Conflict, Nationhood and Corporeality in Modern Literature P. Rau,2010-08-11 This collection examines ways in which modern literature responds to the body-at-war, examining the effects of violent conflict on the body in its literal and representative forms. Spanning literature from World War I to the present day, it includes essays on pacifist theatre, torture, fascist fantasies, and uniforms and masculinity.

The Moral Teaching of Paul Victor Paul Furnish,2010-11-01 In this expanded and updated third edition of an important work, respected Pauline scholar Victor Paul Furnish presents an analysis of some of Paul's most famous yet often misunderstood ethical teachings. Dr. Furnish enriches his discussion of key Pauline topics including: sex, marriage, divorce, homosexuality, women in the church, and the Church in the world. He pays particular attention to the socio-cultural context of Paul's ministry, the complexity of his thought, the character of his moral reasoning, and the way his thought and reasoning may inform and challenge us today. Victor Paul Furnish is University Distinguished Professor of New Testament, Emeritus at Perkins School of Theology, Southern Methodist University, and general editor of the Abingdon New Testament Commentaries.

Ghosts of Northwestern New Jersey Robert Oakes,2022-09 Among the rolling hills, picturesque farms and lush highlands of Northwestern New Jersey lurk haunting mysteries and unexplained apparitions. A historic recluse who practiced witchcraft generations ago is said to be still spinning misdeeds as the Sussex Sorcerer on Sunrise Mountain. The ghost of Reverend O'Malley walks the woods around Mount Allamuchy as the Purple Bishop, seeking vengeance against those who betrayed him. The sinisterly named Shades of Death Road along the sod farms and meadows of the Pequest River Valley has a bloody reputation of bandit killings, Lenape massacres and supernatural encounters. Author Robert Oakes leads readers on a spirited journey through the historic ghost lore of Northwestern New Jersey.

Cultural Property Acquisitions Aimée L Taberner,2016-06-16 Museum staff--whether new to the field or working with collections for decades--are often overwhelmed by the complexities of acquiring cultural property, particularly antiquities and archaeological material. Collecting practices now require a greater degree of transparency and cooperation with various stakeholders than in the past, and are under greater scrutiny to be in line with current legal requirements and ethical expectations. This book provides a concise, unbiased, and practical resource for those tasked with navigating the complicated and rapidly changing legal and ethical landscape governing the acquisition of cultural property and archaeological material.

Enmity and Violence in Early Modern Europe Stuart Carroll,2023-03-31 In this original study Stuart Carroll transforms our understanding of Europe between 1500 and 1800 by exploring how ordinary people felt about their enemies and the violence it engendered. Enmity, a state or feeling of mutual opposition or hostility, became a major social problem during the transition to modernity. He examines how people used the law, and how they characterised their enmities and expressed their sense of justice or injustice. Through the examples of early modern Italy, Germany, France and England, we see when and why everyday animosities escalated and the attempts of the state to control and even exploit the violence that ensued. This book also examines the communal and religious pressures for peace, and how notions of good neighbourliness and civil order finally worked to underpin trust in the state. Ultimately, enmity is

not a relic of the past; it remains one of the greatest challenges to contemporary liberal democracy.
