

Obama.htm

Beatrice Gormley

Barack Obama Britannica Educational Publishing,2012-12-01 Sweeping into the office of U.S. president with his mesmerizing oratory of hope and change, Barack Obama forever transformed American politics. As the first African American to hold the title, his election represented a historic milestone, both socially and politically. The 44th president's remarkable journey from Hawaii and Indonesia to Chicago and the White House is chronicled, and the major issues—including the financial crisis, healthcare, and foreign policy—that his administration has faced are examined.

The Audacity of Hope Barack Obama,2006 Senator Obama's vision of how we can move beyond our divisions to tackle concrete problems.

Barack Obama Beatrice Gormley,2015-09-08 Highlights the life and achievements of the Harvard Law School graduate, legislator, and civil rights lawyer who became the forty-fourth president of the United States and describes his accomplishments since taking office in 2009.

The Secret Life of Barack Hussein Obama Mondo Frazier,2011-10-25 WHO IS BARACK HUSSEIN OBAMA? 2008, the left wing and the Corporate Mainstream Media (CMM) fell head over heels in love with a cool, charming, and attractive smooth talker. His social security number (one of several, incidentally) identified him as Barack Hussein Obama. Over the next four years, he would repeatedly lie to, cheat on, and deceive his liberal lovers as they closed their eyes and ears to the truth, refusing to recognize the shameless, deviously calculated, and treacherous propaganda seeping from the White House. GOD HELP AMERICA, IT'S TIME FOR A SEPARATION. In *The Secret Life of Barack Hussein Obama*, uncompromising journalist and political commentator Mondo Frazier raises unsettling questions about the man elected to the highest position in this country. Frazier takes what he calls The Obama Narrative™, the crowd-pleasing myths perpetrated by Team Obama and the CMM to market and sell their Messianic savior, and fearlessly rips it to shreds. He explores the many mysteries of Obama's past, including his ever-shifting religious affiliations and political leanings, the facts of his mother's background, and Obama's suspiciously "missing" laundry list of records and licenses—including college, marriage, medical, and many, many more. He lays out the facts regarding Obama's shady associations with such negligible headliners as the controversial Reverend Jeremiah Wright, ACORN, and former domestic terrorist Bill Ayers—and Obama's actual relationships with those who stumbled into his creepy inner circle. He sheds light on Obama's personal "Hate List," and the man's dark deceptions, broken promises, and the hypocrisies of his current administration. Frazier also reveals four years of Obama's outrageous, egregious, sometimes hilarious, and always very telling public gaffes that the CMM conveniently and deliberately chose to ignore. SO, WHO IS BARACK HUSSEIN OBAMA? Anyone with guts who tries to answer that question truthfully risks being routinely disparaged and condemned by the CMM as a Nazi, a racist, or a crazy conspiracy theorist. Mondo Frazier courageously turns a blind eye to those foolish generalizations to provide scrupulously researched, eye-opening answers in *The Secret Life of Barack Hussein Obama*. Frankly, they will astonish readers. And they serve as warnings of Obama's insidious and sinister ambitions, ones that should be faced now so as to move America away from the "Barackalypse" and toward a future that is safer, genuinely righteous, and one-hundred-percent Obama-free. WELCOME TO BARACK HUSSEIN OBAMA'S AMERICA Trillion-dollar-plus deficits every year; Social Security out of money years before the "experts" predicted; millions of houses lost in an automated robo-foreclosure system; billions for cronies who traffic in make-believe jobs "saved or created;" real jobs that disappeared, some never to return; food and energy prices on the rise; the IRS empowered to ensure that every American has approved health insurance; crackdowns on Internet freedoms; a war against contrary thought; billions of dollars to help Brazilian and Chinese energy companies while the extraction and production of American-based energy is stifled—and the list goes on. Every speech delivered by Barack Obama is still his "greatest speech ever!" in the reports of a drooling Corporate Mainstream Media (CMM). An ever-skeptical public hasn't been convinced and are tuning out the constant drone of the CMM noise machine. Life is lived not in the pages or sets of the CMM, but out in the real-world America that has resulted from the policies and rhetoric of Barack Obama and his administration. The Barackalypse is already upon us.

President Barack Obama Barack Obama,2008 Elected 44th President of America: Barack Obama. President Obama - CHANGE HAS COME TO AMERICA! His own Words and his Promises on 640 pages. All Speeches 2007 and 2008 including the Victory Speech of the Presidential Election Day 2008.Compiled by Susan A. Jones.

The Promise Jonathan Alter,2010-05-18 In *The Reality of Hope*Alter takes the reader into the inner circles of Obama's intimates, those who were there from the start, and the gradually expanding circles, to show for the first time the emotions, rivalries, alliances of the extremely tight-lipped and disciplined administration: Biden, whom he chose because he had the experience even though he was not an early supporter, Hillary, whom he had long wanted for Secretary of State. There are stunning portraits of Obama's oldest friends, including Valerie Jarrett, and his early supporters; the Kennedys, Daschle, and of the more volatile newcomers, Rahm of course, and Larry Summers, and Geitner. Watch the president dominate his Cabinet with silences and stares (instead of shouting like Clinton or LBJ). Add to that the knowledge that leaking can lose you your job. (One advisor called Obama, 'The most unsentimental man I have ever known.') Obama is, in this portrait, self-aware and shrewd, well organized and confident, a natural leader who doesn't need or crave praise and is not given to spreading it around. (One intimate notes his praise is more likely to be 'What's next?' than 'Good job.') Nevertheless he is equable and attentive, and he listens. (It's one of his techniques.) In fact, if one doesn't have anything to say at his meetings, you may not be invited back. Alter characterizes Obama as a deductive thinker, and a fast one -- eager for action. It is said that Clinton's meetings always ran on too long and that Obama's may be too short.

The Obama Presidency Robert P. Watson,Jack Covarrubias,Douglas M. Brattebo,Tom Lansford,2012-07-01 Lively and engaging essays covering President Obama's domestic and foreign policy, governing style, and character.

President Barack Obama John K. Wilson,2019-11-11 Barack Obama's improbable quest has become a fact of American life and a benchmark in American history. Striving now toward a more perfect union, Obama and the nation confront obstacles unforeseen at the outset of the 2008 electoral campaign. John K. Wilson tracks the sweep of this progress from the beginning of Obama's political career through his move into the White House. With his critical journalistic eye and his sympathetic native son perspective, Wilson shows us a side of Obama we haven't seen as well as a view of the media we need to understand-even more now as the Obama administration begins to govern. The paperback edition of this popular book includes a new introduction, updates throughout, and two new chapters on the electoral victory and the transition from campaigning into governing. New photos and new insights include a focus on the continued importance of race in American politics.

The Promise Jonathan Alter,2010-05-18 Barack Obama's inauguration as president on January 20, 2009, inspired the world. But the great promise of Change We Can Believe In was immediately tested by the threat of another Great Depression, a worsening war in Afghanistan, and an entrenched and deeply partisan system of business as usual in Washington. Despite all the coverage, the backstory of Obama's historic first year in office has until now remained a mystery. In *The Promise: President Obama, Year One*, Jonathan Alter, one of the country's most respected journalists and historians, uses his unique access to the White House to produce the first inside look at Obama's difficult debut. What happened in 2009 inside the Oval Office? What worked and what failed? What is the president really like on the job and off-hours, using what his best friend called a Rubik's Cube in his brain? These questions are answered here for the first time. We see how a surprisingly cunning Obama took effective charge in Washington several weeks before his election, made trillion-dollar decisions on the stimulus and budget before he was inaugurated, engineered colossally unpopular bailouts of the banking and auto sectors, and escalated a treacherous war not long after settling into office. The Promise is a fast-paced and incisive narrative of a young risk-taking president carving his own path amid sky-high expectations and surging joblessness. Alter reveals that it was Obama alone—feeling lucky—who insisted on pushing major health care reform over the objections of his vice president and top advisors, including his chief of staff, Rahm Emanuel, who admitted that I begged him not to do this. Alter takes the reader inside the room as Obama prevents a fistfight involving a congressman, coldly reprimands the military brass for insubordination, crashes the key meeting at the Copenhagen Climate Change conference, and realizes

that a Senate candidate's gaffe about baseball in a Massachusetts special election will dash the big dream of his first year. In Alter's telling, the real Obama is an authentic, demanding, unsentimental, and sometimes overconfident leader. He adapted to the presidency with ease and put more points on the board than he is given credit for, but neglected to use his leverage over the banks and failed to connect well with an angry public. We see the famously calm president cursing leaks, playfully trash-talking his advisors, and joking about even the most taboo subjects, still intent on redeeming more of his promise as the problems mount. This brilliant blend of journalism and history offers the freshest reporting and most acute perspective on the biggest story of our time. It will shape impressions of the Obama presidency and of the man himself for years to come.

Barack Obama: President of the United States Blane Conklin,2011-08-15 Describes the life and achievements of Barack Obama, from his childhood and early career in politics to his life as President of the United States.

Obama David Cohen,Mark Greenberg,2009 When Barack Obama became president - elected on November 4, 2008 - he transformed Martin s Luther King s dream into reality. Obama, and the 66.3 million Americans who voted for him, proved to the world that all things are possible. And the day after, people from coast to coast lined up to buy newspapers as souvenirs. The demand was unprecedented, with stands and stores quickly selling out: USA Today sold an extra 380,000 copies, for example, while the Atlanta Journal-Constitution went back to print five times. Now, everyone can own a piece of history, thanks to this gorgeous commemorative album of front pages that capture Barack Obama s extraordinary journey to the White House. Featuring newspapers both domestic and foreign and depicting all the landmarks in this groundbreaking campaign - including the inauguration itself - Obama is a stunning keepsake for all who experienced this remarkable moment... and for future generations, too.

A Consequential President Michael D'Antonio,2017-01-03 In response to criticism and disappointment from the Left, A Consequential President offers a bold assessment of the lasting successes and major achievements of President Obama. Had he only saved the U.S. economy with his economic recovery act and his program to restore the auto industry, President Obama would have been considered a successful president. He achieved so much more, however, that he can be counted as one of our most consequential presidents. With The Affordable Care Act, he ended the long-running crisis of escalating costs and inadequate access of treatment that had long-threatened the well-being of 50 million Americans. His energy policies drove down the cost of power generated by the sun, the wind, and even fossil fuels. His efforts on climate change produced the Paris Agreement, the first treaty to address global warming in a meaningful way, and his diplomacy produced a dramatic reduction in the nuclear threat posed by Iran. Add the withdrawal of troops from Iraq, the normalization of relations with Cuba, and his "pivot" toward Asia, and President Obama's triumphs abroad match those at home. Most importantly, as the first African-American president, he navigated race relations and a rising tide of bigotry, including some who challenged his citizenship, while also fighting a Republican Party determined to make him one-term president. As a result, Obama's greatest achievement was restoring dignity and ethics to the office of the president, proof that he delivered his campaign promise of hope and change.

The Obama Presidency and the Politics of Change Edward Ashbee,John Dumbrell,2016-11-09 This edited volume considers the extent to which the Obama presidency matched the promises of hope and change that were held out in the 2008 election. Contributors assess the character of "change" and, within this context, survey the extent to which there was enduring change within particular policy areas, both domestic and foreign. The authors combine empirical detail with more speculative assessment of the limits and possibilities of change amidst a very dense institutional landscape and in an era of intense political polarization. Some see significant changes, the full consequences of which may only be evident in later years. Other authors in the collection present a markedly different picture and suggest that processes of change were not only limited and partial but at times leading the US in directions far removed from the promises of 2008. The book will make an important contribution to the debates about the Obama legacy.

Barack Obama F. Erik Brooks,MaCherie M. Placide,2019-10-07 An essential resource for readers analyzing the presidency of Barack Obama, this book provides a comprehensive summary of the life of 44th president of the United States. Barack Obama stated, Our destiny is not written for us. It is written by us. Was the former president talking about himself and his rise to the American presidency? On January 20, 2009, Barack Obama was inaugurated as the 44th president of the United States, the first African American to be elected to this office. Former President Obama's politics of unity appealed to many segments of American society. When Obama became president, the United States faced challenges at home and abroad. Internationally, the country was stalled in two wars in Afghanistan and Iraq. Domestically, the country faced a financial and banking crisis, and poverty was on the rise. Undaunted by these colossal challenges, former President Obama noted, We did not come to fear the future. We came to shape it. Barack Obama: A Life in American History discusses the life of Barack Obama chronologically and discusses his post-presidential life. Readers of all levels with an interest in Barack Obama, politics, political parties, political ideology, presidential elections, government, and the U.S. presidency will find this book compelling.

Barack Obama Mitch Michener,2011-07 The problems with President Barack Obama have nothing to do with the color of his skin. The problems are with his policies, which belittle the United States and inflate the values of other countries. We must remember that we, as Americans, are the leaders of the free world. President Barack Obama was elected president of the US because he inspired the nation to believe in Hope. But his false promises have in fact created the worst racism we have seen in decades 'he is running the government in a Chicago gangland style that discredits all Americans, and he is pushing a government takeover of individual liberties that will destroy the very best of America. Robert Michener's convicting book, Barack Obama: Hope Destroyed, is dedicated to pointing out the wrongs that President Barack Obama is perpetuating on the American people while presenting reasonable solutions to each of those problems. Through indicting language and a clear cut look at facts and possibilities, Barack Obama: Hope Destroyed will put into words what many Americans feel about the direction of the present government under President Barack Obama.

Obama Senior. A Dream Fulfilled Donde, Fredrick,2015-08-06 On January 20, 2009, Barack Hussein Obama made history as the first African-American president of the United States of America since its founding in 1776. Around the world, people celebrated his election as if he were one of their own and held exceedingly high expectations of his presidency. When, as senator of Illinois, he visited his father's village in Nyang'oma K'Ogelo in Kenya, he was struck by the ecstatic reception that the people accorded him. He was deeply touched by the abject poverty and fullness of spirit of the people. The level of need and the challenges that he witnessed in the poor neighbourhoods of Chicago in the US, in Indonesia and Kenya may have significantly contributed to his spirited drive to the White House. In this book, the author re-traces the life of Barack Obama Senior and how his character, vision and intellect influenced his son's drive to the most powerful office in the land. In so doing, the author revisits the events in pre- and post-colonial Kenya and how these, too, had a bearing on the life of Obama Senior. The book also relates the history of his people - the Luo - from their original settlements along the Nile in Egypt and the Sudan to their present homelands in East Africa and the Great Lakes region. It details the often tragic and ultimately triumphant struggle of a people in pursuit of a just, peaceful and progressive society.

Empire's New Clothes Paul Street,2015-12-03 As Obama nears the middle of his first-term as president Paul Street assesses his performance against the expectations of his supporters. While mainstream journalists have noted discrepancies between Obama's original vision and reality, Paul Street uniquely measures Obama's record against the expectations of the truly progressive agenda many of his supporters expected him to follow. Taken together, the list of Obama's weakened policies is startling: his business-friendly measures with the economy, the lack of support for the growing mass of unemployed and poor, the dilution of his health reform agenda, the passage of a record-setting Pentagon budget, and escalation of US military violence in Afghanistan, Pakistan, Yemen, and Somalia. Street's account reveals these and many other indications of how deeply beholden Obama is to existing dominant domestic and global hierarchies and doctrines.

Yes We Can Garen Thomas,2008-06-24 The great American leader uses his voice to change history, alter politics, and bring hope of a brighter future to generations to come. Born in the U.S.A., the son of an African

father and an American mother, a boy who spent his childhood in Indonesia and Hawaii, Barack Obama is truly a citizen of the world. In kindergarten, he wrote an essay titled, I Want to Become President, and now, with his fierce optimism, exuberant sense of purpose and determination, and above all, his belief that change can happen, Barack Obama, the first African-American president of the United States, has made that dream come true. In Yes We Can, Garen Thomas takes us through the life of Barack Obama, from his struggle to fit in with his classmates, and concern about not knowing his biological father, through his term as an Illinois senator, and the long campaign for president, to his historic victory.

Barack Obama in His Own Words Barack Obama,2007-03-28 The only quick reference in his own words to the politician who will be one of the highest-profile elected officials across the country, for the next two years.

A Promised Land Barack Obama,2020-11-17 A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Getting the books **Obama.htm** now is not type of inspiring means. You could not and no-one else going with book heap or library or borrowing from your associates to retrieve them. This is an utterly easy means to specifically acquire lead by on-line. This online broadcast Obama.htm can be one of the options to accompany you next having new time.

It will not waste your time. assume me, the e-book will entirely melody you further thing to read. Just invest little epoch to read this on-line pronouncement **Obama.htm** as well as evaluation them wherever you are now.
