*The Maid and the Queen* Nancy Goldstone, 2012-03-29 "Attention, 'Game of Thrones' fans: The most enjoyably sensational aspects of medieval politics—double-crosses, ambushes, bizarre personal obsessions, lunacy and naked self-interest—are in abundant evidence in Nancy Goldstone's *The Maid and the Queen*." (Laura Miller, Salon.com) Politically astute, ambitious, and beautiful, Yolande of Aragon, queen of Sicily, was one of the most powerful women of the Middle Ages. Caught in the complex dynastic battle of the Hundred Years War, Yolande championed the dauphin's cause against the forces of England and Burgundy, drawing on her savvy, her statecraft, and her intimate network of spies. But the enemy seemed invincible. Just as French hopes dimmed, an astonishingly courageous young woman named Joan of Arc arrived from the farthest recesses of the kingdom, claiming she carried a divine message—a message that would change the course of history and ultimately lead to the coronation of Charles VII and the triumph of France. Now, on the six hundredth anniversary of the birth of Joan of Arc, this fascinating book explores the relationship between these two remarkable women, and deepens our understanding of this dramatic period in history. How did an illiterate peasant girl gain access to the future king of France, earn his trust, and ultimately lead his forces into battle? Was it only the hand of God that moved Joan of Arc—or was it also Yolande of Aragon?

**Nancy and the Political** Sanja Dejanovic, 2015-01-21 Jean-Luc Nancy's latest contributions to philosophy compel us to ask: what sort of politics do we have once we are exposed to the finitude of sense? The internationally recognised contributors to this collection illuminate some of the most challenging aspects of Nancy's thought, making previously unexplored

connections and offering spirited interpretations. Focussed around three core themes – capitalism, the metaphysics of democracy and aesthetics – these 12 essays emphasise the potential of Nancy's political thought, and collectively situate it within a broader intellectual context which includes engagements with Badiou, Ranciere, Foucault, Agamben and Lefort. It is an essential read for anyone interested in current trends in political philosophy, aesthetics, critical theory and social and political thought.

**Yves Bonnefoy and Jean-Luc Nancy** Emily McLaughlin, 2020-05-06 This volume explores how poets use different kinds of formal experimentation to change the way we think, and to allow us to try out new ways of perceiving existence and positioning ourselves within the world. Yves Bonnefoy and Jean-Luc Nancy: Ontological Performance examines the affinities that exist between Bonnefoy's poetry and Nancy's philosophy. It analyses how Bonnefoy experiments with the poem's act of address, its material disposition, and sonorous performance. It scrutinises how he foregrounds the bodily and material forces that are at play within language in order to makes us feel the diverse worldly forces that are active within us and to make us perceive our own human existence in more interconnected ways. Exploring how Bonnefoy and Nancy share the desire to resist detached ways of perceiving existence, this book analyses how they present interaction as the generative dynamic that drives all existence and use the text's resonant play to make us aware of how all bodies—human, material, or poetic—emerge from a complex interplay of worldly forces.

**Jean-Luc Nancy and Plural Thinking** Peter Gratton, Marie-Eve Morin, 2012-08-09 Wide-ranging essays on Jean-Luc Nancy's thought. Jean-Luc Nancy is one of the leading voices in European philosophy of the last thirty years, and he has influenced a range of fields, including theology, aesthetics, and political

theory. This volume offers the widest and most up-to-date responses to his work, oriented by the themes of world, finitude, and sense, with attention also given to his recent project on the "deconstruction of Christianity." Focusing on Nancy's writings on globalization, Christianity, the plurality of art forms, his materialist ontology, as well as a range of contemporary issues, an international group of scholars provides not just inventive interpretations of Nancy's work but also essays taking on the most pressing issues of today. The collection brings to the fore the originality of his thinking and points to the future of continental philosophy. A previously unpublished interview with Nancy concludes the volume. Peter Gratton is Assistant Professor of Philosophy at Memorial University of Newfoundland. He is the author of *The State of Sovereignty: Lessons from the Political Fictions of Modernity*, also published by SUNY Press, and the coeditor (with John Panteleimon Manoussakis) of *Traversing the Imaginary: Richard Kearney and the Postmodern Challenge*. Marie-Eve Morin is Assistant Professor of Philosophy at the University of Alberta.

**Thinking the Event** François Raffoul, 2020-05-05 The author of The Origins of Responsibility presents “a major contribution to philosophical scholarship on . . . the very idea of the event” (Edward S. Casey, author of The World on Edge). In Thinking the Event, continental philosopher François Raffoul explores the question of what constitutes an event as an event: not what happens or why it happens, but what “happening” means. If it’s true that nothing happens without a reason, as Leibniz famously posited, then does this principle of reason have a reason? Bringing together philosophical insights from Martin Heidegger, Jacques Derrida, Jean-Luc Nancy, and Jean-Luc Marion, Raffoul shows how the event, in its disruptive unpredictability, always exceeds causality, subjectivity, and reason. He then goes on to examine the inappropriability of this “pure event” and how this inappropriability may inform ethical and political considerations. In the wake of the exhaustion of traditional metaphysics, the notion of the event comes to the fore, with key implications for philosophy, ontology, ethics, and theories of selfhood. Raffoul’s Thinking the Event is essential reading on this fascinating topic.

The Undergraduate's Companion to Women Poets of the World and Their Web Sites Katharine A. Dean, 2004-03-30 Devoted exclusively to women poets, this volume in the Undergraduate Companion Series presents students with an abundance of important resources necessary for 21st-century literary research. The most authoritative, informative, and useful Web sites and print

resources have carefully been selected and compiled in a bibliographic guide to the introductory works of 221 women poets who write in English or have works available in English translation. Representing more than 25 nationalities worldwide, the women included in this volume have each contributed significantly to the genre of poetry. For each author you will find concise lists of the best Web sites and printed sources, including biographies, criticisms, dictionaries, handbooks, indexes, concordances, journals, and bibliographies.

**At the Limits of Presentation** Martta Heikkilä, 2008 This study explores the significance of art in Jean-Luc Nancy's philosophy. The main object of the work is to discuss the notion of art and its contribution to some of Nancy's central ontological ideas. Art's importance is considered in its own right – the main questions being whether art does have ontological significance, and if so, how one should describe this with respect to the theme of presentation. According to the work's central argument, with his thinking on art Nancy attempts to give one viewpoint to what is called the metaphysics of presence and to its deconstruction. On which grounds may one say that art is not reducible to philosophy? These topics are examined by highlighting the differentiation between the notions of «presentation» and «representation» with regard to the influence of Martin Heidegger and Jacques Derrida on Nancy's thought.

Nancy Meyers Deborah Jermyn, 2017-07-27 Nancy Meyers is acknowledged as the most commercially successful woman filmmaker of all time, described by Daphne Merkin in The New York Times on the release of It's Complicated as a singular figure in Hollywood - [she] may, in fact, be the most powerful female writer-director-producer currently working. Yet Meyers remains a director who, alongside being widely dismissed by critics, has been largely absent in scholarly accounts both of contemporary Hollywood cinema, and of feminism and film. Despite Meyers' impressive track record for turning a profit (including the biggest box-office return ever achieved by a woman filmmaker at that time for What Women Want in 2000), and a multifaceted career as a writer/producer/director dating back to her co-writing Private Benjamin in 1980, Meyers has been oddly neglected by Film Studies to date. Including

Nancy Meyers in the Bloomsbury Companions to Contemporary Filmmakers rectifies this omission, giving her the kind of detailed consideration and recognition she warrants and exploring how, notwithstanding the challenges authorship holds for feminist film studies, Meyers can be situated as a skilled 'auteur'. This book proposes that Meyers' box-office success, the consistency of style and theme across her films, and the breadth of her body of work as a writer/producer/director across more than three decades at the forefront of Hollywood, (thus importantly bridging the second/third waves of feminism) make her a key contemporary US filmmaker. Structured to meet the needs of both the student and scholar, Jermyn's volume situates Meyers within this historical and critical context, exploring the distinctive qualities of her body of work, the reasons behind the pervasive resistance to it and new ways of understanding her films.

**The Bloomsbury Companion to Continental Philosophy** John Ó Maoilearca, Beth Lord, 2013-02-14 Originally published as the Continuum Companion to Continental Philosophy, this book offers the definitive guide to contemporary Continental thought. It covers all the most pressing and important themes and categories in the field - areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research. Twelve specially commissioned essays from an international team of experts reveal where important work continues to be done in the field and, valuably, how the various topics intersect. Featuring a series of indispensable research tools, including an A to Z of key terms and concepts, a chronology, and a guide to practical research in the field, this is the essential reference tool for anyone working in and studying Continental Philosophy.

**Conviction Against Convention** Walter F. Urbanek, 2009-09-30 The U.S. Civil War is not only the history of Americans killing Americans on the battlefields, but also a drama of cause and effect and how the conflict perpetually changed the lives of the people, communities, and a national conscience. But do people have the awareness and understanding of the overall nature and upshots of it? Aimed at providing readers with valuable information on the Civil War, the rise and spread of slavery, and other relevant issues, author Walter F. Urbanek presents his book entitled Conviction Against Convention. Quick-witted and neatly written, Conviction Against Convention is an educational tool that offers a plethora of information on the Civil War. Urbanek's major goal is to provide the readers with a comprehensive description of the institution of slavery that led up to the war. He points out the mobilization for war, a soldier's life in camp, their music, the naval warfare, the battles they fought, and their weapons. He also shares about the life of the prisoners of war and how they suffered from various inhumane conditions. In this book, Urbanek offers a vivid portrayal of how economics encouraged not only the use of slavery, but also provoked a certain belief related to racism and bigotry. Serving as a mirror into the past, this book is also designed for the veterans to be able to relate to the fears, sorrows, and joys of those who had stepped forward to accept the challenge. It provides a glimpse of the lives of the commanding generals responsible for organizing, equipping, training, planning, implementing and leading their command in war against the enemy. "It is my hope that when the reader completes the book, he or she will have a better

understanding and appreciation for the soldiers who participated in America's bloodiest and most costly war - a war fought not against nations, but rather pitting brother against brother and conviction against convention," Urbanek stated adding to his hope that Conviction Against Convention will open the minds of the people to prevent the failures and sins of their ancestors from recurring.

**Information Arts** Stephen Wilson, 2003-02-28 An introduction to the work and ideas of artists who use—and even influence—science and technology. A new breed of contemporary artist engages science and technology—not just to adopt the vocabulary and gizmos, but to explore and comment on the content, agendas, and possibilities. Indeed, proposes Stephen Wilson, the role of the artist is not only to interpret and to spread scientific knowledge, but to be an active partner in determining the direction of research. Years ago, C. P. Snow wrote about the two cultures of science and the humanities; these developments may finally help to change the outlook of those who view science and technology as separate from the general culture. In this rich compendium, Wilson offers the first comprehensive survey of international artists who incorporate concepts and research from mathematics, the physical sciences, biology, kinetics, telecommunications, and experimental digital systems such as artificial intelligence and ubiquitous computing. In addition to visual documentation and statements by the artists, Wilson examines relevant art-theoretical writings and explores emerging scientific and technological research likely to be culturally significant in the future. He also provides lists of resources including organizations, publications, conferences, museums, research centers, and Web sites.

*The Outlaw* Nancy Vo, 2018-05-01 A small town lives in terror of the Outlaw,

but one day, he disappears—and a mysterious stranger rides into town ... In this spare and powerful story set in the Old West, people in a small town live in constant worry of another visit from the Outlaw. Then the Outlaw suddenly and mysteriously disappears. Time passes, and one day a stranger rides into town. He takes it upon himself to fix everything that is in disrepair – the clapboard schoolhouse, the train station platform. He even builds a horse trough. But when someone recognizes him as the Outlaw, the crowd turns on the stranger. It takes the courage of a small boy to change the course of events ... The subtle, beautiful mixed-media art with its nineteenth-century textural references perfectly complements this original story from debut author and illustrator Nancy Vo. Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.1.2 Retell stories, including key details, and demonstrate understanding of their central message or lesson. CCSS.ELA-LITERACY.RL.1.3 Describe characters, settings, and major events in a story, using key details. CCSS.ELA-LITERACY.RL.3.6 Distinguish their own point of view from that of the narrator or those of the characters. CCSS.ELA-LITERACY.RL.3.7 Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting)
