Love Life Rob Lowe, 2014-04-08 On the heels of his New York Times bestselling *Stories I Only Tell My Friends*, Rob Lowe is back with an entertaining collection that “invites readers into his world with easy charm and disarming frankness” (Kirkus Reviews). After the incredible response to his acclaimed bestseller, *Stories I Only Tell My Friends*, Rob Lowe was convinced to mine his experiences for even more stories. The result is *Love Life*, a memoir about men and women, actors and producers, art and commerce, fathers and sons, movies and TV, addiction and recovery, sex and love. Among the adventures he describes in these pages are: · His visit, as a young man, to Hugh Hefner’s Playboy Mansion, where the naïve actor made a surprising discovery in the hot tub. · The time, as a boy growing up in Malibu, he discovered a vibrator belonging to his best friend’s mother. · What it’s like to be the star and producer of a flop TV show. · How an actor prepares, for Californication, Parks and Recreation, and numerous other roles. · His hilarious account of coaching a kid’s basketball team dominated by helicopter parents. · How his great, great, great, great, great grandfather may have inspired everything from his love of *The West Wing* to his taste in classic American architecture. · His first visit to college, with his son, who is going to receive the education his father never got. · The time a major movie star stole his girlfriend. Linked by common themes and his philosophical perspective on love—and life—Lowe’s writing “is loaded with showbiz anecdotes, self-deprecating tales, and has a general sweetness” (New York Post).

The Other British Isles David W. Moore, 2011-01-04 Their names bespeak a rich past. From the Norse Hjalmland comes the modern Shetland: islands nominally Scottish, steeped in Nordic culture, closer to the Arctic Circle than to London. Important Neolithic sites are at Skara Brae and Maes Howe in the Orkneys. Holy Iona, island center of Celtic Christianity, the Isle of Man, former seat of rule over the Irish Sea, and Anglesey and Islay, homes of medieval courts at Aberffraw and Loch Finlaggan, are just a few of the more than 6,000 islands that form the archipelago known as the British Isles. The offshore isles are home to half a million people. Focusing on the eight islands or chains that have long supported substantial populations, this history tells the stories of Shetland, Orkney, the Hebrides, Anglesey, the Channel Islands, the Scilly Isles, and the Isles of Man and Wight, from their Neolithic settlement, to Roman, Norse and Norman occupation, to the struggle to maintain their uniqueness in today's world. Instructors considering this book for use in a course may request an examination copy here.

On an Irish Island Robert Kanigel, 2013-02-26 On an Irish Island tells the remarkable story of a remote outpost nearly untouched by time in the first half of the twentieth century, and of the adventurous men and women who visited and were inspired by it. In a love letter to a vanished way of life, Robert Kanigel brings to life this wildly beautiful island, notable for the vivid communal life of its residents and the unadulterated Irish they spoke well into the twentieth century. With the Irish language rapidly disappearing, Great Blasket became a magnet for scholars, linguists, and writers during the Gaelic renaissance. As we follow these visitors—among them John Millington Synge, author of *The Playboy of the Western World*—we are captivated both by the tiny group of islanders who kept an entire country’s past alive and by their complex relationships with those who brought the island’s story to the larger world.

Child 44 Tom Rob Smith, 2009-04-01 DON'T MISS THE NEW TOM ROB SMITH NOVEL, COLD PEOPLE, OUT NOW! OVER 2 MILLION COPIES SOLD MOSCOW, 1953. Under Stalin’s terrifying regime, families live in fear. When the all-powerful State claims there is no such thing as crime, who dares disagree? AN INTERNATIONAL BESTSELLER IN OVER 30 LANGUAGES An ambitious secret police officer, Leo Demidov believes he’s helping to build the perfect society. But when he uncovers evidence of a killer at large – a threat the state won’t admit exists – Demidov must risk everything, including the lives of those he loves, in order to expose the truth. A THRILLER UNLIKE ANY YOU HAVE EVER READ But what if the danger isn’t from the killer he is trying to catch, but from the country he is fighting to protect? Nominated for seventeen international awards and inspired by a

real-life investigation, CHILD 44 is a relentless story of love, hope and bravery in a totalitarian world. From the screenwriter of the acclaimed television series, THE ASSASSINATION OF GIANNI VERSACE: AMERICAN CRIME STORY.

Key Concepts in Social Research Methods Roger Gomm, 2009-04-30 An in-depth glossary, this accessible book successfully introduces students to the key concepts and terms used in social research. Terms are organised alphabetically and fully cross-referenced for use of ease. Suggestions for further reading help to consolidate knowledge and aids understanding.

Camp TV Quinlan Miller, 2019-04-04 Sitcoms of the 1950s and 1960s are widely considered conformist in their depictions of gender roles and sexual attitudes. In Camp TV Quinlan Miller offers a new account of the history of American television that explains what campy meant in practical sitcom terms in shows as iconic as The Dick Van Dyke Show as well as in more obscure fare, such as The Ugliest Girl in Town. Situating his analysis within the era's shifts in the television industry and the coalescence of straightness and whiteness that came with the decline of vaudevillian camp, Miller shows how the sitcoms of this era overflowed with important queer representation and gender nonconformity. Whether through regular supporting performances (Ann B. Davis's Schultzy in The Bob Cummings Show), guest appearances by Paul Lynde and Charles Nelson Reilly, or scripted dialogue and situations, industry processes of casting and production routinely esteemed a camp aesthetic that renders all gender expression queer. By charting this unexpected history, Miller offers new ways of exploring how supposedly repressive popular media incubated queer, genderqueer, and transgender representations.

Robert E. Lee Brian C. Melton, 2012-04-06 This biography provides a concise, accurate, and lively account of one of the best known yet least understood figures of the Civil War, Robert E. Lee, depicting him as a human being instead of a legend, making him accessible as a person. Robert E. Lee: A Biography takes one of the best known and least understood figures of the American Civil War down from his pedestal as an iconic, legendary hero and transforms him into a human being that 21st-century readers can easily relate to. Author Brian Melton clearly separates fact from the idealized lore and fiction created after the Civil War by members of what has been termed the Lee cult. Through the book's thorough, clear, and accessible presentation, and its inclusion of accurate historical details—for example, Lee's status as an incurable flirt—General Lee becomes a fascinating and compelling mortal man. Intended for both high school students and the general public, this biography will offer a thorough and unbiased examination of Lee's life and military career. Readers will be able to clearly trace the steps that led Lee to prominence—both before and during the Civil War—and discover how his actions helped shape the American military.

Criminology Anthony Walsh, Cody Jorgensen, 2017-01-20 Criminology: The Essentials, Third Edition, by Anthony Walsh and Cody Jorgensen, introduces students to major theoretical perspectives and criminology topics in a concise, easy-to-read format. This straightforward overview of the major subject areas in criminology still thoroughly covers the most up-to-date advances in theory and research. In the new full-color Third Edition, special features have been added to engage the reader in thinking critically about concepts in criminology.

The Scientific Article in the Age of Digitization John Mackenzie Owen, 2006-11-18 This book outlines the consequences of digitization for peer-reviewed research articles published in electronic journals. It is argued that digitization will revolutionize scientific communication. However, this study shows that this is not the case where scientific journals are concerned. Authors make little use of the possibilities offered by the digital medium; electronic peer review procedures have not replaced traditional ones, and users have not embraced new forms of interaction offered by some electronic journals.

Family Matters Robert Evans, 2004-03-08 Explores how recent changes in children's and parents' roles in the family have impacted the education system and offers teachers advice and strategies for dealing with the effects of those changes.

The Human Side of School Change Robert Evans,2001-01-18 In this insightful look at school reform, Robert Evans examines the real-life hurdles to implementing innovation and explains how the best-intended efforts can be stalled by educators who too often feel burdened and conflicted by the change process. He provides a new model of leadership along with practical management strategies for building a framework of cooperation between leaders of change and the people they depend upon to implement it.

Rob Reiner Joseph Ferry,2002 Rob Reiner has been a fixture in Hollywood over the course of his long career, both in front of and behind the camera.

Criminal Investigation James N. Gilbert,2007 Criminal Investigation, Seventh Edition, is designed to develop an analytical understanding of the investigative process. Assuming no prior knowledge of the field, the book uses an accessible, authoritative style to discuss basic investigative techniques, major types of property and violent crime and the history and future of the field. Unique to this text, it links specific investigative techniques to specific crimes and explains the relationship of criminalistics to the investigative process. This seventh edition retains its overall design, while incorporating new investigative profiles, additional websites, more material on crime scene processing, new information on drugs and narcotics and updated techniques and methodology.

Directory of Government Document Collections & Librarians ,2003

Crime, Prisons, and Jails Kim Masters Evans,2009-10 Focuses on the social and moral issues surrounding crime, prisons, and jails.

Robert E. Lee Allen C. Guelzo,2022-08-09 A WALL STREET JOURNAL BEST BOOK OF THE YEAR • From the award-winning historian and best-selling author of Gettysburg comes the definitive biography of Robert E. Lee. An intimate look at the Confederate general in all his complexity—his hypocrisy and courage, his inner turmoil and outward calm, his disloyalty and his honor. An important contribution to reconciling the myths with the facts. —New York Times Book Review Robert E. Lee is one of the most confounding figures in American history. Lee betrayed his nation in order to defend his home state and uphold the slave system he claimed to oppose. He was a traitor to the country he swore to serve as an Army officer, and yet he was admired even by his enemies for his composure and leadership. He considered slavery immoral, but benefited from inherited slaves and fought to defend the institution. And behind his genteel demeanor and perfectionism lurked the insecurities of a man haunted by the legacy of a father who stained the family name by declaring bankruptcy and who disappeared when Robert was just six years old. In Robert E. Lee, the award-winning historian Allen Guelzo has written the definitive biography of the general, following him from his refined upbringing in Virginia high society, to his long career in the U.S. Army, his agonized decision to side with Virginia when it seceded from the Union, and his leadership during the Civil War. Above all, Guelzo captures Robert E. Lee in all his complexity—his hypocrisy and courage, his outward calm and inner turmoil, his honor and his disloyalty.

Blacks in the New Deal: The Shift from an Electoral Tradition and its Legacy Abdelkrim Dekhakhena,2014-11 No group of American minority voters shifted allegiance more dramatically in the 1930s than Black Americans did. Up until the New Deal era, Blacks had shown their traditional loyalty to the party of Lincoln by voting overwhelmingly the Republican ticket. By the end of F.D. Roosevelt's first administration, however, they tremendously voted the Democratic ticket. The decades long, wholesale attachment of Blacks to the party of Lincoln, with its laudable efforts to support Blacks (Emancipation Proclamation and Reconstruction) was understandable and inevitable enough. The anomaly was the massive shift by Blacks to the Democratic Party, traditionally identified with its long list of constant anti-Black and premeditated opposition to Black liberation: opposition to emancipation and Reconstruction, and with an ongoing record of all forms of racial discrimination, segregation,

disfranchisement, exclusion, white primaries, and white supremacy. The transformation of the Black vote from solidly Republican to solidly Democratic did not happen instantaneously, but rather it developed over decades of maturing as a result of the amalgamated efforts of Presidents and Black leaders. The move of Black voters toward the Democratic Party was part of a nationwide trend that had occurred with the creation of the Roosevelt Coalition of 1936. This national shift would make the Democrats the majority party for the next several decades including a very decisive margin of Black voters in the balance of power.

A Study Guide for Robert Frost's "Mending Wall" Gale, Cengage Learning, A Study Guide for Robert Frost's Mending Wall, excerpted from Gale's acclaimed Poetry for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Poetry for Students for all of your research needs.

Understanding Business Ethics Peter Stanwick, Sarah Stanwick, 2013-02-20 Packed with real-world examples and cases, this fully updated edition of Understanding Business Ethics prepares students for the ethical dilemmas they may face in their chosen careers by providing broad, comprehensive coverage of business ethics from a global perspective. The book's 26 cases profile a variety of industries, countries, and ethical issues, including online privacy, music piracy, Ponzi schemes, fraud, product recall, insider trading, and dangerous working conditions, such as four cases that emphasize the positive aspects of business ethics. In addition to unique chapters on information technology, the developing world, and the environment, the authors present AACSB recommended topics such as the responsibility of business in society, ethical decision making, ethical leadership, and corporate governance. Taking a managerial approach, the second edition of this best seller is designed to provide a clear understanding of the contemporary issues surrounding business ethics through the exploration of engaging and provocative case studies that are relevant and meaningful to students' lives. With an emphasis on applied, hands-on analysis of the cases presented, this textbook will instill in your students the belief that business ethics really do matter
