Ryan,T. Birmingham,Desiree Lafawn

Gay Brigade R. Seeley, 2015-04-28 Being big musical theatre stars isn't easy anyway but add a three year old son to the equation just makes things harder! Daniel and Ryan have been married and had their son McKenzie Callum for three years and are both adjusting to being parents and being performers but what'll happen when Daniel goes on tour for the first time since Kenny was born and Ryan getting a part in his first musical for nine years.

The Long Road Home Ryan, T. Birmingham, Desiree Lafawn, 2018-03-06 **100% of proceeds got to HONOR THE SACRIFICE** WORTH FIGHTING FOR By Gen Ryan Bowen Daniels is feeling lost. He needs a purpose, something to get his head back in the game and his feet set back on a path he can live with. One that won't damage his liver, maybe. Enter tough, sexy, Jordan Collins. The first time Bowen Daniels gets a look at Jordan Collins, she's bending over in tight jeans and he's thinking he may be in heaven. Too bad Bowen makes a terrible first impression that could cost him a chance at getting to know Jordan better. Because he sure as hell wants to get to know the spitfire woman who owns her own bike shop. But Jordan's got her own troubles on the horizon, and Bowen knows the only way to show Jordan that not all guys are assholes is to prove to her that she's worth the fight. A TERRIBLE BEAUTY By T. Birmingham Kit Markham returns from war a changed woman. Unable to cope with what happened ten years earlier, she pushes away those who could help most. Lee Devereux has his own share of war wounds, but none worse than the

burden he's taken on to see that the Kit he once knew finds herself again. He's got his work cut out for him, though. It's been over two years since she returned home, and Lee still can't find the girl he once loved in the woman who's become so lost. When local soldiers, veterans, and their families start getting threats from a team of blackmailers, Kit has to make a choice. Let Lee and her family be a part of her healing or keep her secrets and risk losing herself completely.

BILLY DAILY By Desiree Lafawn The last time Max saw Billy, she threw a solid right hook to the region below his belt. He probably deserved it. But that doesn't mean he's not wary of the woman who punches first and asks questions later. Now that he's come back to the one place he's ever considered home, he gets to duck and cover on a (Billy F**king) Daily basis. Only, he's coming to find Billy ain't all that scary, even if she is god**ed crazy. Then again, he's an ex-military, contract mercenary with a former drinking problem who's doing a job for an old lady named Grandma Jean. A woman who wears a gun holster for her .38 Ruger under her yellow cardigan, takes in bikers, and calls her son, that ding dong fruit of my lady bits. So, honestly, Billy Daily might be the least crazy of all of them. Billy's got secrets, though, and as much as Max is man enough to admit another kick to the nuts is something he's lookin' to avoid, he soon finds he'd take a punch to the family jewels any day if it means keeping Billy safe.

Fly Me Daniel Riley, 2017-06-06 A nation on the verge of a new era-and a girl caught between her past and the ever-expanding present. Now a Los Angeles Times Bestseller! The year is 1972, and the beaches of Los Angeles are the center of the world. Dropping into the embers of the drug and surf scene is Suzy Whitman, who has tossed her newly minted Vassar degree aside to follow her older sister into open skies and the borderless adventures of stewardessing for Grand Pacific Airlines. In Sela del Mar, California-a hedonistic beach town in the shadow of LAX-Suzy skateboards, suntans, and flies daily and nightly across the country. Motivated by a temporary escape from her past and a new taste for danger and belonging, Suzy falls into a drug-trafficking scheme that clashes perilously with the skyjacking epidemic of the day. Rendered in the brilliant color of the age and told with spectacular insight and clarity, Fly Me is a story of dark discovery set in the debauchery of 1970s Los Angeles.

The Mysterious Collapse of World Trade Center 7

David Ray Griffin, 2012-12-30 At 5:20 in the afternoon on 9/11, Building 7 of the World Trade Center collapsed, even though it had not been struck by a plane and had fires on only a few floors. The reason for its collapse was considered a mystery. In August 2008, NIST (the National Institute of Standards and Technology) issued its report on WTC 7, declaring that the reason for the collapse of World Trade Center 7 is no longer a mystery and that "science is really behind what we have said." Showing that neither of these claims is true, David Ray Griffin demonstrates that NIST is guilty of the most serious types of scientific fraud: fabricating, falsifying, and ignoring evidence. He also shows that NIST's report left intact the central mystery: How could a building damaged by fire—not explosives—have come down in free fall?

Battleground: Government and Politics [2 volumes] Lori A. Johnson, Kathleen Uradnik, Sara Beth Hower Ph.D., 2011-09-23 Through a detailed exploration of the viewpoints involved, this balanced and incisive work promotes understanding of the most divisive issues in American government today. Government and politics is an area in which there are no right answers, but much room for debate. Battleground: Government and Politics allows students and general readers alike to consider key political debates from all sides and to arrive at their own considered convictions, based on a firm understanding of the issues and points of view involved. This two-volume work explores dozens of the most contentious issues in

contemporary life, issues that impact how our government is run today and how it will be run in the future. Each topic is examined in a balanced way, providing not only an overview of the issues involved, but an objective assessment of the stance of all sides. Readers can use these entries as thorough and solid summaries of the most contentious controversies in contemporary society, or as starting points for more in-depth research into the debates.

Brazil and Climate Change Viola Eduardo, Matías Franchini, 2017-10-23 Climate change is increasingly a part of the human experience. As the problem worsens, the cooperative dilemma that the issue carries has become evident: climate change is a complex problem that systematically gets insufficient answers from the international system. This book offers an assessment of Brazil's role in the global political economy of climate change. The authors, Eduardo Viola and Matías Franchini expertly review and answer the most common and widely cited questions on whether and in which way Brazil is aggravating or mitigating the climate crisis, including: Is it the benign, cooperative, environmental power that the Brazilian government claims it is? Why was it possible to dramatically reduce deforestation in the Amazon (2005-2010) and, more recently, was there a partial reversion? The book provides an accessible—and much needed—introduction to all those studying the challenges of the international system in the Anthropocene. Through a thorough analysis of Brazil in perspective vis a vis other emerging countries, this book provides an engaging

introduction and up to date assessment of the climate reality of Brazil and a framework to analyze the climate performance of major economies, both on emission trajectory and policy profile: the climate commitment approach. Brazil and Climate Change is essential reading for all students of Environmental Studies, Latin American Studies, International Relations and Comparative Politics.

Green Culture Kevin Wehr, 2011-05-03 Green Culture: An A-to-Z Guide explores the on-going paradigm shift in culture and lifestyles toward promoting a sustainable environment. After years of discussion about the environment dating back to the 1960s counter-culture, the recent explosion of green initiatives has induced the general public to embrace all things green, from recycling in the home to admiring green celebrities. This volume assesses the green cultural transformations by presenting some 150 articles of importance to students of sociology, history, political science, communications, public relations, anthropology, literature, arts and drama. Presented in A-to-Z format, the articles include appealing topics from green Hollywood to green spirituality, green art, and green restaurants. This work culminates in an outstanding reference available in both print and electronic formats for academic, university, and public libraries. Vivid photographs, searchable hyperlinks, numerous cross references, an extensive resource guide, and a clear, accessible writing style make the Green Society volumes ideal for classroom use as well as for research.

The Federated States of Micronesia's Engagement with the Outside World Gonzaga Puas, 2021-09-28

This study addresses the neglected history of the people of the Federated States of Micronesia's (FSM) engagement with the outside world. Situated in the northwest Pacific, FSM's strategic location has led to four colonial rulers. Histories of FSM to date have been largely written by sympathetic outsiders. Indigenous perspectives of FSM history have been largely absent from the main corpus of historical literature. A new generation of Micronesian scholars are starting to write their own history from Micronesian perspectives and using Micronesian forms of history. This book argues that Micronesians have been dealing successfully with the outside world throughout the colonial era in ways colonial authorities were often unaware of. This argument is sustained by examination of oral histories, secondary sources, interviews, field research and the personal experience of a person raised in the Mortlock Islands of Chuuk State. It reconstructs how Micronesian internal processes for social stability and mutual support endured, rather than succumbing to the different waves of colonisation. This study argues that colonisation did not destroy Micronesian cultures and identities, but that Micronesians recontextualised the changing conditions to suit their own circumstances. Their success rested on the indigenous doctrines of adaptation, assimilation and accommodation deeply rooted in the kinship doctrine of eaea fengen (sharing) and alilis fengen (assisting each other). These values pervade the Constitution of

the FSM, which formally defines the modern identity of its indigenous peoples, reasserting and perpetuating Micronesian values and future continuity.
