*The Right to Be Cold* Sheila Watt-Cloutier, 2018-05-01 A "courageous and revelatory memoir" (Naomi Klein) chronicling the life of the leading Indigenous climate change, cultural, and human rights advocate For the first ten years of her life, Sheila Watt-Cloutier traveled only by dog team. Today there are more snow machines than dogs in her native Nunavik, a region that is part of the homeland of the Inuit in Canada. In Inuktitut, the language of Inuit, the elders say that the weather is Uggianaqtuq—behaving in strange and unexpected ways. *The Right to Be Cold* is Watt-Cloutier's memoir of growing up in the Arctic reaches of Quebec during these unsettling times. It is the story of an Inuk woman finding her place in the world, only to find her native land giving way to the inexorable warming of the planet. She decides to take a stand against its destruction. *The Right to Be Cold* is the human story of life on the front lines of climate change, told by a woman who rose from humble beginnings to become one of the most influential Indigenous environmental, cultural, and human rights advocates in the world. Raised by a single mother and grandmother in the small community of Kuujjuaq, Quebec, Watt-Cloutier describes life in the traditional ice-based hunting culture of an Inuit community and reveals how Indigenous life, human rights, and the threat of climate change are

inextricably linked. Colonialism intervened in this world and in her life in often violent ways, and she traces her path from Nunavik to Nova Scotia (where she was sent at the age of ten to live with a family that was not her own); to a residential school in Churchill, Manitoba; and back to her hometown to work as an interpreter and student counselor. *The Right to Be Cold* is at once the intimate coming-of-age story of a remarkable woman, a deeply informed look at the life and culture of an Indigenous community reeling from a colonial history and now threatened by climate change, and a stirring account of an activist's powerful efforts to safeguard Inuit culture, the Arctic, and the planet.

*Haunted Heart* Linda Dahl, 2008-03-28 Beginning as a disciple of Billie Holiday, Susannah McCorkle carefully crafted her own unique singing style, performing in New York and venues around the world. However, she struggled with bipolar disorder. Unable to overcome crippling bouts of depression, McCorkle committed suicide in 2001. Author Linda Dahl offers a revealing portrait of

one of America's greatest yet misunderstood singers. 8 page photo insert.

**Queen** Nadine Cohodas, 2007-12-18 Queen is the landmark biography of the brief, intensely lived life and soulful music of the great Dinah Washington. A gospel star at fifteen, she was discovered by jazz great Lionel Hampton at eighteen, and for the rest of her life was on the road, playing clubs, or singing in the studio--making music one way or another. Dinah's tart and heartfelt voice quickly became her trademark; she was a distinctive stylist, crossing over from the race music category to the pop and jazz charts. Known in her day as Queen of the Blues and Queen of the Juke Boxes, Dinah was regarded as that rare first take artist, her studio recordings reflecting the same passionate energy she brought to the stage. As Nadine Cohodas shows us, Dinah suffered her share of heartbreak in her personal life, but she thrived on the growing audience response that greeted her signature tunes: What a Diff'rence a Day Makes, Evil Gal Blues, and Baby (You've Got What It Takes), with Brook Benton. She made every song she sang her own. Dinah lives large in these pages, with her seven marriages; her penchant for clothes, cars, furs, and diets; and her famously feisty personality--testy one moment and generous the next. This biography, meticulously researched and gracefully written, is the first to draw on extensive interviews with family members and newly discovered documents. It is a revelation of Dinah's work and her life. Cohodas captures the Queen in all her contradictions, and we hear in this book the voice

of a natural star, born to entertain and to be loved.

**Moanin' at Midnight** James Segrest, Mark Hoffman, 2012-11-28 Howlin' Wolf was a musical giant in every way. He stood six foot three, weighed almost three hundred pounds, wore size sixteen shoes, and poured out his darkest sorrows onstage in a voice like a raging chainsaw. Half a century after his first hits, his sound still terrifies and inspires. Born Chester Burnett in 1910, the Wolf survived a grim childhood and hardscrabble youth as a sharecropper in Mississippi. He began his career playing and singing with the first Delta blues stars for two decades in perilous juke joints. He was present at the birth of rock 'n' roll in Memphis, where Sam Phillips—who also discovered Elvis Presley, Johnny Cash, and Jerry Lee Lewis—called Wolf his “greatest discovery.” He helped develop the sound of electric blues and vied with rival Muddy Waters for the title of king of Chicago blues. He ended his career performing and recording with the world's most famous rock stars. His passion for music kept him performing—despite devastating physical problems—right up to his death in 1976. There's never been a comprehensive biography of the Wolf until now. *Moanin' at Midnight* is full of startling information about his mysterious early years, surprising and entertaining stories about his decades at the top, and never-before-seen photographs. It strips away all the myths to reveal—at long last—the real-life triumphs and tragedies of this blues titan.

*Women in Academia* Codesria, 2000 The struggle for

gender equality within academic life continues to meet strong resistance and African campuses are no exception. In the one area where women should be able to command respect and equality, the day-to-day reality of female academics is one of antagonism, difficulty and even physical and mental harassment. Academic freedom in Africa has attracted much recent attention. But few examinations of the subject have incorporated a gender analysis. Drawing on the experiences of women from Cameroon, Egypt, Malawi, Mauritania, Nigeria, Senegal, Tanzania, and Uganda, this ground-breaking book examines in detail the realities of academic life. Choice in curricula, underfunding, promotion, relations with other staff and pay conditions are just a few of the critical issues explored.

**Compañeras** Hilary Klein, 2015-02-24 *Compañeras* is the untold story of women's involvement in the Zapatista movement, the indigenous rebellion that has inspired grassroots activists around the world for over two decades. Gathered here are the stories of grandmothers, mothers, and daughters who became guerilla insurgents and political leaders, educators and healers—who worked collectively to construct a new society of dignity and justice. *Compañeras* shows us how, after centuries of oppression, a few voices of dissent became a force of thousands, how a woman once confined to her kitchen rose to conduct peace negotiations with the Mexican government, and how hundreds of women overcame ingrained hardships to strengthen their communities from within.
