Innovation, Science, Environment 08/09 Glen Toner, 2008 Rapidly developing changes in technology, scientific knowledge, and domestic and international environmental issues force analysts to constantly reevaluate how public policy is coping. Are governments leading, following, or falling behind other societal actors? This third volume in a series of annual assessments of Canadian public policy provides an innovative approach to evaluating key developments in one of the most challenging areas of public policy in the twenty-first century. Leading experts look at crucial issues such as climate change, sustainable development policy tools, science management, and the international approach to governing intellectual property. They address recent developments within the pesticide, wildlife, and infrastructure policy areas involving the federal government and key private and non-governmental players. The 2008-09 volume explores the role of governments in a number of key areas, showing that while government institutions and policies should be part of the solution to the complex array of science and technology and environment and development issues facing Canadians, too often it appears they are part of the problem. Contributors include Glen Toner (Carleton), Robert Paehlke (Trent), Mark Jaccard and Rose Murphy (Simon Fraser), Jac van Beek (Canada Foundation for Innovation) and Frances Issaacs (National Research Council of Canada), Sara Bannerman (Carleton), Robert Gibson (Waterloo), David Robinson (Laurentian), Francois Bregha (Stratos Inc.), Scott Findlay and Annick Dezeil (Ottawa), Robert Hilton and Christopher Stoney (Carleton), and Jeremy Wilson (Victoria).

American Women Speak [2 volumes] Mary Ellen Snodgrass, 2016-10-24 This A-to-Z compendium explores more than 150 American women activists from colonial times to the present, examining their backgrounds and the focus of their activism, and provides examples of their speeches. Throughout history, American women's oratory has crusaded for religious rights, abolitionism, and peace, as well as for Zionism, immigration, and immunization. This text examines more than 150 influential American women activists and their speeches on vital issues. Each entry outlines the speaker's motivation and provides examples of their speeches in context, supplying information about

the setting, audience, reception, and lasting historical significance. This collection of women's speeches emphasizes primary sources that underscore the goals of the Common Core Standards. Entries support classroom discussion on a range of topics, from women's suffrage and birth control to civil rights and 20th- and 21st-century labor law. No other reference work compiles examples of female activism and oration across a 400-year span of history along with analysis of the speaker's intent, forum, listeners, and public and media response.

Brecht, Broadway and United States Theater J. Chris Westgate, 2009-05-05 Not long after the 2001 terrorist attacks in New York City, Bertolt Brecht's name was on the lips of many writing about Broadway. Invoked knowingly—but not always knowledgeably—"Brecht" became something between marketing strategy and erudite justification for another season of Broadway musicals, another ignominy endured by the German playwright whose epic theater has only seldom been understood in the United States. To say that Brechtian and Broadway theatrical traditions represent divergence of philosophy, method, or ambition is to indulge—with the whimsy of Mark Twain—in understatement. Nevertheless, many references to Brecht since 2001 imply compatibility instead of contradiction—a confusion or corruption that suggested the need of looking closely at what Brecht wrote and intended in his epic theater more than seventy years after his first—and, unfortunately, typical—experience with United States theater. Beginning with the 1935 production of *The Mother and Moving Through* recent productions of political theater, including *The Resistible Rise of Arturo Ui*, *Urinetown: The Musical*, and *My Name is Rachel Corrie*, this anthology considers the encounters of Brecht and Broadway in terms of dramaturgy, performance, and reception. The essays in this anthology explore the political, cultural, and economic constraints shaping many of the encounters of Brecht and Broadway in U.S. theater history. This means looking at how, in many cases, epic theater has been co-opted and commodified by Broadway and what that commodification reveals about the culture of theater. Simultaneously, this means theorizing how epic theater finds—or can find—ways of providing a necessary bulwark against Broadway escapism, and what this suggests for the future of political theater in the U.S. What results is a dialectical history tracing Brecht's encounters with Broadway, a history that opens-up and debates the complicated and often conflicted influence of Bertolt Brecht on United States theater. "Dr. Westgate's book on Brecht and Broadway is an excellent study of the reception of Brecht's work in the American theater and academe. Brecht, along with Moliere; Ibsen and Chekhov, is one of the most frequently performed playwrights in translation in America. A thorough investigation of the trajectory of Brecht stagings on Broadway has long been overdue. I am very grateful that Dr. Westgate has taken on the task and arrived at such a splendid result. The book is a must reading for any serious Brecht scholar." —Carl Weber, Stanford Drama Department, Collaborator with Brecht at the Berliner Ensemble, Director of many Brecht stagings in the U.S. "This is a provocative collection of essays outlining the sometimes unexpected connections between Brecht and the Broadway theatre. Like Brecht himself, these essays are playful, argumentative, and productively dialectical in their contradictions. The book is both entertaining and educational, and bound to provoke healthy debate. I recommend it as a demonstration of the ongoing relevance of Brechtian

theories of theatre to the analysis of mainstream commercial theatre. –Sean Carney, Associate Professor, McGill University

To Fly Among the Stars: The Hidden Story of the Fight for Women Astronauts (Scholastic Focus) Rebecca Siegel, 2020-03-03 A searing look at the birth of America's space program, and the men and women aviators who set its course. In the 1960s, locked in a heated race to launch the first human into space, the United States selected seven superstar test pilots and former military air fighters to NASA's astronaut class -- the Mercury 7. The men endured grueling training and constant media attention for the honor of becoming America's first space heroes. But a group of 13 women -- accomplished air racers, test pilots, and flight instructors -- were enduring those same astronaut tests in secret, hoping to defy social norms and earn a spot among the stars. With thrilling stories of aviation feats, frustrating tales of the fight against sexism, and historical photos, *To Fly Among the Stars* recounts an incredible era of US innovation, and the audacious hope of the women who took their fight for space flight all the way to Washington, DC.

The Making of Griqua, Inc Erwin Schweitzer, 2015 With the dawn of democracy in South Africa in 1994, the struggle of the indigenous Griqua people for land has gained new momentum. Having lost most of their ancestral land in the 19th century due to colonialism, the Griqua people are now using new legal opportunities to reclaim land. On their re-obtained land, the Griqua dwell, farm, celebrate indigenous festivals, and create cultural villages for tourists. In doing so, they are currently contributing to the making of 'Ethnicity, Inc.', the double process of commodification of culture and creation of ethnic businesses. (Series: Legal Anthropology and Indigenous Rights - Vol. 2) [Subject: Anthropology, Indigenous Studies, African Studies, Cultural Studies, Ethnic Studies, Business]

Woman Margaret C. K. W. Kamuwanga, 2017-08-31 The creation of a woman was the best thing that happened to divinity and humanity which the devil has twisted to his advantage. His lies have bullied women on their place of assignment and left them disoriented about who they are. Because of insecurities, women have settled for less, trying to prove their value and validate their identity. This identity crisis has caused tragic breakdowns economically, socially, culturally, morally, ecclesiastically and spiritually leaving a human race, a victim of this fate because a woman is a key player in this game of life. This book is a great mirror for every woman who wants to see the real image of who she was created to be and how vital her existence is to divinity and humanity. It redefines who she is, her value, her purpose, what she represents, the divine mysteries hidden in her and how she affects the totality of human life. Today, it is imperative that every woman rediscovers God's original blueprint for her life in order to maximize her potential and preserve life in her domain. Everything about, within, without and around a woman is connected. Therefore, she cannot be defined by one title. She is plural. She is on a mission as an undercover agent hired by God, licensed by Jesus Christ and empowered by the Holy Spirit.

Choondoonga Peter Graham Hyland,2011-05-01 In 2008, after ten years of living the American Dream, a family of four from Boulder, Colorado embarked on a yearlong overland adventure Down Under. Part memoir, part travelogue, and part guidebook, Choondoonga: A Journey Around Australia, is proof that escape from the rat race isn't just possible, it's good for the soul. Tag along with the Hyland clan for 35,000 literary kilometers as they crisscross the Australian continent, exploring nature, meeting people, homeschooling, and facing uncertainty—all the while learning how to live in the present.

The Bone Maker Sarah Beth Durst,2021-03-09 Durst consistently defies expectations.—Publishers Weekly (starred review) From award-winning author Sarah Beth Durst, a standalone epic fantasy set in a brand-new world of towering mountains and sparkling cities, in which a band of aging warriors have a second chance to defeat dark magic and avenge a haunting loss. Twenty-five years ago, five heroes risked their lives to defeat the bone maker Eklor—a corrupt magician who created an inhuman army using animal bones. But victory came at a tragic price. Only four of the heroes survived. Since then, Kreyia, the group's leader, has exiled herself to a remote tower and devoted herself to one purpose: resurrecting her dead husband. But such a task requires both a cache of human bones and a sacrifice—for each day he lives, she will live one less. She'd rather live one year with her husband than a hundred without him, but using human bones for magic is illegal in Vos. The dead are burned—as are any bone workers who violate the law. Yet Kreyia knows where she can find the bones she needs: the battlefield where her husband and countless others lost their lives. But defying the laws of the land exposes a terrible possibility. Maybe the dead don't rest in peace after all. Five warriors—one broken, one gone soft, one pursuing a simple life, one stuck in the past, and one who should be dead. Their story should have been finished. But evil doesn't stop just because someone once said, "the end."

The Complexity of Greatness Scott Barry Kaufman,2013-05-30 What are the origins of greatness? The Complexity of Greatness brings together a variety of perspectives across various domains, including science, mathematics, expert memory, acting, visual arts, music, and sports. It demonstrates that the truth about greatness is far more nuanced and complex than any one viewpoint or paradigm can reveal.

Women of the Bible and Contemporary Women of Faith Jacqueline George,2017-09-22 This book focuses on a selected sample of women of faith from the Bible to contemporary times. It addresses how these women have been change agents in multiple facets of life, including in the family, in politics, and in the wider society. While their underlying connection can be seen as their faith in God and their willingness to serve, their vulnerability has also been evident. For the reader seeking to increase his or her faith in God and develop a closer spiritual walk, and for any whose interest lies in recognizing the similarities between biblical times and the present, this review that ranges from Eve through Mother Teresa through Oprah and Malala should be a must-read.
