Art and the Subway Tracy Fitzpatrick,2009 Explores artistic production surrounding the world's most famous public transportation system, from just before its opening in 1904 onwards. Using images, this work offers perspectives on ways in which the subway has been used as a subject about which to make art, as a site within which to make art, and as a canvas upon which to make art.

The Scrivener's Button Cabinet Sandra Jackson,2009 Based on the premise that today's collectibles are tomorrow's antiques, how can we identify valuable buttons of the twentieth century? This book is both a history and pictorial review of clothing buttons left over at the close of an elegant twentieth century store. This glimpse and their historical context should help collectors gain a working outline of what was produced and sold during the 1940 to 1990's in the Southern Texas region of the USA. A bonus is the inclusion of many of the favored recipes from the Tea Room.

HR Policies on Employee Separation in PSUs in India DR. M. K. RAVI, This book addresses human resource management in PSUs. The aim was to explore the Human Resource Policies of the employee separation of employees in PSUs in India. The book consists of a compilation of six chapters and an extended summary. The study in the book is based on a combination of multiple, comparative, and single-case studies of PSUs in India. The core studies were conducted by the author at 29 PSUs in 40 Cities of 18 States, The results indicate central challenges regarding HR Policies on employee separation by Termination, Suspension, Dismissal, Retirement, Voluntary Retirement Scheme, Layoff, Resignations, Non-Promotion, Physical Disability, besides other policies. The increased responsibility and pressured work environment for PSU's employees/workers. This study was aimed at identifying certain variables related to HR policies on employee separation in PSUs in India. The study determines the effect of HR policies on the satisfaction level of employees as well as legal compliances with the impact of gender, experience, age-wise difference, type of separation. The population of the study was HR Directors, General Managers, HR Managers, and employees working in PSUs in India. There were 14100 male and female PSU employees who responded to the author. The questionnaire instrument was used for data collection from various PSUs, and the HR policies assessment was done. The author used it after getting the formal permissions from the PSUs. The study addressed the following specific objectives; the first was to survey HR Policies of employees of PSUs, the second was to study and determine the different types of HR Policies related to employee separation in PSUs in India, and the third was to survey the behavior of employees towards Voluntary /Non-voluntary Separation. The study specifically discussed the hypothesis of study mainly classified into seven hypothesis such as (1) HR Policies Related - There was no significant difference of perception about HR Policies between PSU regular and separated employee (2) HR Policies and Discrimination/ Harassment related - There was no significant difference of perception between regular and separated employees so far as HR Policies of PSU and Discrimination/ Harassment at PSU (3) Employee Separation related - There was no significant difference between regular and separated employees about HR Policies and employee separation at PSU. The author had used a comprehensive and stratified questionnaire distributed to about 15000 persons consisting of workers, supervisors, officials, and managers of PSUs, out of which, only 14275 were received back duly filled, the remaining didn't respond in spite of repeated visits. The 175 questionnaires were rejected due to incomplete and wrong answers by respondents. There were 14100 valid questionnaires that were found valid for the purpose of the study. There were total three questionnaires, which were: (1) ESS1 - What employees Say (For regular and separated employees of PSUs) (2) ESS2 - What PSUs Says (For Director/Managers of HR/Legal Dept. of PSU), (3) ESS3 - What Govt. Dept. Says (For Govt. Dept. of

Public Enterprise). The statistical tools used for analysis include Frequency, Percentages, Mean, Standard Deviation (S.D.), T-Test, and Chi-Square Test. The author is sure that the study was a fact-finding and pioneer, and motivates and stimulates further researches in this field. I wrote this book especially for Director (Human Resource), Human Resource Managers, which will certainly help them to understand the various legal aspects of HR Policies related to Employee Separation to enhance the productivity and efficiency of performance of employees in the organizations.

We Have Heard That God Is with You Rein Bos, 2008-08-20 A perfect tool for busy preachers who want to faithfully proclaim God's Word. The preparation of sermons on Old Testament texts confronts preachers time and time again with such questions as How can I connect an Old Testament text with the situation of my congregation today in a responsible way? and What is the role of Jesus in that connection? In this practical, scholarly guidebook Rein Bos tackles such questions and offers thoughtful answers. *We Have Heard That God Is with You* gives pastors a creative and innovative grammar to preach the Old Testament in a Christian context. Bos offers multiple examples from American sermons to illustrate how his model can be used in sermon preparation and how it can serve the practice of preaching. Shi'i Theology in Iran Ori Goldberg, 2011-09-12 Taking a theologically oriented method for engaging with historical and cultural phenomena, this book explores the challenge, offered by revolutionary Shi'i theology in Iran, to Western conventions on theology, revolution and religion's role in the creation of identity. Offering a stringent critique of current literature on political Islam and on Iran's 1979 Islamic Revolution, the author suggests that current literature fails to perceive and engage with the revolution and its thought as religious phenomena. Grounded in the experience of unconditional faith in God, Shi'i thinkers recognize a distinction between the human and the divine. Concerned with the challenge of constructing a virtuous society, these thinkers pose a model of authority and morality based on mediation, interpretation and participation in the experience of faith. Ori Goldberg considers this interpretative model utilizing a broad array of theoretical tools, most notably critical theologies drawn from Jewish and Christian thought. He draws on a close reading of several texts written by prominent Iranian Shi'i thinkers between 1940 and 2000, most of which are translated into English for the first time, to reveal a vibrant, complex discourse. Presenting a new interfaith perspective on a subject usually considered beyond the scope of such research, this book will be an important reference for scholars of Iranian studies, political Islam, theology and cultural studies.

THE BEST OF THE KAMBULOW walter kambulow,2003-06-01 As for God, His way is perfect; The word of the LORD is proven; He is a shield to all who trust in Him. For who is God, except the LORD? And who is a rock, except our God? It is God who arms me with strength, And makes my way perfect. He makes my feet like the feet of deer, And sets me on my high places. He teaches my hands to make war, So that my arms can bend a bow of bronze. You have also given me the shield of Your salvation; Your right hand has held me up, Your gentleness has made me great. Psalm 18:30-35 The book is the compilation of what we consider to be some of the best chapters in the many different books that we wrote.

Chinese Politics in the Era of Xi Jinping Willy Wo-Lap Lam,2015-03-12 Renowned for his coverage of China's elite politics and leadership transitions, veteran Sinologist Willy Lam has produced the first book-length study in English of the rise of Xi Jinping--General Secretary of the Chinese Communist Party (CCP) since November 2012. With rare insight, Lam describes Xi's personal history and his fascination with quasi-Maoist values, the factional politics through which he ascended, the configuration of power of the Fifth-Generation leadership, and the country's likely future directions under the charismatic princeling. Despite an undistinguished career as a provincial administrator, Xi has rapidly amassed more power than his predecessors. He has overawed his rivals and shaken up the party-state hierarchy by launching large-scale anti-corruption and rectification campaigns. With a strong power base in the People's Liberation Army and a vision of China as an awakening lion, Xi has been flexing China's military muscle in sovereignty rows with countries including Japan, Vietnam, and the Philippines while trying to undermine the influence of the United States in the Asia-Pacific region. While Xi is still fine-tuning his art of governance, his zero tolerance for dissent and his preoccupation with upholding the privileges of the red aristocracy and the CCP's status as perennial ruling party do not bode well for economic, political, or cultural reforms. Lam takes a close look at Xi's ideological and political profile and considers how his conservative outlook might shape what the new strongman calls the Great Renaissance of the Chinese race.
