Nonviolence and Peace Psychology Daniel Mayton, 2009-05-28 Recent trends and events worldwide have increased public interest in nonviolence, pacifism, and peace psychology as well as professional interest across the social sciences. *Nonviolence and Peace Psychology* assembles multiple perspectives to create a more comprehensive and nuanced understanding of the concepts and phenomena of nonviolence than is usually seen on the subject. Through this diverse literature—spanning psychology, political science, religious studies, anthropology, and sociology—peace psychologist Dan Mayton gives readers the opportunity to view nonviolence as a body of principles, a system of pragmatics, and a strategy for social change. This important volume: Draws critical distinctions between nonviolence, pacifism, and related concepts. Classifies nonviolence in terms of its scope (intrapersonal, interpersonal, societal, global) and pacifism according to political and situational dimensions. Applies standard psychological concepts such as beliefs, motives, dispositions, and values to define nonviolent actions and behaviors. Brings sociohistorical and cross-cultural context to peace psychology. Analyzes a century's worth of nonviolent social action, from the pathbreaking work of Gandhi and King to the Courage to Refuse movement within the Israeli armed forces. Reviews methodological and measurement issues in nonviolence research, and suggests areas for future study. Although more attention is traditionally devoted to violence and aggression within the social sciences, *Nonviolence and Peace Psychology* reveals a robust knowledge base and a framework for peacebuilding work, granting peace psychologists, activists, and mediators new possibilities for the transformative power of nonviolence.

Handbook of Intercultural Training Dan Landis, Janet Marie Bennett, Milton J. Bennett, 2004 This handbook deals with the question of how people can best live and work with others who come from very different cultural backgrounds. *Handbook of Intercultural Training* provides an overview of current trends and issues in the field of intercultural training. Contributors represent a wide range of disciplines including psychology, interpersonal communication, human resource management, international management, anthropology, social work, and education. Twenty-four chapters, all new to this edition, cover an array of topics including training for specific contexts, instrumentation and methods, and training design.

Booking Hawaii Five-0 Karen Rhodes, 2011-12-20 On September 26, 1968, *Hawaii Five-0* premiered on CBS. The show's exotic locale and quality writing and acting made it a fixture in the network's line-up for the next 12 years. Today the detective series continues to be very popular in syndication. The show's history is covered first, focusing on its development and its stars. Complete casts and credits for all regulars are provided for each season; the episode guide gives the title, original air date, director, producer, guest stars a detailed synopsis of each show, and information on Honolulu residents who appeared in it.

The Indigo Book Christopher Jon Sprigman, 2017-07-11 This public domain book is an open and compatible implementation of the Uniform System of Citation.

Headquarters USA Omnigraphics, 2007-10

A New History of Mississippi Dennis J. Mitchell, 2014-05-27 Creating the first comprehensive narrative of Mississippi since the bicentennial history was published in 1976, Dennis J. Mitchell recounts the vibrant and turbulent history of a Deep South state. The author has condensed the massive scholarship produced since that time into an appealing narrative, which incorporates people missing from many previous histories including American Indians, women, African Americans, and a diversity of other minority groups. This is the story of a place and its people, history makers and ordinary citizens alike. Mississippi's rich flora and fauna are also central to the story, which follows both natural and man-made destruction and the major efforts to restore and defend rare untouched areas. Hernando De Soto, Sieur d'Iberville, Ferdinand Claiborne, Thomas Hinds, Aaron Burr, Greenwood LeFlore, Joseph Davis, Nathan Bedford Forrest, James D. Lynch, James K. Vardaman, Mary Grace Quackenbos, Ida B. Wells, William Alexander Percy, William Faulkner, Eudora Welty, Muddy Waters, B.B. King, Elvis Presley, John Grisham, Jack Reed, William F. Winter, Jim Barksdale, Richard Howorth, Christopher Epps, and too many more to list—this book covers a vast and rich legacy. From the rise and fall of American Indian culture to the advent of Mississippi's world-renowned literary, artistic, and scientific contributions, Mitchell vividly brings to life the individuals and institutions that have created a fascinating and diverse state.

This Side of Paradise F. Scott Fitzgerald, 2009-04-01 This Side of Paradise is a novel about post-World War I youth and their morality. Amory Blaine is a young Princeton University student with an attractive face and an interest in literature. His greed and desire for social status warp the theme of love weaving through the story.

What We Work With William C. McCoy, 2002-10-28 This educator's response to the 'failing school' issue offers firsthand knowledge and in depth understanding into rationale other than poor teachers and schools. Pointing a good portion of the responsibility on the students, parents, and communities in their roles in the educational process, McCoy takes into account the complexities of the many duties; responsibilities; frustrations; student, parent, and legal issues facing today's teachers.

The SAGE Handbook of Intercultural Competence Darla K. Deardorff, 2009-08-31 Containing chapters by some of the world's leading experts and scholars on the subject, this book provides a broad context for intercultural competence. Including the latest research on intercultural models and theories, it presents guidance on assessing intercultural competence through the exploration of key assessment principles.

Kika Kila John W. Troutman, 2016-02-16 Since the nineteenth century, the distinct tones of k&299;k&257; kila, the Hawaiian steel guitar, have defined the island sound. Here historian and steel guitarist John W. Troutman offers the instrument's definitive history, from its discovery by a young Hawaiian royalist named Joseph Kekuku to its revolutionary influence on American and world music. During the early twentieth century, Hawaiian musicians traveled the globe, from tent shows in the Mississippi Delta, where they shaped the new sounds of country and the blues, to regal theaters and vaudeville stages in New York, Berlin, Kolkata, and beyond. In the process, Hawaiian guitarists recast the role of the guitar in modern life. But as Troutman explains, by the 1970s the instrument's embrace and adoption overseas also worked to challenge its cultural legitimacy in the eyes of a new generation of

Hawaiian musicians. As a consequence, the indigenous instrument nearly disappeared in its homeland. Using rich musical and historical sources, including interviews with musicians and their descendants, Troutman provides the complete story of how this Native Hawaiian instrument transformed not only American music but the sounds of modern music throughout the world.

They Followed the Trade Winds Miles M. Jackson, 2014 This is a revised edition from the original 2005 edition with minor changes and also additional archival photos. The intervening years have allowed time to add additional information to provide a better understanding of the small community of people of African ancestry who settled in the Hawaiian Islands.

Daisaku Ikeda's Philosophy of Peace Olivier Urbain, 2010-03-30 Who is Daisaku Ikeda? At one level, he is the leader of a religious movement - Soka Gakkai - which began in Japan, where it still has its headquarters, but which now claims 12 million adherents around the world. At another level, he is a globetrotting figure whose formal conversations with diverse writers, thinkers and diplomats - including Arnold Toynbee, Joseph Rotblat and Mikhail Gorbachev - have garnered him an international profile, as well as academic recognition. Perhaps above all else, Daisaku Ikeda is viewed as a campaigner for peace. And it is Ikeda's specific contribution to peacebuilding, notably through the central emphasis he has placed on the significance of dialogue, that this book explores: the first to do so in a concerted way. Olivier Urbain shows that while Soka Gakkai (the 'value society') may stem from the medieval principles of Nichiren Buddhism, under Ikeda's leadership it has taken these classic wisdoms and transformed them. Now essentially classless and secularised, as well as adaptable and sensitive to modern challenges like resource shortages and climate change, this - argues the author - is a pragmatic approach to peace which has proved both popular and eminently transportable.

Globalization & Identity Majid Tehranian, B. Jeannie Lum, 2006 In the first decade of the twenty-first century, globalization and identity have emerged as the most critical challenges to world peace. This volume of Peace & Policy addresses the overarching question, What are the effects of globalization in the areas of culture, ethnic diversity, religion, and citizenship, and how does terrorism help groups attain a sense of global identity? Part I, Citizenship in a Globalizing World, reexamines globalization in light of the traditions from which human civilizations have evolved. Linda Groff focuses on Samuel R. Huntington's thesis that the Cold War would be followed by a clash of civilizations. Joseph A. Camilleri traces the history of the concept of citizenship and its transformation through the ages to modern times. Kamran Mofid argues that the marketplace is not just an economic sphere but one where economic and business interests must embrace the spiritual assets of the community. Majid Tehranian raises the problem of identity and advocates the assumption of global identity, responsibility, and citizenship. Part II, Convergence in Global Cultures, explores the complex issues of diversity in religions. Christopher Leeds, Vladimir Korobov, and Bharat Gupta show how the reconceptualization of the world both geographically and regionally can recreate new sensibilities needed to overcome differences. Part III, Divergence in Global Conflicts, discusses the multiple dimensions of the globalizing effects of economic expansion and

political strife experienced by different cultures at local and regional levels. Audrey Kitigawa and Ade Ogunrinade use Nigeria as an example of political manipulation of religious and ethnic groups to divert attention from the real problems of social and economic marginalization. Fred Riggs looks at how the Web has become a medium in the globalization of religious movements. The authors maintain that continuing efforts for dialogue across cultural and religious boundaries in today's interreligious and interfaith organizations can become a force for healing. Majid Tehranian is director of the Toda Institute for Global Peace and Policy Research. B. Jeannie Lum is an associate professor at the University of Hawaii at Mnoa in the Department of Educational Foundations, College of Education.

Globalization and Identity Majid Tehranian,B. Jeannie Lum,2011-12-31 In the first decade of the twenty-first century, globaliza- tion and identity have emerged as the most critical challenges to world peace. This volume of Peace & Policy addresses the overarching question, What are the effects of globalization in the areas of culture, ethnic diversity, religion, and citizenship, and how does terrorism help groups attain a sense of global identity? Part I, Citizenship in a Globalizing World, reexamines globalization in light of the traditions from which human civilizations have evolved. Linda Groff focuses on Samuel R. Part III, Divergence in Global Conflicts, discusses the multiple dimensions of the globalizing effects of economic expansion and political strife experienced by different cultures at local and regional levels. Audrey Kitigawa and Ade Ogunrinade use Nigeria as an example of political manipulation of religious and ethnic groups to divert attention from the real problems of social and economic marginalization. Fred Riggs looks at how the Web has become a medium in the globalization of religious movements. The authors maintain that continuing efforts for dialogue across cultural and religious boundaries in today's interreligious and interfaith organizations can become a force for healing.

Inter-State and Intra-State Conflicts in Global Politics Tayyar Ari,2021-11-05 The main purpose of the study is to discuss the inter-state and intra-state conflicts and the main problem areas in the geography extending from China to Eurasia. The book consists of eighteen chapters, all written by senior professors and associate professors.

Pursuing Just Peace: An Overview and Case Studies for Faith-Based Peacebuilders Mark M. Rogers,Tom Bamat,Julie Ideh,2008-03-24 This book on faith-based peacebuilding is a practical resource for peacebuilding practitioners and

all others who are grappling with injustice and conflict. Seven case studies describe concrete initiatives within highly diverse contexts. Three case studies focus on strengthening internal church peacebuilding capacity through peace education, one looks at the role of alliances and networks in advocacy for addressing gender-based violence and three focus on ecumenical and inter-religious collaboration. An introductory essay provides a general overview and literature review for faith-based peacebuilding, discusses processes and describes key roles that faith-based actors can play.

Unbroken (Movie Tie-in Edition) Laura Hillenbrand, 2018-08-21 #1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken*

"Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York "Staggering . . . mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for the way it's told. . . . It manages maximum velocity with no loss of subtlety."—Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a

thrilling sprinter's pace."—Time "Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."—Christopher McDougall, author of *Born to Run*

The Violence of Modernity Debarati Sanyal, 2020-03-03 The Violence of Modernity turns to Charles Baudelaire, one of the most canonical figures of literary modernism, in order to reclaim an aesthetic legacy for ethical inquiry and historical critique. Works of modern literature are commonly theorized as symptomatic responses to the trauma of history. In a climate that tends to privilege crisis over critique, Debarati Sanyal argues that it is urgent to rethink literary experience in terms that recall its contestatory potential. Examining Baudelaire's poems afresh, she shifts the focus of critical attention toward an account of modernism as an active engagement with violence, specifically the violence of history in nineteenth-century France. Sanyal analyzes a literary current that uses the traditional hallmarks of modernism—irony, intertextuality, self-reflexivity, and formalism—to challenge the historical violence of modernity. Baudelaire and the committed ironists writing in his wake teach us how to read and resist the violence of history, and thereby to challenge the melancholy tenor of our contemporary wound culture. In a series of provocative readings, Sanyal presents Baudelaire's poetry as an aesthetic form that contests historical violence through rhetorical strategies of complicity, counterviolence, and critique. The book develops a new account of Baudelaire's significance as a modernist by dislodging him both from his traditional status as a practitioner of art for art's sake and from his more recent incarnation as the poet of trauma. Following her extended analysis of Baudelaire's poetry, Sanyal in later chapters considers a number of authors influenced by his strategies—including Rachilde, Virginie Despentes, Albert Camus, and Jean-Paul Sartre—to examine the relevance of their interventions for our current climate of trauma and terror. The result is a study that underscores how Baudelaire's legacy continues to energize literary engagements with the violence of modernity.

Gods in the Global Village Lester R. Kurtz, 2007 Publisher Description

Moving People Peter Cox, 2013-07-04 The local and global environmental impacts of transport are more apparent than ever before. Moving People provides an attention-grabbing introduction to the problems of transport and the development of sustainable alternatives, focusing on the often misunderstood issue of personal mobility, as opposed to freight. Re-assessing the value and importance of non-motorized transport the author raises questions about mobility in the face of climate change and energy security, particularly for the developing world. Featuring original case studies from across the globe, this book is essential for anyone studying or working in the area of environmental sustainability and transport policy.
