**Modi & India** Rahul Shivshankar,Siddhartha Talya,2023-11-10 Focuses on how dharma provides the foundation for a new republic—Bibek Debroy Intensely researched argument about an alternative idea of India—Salman Khurshid The year 2014 was a consequential one for the Bharatiya Janata Party and for India. Will 2024 also be so? Is this election about stopping the rise of Narendra Modi and his alleged distortion of the ‘idea of India’ as conceived by its founders, or the beginning of a dharma-inspired ‘second republic?’ In 2014, the BJP, under the leadership of Modi, won a clear majority in the Lok Sabha elections. The National Democratic Alliance’s triumph ended a nearly two-and-a-half-decade run of mostly messy coalition governments. In 2019, the BJP further improved its tally, cementing its parliamentary majority and its ability to ring in transformational laws and policies. Most of the initiatives taken by the Modi-led NDA have been aimed at positioning Bharat as a ‘Vishwa Guru’—an exemplar of moral righteousness, a pluralistic democracy led by dharma and drawing sustenance from the wellspring of an eternal Hindu universalism. But this shift towards India’s Hindu ethos has prompted the Opposition and many allied commentators to fear the rise of a second republic—a ‘Hindu Rashtra’—moored to an implacable ultra-nationalist and majoritarian dogma. The INDIA bloc has declared the 2024 election as the last opportunity to stop the rise of Modi and his idea of India. Evocative, anecdotal, argumentative and deeply researched, Modi and India: 2024 and the Battle for Bharat chronicles the emergence of, and the battle for, a new republic in the making.

**Energy Efficiency Governance** Dagmar Sibyl Steuwer,2012-12-09 Energy efficiency contributes to the main objectives of energy policy in the European Union: energy security, cost effectiveness and environmental benefits. However, the efficiency potential remains widely untapped. Will White Certificate Instruments, a new framework instrument to foster end-use energy efficiency, help to close the energy efficiency gap? The analysis compares the political process of choosing and designing White Certificate Instruments in Italy, France and Great Britain. The book shows that the type of policy instrument as well as its image has an influence not only on agenda-setting but also on the policy instrument’s effectiveness due to interactions with existing energy efficiency discourses, regulatory traditions and the prevailing policy style.

**EU: Beyond the Crisis** Nikolaos Papakostas,Nikolaos Pasamitros,2016-03-15 Though crises arise organically in all political systems, this volume treats the current challenges facing the EU as a unique situation. It takes stock of its losses, gains, and opportunities and what constitutes a viable solution to the EU’s current predicament. By envisioning the EU as an evolving rather than static body, this collection zeroes in on the conceptual weaknesses that destabilized the EU and the factors that will help the organization rethink its place and purpose. This book clarifies aspects of EU parliamentarism within the context of the unfolding crisis and addresses political cohesion and institutional integration. It ultimately stresses the role of perception and image on the future of the EU’s social and political integration.

**Web Caching and Its Applications** S.V. Nagaraj,2004-06 The last decade has seen tremendous growth in usage of the World Wide Web. Web caching is a technology aimed at reducing the transmission of redundant network traffic and improving access to the Web. The key idea in Web caching is to cache frequently- accessed content so that it may be used profitably later. This leads to cost savings, reduction in network traffic, improved access and better content availability. Web Caching and Its Applications gives the reader an understanding of the latest developments in Web caching research. Topics covered include architectural aspects, aspects requiring coordination among caches, aspects related to network traffic, techniques that complement caching, practical aspects, and aspects related to performance. While Web Caching and Its Applications is designed for a professional audience, students will appreciate the exercises for applying the knowledge to solving practical problems related to Web caching and Internet performance. The book includes an exhaustive list of references for further study.

**Educação das Relações Étnico-Raciais: Caminhos para a Descolonização do Currículo Escolar** Eugenia Portela de Siqueira Marques,Marta Coelho Castro Troquez,2018-10-17 Esta coletânea traz o resultado de fecundas pesquisas em torno dos temas: descolonialidade curricular e formação de professores, diferença indígena, políticas de diversidade étnico-racial no novo PNE, diferença negra e indígena no livro didático, igualdade racial no PPP da escola, desconstrução do preconceito racial na literatura infanto-juvenil, literatura afro-brasileira, diversidade étnico-racial no programa Biblioteca na Escola, interculturalidade e educação indígena. Os textos propõem reflexões críticas sobre a formação do professor, o currículo e o deslocamento epistêmico trazido pelas Leis 10.639/2003 e 11.645/2008, que possibilitaram questionar a lógica hegemônica de uma cultura comum, de base ocidental e eurocêntrica, que subjugou, silenciou e inviabilizou outras lógicas e outros saberes. Por isso os estudos acenam para a necessidade de uma revisão epistêmica na formação docente, para a ressignificação do currículo e das práticas pedagógicas institucionalizadas nas escolas, a fim de problematizá-las e instigar a construir lógicas diferentes para a educação das relações étnico-raciais, assentadas no diálogo intercultural.

**Teacher Training and Professional Development of Chinese English Language Teachers** Faridah Pawan,Wenfang Fan,Pei Miao,2017-06-26 This up-close look at Chinese ESL teachers documents undertakings at formal and informal levels to support and sustain their expertise in ways that balance collaborative and competitive efforts, situated and standards-based programs, ethnically responsive and government-based efforts, and traditional and 21st-century teaching visions. English is a mandated subject for approximately 400 million Chinese public school students. Making transparent the training and professional development received respectively by pre-service and in-service teachers, this book provides a rare window into how Chinese English Language teachers (ELTs) reconcile the two needs with the responsibility to teach large numbers of students while also navigating societal, cultural, and institutional cross currents. It also explores the range of ways China invests in the training and professional development of its English language teachers.

**Tracing the Boundaries Between Hindi and Urdu** Christine Everaert,2010 This book sheds light on the complex relationship between Hindi and Urdu. Through a detailed reading of a representative set of 20th century short stories in both languages, the author leads the reader towards a clear definition of the differences between Hindi and Urdu. The full translations of the stories have been extensively annotated to point out the details in which the Hindi and Urdu versions differ. An overview of early and contemporary Hindi/Urdu and Hindustani grammars and language teaching textbooks demonstrates the problems of correctly naming and identifying the two languages. This book now offers a detailed and systematic database of syntactic, morphological and semantic differences between the selected Hindi and Urdu stories. A useful tool for all scholars of modern Hindi/Urdu fiction, (socio-)linguistics, history or social sciences.

**A Military History of India since 1972** Arjun Subramaniam,2021-06-09 A Military History of India since 1972 is a definitive work of military history that gives the Indian military its rightful place as a key contributor to Indian democracy. Arjun Subramaniam offers an engaging narrative that combines superb storytelling with the academic rigor of deep research and analysis. It is a comprehensive account of India’s resolute, responsible, and restrained use of force as an instrument of statecraft and how the military has played an essential role in securing the country’s democratic tradition along with its rise as an economic and demographic power. This book is also about how the Indian nation-state and its armed forces have coped with the changing contours of modern conflict in the decades since 1972. These include the 2016 “surgical” or cross-border strikes by the Indian Army’s Special Forces across the line of control with Pakistan, the face-off with the Chinese at Doklam in 2017 and in Ladakh in 2020, the preemptive punitive strikes by the Indian Air Force against terrorist camps in Pakistan in 2019, and the large-scale aerial engagement between the Indian Air Force and the Pakistan Air Force the following day. These conflicts also include the long-running insurgencies in the northeast, terrorism and proxy war in Jammu and Kashmir, separatist violence in Punjab, and the Indian Peacekeeping Force’s intervention in Sri Lanka. The

author also includes a chapter on the development of India's nuclear capabilities. Arjun Subramaniam enlivens the narrative with a practitioner's insights amplified by interviews and conversations with almost a hundred serving and retired officers, including former chiefs from all three armed forces, for an in-depth exploration of land, air, and naval operations. The structure of the book offers readers a choice of either embarking on a comprehensive and chronological examination of war and conflict in contemporary India or a selective reading based on specific time lines or campaigns.

**Asian America** Pawan Dhingra, Robyn Magalit Rodriguez, 2014-03-10 Asian Americans are the fastest growing minority population in the country. Moreover, they provide a wonderful lens on the experiences of immigrants and minorities in the United States more generally, both historically and today. In this timely new text, Pawan Dhingra and Robyn Magalit Rodriguez critically examine key sociological topics through the experiences of Asian Americans, including social hierarchies (of race, gender, and sexuality), work, education, family, culture, identity, media, pan-ethnicity, social movements, and politics. With vivid examples and lucid discussion of a broad range of theories, the authors demonstrate the contributions of the discipline of sociology to understanding Asian Americans, and vice versa. In addition, this text takes students beyond the boundaries of the United States to cultivate a comparative and global understanding of the Asian experience, as it has become increasingly transnational and diasporic. Bridging sociology and the growing interdisciplinary field of Asian American studies, and uniquely placing them in dialogue with one another, this engaging text will be welcome in undergraduate and graduate sociology courses such as race and ethnic relations, immigration, and social stratification, as well as on ethnic studies courses more broadly.

**One vs All** Ashok Anand, 2016-08-23 *One vs All: Narendra Modi—Pariah to Paragon* is all truth. Ashok Anand has dissected ages-old layers of ignorance, myths and ego with his surgical observation to let the truth breathe out of the diseased society. It shames the political class, bureaucracy and religious bigots. It unmasks an absolutely hypocrite society that clings to the past, despises change, lives in denial but notorious for hidden avarice, arrogance and lust. Each chapter of this book will unfold many bitter truths. Have ever thought why a poor tea-seller boy, today occupying the prime minister's chair, is not corrupt, greedy and foul-mouthed like most of the others in the country? How a "Pariah" pronounced by the anti-national political forces could become a "Paragon" of values? The Indian society, howsoever ignorant and selfish maybe, needs space to evolve, grow and prosper. Would Narendra Modi be able to do that? Truth is very hard to digest. If brave enough, go ahead and read. Not a thriller. Better than a thriller. *One vs. All: Narendra Modi—Pariah to Paragon* takes the reader to the demonic world of Indian politics, surrounded by the intrigues of a superstitious and ignorant society that loves dwelling in the past and detests any change.

**Emotions, Mobilisations and South Asian Politics** Amélie Blom, Stéphanie Tawa Lama-Rewal, 2019-07-09 This book highlights the role of emotions in the contentious politics of modern South Asia. It brings new methodological, theoretical and empirical insights to the mutual constitution of emotions and mobilisations in India, Pakistan and Bangladesh. As such, it addresses three distinct but related questions: what do emotions do to mobilisations? What do mobilisations do to emotions? Further, what does studying emotions in mobilisations reveal about the political culture of protest in South Asia? The chapters in this volume emphasise that emotions are significant in politics because they have the power to mobilise. They explore a variety of emotions including anger, resentment, humiliation, hurt, despair, and nostalgia, and also enchantment, humour, pleasure, hope and enthusiasm. The interdisciplinary research presented here shows that integrating emotions improves our understanding of South Asian politics while, conversely, focusing on South Asia helps retool current thinking on the emotional dynamics of political mobilisations. The book offers contextual analyses of how emotions are publicly represented, expressed and felt, thus shedding light on the complex nature of protests, power relations, identity politics, and the political culture of South Asia. This cutting-edge research volume intersects South Asian studies, emotion studies and social movement studies, and will greatly interest scholars and students of political science, anthropology, sociology, history and cultural studies, and the informed general reader interested in South Asian politics.
