Ancient and Modern Religion and Politics J. LeBlanc, Carolyn M. Jones Medine, 2012-10-22 This book brings a variety of voices into conversation about the issues of identity, community, tension and violence, and peace in the West: from Sophocles to Alice Walker, from Lincoln to Martin Luther King, Jr. and from Euripides to Edward Said.

Homi Bhabha: An Introduction and Critique, Volume 1: Philosophy and Culture Andrew McLaverty-Robinson, 2020-01-28 Homi Bhabha: An Introduction and Critique is a pathbreaking three-volume study of the famous postcolonial scholar's work. McLaverty-Robinson's treatment translates Bhabha's almost impenetrable prose into plain English, without losing its meaning. It also explains the background assumptions and references lurking behind Bhabha's theoretical concepts. In addition, McLaverty-Robinson's incisive critique cuts through the aura surrounding critical theory, exploring whether Bhabha's ideas work in practice - either empirically or politically. This first volume explores Bhabha's views on philosophy and culture. It includes chapters explaining his social constructivist assumptions, and exploring his interpretations of art and literature.

Encounters | Materialities | Confrontations Per Cornell, Fredrik Fahlander, 2009-01-14 This collection of texts is a first step towards providing a theoretical and methodological platform for the study of social encounters. The social encounter is a particular sort of concept, focusing on confusion, tension, trauma, and possibly social change that may emerge in situations of contact when people and things interact. A social encounter is, however, not only about negotiation or contemplating existence, but is rather about what happens when people interact actively, when they involve themselves with people and materialities, when they move around, fetch things, use things, leave things etc. The repeated social encounter is often a confrontation with something, such as an opinion, a performance, or with materialities and the effects are often unpredictable. Encounters may reproduce a social pattern, but also contain potential for transformation and change. Such varied responses to encounters will certainly have effects on the archaeological record. The primary focus of the volume is the effects and processes involved in intra- and inter-societal encounters. The collection hence fills a theoretical and methodological gap in the study of the encounter in archaeology. There is a need for elaborating aspects of postcolonial theory in order to develop new ways of approaching the archaeological record. The articles of this volume include examples from various regions and time periods. They range from Scandinavian Stone Age, through Buddhist social practices of the first millennium AD, Maya warfare and ideology, to Aboriginal-European encounters in 20th century Australia. Per Cornell (PhD, Ass. Prof.) is currently lecturer at the Department of archaeology, University of Gothenburg. Cornell has been involved in extensive field-work in Latin America and current research topics include settlement archaeology, formation processes and social theory. Among his recent books are *Local, Regional, Global*, co-edited with Per Stenborg (Gotarc, 2004).

Two Questers in the Twentieth-century North Africa Imen Ayari Cozzo, 2016-09-23 This book offers a unique exploration of the work of Paul Bowles and Ibrahim Alkoni, and reveals timely insights into the relationship between the West and the Orient, showing that they both challenge and extend existing scholarship on this subject. It builds on a sound theoretical platform which serves as a solid foundation for the analysis of the overarching theme. Theories of place, representation, Orientalism and post-colonialism are discussed in depth and are linked to the deconstruction and analysis of the selected literary texts, helping the reader understand the various quests and motivations of the protagonists of the works of Bowles and Alkoni. The first part of the book looks into the work of Bowles, and is based on the fact that many of the author's texts revolve around the theme of encounters between Western and Eastern cultures. It adopts a specific focus on the North African space, which is depicted from a number of different points of view, including native, French, English and American perspectives. The second section discusses the work of the Libyan author Ibrahim Alkoni as a quester for a Mythical Identity. It introduces the reader to the significance of the desert in both classical and modern Arabic literature and its place in the Arabic cultural imaginary. This work is highly original both in its approach and subject matter, and, as such, it constitutes a valuable contribution to the study of comparative literature, Arabic literature, and postcolonial magical realist literature. It offers many original insights into this little studied field, demonstrating a successful venture into less-trodden terrain.

LBJ Phillip F. Nelson, 2011-10-20 *LBJ* aims to expose Vice President Johnson's active role in the assassination of President Kennedy and how he began planning his takeover of the U.S. presidency even before being named the vice presidential nominee in 1960. Lyndon B. Johnson's flawed personality and character traits were formed when he was a child, and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder. He successfully hid this disorder from the public as he bartered, stole, and finessed his way through the corridors of power on Capitol Hill—though records have been uncovered proving some of his aides knew of his mental illness. Phillip F. Nelson, after years of researching Johnson and the JFK assassination, concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy's domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy. His involvement with JFK's assassination is conclusively drawn with both text and photographic evidence showing Johnson's knowledge of when and where the assassination would take place. Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history.

The Paramount Chief and One Wise Woman Phillip Martin, 2022-11-08 This tale is a love story. A very wise man, the paramount chief, meets one wise woman. She turns his life upside-down in the best kind of way, as you would expect in a love story. You'll have to decide which one of them is the wisest. I love a good folktale and my journey with them began in Liberia where I gathered this tale as a Peace Corps Volunteer. It was so long ago and feels like another lifetime. It is dedicated to my best friend Daniel and his wife Theresa. From then unto now, Daniel has given me a friendship that spans time and distance. During my Peace Corps days, I'm told I once met Theresa, but I don't remember it. I am just going to have to believe her. Two weeks after I left Liberia, the country fell into a civil war that lasted for fourteen years. One of the worst affected locations was my Peace Corps hometown, Zwedru. It was the region of the ousted president and therefore a target. Zwedru became a deserted ghost town for seven years. For part of the time during the war, Daniel and Theresa fled to the Ivory Coast. It wasn't safe there either. They eventually fled back into Liberia and settled into Daniel's home village of Tugbaken. It's my most favorite place in the whole country. I revisited Liberia when the

United States Embassy brought me back to paint murals with Ebola survivors. On that trip, I finally located my friend again. I wasn't even sure if Daniel was alive. I'd not heard from him for a couple decades. But, we reconnected and I visited Daniel and Theresa in Tugbaken. Since then, we've been able to connect much more frequently. I can't wait for them to read this Liberian love story because their story is the best real-life love story I ever saw in Liberia.

A Farewell to Justice Joan Mellen,2013-09-01 Working with thousands of previously unreleased documents and drawing on more than one thousand interviews, with many witnesses speaking out for the first time, Joan Mellen revisits the investigation of New Orleans district attorney Jim Garrison, the only public official to have indicted, in 1969, a suspect in President John F. Kennedy's murder. Garrison began by exposing the contradictions in the Warren Report, which concluded that Lee Harvey Oswald was an unstable pro-Castro Marxist who acted alone in killing Kennedy. A Farewell to Justice reveals that Oswald, no Marxist, was in fact working with both the FBI and the CIA, as well as with US Customs, and that the attempts to sabotage Garrison's investigation reached the highest levels of the US government. Garrison's suspects included CIA-sponsored soldiers of fortune enlisted in assassination attempts against Fidel Castro, an anti-Castro Cuban asset, and a young runner for the conspirators, interviewed here for the first time by the author. Building upon Garrison's effort, Mellen uncovers decisive new evidence and clearly establishes the intelligence agencies' roles in both a president's assassination and its cover-up. In this revised edition, to be published in time for the fiftieth anniversary of the president's assassination, the author reveals new sources and recently uncovered documents confirming in greater detail just how involved the CIA was in the events of November 22, 1963. More than one hundred new pages add critical evidence and information into one of the most significant events in human history.

Hark and Harold Angel Sing Phillip Martin,2023-01-24 In this story, two angels are the best of friends. They've been that way since anyone can remember. And, the friendship has helped them both. Hark was extremely shy. He never spoke in public. He only whispered his thoughts to Harold. Harold, not in the least bit shy, blew his horn -- loud and long -- whenever Hark had anything to say. There was just one problem. Harold was terrible with the horn. There was nothing joyful about his noise. But, as the years passed, changes occurred. And, it's those changes that created this memorable story about friendship. Just like with my previous book, Shirley, Goodness and Mercy - All the Days of My Life, this story was inspired by a sermon. In a talk about angels, my pastor talked about how kids say the darndest things. (If that reminds you of Art Linkletter, you know you are old.) Anyway, one little boy said he only knew the names of two angels, Hark and Harold. Hey, you never know when or where inspiration for a book is going to strike. I knew immediately that there was a story there. I love the main theme of this book. Hopefully, we all have people in our lives who support us, believe in us, and encourage us along the way. Neither Hark nor Harold would have reached their full potential if the other hadn't believed in them. My Hark, or Harold, was always my mother who believed in my art for as long as I can ber. When I look at my early drawings, I'm not sure how that was possible. Anyway, this particular book has what I consider the best illustrations out of all of my books, so far.

Navigating Cross-Cultural Ethics Eileen Morgan,2012-09-10 Through the personal stories of managers running global business, this book takes an inside look into the dilemmas of managers who are asked to make profits ethically according to the dictates of their company's ethics code. It examines what companies `think they are doing to help managers in those situations and how those managers are actually affected. Thanks to the boost from the 1991 Sentencing Guidelines which minimizes penalties for companies with ethics codes caught in ethical wrongdoing, more than 85% of US companies and two thirds of all Canadian companies and half of all European companies now have Codes of Ethics. Yet, over and over, we hear of stories of personal dilemmas and conflicts experienced by individual managers navigating those business waters in other cultures

Sports in Chicago Elliott J. Gorn,2008 Chicago has garnered national recognition by winning the World Series, the Super Bowl, and a string of titles in the National Basketball Association. But amateur sports also play a large role in the city's athletic traditions, especially in schools and youth leagues. In fourteen chapters, experts focus on multiple aspects of Chicago sports, including long looks at amateur boxing, the impact of gender and ethnicity in sports, the politics of horse racing and stadium building, the lasting scandal of the Black Sox, and the perpetual heartbreak of the Cubs. Well illustrated with forty photographs, this volume will help historians and sports fans alike appreciate the longstanding importance of sports in Chicago. Contributors are Peter Alter, Robin F. Bachin, Larry Bennett, Linda J. Borish, Gerald Gems, Elliott J. Gorn, Richard Kimball, Gabe Logan, Daniel A. Nathan, Timothy Neary, Steven A. Riess, John Russick, Timothy Spears, Costas Spirou, and Loic Wacquant.

Pick Me! Cried Arilla (glossy Cover) Phillip Martin,2023-09-05 One day I had a talk with a friend from my long ago college days. He asked me, Why don't you write your own books? I know you can write well and I've seen your art. It was the final push I needed to finally write and illustrate my first book. Thanks for the advice, Tommy.The story takes place in two locations that mirror each other -- a classroom on earth and another in heaven. In both places, a student named Arilla strives to be the best that she can be. Like all of us, there have been times when you wanted to be selected and cried out, Pick me! We all know how to do that. But, Arilla thought about the process every time she wasn't selected, and made the necessary changes. Eventually, she was selected for the most perfect of all jobs.This story about Arilla is inspired by my grandmother, the first artist in my family tree. Grandma couldn't draw like me, but she was very crafty. Her Christmas presents were always homemade. She made mittens, ornaments, slippers, and a whole lot more for each of her grandchildren. If you were very lucky, you might get a sweater, scarf, or cap. And, each grandchild received a quilt. It was entirely hand-sewn. Anything else was considered cheating.I know it's a grandmother's job to have a lasting impact on the lives of her grandchildren. My grandma certainly succeeded in that. She had a positive influence on each and every person she met. This one's for you, Grandma!

Intelligent Design Creationism and Its Critics Robert T. Pennock,2001-12-21 The last decade saw the arrival of a new player in the creation/evolution debate--the intelligent design creationism (IDC) movement, whose strategy is to act as the wedge to overturn Darwinism and scientific naturalism. This anthology of writings by prominent creationists and their critics focuses on what is novel about the new movement. It serves as a companion to Robert Pennock's Tower of Babel, in which he criticizes the wedge movement, as well as other new varieties of creationism. The book contains articles previously published in specialized, hard-to-find journals, as well as new contributions. Each section contains introductory background information, articles by influential creationists and their critics, and in some cases

responses by the creationists. The discussions cover IDC as a political movement, IDC's philosophical attack on evolution, the theological debate over the apparent conflict between evolution and the Bible, IDC's scientific claims, and philosopher Alvin Plantinga's critique of naturalism and evolution. The book concludes with Pennock's Why Creationism Should Not Be Taught in the Public Schools.

Gay Faulkner Phillip Gordon,2019-12-30 The life and works of William Faulkner have generated numerous biographical studies exploring how Faulkner understood southern history, race, his relationship to art, and his place in the canons of American and world literature. However, some details on Faulkner's life collected by his early biographers never made it into published form or, when they did, appeared in marginalized stories and cryptic references. The biographical record of William Faulkner's life has yet to come to terms with the life-long friendships he maintained with gay men, the extent to which he immersed himself into gay communities in Greenwich Village and New Orleans, and how profoundly this part of his life influenced his "apocryphal" creation of Yoknapatawpha County. *Gay Faulkner: Uncovering a Homosexual Presence in Yoknapatawpha and Beyond* explores the intimate friendships Faulkner maintained with gay men, among them Ben Wasson, William Spratling, and Hubert Creekmore, and places his fiction into established canons of LGBTQ literature, including World War I literature and representations of homosexuality from the Cold War. The book offers a full consideration of his relationship to gay history and identity in the twentieth century, giving rise to a new understanding of this most important of American authors.

The Frog Princess (glossy Cover) Phillip Martin,2023-09-07 While teaching at schools overseas for twenty years, Burma was one of my most favorite destinations. After arriving in Asia, Burma was my first destination. It's where I discovered lacquerware, giraffe women, Thanaka, got the very worst haircut of my life, and discovered a delightful Cinderella story. I first went to Burma in the early 90s just after it opened to the West. The Burmese people were very friendly and so hungry for anything from the outside world. I traded every stitch of clothing not on my back for lacquerware and other treasures. I have never had that kind of experience anywhere else. My best treasure was a huge vase, as wide as my outstretched arms in a circle. The shopkeeper said it was made by his father, who had recently died. I said he couldn't sell it; he had to save this heirloom! But, the man wanted to sell it to me. I bought the vase for five dollars and a backpack. He knew I would treasure it. He also knew I would send him photographs of the vase. (Of course, I did.) My favorite place in Burma is Bagan, a UNESCO Heritage Site stuffed full of historic pagodas of enormous size. It is where you get your lacquerware while in Burma. There weren't many tourists in the area when I visited. So, while I climbed around the pagodas (taking limited photos in the days of film photography), I was easily discovered by a charming kid, about eight years old, who wanted to hone his English skills. Aung Aung was delightful. He had to meet many, many people in Bagan. I was just one among the crowds. But, for my travel experience, he was a highlight in Bagan. I even looked him up again four years later. When I left Bagan, Aung Aung and his mother met me at the hotel to send me off. They presented me a golden lacquerware vase that I have treasured ever since. I never heard from him after that. And, I always wondered what happened to this kid. Decades later, in a world the with Internet, I located my long-lost friend. I'm very pleased to dedicate this book to Aung Aung.

Maritime Issues in the South China Sea Nien-Tsu Alfred Hu,Ted L. McDorman,2013-10-31 South China Sea (SCS) issues are complex and dynamic, ranging from historic claims to present day military occupation, from military security to regional stability, from rhetorical appeasements to national interests, from intraregional competition to extraregional involvement. The submissions made in 2009 by several Southeast Asian states to the United Nations Commission on the Limits of the Continental Shelf (CLCS) respecting outer limits of extended continental shelves beyond 200 nautical miles in the South China Sea resulted in renewed attention to the maritime disputes over the insular features and the waters of the South China Sea among several claimant States. Questions have resurfaced about the future of cooperation in the region. Furthermore, the improvement of cross-Strait relations between Taiwan and China after 2008 has added a new element to the evolution of South China Sea issues. This book describes these recent developments in depth and provides an examination of possible future developments in the South China Sea. The articles in this book were originally published as special sections in Ocean Development & International Law.
