The Collapse of Middle East Peace Dennis Deeb II, 2003 In this fast-paced, well-researched work, author Dennis D.J. Deeb objectively traces the rise and fall of the Oslo Peace Accords between the Israelis and the Palestinians. What went wrong with peace? This work analyzes Israeli leader Ariel Sharon's statements and past record as a military and government leader with regards to the Peace Process. Deeb also discusses the corruption within the Palestinian Authority that has hindered the peace process, including the mismanagement of Palestinian Authority President Yasir Arafat. The author examines and supports what has become known as The Mitchell Report, released in the spring 2001, in offering a lasting peace between Israelis and Palestinians. He also considers and evaluates the recent Road Map To Peace proposal offered by President George W. Bush in the spring of 2003. Since 1993, both Israeli and Palestinian leaders have failed to implement and have violated provisions of the Oslo Accords. As the late Israeli Prime Minister Yitzhak Rabin, who gave his life in the name of peace, and to whom this writing is dedicated, articulated so clearly during the signing of the Oslo Accords, enough blood and tears. Finally, Deeb argues that the intent behind the Oslo Accords encompass the link between the end of war and the era of peace, that the Israelis and Palestinians should both return to the table for negotiations based upon the recommendations of The Mitchell Report and the Quartet Road Map To Peace to negotiate a final and lasting settlement rooted in the Oslo Peace Accords.

Web sites can be difficult to locate and unreliable, particularly for some of the newer authors, and their contents are inconsistent and often inaccurate. Although there are a number of reference works on African American writers, the emphasis tends to be on historical and literary authors. Here's a single volume containing 100 profiles of your favorite contemporary African American writers, along with lists of their works. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black-and-white photos of the author. The biographies are followed by a complete list of the author's published works. Focusing on writers who have made their mark in the past 25 years, this guide covers African American writers of popular and genre literature—from Rochelle Alers, Octavia Butler, and Samuel Delaney to Walter Mosley, Omar Tyree, and Zane. A few classic literary giants who are popular with today's readers are also included—e.g., Maya Angelou, Toni Morrison, and Richard Wright. Readers who want to know more about their favorite African American authors or find other books written by those authors, students researching AA authors for reports and papers, and educators seeking background information for classes in African American literature will find this guide invaluable. Routine Emergency Julia Chaitin, Sharon Steinberg, Elad Avlagon, Shoshana Steinberg, 2022-03-22 This book explores the meaning of life for Israelis from communities bordering the Gaza Strip, whose lives are bound to the intractable conflict between

Israel and the Hamas regime. Based on a psychosocial qualitative study of narrative interviews, photographs, YouTube videos, and Facebook posts created by residents, the book presents the life stories of ordinary people, their perspectives of patriotism and Zionism, and their perceptions of the Gazan Palestinians. *Routine Emergency* captures these perspectives through analyses of residents' interviews and photographs, the social media materials and poems fashioned from interviewees' words. The results challenge simplistic notions of what it means to live in this warzone, offering a multi-layered analysis of life in this region, which alternates between being Heaven and Hell. Written in a reader-friendly format, *Routine Emergency*, offers new theoretical insights into societal beliefs connected to living in an intractable warzone on the personal, family, community and national levels.

Atlas of the Indian Tribes of North America and the Clash of Cultures Nicholas J. Santoro, 2009 *Atlas of the Indian Tribes of the Continental United States and the Clash of Cultures* The Atlas identifies of the Native American tribes of the United States and chronicles the conflict of cultures and Indians' fight for self-preservation in a changing and demanding new world. The Atlas is a compact resource on the identity, location, and history of each of the Native American tribes that have inhabited the land that we now call the continental United States and answers the three basic questions of who, where, and when. Regretfully, the information on too many tribes is extremely limited. For some, there is little more than a name. The history of the American Indian is presented in the context of America's history its westward expansion, official government policy and public attitudes. By seeing something of who we were, we are better prepared to define who we need to be. The Atlas will be a convenient resource for the casual reader, the researcher, and the teacher and the student alike. A unique feature of this book is a master list of the varied names by which the tribes have been

known throughout history.

Understanding Sharon Olds Russell Brickey, 2016-11-30 A thorough examination of the author's deeply personal and often-controversial poetry *Understanding Sharon Olds* explores this Pulitzer Prize-winning poet's major themes, characters, life, and career, including her often-controversial portrayals of family dysfunction, sexuality, and violence against women. In this first book dedicated entirely to the poetry of Sharon Olds, Russell Brickey examines how Olds approaches these difficult and complex topics with pathos and intimate, sometimes provocatively private, details through poetry that not all her critics appreciate. Olds has never shied away from difficult subject matter. Her first award-winning book, *Satan Says*, is a feminist exploration of gender politics and adolescent discovery. *The Father* comprises a book-length elegy about cancer. *Stag's Leap*, Olds's Pulitzer Prize-winning volume, is a surprisingly tender look at divorce in modern American culture. Extremely personal, her poems often deal with the victories and contradictions of being a woman in the United States during a time when the country is often involved in racial upheavals and military conflicts overseas. She investigates the victories and contradictions of being a wife and mother during the era of feminism, as one of our most honest, most overt poets of female sexuality and its relationship to family life and its place within the history of humanity. Brickey organizes each chapter around a theme or a persona within Olds's cast of characters. These include poems dedicated to mothers, fathers, children, and the arc of history. Through his close readings, Brickey shows how and where Olds has expanded the tradition of confessional poetry (literature that deals with psychology, family, love, and sexuality), a term Olds disdains but nevertheless expanded into commentary about the human condition in all its paradoxes.

Sharon Creech Alice B. McGinty, 2005-12-15 Sharon Creech did not write her first novel for young adults until she was in her forties. Known for her superlative storytelling skills and her

journey-filled plots, she won the Newbery Medal for *Walk Two Moons*, and a Newbery Honor for *The Wanderer*. Presented here is a thorough text-analysis, biographical timeline, extensive source notes, a discussion of themes, language, and writing process, and an original interview with the author. It's a must-read for fans of her award-winning works.

The Israeli-Palestinian Conflict Y. Bar-Siman-

Tov, 2007-02-19 This book focuses on the September 2000 confrontation between Israelis and Palestinians, examining the characteristics of a confrontation that developed into a protracted low-intensity conflict. Topics addressed include the strategies adopted by both sides, the reasons for the failure of moderation, and the phenomenon of unilateral disengagement.

Blair, Labour, and Palestine Toby Greene, 2013-07-18 Many

of Tony Blair's policy decisions in the Israeli-Palestinian arena were controversial and politically costly. Blair, Labour and Palestine argues that gaps between him and much of his party were rooted in different world views. A positive attitude towards Israel came to be seen as a defining mark of New Labour loyalists. However, contrasting views among left-leaning strands in the party reflected a broader set of ideological rifts. Such differences became increasingly significant in the wake of 9/11 as British policymakers sought to understand and respond to Islamic anger against the West. Based on interviews conducted by the author and on previously unseen documents, this unique case study shows how the distinctive world view of a political leader defined foreign policy, by shaping Britain's response to Islamist violence and its interconnected approach to the Israeli-Palestinian conflict. Author Toby Greene also examines the extent to which ministers and officials considered shifting foreign policy in response to fears of Islamist radicalisation in the UK, and Blair's role in stopping this trend, especially after the 7/7 bombings.

American Impersonal: Essays with Sharon Cameron

Branka Arsic, 2014-02-27 American Impersonal brings together some of the most influential scholars now working in American literature to explore the impact of one of America's leading literary critics: Sharon Cameron. It engages directly with certain arguments that Cameron has articulated throughout her career, most notably her late work on the question of impersonality. In doing so, it provides responses to questions fundamental to literary criticism, such as: the nature of personhood; the logic of subjectivity in depersonalized communities; the question of the human within the problematic of the impersonal; how impersonality relates to the "posthuman." Additionally, some essays respond to the current "aesthetic turn" in literary scholarship and engage with the lyric, currently much debated, as well as the larger questions of poetics and the logic of genre. These crucial issues are addressed from the perspective of an American literary and philosophical tradition, and progress chronologically, starting from Melville and Emerson and moving via Dickinson, Thoreau and Hawthorne to Henry James and Wallace Stevens. This historical perspective adds the appeal of revisiting the American nineteenth-century literary and philosophical tradition, and even rewriting it.

The Two Faces of Sharon Sharon Shaw, 2005-05-01 A true story based on a broken life of a child, *The Two Faces of Sharon* brings you into her life of abuse, sorrow, and sadness. It gives you a glimpse of what life was like for her. It all started when she was eight years old. Her father started to drink and did not stop. His rage turned to violence. Things would never be the same again. His first act of rage was breaking her mothers back by bending her backwards over a sink. Sharon never forgot the crackling sound that it made. Even to this day, she sometimes still hears the crackling sound of those breaking bones. After that horrible incident, her father then turned on Sharon and her siblings. He did to them what a man does to a woman he loves. It was wrong, but he did it anyway. This was not enough for him, so he then started the beatings. The children tried to tell, but it fell upon deaf ears. You see, back then things were different; stuff like this

was swept under the rug. No one wanted to get involved.

Encyclopedia of Contemporary Christian Fiction Nancy M. Tischler, 2009-09-10 A biographical encyclopedia of American and British Christian-themed writers from World War II to the present, covering acclaimed literary works and popular evangelical fiction. *Encyclopedia of Contemporary Christian Fiction: From C.S. Lewis to Left Behind* spans the entire breadth of Christian-themed British and American writing from World War II to the present—well-known and less familiar authors, acclaimed literary novels, and popular writing in a variety of genres (mysteries, thrillers, romances), works that explore matters of faith, works that challenge orthodoxy and church practices, and works wholly written by and for devout evangelicals. *Encyclopedia of Contemporary Christian Fiction* offers 90 alphabetically organized entries covering the field's most important writers. Each entry includes a brief biography, religious and educational background, a survey of major works and themes, and a summary of critical response, as well as a bibliography of major works and criticism. By examining evocative, sometimes overlooked Christian elements in modern fiction, and by exploring the depth and scope of popular evangelical fiction, *Encyclopedia of Contemporary Christian Fiction* offers the richest, most complete portrait of the role of faith in modern English writing ever published.
