Red Scales Shaan Khan, 2021-01-27 Illum was once a boy who sat in a classroom; fiddling with his pencil and doodling in his notebook. He would look at the whiteboard of numbers & equations but imagined a cinema screen instead; it played a hundred movies in one minute-all starring an independent & successful adult that someday, he believed... would be him. That day was around the corner on the day that he graduated. ...Or so he thought. The next year felt like the world turned against him; he was so demoralised from job rejections, that if he tried imagining that movie on the cinema screen from when he was a kid-it would simply burst in flames. ...But the ashes still held hope in them. That small ounce of hope led him to move to China; not as a famous vlogger or journalist; but an ESL teacher-that was about to give Illum a shot at the role of his childhood dreams. At first, it wasn't turning out the way that he wanted; he was more of an 'extra' than a 'protagonist'. All of this, however, was about to take a drastic turn, the day he visited an abandoned pagoda...a place not for Buddhists. Illum was finally given a lead role; but would it be in a movie he was hoping for? A woman might be the key to this answer; a woman he meets along the way, who seemed to have watched a similar movie in class as a kid-that she happened to be the star in. Now that they're together-one might ask, were they the directors all along? Or, was it somebody else? And no, not 'me', the author; you smartass! Come & find out. Strap in for the ride and well, if your squeamish...now is the time to leave. _____ A deep story that naturally overlaps with many genres; built off the alternative history surrounding the silk road that I fictionalised.

better.” –San Jose Mercury News “Jane McGonigal's insights have the elegant, compact, deadly simplicity of plutonium, and the same explosive force.” –Cory Doctorow, author of *Little Brother* A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world-from social problems like depression and obesity to global issues like poverty and climate change-and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, *Reality Is Broken* shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of *SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient*.

Counterterrorism and Cybersecurity Newton Lee, 2013-04-15 Imagine James Bond meets Sherlock Holmes: *Counterterrorism and Cybersecurity* is the sequel to *Facebook Nation* in the Total Information Awareness book series by Newton Lee. The book examines U.S. counterterrorism history, technologies, and strategies from a unique and thought-provoking approach that encompasses personal experiences, investigative journalism, historical and current events, ideas from great thought leaders, and even the make-believe of Hollywood. Demystifying Total Information Awareness, the author expounds on the U.S. intelligence community, artificial intelligence in data mining, social media and privacy, cyber attacks and prevention, causes and cures for terrorism, and longstanding issues of war and peace. The book offers practical advice for businesses, governments, and individuals to better secure the world and protect cyberspace. It quotes U.S. Navy Admiral and NATO's Supreme Allied Commander James Stavridis: “Instead of building walls to create security, we need to build bridges.” The book also provides a glimpse into the future of Plan X and Generation Z, along with an ominous prediction from security advisor Marc Goodman at TEDGlobal 2012: “If you control the code, you control the world.” *Counterterrorism and Cybersecurity: Total Information Awareness* will keep you up at night but at the same time give you some peace of mind knowing that “our problems are manmade – therefore they can be solved by man [or woman],” as President John F. Kennedy said at the American University commencement in June 1963.

The Challenges of Vatican II for an Authentic Indian Catholic Church Suhas Pereira, 2020-11-25 The Vatican II was an event of a new facelift for the entire edifice of the Catholic ecclesiology. It called for the renewal in the universal Catholic Church. This book deals with the question: How can the Catholic Church in India accept the council's challenge for renewal and become truly Indian in its being and essence? Undertaking a systematic examination of the post-conciliar ecclesiological development in the Indian Catholic Church, in its existential multi-religious and multi-cultural context, the author attempts to develop an ecclesiological reflection for the Indian context.

Governing China's Multiethnic Frontiers Morris Rossabi, 2004 Leading scholars examine the Chinese government's administration of its ethnic minority regions, particularly border areas where ethnicity is at times a volatile issue and where separatist movements are feared. Chapters focus on the Muslim Hui, multiethnic southwest China, Inner Mongolia, Xinjiang, and Tibet. Together these studies provide an overview of government relations with key minority populations, against which one can view evolving dialogues and disputes. Contributors are Gardner Bovington, David Bachman, Uradyn E. Bulag, Melvyn C. Goldstein, Mette Halskov Hansen, Matthew T. Kapstein, and Jonathan Lipman.

State and Crafts in the Qing Dynasty (1644-1911) Christine Moll-Murata, 2018 This book, full of quantitative evidence and limited-circulation archives, details manufacturing and the beginnings of industrialisation in China from 1644 to 1911. It thoroughly examines the interior organisation of public craft production and the complementary activities of the private sector. It offers detailed knowledge of shipbuilding and printing. Beyond Religion in India and Pakistan Virinder S. Kalra, Navtej K. Purewal, 2019-12-12 Drawing on insights from theoretical engagements with borders and subalternity, *Beyond Religion in India and Pakistan* suggests new frameworks for understanding religious boundaries in South Asia. It looks at the ways in which social categories and structures constitute the bordering logics inherent within enactments of these boundaries, and positions hegemony and resistance through popular religion as an important indication of wider developments of political and social change. The book also shows how borders are continually being maintained through violence at national, community and individual levels. By exploring selected sites and expressions of piety including shrines, texts, practices and movements, Virinder S. Kalra and Navtej K. Purewal argue that the popular religion of Punjab should neither be limited to a polarised picture between formal, institutional religion, nor the 'enchanted universe' of rituals, saints, shrines and village deities. Instead, the book presents a picture of 'religion' as a realm of movement, mobilization, resistance and power in which gender and caste are connate of what comes to be known as 'religious'. Through extensive ethnographic research, the authors explore the reality of the complex, dynamic and contested relations that characterize everyday material and religious lives on the ground. Ultimately, the book highlights how popular religion challenges the borders and boundaries of religious and communal categories, nationalism and theological frameworks while simultaneously reflecting gender/caste society.

Amitabh Susmita Dasgupta, 2006-08-04 A remarkable insight into the films and times of India's greatest star-actor In an industry where fashions change every Friday, Amitabh Bachchan has been synonymous with cinematic entertainment for over thirty years. But beyond the labels of 'one-man industry' and 'star of the millennium', a number of issues pertaining to the star, his films and his era remain largely unaddressed. What is it that makes Amitabh Bachchan the star he is? Is it his undeniable genius as an actor, his ability to connect with the masses and the classes alike, or is it his writers and directors who project him in varied roles? Did his films in his heyday reflect the angst of his time, or did they ferment the spirit of anger and rebellion in the first place? Was he really the rebel as his 'angry young man' image suggests, or was there, behind all the sound and fury, a

conformist subtext that called for restoration of the status quo? How relevant is Amitabh Bachchan today? In *Amitabh: The Making of a Superstar*, Susmita Dasgupta answers these and other questions that lie buried in the trail of glory the star blazed. In a warm and insightful analysis, the author traces the world-view and philosophy that have shaped the films of Amitabh Bachchan—from the angry young man of *Zanjeer*, the tragic antihero of *Deewar* and the entertainer of *Amar Akbar Anthony* to his more conservative turns in *Mahabbatein* and *Kabhi Khushi Kabhie Gham*. In the process, she not only chronicles the star's journey from a flop actor to a national icon but also brings to life a period in the history of Indian cinema which altered forever the economics of film-making in the country.

Shashi Kapoor Aseem Chabra, 2016 India's first biography of Shashi Kapoor sheds light on one of the country's most enigmatic personalities—an actor who straddles the worlds of commercial Hindi cinema, theatre and small-budget art movies; who is, at once, an earnest householder and a committed star. In this rare book, we are offered glimpses of Shashi Kapoor, the family man—son of Prithviraj Kapoor, husband of Jennifer Kendal, and father to Kunal, Karan and Sanjna. We are led through Shashi Kapoor's film career—his debut as a bright-eyed child-actor in *Awara*; his emergence, in the hectic 1970s, as India's busiest performer—with a slew of hits including *Deewaar* and *Trishul*; and his rise to international prominence with Merchant-Ivory's *The Householder* and a 'trilogy' of films on older men with fading pasts. Equally, we are provided with an astute analysis of Shashi Kapoor, the businessman—the proprietor of Film-Valas; the producer of Shyam Benegal films; and the distributor of *Bobby*. With luminous and thus-far undisclosed stories by the actor's family (Neetu Singh, Rishi, Sanjna and Kunal Kapoor), co-stars (Shabana Azmi, Simi Garewal, Sharmila Tagore), colleagues (Shyam Benegal, Govind Nihalani, James Ivory, Hanif Kureishi, Aparna Sen), and friends; a compelling foreword by Karan Johar; and stunning photographs from Merchant-Ivory's archives, *Shashi Kapoor*, the biography—by one of India's best-known film journalists—is as captivating as Shashi Kapoor, the star.

Finding Mecca in America Mucahit Bilici, 2012-12-18 The events of 9/11 had a profound impact on American society, but they had an even more lasting effect on Muslims living in the United States. Once practically invisible, they suddenly found themselves overexposed. By describing how Islam in America began as a strange cultural object and is gradually sinking into familiarity, *Finding Mecca in America* illuminates the growing relationship between Islam and American culture as Muslims find a homeland in America. Rich in ethnographic detail, the book is an up-close account of how Islam takes its American shape. In this book, Mucahit Bilici traces American Muslims' progress from outsiders to natives and from immigrants to citizens. Drawing on the philosophies of Simmel and Heidegger, Bilici develops a novel sociological approach and offers insights into the civil rights activities of Muslim Americans, their increasing efforts at interfaith dialogue, and the recent phenomenon of Muslim ethnic comedy. Theoretically sophisticated, *Finding Mecca in America* is both a portrait of American Islam and a groundbreaking study of what it means to feel at home.
