Michael A. Schuman

I Love Rachel McAdams Notbook 6*9 120 Pages Hala El,2020-01-30 Rachel Anne McAdams was born on November 17, 1978 in London, Ontario, Canada, to Sandra Kay (Gale), a nurse, and Lance Frederick McAdams, a truck driver and furniture mover. She is of English, Welsh, Irish, and Scottish descent. Rachel became involved with acting as a teenager and by the age of 13 was performing in Shakespearean productions in summer theater c& she went on to graduate with honors with a BFA degree in Theater from York University.

Pushing the Boundaries Rosemary O'Leary,Rachel Fleishman,Catherine Gerard,2008-11-13 Contains papers presented at a conference, entitled 'Cutting Edge Theories and Recent Developments in Conflict Resolution'. This work explores some of the major themes of conflict analysis, including how dominant discourses can soothe and exacerbate conflict, and the importance of a structural understanding of ethnocentrism and racism.

Tina Fey Michael A. Schuman,2011-01-01 A biography of comedy writer and actress Tina Fey--Provided by publisher.

Sherlock Holmes for the 21st Century Lynnette Porter,2012-07-30 The 21st century is a good time to be Sherlock Holmes. He stars in the Guy Ritchie films, with Robert Downey, Jr.; an internationally popular BBC television series featuring Benedict Cumberbatch; a novel sanctioned by the Arthur Conan Doyle Estate; and dozens of additional novels and short stories, including two by Neil Gaiman. Add to this the videogames, comic books, and fan-created works, plus a potent Internet and social media presence. Holmes' London has become a prime destination for cinematic tourists. The evidence is clearly laid out in this collection of 14 new essays: Holmes and Watson are more popular than ever. The detective has been portrayed as hero, and antihero. He's tech savvy, and scientifically detached--even psychologically aberrant. He has been romantically linked to The Woman and bromantically to Watson. Whether Victorian or modern, he continues to fascinate. These essays explain why he is destined to be with us for years to come. Instructors considering this book for use in a course may request an examination copy here.

Building on Air Raymond G. Stokes,Ralf Banken,2015-10-20 The industrial gases industry originated in 1886, when a London-based company began producing high-purity oxygen. Initially, purified oxygen was a solution in search of a problem, but demand for it soared early in the twentieth century with the emergence of welding technology. By then, dramatic technological improvements in air separation and purification had emerged, as had most key firms dominating the industry today. Building on air in the decades that followed, the firms expanded their product range and geographical reach to create applications that were essential to every manufacturing process in the modern world, from semiconductor production to oil refining, waste water treatment, and steel-making. This is the first scholarly history of this vital but invisible industry from its origins to the present. Based on unparalleled access to company and public archives, the book explores business and technological development, industrial evolution, and the industry's local roots and international and global reach.

Cases John W. Oller,Stephen D. Oller,Linda C. Badon,2009-07-01

Identity Work in Social Movements Jo Reger,Daniel J. Myers,Rachel L. Einwohner,2008 Movements for social change are by their nature oppositional, as are those who join change movements. How people negotiate identity within social movements is one of the central concerns in the field. This volume offers new scholarship that explores issues of diversity and uniformity among social movement participants.

Sweaty Palms H. Anthony Medley,2005-05-19 A newly updated edition of the comprehensive guide to job interviews that has over a half million copies in print, SWEATY PALMS teaches readers everything they need to know in order to land the job of their dreams. Whether a first-time job seeker searching for that elusive entry-level position or a seasoned employee facing tougher and tougher competition in a difficult economy, SWEATY PALMS takes readers through each step of the interviewing process, from preparation to dress to negotiating an offer. Including hundreds of interview questions and sample answers, SWEATY PALMS prepares job seekers for even the wildest interviewer. H. Anthony Medley, who has interviewed countless job seekers over the years, offers readers an honest view from the other side of the desk. He draws on a wide variety of sources, from celebrities discussing how they got their jobs, to employers revealing what they look for in an ideal candidate. This new edition of SWEATY PALMS, which has been a vital tool in the job-interview market for decades, reflects cutting-edge changes to interviewing, including the pros and cons of e-mail resumes, thank-you notes, proper dress in the corporate-casual age, and the unique challenges of landing a job in the 21st century.

China's Unruly Journalists Jonathan Hassid,2015-12-22 Despite operating in one of the most tightly controlled media environments in the world, Chinese journalists sometimes take extraordinary risks, braving the perils of job loss or imprisonment to report sensitive stories. As a result, a group of journalists stands at the forefront of some of China's most dramatic social and political changes. This book is the first to systematically explore why some Chinese journalists decide to challenge Communist Party power holders and the censorship system. Based on 18 months of fieldwork, interviews with over 70 Chinese journalists and academics and analysis of nearly 20,000 Chinese newspaper articles, it investigates the motivation behind news workers who often brave the perils of challenging an authoritarian system. Rather than being driven by commercial pressures or financial inducements, the book suggests that many aggressive journalists push the limits of acceptable coverage because of their sense of public spirit and their professional role orientation. It argues that ultimately, these advocate journalists matter because they challenge specific policies and are changing China, one article at a time. By investigating these path-breaking journalists, the book engages with literature across the social sciences on contentious politics and social movements, political communication, media theory and the sociology of professions. Therefore, it will be of great interest to students and scholars of Chinese Studies, Politics and Media Studies.

Papal Paralysis R. John Kinkel,2013-12-12 Papal Paralysis utilizes the historical case study method to describe the moral and ethical dilemma Catholic Church officials face when asked to help fight the worldwide spread of AIDS. If popes and bishops allowed the use of condoms to prevent the spread of AIDS, conservatives would say that the Church was abandoning its teaching against the use of contraceptives. On the other hand, if the Vatican rejected the use of condoms to prevent the spread of AIDS, many Catholics would be put at risk for contracting HIV/AIDS. By the early 1980's John Paul II made it clear that being a Catholic meant being opposed to artificial birth control. When confronted with the AIDS pandemic in the 1980s, he applied his understanding of church moral theology to this new health care problem and fought HIV/AIDS through preaching abstinence and fidelity, but did not endorse the use of condoms. Despite opposition to this teaching by more than 30 high ranking bishops and cardinals, John Paul II and his successor, Benedict XVI, refused to change. Not until 2010 did the Vatican's Congregation for the Doctrine of the Faith state, with papal approval, that using a condom to prevent spreading AIDS was morally superior to its opposite. The book concludes that the church's failure to properly deal with the AIDS crisis was its greatest modern scandal, with the end result being thousands of lives lost.

Hegemony in the Digital Age Stephen M. E. Marmura,2010-07-08 Internet technology has arguably changed the rules by which individuals, social movements, and institutions compete for political and cultural influence in technologically advanced societies. The author considers this reality through reference to the concept of hegemony; looking to the ways in which diverse actors in American civil society compete with one another while simultaneously challenging dominant sources of authority. The Arab/Israeli conflict is drawn upon as a boundary object holding direct interest to a wide range of state-aligned lobbies, broadly-based social movements, and marginalized 'extremist' groups, each of which hopes to affect the course of U.S. Mid-East policy. While various dimensions

of internet use and activism are explored, Stephen Marmura directs particular attention to the importance and limitations of the World Wide Web as a mass medium. Examining phenomena ranging from mainstream news dissemination to the propaganda warfare visible online amongst racist, religious fundamentalist, and ultra-nationalist organizations, he argues the Net's greatest advantages are ultimately accrued by those most vested in the political status quo. Marmura argues further that widespread use of the Web is likely contributing to processes of social fragmentation, even as it reinforces ideological discourses favorable to state power.

The Israeli Peace Movement Leonie Fleischmann, 2019-09-19 The Israeli peace movement has been in decline since the 2000s. In particular, the liberal Zionist groups, who call for peace for the sake of the security and continuity of Israel, have become paralysed and almost voiceless since the second Intifada. However, despite the stagnation around the Israeli-Palestinian Peace Process, this book argues that other important groups have emerged that present new ways to challenge the status quo. These are radical groups that act in solidarity with the Palestinians and human rights organisations and whose aim is to reveal the realities of the occupation and hold the government to account. Leonie Fleishmann argues that these groups have been, and remain, the agenda setters, pushing the more moderate groups to mobilise more quickly and encouraging them to take up more confrontational ideas. Using social movements theory, and based on 50 interviews and participant observation, this book sheds light on contemporary Israeli peace activism.

Climate Change Baffles Brains L. Rowand Archer, 2019-09-04 We have now sunk to a depth where the restatement of the obvious is the duty of intelligent men. George Orwell's words are worth repeating as climate-warming alarmists promote doomsday scenarios that have no basis in science. L. Rowand Archer examines the lie of global warming—and the motivations for it—in this treatise that exposes the socialist agenda and fear mongering of the liberal left. Lost in the propaganda is the fact that man-made CO2 emissions have greened Earth, transforming some former desert regions into verdant oases of greenery, and contributing to record crop yields. Instead of demonizing CO2, we should be praising CO2 for helping to feed the world. Because weather is familiar to all, it seems that everyone has a theory about what causes climate change, and that makes it difficult to argue rationally about the real science behind climate change. This book is intended to provide a nontechnical understanding of climate skepticism as argued by over 300 knowledgeable authors in their fields who question the notion that humankind is the major influence of climate change. Get real answers to what is really happening in Climate Change Baffles Brains.

Outlander Diana Gabaldon, 2004-10-26 #1 NEW YORK TIMES BESTSELLER • NOW A STARZ ORIGINAL SERIES Unrivaled storytelling. Unforgettable characters. Rich historical detail. These are the hallmarks of Diana Gabaldon's work. Her New York Times bestselling Outlander novels have earned the praise of critics and captured the hearts of millions of fans. Here is the story that started it all, introducing two remarkable characters, Claire Beauchamp Randall and Jamie Fraser, in a spellbinding novel of passion and history that combines exhilarating adventure with a love story for the ages. One of the top ten best-loved novels in America, as seen on PBS's The Great American Read! Scottish Highlands, 1743. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding clans in the year of Our Lord . . . 1743. Claire is catapulted into the intrigues of a world that threatens her life, and may shatter her heart. Marooned amid danger, passion, and violence, Claire learns her only chance of safety lies in Jamie Fraser, a gallant young Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. This eBook includes the full text of the novel plus the following additional content: • An excerpt from Diana Gabaldon's Dragonfly in Amber, the second novel in the Outlander series • An interview with Diana Gabaldon • An Outlander reader's guide Praise for Outlander "Marvelous and fantastic adventures, romance, sex . . . perfect escape reading."—San Francisco Chronicle "History comes deliciously alive on the page."—New York Daily News

Human Rights and Agents of Change in Iran Rebecca Barlow, Shahram Akbarzadeh, 2018-07-13 This volume extends debates on the interaction between universal human rights and the political experiences of Iranians, through a conceptual analysis of 'theories of change'. It assesses the practical processes by which individuals, organizations and movements can reform or impact the structural, theological and political challenges faced in the Iranian context. Contributors to this volume investigate how structures, institutions, and agents in Iran maneuver for influence and power at the state level, through the law, in international corridors, at the grassroots, and by implementing multiple and complex methods. The chapters provide distinct but interrelated analysis of key drivers of change in Iran. A number of those operate primarily through top-down approaches, such as the political reform movement, lawyers pursuing legislative change, and international human rights monitoring bodies. Others take a bottom-up approach, including local movements and campaigns such as the women's movement, the labor movement, the student movement, and ethnic minority groups. By prompting drivers of change to think about causation, influence, sequencing, prioritization, roles and relationships, a theory of change ultimately makes the work more effective. Through rigorous analysis of these issues for drivers of change in the Islamic State, this volume is an important contribution to human rights in Iran. In an era of escalating tensions in the Middle East, it amplifies voices of reform and freedom, filling a crucial gap in our understanding of this region.

The Judicialization of Politics in Latin America Rachel Sieder, L. Schjolden, A. Angell, 2016-04-30 During the last two decades the judiciary has come to play an increasingly important political role in Latin America. Constitutional courts and supreme courts are more active in counterbalancing executive and legislative power than ever before. At the same time, the lack of effective citizenship rights has prompted ordinary people to press their claims and secure their rights through the courts. This collection of essays analyzes the diverse manifestations of the judicialization of politics in contemporary Latin America, assessing their positive and negative consequences for state-society relations, the rule of law, and democratic governance in the region. With individual chapters exploring Argentina, Brazil, Chile, Colombia, Costa Rica, Mexico, Peru and Venezuela, it advances a comparative framework for thinking about the nature of the judicialization of politics within contemporary Latin American democracies.

Disability and Social Movements Rachel Carling-Jenkins, 2016-05-23 This book provides the reader with a ground-breaking understanding of disability and social movements. By describing how disability is philosophically, historically, and theoretically positioned, Carling-Jenkins is able to then examine disability relationally through an evaluation of the contributions of groups engaged in similar human rights struggles. The book locates disability rights as a new social movement and provides an explanation for why disability has been divided rather than united in Australia. Finally, it investigates whether the recent campaign to implement a national disability insurance scheme represents a re-emergence of the movement. It will be of interest to all scholars and students of both disability studies and social movements.

The Consequences of Social Movements Lorenzo Bosi, Marco Giugni, Katrin Uba, 2016-01-19 Social movements have attracted much attention in recent years, both from scholars and among the wider public. This book examines the consequences of social movements, covering such issues as the impact of social movements on the life course of participants and the population in general, on political elites and markets, and on political parties and processes of social movement institutionalization. The volume makes a significant contribution to research on social movement outcomes in three ways: theoretically, by showing the importance of hitherto undervalued topics in the study of social movements outcomes; methodologically, by expanding the scientific boundaries of this

research field through an interdisciplinary approach and new methods of analysis; and empirically, by providing new evidence about social movement outcomes from Europe and the United States.

Majority-Minority Relations in Contemporary Women's Movements L. Predelli,B. Halsaa,Adriana Sandu,Cecile Thun,Line Nyhagen,2012-06-29 This book examines contemporary relations between ethnic majority and ethnic minority women's movements in Norway, Spain and the United Kingdom, and women's movements' participation in and influence on public policy that focuses on violence against women.

The Back Road Rachel Abbott,2013-03-18 A girl lies close to death in a dark, deserted lane. A driver drags her body to the side of the road. A shadowy figure hides in the trees, watching and waiting. For Ellie Saunders last night's hit and run on the back road could destroy everything she has. She was out that night, but if she reveals where she was and why, her family will be torn apart. She is living on a knife-edge, knowing that her every move is being observed.... Ellie's new neighbour, former Detective Chief Inspector Tom Douglas has moved to the village for some well-deserved peace and quiet, but as he is drawn into the web of deceit his every instinct tells him that what happened that night was more than a tragic accident. As past and present collide, best-kept secrets are revealed and lives are devastated. Only one person knows the whole story. And that person will protect the truth - no matter what the cost. The Back Road is an electrifying thriller that will keep you guessing to the very end.

This is likewise one of the factors by obtaining the soft documents of this **Rachelmcadam.htm** by online.
