Sebastian,2010-11 In Nov. 2009, a report was issued on the results of an audit of the financial statements of the IRS as of, and for the FY ending, Sept. 30, 2009, and 2008, and on the effectiveness of its internal controls as of Sept. 30, 2009. In March 2010, a report was issued on information security issues identified during a FY 2009 audit, along with associated recommendations. This report presents internal control and compliance issues identified during an audit of IRS's financial statements as of, and for the fiscal year ending, Sept. 30, 2009, for which there are no recommendations outstanding. The report provides 41 recommendations to address the internal control and compliance issues that have been identified. Charts and tables.

Dr. Ashokkumar B. Surapur Dr. Ashokkumar B. Surapur,2020-06-20 Current period is too quick to even think about utilizing the time factor to improve the exhibition. It is the main conceivable because of the utilization of Internet. With the appearance of smart phones in India, correspondence in life has gotten smart and simple. Presently a days we don't need to utilize internet bistro for noting official/individual sends. A large number of us currently discover everything open with the dash of screen and henceforth socialization specifically has been fenced around bits and bytes. Smart phones have not just discovered spot among youth and common laborers however even babies and senior residents, every one of whom are utilizing them viably and intricately. As some other unrest, this rose pattern has profoundly impacted the more youthful age. The internet, as we know, has grown rapidly over the last decades. It has given rise to many avenues in every field like education, entertainment, business, or reports. However with every boon there is a curse too. The curse is Cyber-crime –illegal activities committed over the internet. The internet, along with its advantages has also exposed us to security risks. Computers today are being misused for unlawful activities like e-mail espionage, credit card fraud, spam, software piracy, spreading of viruses and so on, which invade our privacy and offend our senses. Criminal activities over internet are on the rise. Cyber-crime is a term used broadly to describe criminal activity in which computers or networks are a tool, a target, or a place of criminal activity. These categories are not exclusive and many activities can be characterized as falling in one or more categories.
