate al nemico, ma solo nei primi anni Venti vennero costituiti reparti corazzati. Le difficoltà economiche, la scarsa industrializzazione del paese, la necessità di acquistare carri armati all'estero, fece sì che solo a metà degli anni '30 fosse varato un significativo programma di riarmo e riorganizzazione dei reparti corazzati rumeni. L'entrata in guerra nel 1941 contro l'URSS evidenziò le carenze dei mezzi a disposizione, ma nel contempo dimostrò il coraggio e la determinazione dei carristi rumeni, comprovati dopo l'armistizio dell'agosto 1944 combattendo contro i vecchi alleati sino alla fine della guerra.

Religious Diversity in Muslim-majority States in Southeast Asia Bernhard Platzdasch,Johan Saravanamuttu,2014-08-06 This book fills a gap in authoritative analyses of the causes of inter-religious conflict and the practice of religious toleration. The rise of more overt expressions of Islamic piety and greater bureaucratization of Islam in both Indonesia and Malaysia over several decades have tested the live and let live philosophy which used to characterize religious expression in these nations. The analyses in each chapter of the book break new ground with contextualized studies of particular and recent incidents of conflict or harassment in a variety of areas – from urban centres to more remote and, even complex, locations. As these studies show, legislation stands or falls on the ability and determination of local authorities to enforce it. This volume is essential reading for understanding the dynamics of state-religious interaction in Muslim majority nations and the crucial role civil society organizations play in negotiating interfaith toleration. - Emeritus Professor Virginia Hooker FAHA, Department of Political & Social Change College of Asia & the Pacific, The Australian National University A most welcome contribution to the academic discourse of political Islam in Indonesia and Malaysia! For this volume focuses not on Islamic resurgence as many others have done, but on the impact of Islamic resurgence upon its non-Muslim minority counterparts - Buddhists, Christians, Hindus and also the Syiah Muslims - in the two plural societies, and the varying responses of those minorities, themselves often fragmented, to Islamic resurgence. The rich case studies highlight the changing character of politics in the two countries and their capacities to deal with religious diversity, an aspect of politics often ignored because of the usual concern for economic and political institutional capacities. The juxtaposition of Malaysian and Indonesian cases in a single volume and comparisons of contrasting developments in the two countries, challenges readers not to resort to easy conclusions and overgeneralizations about rising inter-religious tensions, but to give more scholarly attention to this politics-religion diversity nexus. - Emeritus Professor Francis Loh Kok Wah, Department of Political Science, Universiti Sains Malaysia

The Audio Expert Ethan Winer,2012-11-12 The Audio Expert is a comprehensive reference that covers all aspects of audio, with many practical, as well as theoretical, explanations. Providing in-depth descriptions of how audio really works, using common sense plain-English explanations and mechanical analogies with minimal math, the book is written for people who want to understand audio at the deepest, most technical level, without needing an engineering degree. It's presented in an easy-to-read, conversational tone, and includes more than 400 figures and photos augmenting the text. The Audio Expert takes the intermediate to advanced recording engineer or audiophile and makes you an expert. The book goes far beyond merely explaining how audio works. It brings together the concepts of audio, aural perception, musical instrument physics, acoustics, and basic electronics, showing how they're intimately related. Describing in great detail many of the practices and techniques used by recording and mixing engineers, the topics include video production and computers. Rather than merely showing how to use audio devices such as equalizers and compressors, Ethan Winer explains how they work internally, and how they are spec'd and

tested. Most explanations are platform-agnostic, applying equally to Windows and Mac operating systems, and to most software and hardware. TheAudioExpertbook.com, the companion website, has audio and video examples to better present complex topics such as vibration and resonance. There are also videos demonstrating editing techniques and audio processing, as well as interviews with skilled musicians demonstrating their instruments and playing techniques.

Race and Multiculturalism in Malaysia and Singapore Daniel P.S. Goh,Matilda Gabrielpillai,Philip Holden,Gaik Cheng Khoo,2009-06-12 This book explores race and multiculturalism in Malaysia and Singapore from a range of different disciplinary perspectives, showing how race and multiculturalism are represented, how multiculturalism works out in practice, and how attitudes towards race and multiculturalism – and multicultural practices – have developed over time. Going beyond existing studies – which concentrate on the politics and public aspects of multiculturalism – this book burrows deeper into the cultural underpinnings of multicultural politics, relating the subject to the theoretical angles of cultural studies and post-colonial theory; and discussing a range of empirical examples (drawn from extensive original research, covering diverse practices such as films, weblogs, music subcultures, art, policy discourse, textbooks, novels, poetry) which demonstrate overall how the identity politics of race and intercultural interaction are being shaped today. It concentrates on two key Asian countries particularly noted for their relatively successful record in managing ethnic differences, at a time when many fast-developing Asian countries increasingly have to come to terms with cultural pluralism and migrant diversity.
