Thomas R. Sadler

Pandemic Economics Thomas R. Sadler,2021-07-27 Pandemic Economics applies economic theory to the Covid-19 era, exploring the micro and macro dimensions of the pre-pandemic, pandemic, and post-pandemic phases. Using core economic tools such as marginal analysis, cost-benefit analysis, and opportunity cost, this book explores the breadth of economic outcomes from the pandemic. It shows that a tradeoff between public health and economic health led to widespread problems, including virus infections and unemployment. Taking an international and comparative approach, the book shows that because countries implemented different economic policies, interventions, and timelines during the crisis, outcomes varied with respect to the extent of recession, process of recovery, availability of medical equipment, public health, and additional waves of the virus. Pedagogical features are weaved throughout the text, including country case studies, key terms, suggested further reading, and discussion questions for solo or group study. On top of this, the book offers online supplements comprising PowerPoint slides, test questions, extra case studies, and an instructor guide. This textbook will be a valuable resource for advanced undergraduate and postgraduate courses on pandemic economics, macroeconomics, health economics, public policy, and related areas.

Tournament of Death Stephen Sullivan,2013-03-05 If you make it through this challenge, you won't live through the next...Monsters! Magic! Swordplay! Romance! Intrigue! Sudden Death! The world's greatest champions face impossible odds in this action-packed, slyly humorous fantasy novel. You want knights and wizards? Elves and dwarves? Cat-women and lizard-men? Kung Fu girls? Your favorites are all here--though only the smartest and strongest will survive the Tournament of Death!Renowned for his fast-paced imaginative tales, Stephen D. Sullivan is the award-winning author of dozens of books and stories, including trilogies for Legend of the Five Rings, Spider Riders, and Dragonlance.One of the things that I most enjoy about Sullivan's work is its glee, which occurs in two forms, both of which are very much on display in the Tournament of Death series. One is the demonic glee with which he propels his characters through an obstacle course that would give Indiana Jones pause. The other is the giddy delight with which he playfully rampages through popular culture, filling his world with a vast multitude of monsters and heroes from every corner of the pulp imagination, and somehow making it all work. Enormous fun. *****-- David Annandale, author of Death of Antagonis (Space Marine Battles)

Deader Than Dead Michael Legge,2021-02-17 The Reddy Boys are at it again, as they investigate the mysterious death of their next door neighbor, Mrs. Hollister.
